The Company

We are a leading provider of management and technology consulting services to the U.S. government in the defense, intelligence, and civil markets. We are further developing the scope and scale of our engineering services capabilities that we provide to our U.S. government clients. Additionally, we provide our management and technology consulting services to major corporations, institutions, and not-for-profit organizations.

We are a well-known, trusted and long-term partner to our clients, who seek our expertise and objective advice to address their most important and complex problems. Leveraging our 99-year consulting heritage and a talent base of more than 23,000 people, we deploy our deep domain knowledge, functional expertise, and experience to help our clients achieve their objectives. We have a collaborative culture, supported by our operating model, which helps our professionals identify and respond to emerging trends across the markets we serve and deliver enduring results for our clients.

We were founded in 1914 by Edwin Booz, one of the pioneers of management consulting. In 1940, we began serving the U.S. government by advising the Secretary of the Navy in preparation for World War II. As the needs of our clients have grown more complex, we have expanded beyond our management consulting foundation to develop deep expertise in technology, engineering, and analytics. Today, we serve substantially all of the cabinet-level departments of the U.S. government. Our major clients include the Department of Defense, all branches of the U.S. military, the U.S. Intelligence Community, and civil agencies such as the Department of Homeland Security, the Department of Energy, the Department of Health and Human Services, the Department of the Treasury, and the Environmental Protection Agency. We support these clients in addressing complex and pressing challenges such as combating global terrorism, improving cyber capabilities, transforming the healthcare system, improving efficiency and managing change within the government, and protecting the environment. In the commercial sector, we serve U.S. clients primarily in the financial services, healthcare, and energy markets, and international clients, primarily in the Middle East.

We have strong and longstanding relationships with a diverse group of clients at all levels of the U.S. government. During fiscal 2013, we derived 99% of our revenue from services under more than 5,700 contracts and task orders. The single largest entity that we served in fiscal 2013 was the U.S. Army, which represented approximately 16% of our revenue in that period. We derived 91% of our revenue in fiscal 2013 from engagements for which we acted as the prime contractor. Also during fiscal 2013, we achieved an overall win rate of 56% on new contracts and task orders for which we competed and a win rate of more than 89% on re-competed contracts and task orders for existing or related business. As of March 31, 2013, our total backlog, including funded, unfunded, and priced options, was \$11.8 billion, an increase of 9.5% in total backlog with a 13% decrease in funded backlog over March 31, 2012.

We attribute the strength of our client relationships, the commitment of our people, and our strong financial position to our management consulting heritage and collaborative culture, which instills our relentless focus on delivering value and enduring results to our clients. We operate our business as a single profit center, which drives our ability to collaborate internally and compete externally. Our operating model is built on (1) our dedication to client service, which focuses on leveraging our experience and knowledge to provide differentiated insights, (2) our partnership-style culture and compensation system, which fosters collaboration and the efficient allocation of our people across markets, clients, and opportunities, (3) our career progression and people development model, which reinforces the alignment of our people with our collaborative culture, core values, and ethics, and (4) our approach to the market, which leverages our matrix of deep domain expertise in the defense, intelligence, and civil government markets and commercial markets with our strong functional capabilities spanning management consulting and mission operations and technology and engineering.

We believe that the U.S. government is the world's largest consumer of management and technology consulting services. The U.S. government's budget for the fiscal year ended September 30, 2012 was close to \$4 trillion, excluding authorizations from Overseas Contingency Operations and supplemental funding for the Department of Defense. Of this amount, \$1 trillion was for discretionary budget authority, including \$531 billion for the Department of Defense and U.S. Intelligence Community and \$549 billion for civil agencies. Based on data from the Federal Procurement Data System, approximately \$513 billion of the U.S. government fiscal year 2012 discretionary outlays were for non-American Recovery and Reinvestment Act of 2009 and non-intelligence agency funding-related products and services procured from private contractors. We estimate that \$102 billion of the spending directed towards private contractors in U.S. government fiscal year 2012 was for management and technology consulting services, with \$62 billion spent by the Department of Defense and \$41 billion spent by civil agencies. The agencies of the U.S. Intelligence Community that we serve represent an additional market.

Our principal executive offices are located at 8283 Greensboro Drive, McLean, Virginia 22102, Telephone: (703) 902-5000.

Risk Factors

Investment in our securities involves risks. - cost cutting and efficiency initiatives, budget reductions, Congressionally mandated automatic spending cuts, and other efforts to reduce U.S. government spending, including automatic sequestration required by the Budget Control Act of 2011 (as amended by the American Taxpayer Relief Act of 2012), which have reduced and delayed and may further reduce or delay contract awards or funding for orders for services especially in the current political environment or otherwise negatively affect our ability to generate revenue under contract awards, including as a result of reduced staffing and hours of operation at U.S. government clients;
- delayed funding of our contracts due to delays in the completion of the U.S. government's budgeting process and the use of continuing resolutions by the U.S. government to fund its operations or changes in the pattern or timing of government funding and spending (including those resulting from or related to cuts associated with sequestration or other budgetary cuts made in lieu of sequestration);
- current and continued uncertainty around the timing, extent, and nature of Congressional and other U.S. government action to address budgetary constraints, the U.S. government's ability to incur indebtedness in excess of its current limit and the U.S. deficit;
- any issue that compromises our relationships with the U.S. government or damages our professional reputation, including negative publicity concerning government contractors in general or us in particular;
- changes in U.S. government spending, including a continuation of efforts by the U.S. government to decrease spending for management support service contracts, and mission priorities that shift expenditures away from agencies or programs that we support;
- the size of our addressable markets and the amount of U.S. government spending on private contractors;
- failure to comply with numerous laws and regulations;
- our ability to compete effectively in the competitive bidding process and delays or losses of contract awards caused by competitors' protests of major contract awards received by us;
- the loss of General Services Administration Multiple Award schedule contracts, or GSA schedules, or our position as prime contractor on government-wide acquisition contract vehicles, or GWACs;
- changes in the mix of our contracts and our ability to accurately estimate or otherwise recover expenses, time, and resources for our contracts;
- our ability to generate revenue under certain of our contracts;
- our ability to realize the full value of and replenish our backlog and the timing of our receipt of revenue under contracts included in backlog;

- an inability to attract, train, or retain employees with the requisite skills, experience, and security clearances;
- an inability to hire, assimilate, and deploy enough employees to serve our clients under existing contracts;

- an inability to timely and effectively utilize our employees;
- failure by us or our employees to obtain and maintain necessary security clearances;
- the loss of members of senior management or failure to develop new leaders;
- misconduct or other improper activities from our employees or subcontractors, including the improper use or release of our clients' sensitive or classified information;
- increased insourcing by various U.S. government agencies due to changes in the definition of “inherently governmental” work, including proposals to limit contractor access to sensitive or classified information and work assignments;
- increased competition from other companies in our industry;
- failure to maintain strong relationships with other contractors;
- inherent uncertainties and potential adverse developments in legal or regulatory proceedings, including litigation, audits, reviews, and investigations, which may result in materially adverse judgments, settlements, withheld payments, penalties, or other unfavorable outcomes including debarment, as well as disputes over the availability of insurance or indemnification;
- continued efforts to change how the U.S. government reimburses compensation related and other expenses or otherwise limit such reimbursements, including recent rules that expand the scope of existing reimbursement limitations and an increased risk of compensation being deemed unallowable or payments being withheld as a result of U.S. government audit, review or investigation;

Use of Proceeds

We will not receive any proceeds from the sale of Class A common stock by any selling stockholders.

Description of Capital Stock

The following descriptions of our capital stock and provisions of our second amended and restated certificate of incorporation, which we refer to as our amended and restated certificate of incorporation and second amended and restated bylaws, which we refer to as our amended and restated bylaws, are summaries of their material terms and provisions. This description is summarized from, and qualified in its entirety by reference to, our amended and restated certificate of incorporation and amended and restated bylaws, which have been publicly filed with the SEC. See “Where You Can Find More Information; Incorporation by Reference.”

Common Stock

Our amended and restated certificate of incorporation authorizes the issuance of 646,000,000 shares of common stock, which includes:

- 600,000,000 shares of Class A common stock, par value \$0.01 per share;
- 16,000,000 shares of Class B non-voting common stock, par value \$0.01 per share;
- 5,000,000 shares of Class C restricted common stock, par value \$0.01 per share; and
- 25,000,000 shares of Class E special voting common stock, par value \$0.003 per share.

Shares of Class B non-voting common stock were issued to certain commercial partners in exchange for stock in Booz Allen Hamilton in connection with an investment in our company by affiliates of The Carlyle Group, which we refer to as Carlyle.

Shares of Class C restricted common stock were issued in connection with Carlyle's investment in our company to certain officers in exchange for stock rights with an exercise date in 2008 under the Booz Allen Hamilton stock plan. Class C restricted common stock is restricted in that a record holder's shares vest as set forth in the Officers' Rollover Stock Plan, a program established in connection with Carlyle's investment in our company that issues Officers certain shares of common stock and options.

Shares of Class E special voting common stock were issued pursuant to the Officers' Rollover Stock Plan in connection with the exchange of stock and options in Booz Allen Hamilton for stock and options in Booz Allen Holding as part of the acquisition. The number of shares of Class E special voting stock issued in the exchanges equaled the number of Rollover options to purchase Class A stock also exchanged. For each Rollover option exercised by an individual, a Class E special voting common stock will be repurchased by our company at par value and retired. The Officers' Rollover Stock Plan has a fixed vesting and exercise schedule to comply with Internal Revenue Code Section 409(a). In addition, a small number of shares of Class E special voting common stock that are not related to Rollover options have been issued pursuant to the original stockholders agreement subsequent to the acquisition in connection with certain estate planning transfers.

Holders of Class A common stock, Class C restricted common stock and Class E special voting common stock are entitled to one vote for each share on all matters to be voted on by stockholders. Except as otherwise provided by the Delaware General Corporation Law, or the DGCL, the holders of the voting common stock, as such, shall vote together as a single class. Except as required by the DGCL, the holders of Class B non-voting common stock will have no voting rights of any nature whatsoever.

Each share of common stock, except for Class E special voting common stock, is entitled to participate equally, when and if declared by the Board from time to time, in such dividends and other distributions in cash, stock, or property from our company's assets or funds as may become legally available for such purposes subject to any dividend preferences that may be attributable to preferred stock that may be authorized and outstanding. In the event of our liquidation, dissolution or winding up, holders of our common stock, except for Class E special voting common stock (other than to the extent of its par value), will be entitled to receive proportionately any of our assets remaining after the payment of liabilities and subject to the prior rights of any outstanding preferred stock. Because we are a holding company, our ability to pay dividends is subject to our subsidiaries' ability to pay dividends to us, which is in turn subject to the restrictions set forth in our credit facilities.

Upon the transfer of any shares of Class B non-voting common stock or Class C restricted common stock, such shares will be automatically converted into shares of Class A common stock. Shares of our Class A common stock and Class E special

voting common stock are not convertible into any other series or class of securities. However, shares of our Class E special voting stock are required to be repurchased by our company once the related options convert into Class A common stock. The rights and privileges of holders of our common stock are subject to any series of preferred stock that we may issue in the future.

Preferred Stock

Our amended and restated certificate of incorporation authorizes us to issue 54,000,000 shares of preferred stock, \$0.01 par value per share, the terms and conditions of which are determined by the Board upon issuance. The rights, preferences and privileges of holders of common stock are subject to, and may be adversely affected by, the rights of holders of any shares of preferred stock that our company may designate and issue in the future. At June 30, 2013 there were no shares of preferred stock outstanding. We have no present plans to issue any shares of preferred stock.

In addition, our amended and restated certificate of incorporation provides our Board with the authority, without any further vote or action by our stockholders, to designate and issue one or more series of preferred stock at their sole discretion and to fix the number of shares and the preferences, limitations and relative rights of the shares constituting any series. This provision makes it possible for our Board to issue preferred stock with super voting, special approval, dividend or other rights or preferences which could impede any attempt to acquire us. These and other provisions may have the effect of deferring, delaying or discouraging hostile takeovers or changes in control or management of our company, discouraging bids for the Class A common stock at a premium over the market price of the Class A common stock and may adversely affect the market price of, and the voting and other rights of the holder of, Class A common stock.

Amended and Restated Stockholders Agreement

In connection with the acquisition of Booz Allen Hamilton by Carlyle on July 31, 2008, Booz Allen Holding, Explorer Coinvest LLC (“Coinvest”), an entity controlled by Carlyle, certain members of the management of Booz Allen Holding and certain other stockholders of Booz Allen Holding entered into the stockholders agreement. Effective November 16, 2010, the stockholders agreement was amended and restated and, on June 12, 2012, the amended and restated stockholders agreement was further amended. Under the amended and restated stockholders agreement, as amended, subject to certain conditions and restrictions, a maximum of three of the nominees for election to our Board, who may be full-time employees of Carlyle, are to be designated by Carlyle, through Coinvest, and a maximum of two members of the Board, who must be full-time employees of Booz Allen Hamilton, are to be designated by Booz Allen Holding's Chief Executive Officer. Carlyle and our executive officers will be required to vote the voting shares over which they have voting control in favor of Carlyle's and the Chief Executive Officers' designees. At such time as Carlyle, through Coinvest, ceases to own at least 40% of the economic interests in Booz Allen Holding represented by its issued and outstanding common stock, Carlyle and our executive officers will use commercially reasonable efforts to amend the Board representation provisions of the amended and restated stockholders agreement, as amended, consistent with the reduced ownership position of Carlyle at that time.

Under the amended and restated stockholders agreement, as amended, in the event of any sale of shares of Class B non-voting common stock or Class C restricted common stock pursuant to the exercise of bring-along rights by Carlyle, certain transfers following an initial public offering or pursuant to the exercise of registration rights (discussed below), such shares will be converted into shares of Class A common stock.

In addition to certain bring-along rights, Carlyle has registration rights with respect to 95,660,000 shares of Class A common stock that it controlled as of March 31, 2013 and, in certain circumstances, other stockholders of Booz Allen Holding who are a party to the amended and restated stockholders agreement, as amended, may have the right, subject to certain exceptions, to request that certain securities (including shares of Class A common stock held by such stockholders and shares of Class A common stock issuable upon exercise of options or upon conversion from Class B or Class C common stock) be registered. To the extent that Carlyle acquires shares of Class B or Class C common stock or options exercisable for shares of Class A common stock, it would have registration rights with respect to the shares of Class A common stock issuable upon conversion or exercise thereof. Booz Allen Holding has agreed to indemnify the stockholders that are a party to the amended and restated stockholders agreement, as amended, and their affiliates from liabilities resulting from the registration of securities of Booz Allen Holding pursuant to the amended and restated stockholders agreement, as amended.

The amended and restated stockholders agreement, as amended, will terminate upon a sale or change of control of Booz Allen Holding or such time as more than 60% of its equity securities have been sold to the public.

Corporate Opportunities

Our amended and restated certificate of incorporation provides that Carlyle has no obligation to offer us an opportunity to participate in business opportunities presented to Carlyle or its affiliates, including its respective officers, directors, agents, members, partners and affiliates even if the opportunity is one that we might reasonably have pursued, and that neither Carlyle nor its respective officers, directors, agents, members, partners or affiliates is liable to us or our stockholders for breach of any duty by reason of any such activities unless, in the case of any person who is a director or officer of our company, such business opportunity is expressly offered to such director or officer in writing solely in his or her capacity as an officer or director of our company. Stockholders will be deemed to have notice of and consented to this provision of our amended and restated certificate of incorporation.

Change of Control Related Provisions of Our Amended and Restated Certificate of Incorporation, Amended and Restated Bylaws and Delaware Law

Provisions in our amended and restated certificate of incorporation and amended and restated bylaws, and in the DGCL, may make it difficult, expensive and time-consuming for a third party to pursue a takeover attempt even if a change in control of our company would be beneficial to the interests of our stockholders. Any provision of our amended and restated certificate of incorporation or amended and restated bylaws or Delaware law that has the effect of delaying or deterring a change in control could limit the opportunity for our stockholders to receive a premium for their shares of our common stock, and could also affect the price that some investors are willing to pay for our common stock. These provisions are intended to:

- enhance the likelihood of continuity and stability in the composition of our Board;
- discourage some types of transactions that may involve an actual or threatened change in control of our company;
- discourage certain tactics that may be used in proxy fights;
- ensure that our Board will have sufficient time to act in what our Board believes to be the best interests of us and our stockholders; and
- encourage persons seeking to acquire control of our company to first consult with our Board to negotiate the terms of any proposed business combination or offer.

Delaware Takeover Statute

In our amended and restated certificate of incorporation, we elected not to be governed by Section 203, as permitted under and pursuant to subsection (b)(3) of Section 203, until the first date that Coinvest and its affiliates no longer beneficially own more than 20% of our outstanding voting shares. After such date, we will be governed by Section 203. Section 203 of the DGCL, with specified exceptions, prohibits a Delaware corporation from engaging in any “business combination” with any “interested stockholder” for a period of three years following the time that the stockholder became an interested stockholder unless:

- before that time, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding those shares owned by persons who are directors and also officers and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- at or after that time, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the vote of at least 66 2/3% of the outstanding voting stock that is not

owned by the interested stockholder.

Section 203 defines “business combination” to include the following:

- any merger or consolidation of the corporation with the interested stockholder;
- any sale, lease, exchange, mortgage, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder;
- subject to specified exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or
- any receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

Section 203 defines an “interested stockholder” as:

- any entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation; and
- any entity or person affiliated with or controlling or controlled by the entity or person.

Section 203 may make it difficult and expensive for a third party to pursue a takeover attempt that we do not approve, even if a change in control would be beneficial to the interests of our stockholders.

Classified Board; Vacancies and Removal of Directors

Our amended and restated certificate of incorporation and amended and restated bylaws provide that our Board will be divided into three classes whose members will serve three-year terms expiring in successive years. Any effort to obtain control of our Board by causing the election of a majority of the Board may require more time than would be required without such a staggered election structure.

Our amended and restated certificate of incorporation and amended and restated bylaws provide that directors may be removed with or without cause at any time upon the affirmative vote of holders of at least a majority of the votes to which all the stockholders would be entitled to cast until a “group,” as defined under Section 13(d)(3) of the Exchange Act, no longer beneficially owns more than 50% of the outstanding shares of our voting common stock. After such time, directors may only be removed from office for cause upon the affirmative vote of holders of at least a majority of the votes which all the stockholders would be entitled to cast. Our amended and restated certificate of incorporation and amended and restated bylaws provide that vacancies in our Board may be filled only by our Board. Any director elected to fill a vacancy will hold office for the remainder of the full term of the class of directors in which the vacancy occurred (including a vacancy created by increasing the size of the Board) and until such director's successor shall have been duly elected and qualified. No decrease in the number of directors will shorten the term of any incumbent director. The number of directors shall be fixed and modified, but not reduced to less than three, from time to time by resolution of our Board.

These provisions may have the effect of slowing or impeding a third party from initiating a proxy contest, making a tender offer or otherwise attempting a change in the membership of our Board that would effect a change of control.

Advance Notice Provisions for Stockholder Nominations of Directors and Stockholder Proposals

Our amended and restated bylaws establish an advance notice procedure for stockholders to make nominations of candidates for election as director or to bring other business before an annual meeting of our stockholders. This procedure provides that, except as otherwise required by applicable law, only persons who are nominated by the Board, a committee appointed by the Board, or by a stockholder who has given timely written notice to our secretary prior to the meeting, will be eligible for election as directors, and only business that has been

brought before an annual meeting by the Board, any committee appointed by the Board, or by a stockholder who has given timely written notice to our secretary prior to the meeting, may be conducted. Under the procedure, to be timely, notice must be received by the secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary date of the annual meeting of the preceding year. In addition, a stockholder's notice proposing to nominate a person for election as director must contain specific information about the nominating stockholder and the proposed nominee, and a stockholder's notice relating to the conduct of business other than the nomination of directors must contain specific information about the business and the proposing stockholder.

Requiring advance notice of nominations by stockholders allows our Board an opportunity to consider the qualifications of the proposed nominees and also provides a more orderly procedure for conducting annual meetings of stockholders. It also provides the Board with the opportunity to inform stockholders of proposed business prior to the meeting, so that stockholders can better decide whether to attend the meeting or to grant a proxy regarding the disposition of the business. These provisions may also have the effect of precluding a contest for the election of directors or the consideration of stockholder proposals and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal without regard to whether consideration of the nominees or proposals might be harmful or beneficial to us or our stockholders.

Calling Special Stockholder Meetings; Stockholder Action by Written Consent

Our amended and restated certificate of incorporation and amended and restated bylaws provide that a special meeting of stockholders may only be called by our Board. Our amended and restated bylaws allow for stockholder actions by written consent until no "group," as defined under Section 13(d)(3) of the Exchange Act, owns more than 50% of the outstanding shares of our voting common stock. After such time, any action taken by the stockholders must be effected at a duly called annual or special meeting, which may be called only by the Board.

These provisions make it procedurally more difficult for a stockholder to take action without a meeting and therefore may reduce the likelihood that a stockholder will seek to take independent action with respect to matters that are not supported by management.

Limitation of Liability of Directors; Indemnification of Directors and Officers

Our amended and restated certificate of incorporation contains provisions permitted under DGCL relating to the liability of directors. These provisions eliminate a director's personal liability for monetary damages resulting from a breach of fiduciary duty, except in circumstances involving:

- any breach of the director's duty of loyalty;
- acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law;
- under Section 174 of the DGCL (unlawful dividends); or
- any transaction from which the director derives an improper personal benefit.

The principal effect of the limitation on liability provision is that a stockholder will be unable to prosecute an action for monetary damages against a director unless the stockholder can demonstrate a basis for liability for which indemnification is not available under the DGCL. These provisions, however, should not limit or eliminate our rights or any stockholder's rights to seek non-monetary relief, such as an injunction or rescission, in the event of a breach of director's fiduciary duty. These provisions will not alter a director's liability under federal securities laws. The inclusion of this provision in our certificate of incorporation may discourage or deter stockholders or management from bringing a lawsuit against directors for a breach of their fiduciary duties, even though such an action, if successful, might otherwise have benefited us and our stockholders.

Our amended and restated bylaws require us to indemnify and advance expenses to our directors and officers to the fullest extent not prohibited by the DGCL and other applicable law, except in the case of a proceeding instituted by the director without the approval of our Board. Our amended and restated bylaws provide that we are required to indemnify our directors and officers, to the fullest extent permitted by law, for all judgments, fines, settlements, legal fees and other expenses incurred in connection with pending or threatened legal proceedings because of the director's or officer's positions with us or another entity that the director or officer serves at our request, subject to various conditions, and to advance funds to our directors and officers to enable them to defend against such proceedings. To receive indemnification, the director or officer must have been successful in the legal proceeding or have acted in good faith and in what was reasonably believed to be a lawful manner in our best interest and, with respect to any criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful.

We have entered into an indemnification agreement with each of our directors and certain of our officers. The indemnification

agreements provide our directors and certain of our officers with contractual rights to the indemnification and expense advancement rights provided under our amended and restated bylaws, as well as contractual rights to additional indemnification as provided in the indemnification agreement.

Supermajority Voting Requirements for Amendment of Certain Provisions of Our Amended and Restated Bylaws

Our amended and restated bylaws provide that our bylaws may be amended, altered or repealed at any regular or special meeting of the stockholders only if the amendment is approved by the vote of holders of at least two-thirds of the shares then entitled to vote at a general election of directors. In addition, amendments may be instituted by resolutions adopted by a majority of the Board at any special or regular meeting of the Board. These provisions make it more difficult for stockholders to remove or amend any provisions that may have an anti-takeover effect.

Transfer Agent and Registrar

The transfer agent and registrar for our Class A common stock is Computershare Limited.

Plan of Distribution

The selling stockholders may sell the securities covered by this prospectus from time to time pursuant to underwritten public offerings, negotiated transactions, block trades or a combination of these methods or through underwriters or dealers, through agents and/or directly to one or more purchasers. The securities may be distributed from time to time in one or more transactions:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to such prevailing market prices; or
- at negotiated prices.

Each time that any of the selling stockholders sell securities covered by this prospectus, the selling stockholders will provide a prospectus supplement or supplements that will describe the method of distribution and set forth the terms and conditions of the offering of such securities, including (i) the name or names of any underwriters, dealers or agents and the amounts of securities underwritten or purchased by each of them; (ii) if a fixed price offering, the public offering price of the securities and the proceeds to the selling stockholders; (iii) any options under which underwriters may purchase additional securities from the selling stockholders; (iv) any underwriting discounts or commissions or agency fees and other items constituting underwriters' or agents' compensation; (v) terms and conditions of the offering and (vi) any discounts, commissions or concessions allowed or reallocated or paid to dealers.

Offers to purchase the securities being offered by this prospectus may be solicited directly. Agents may also be designated to solicit offers to purchase the securities from time to time. Any agent involved in the offer or sale of our securities will be identified in a prospectus supplement.

If a dealer is utilized in the sale of the securities being offered by this prospectus, the securities will be sold to the dealer, as principal. The dealer may then resell the securities to the public at varying prices to be determined by the dealer at the time of resale.

If an underwriter is utilized in the sale of the securities being offered by this prospectus, an underwriting agreement will be executed with the underwriter at the time of sale and the name of any underwriter will be provided in the prospectus supplement that the underwriter will use to make resales of the securities to the public. In connection with the sale of the securities, the selling stockholders, or the purchasers of securities for whom the underwriter may act as agent, may compensate the underwriter in the form of underwriting discounts or commissions. The underwriter may sell the securities to or through dealers, and those dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for which they may act as agent. Unless otherwise indicated in a prospectus supplement, an agent will be acting on a best efforts basis and a dealer will purchase securities as a principal, and may then resell the securities at varying prices to be determined by the dealer.

Any compensation paid to underwriters, dealers or agents in connection with the offering of the securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers will be provided in the applicable prospectus supplement. Underwriters, dealers and agents participating in the distribution of the securities may be deemed to be underwriters within the meaning of the Securities Act, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions. We and the selling stockholders may each enter into agreements to indemnify underwriters, dealers and agents against civil liabilities, including liabilities under the Securities Act, or to contribute to payments they may be required to make in respect thereof and to reimburse those persons for certain expenses.

Our Class A common stock is listed on the New York Stock Exchange. To facilitate the offering of securities, certain persons participating in the offering may engage in transactions that stabilize, maintain or otherwise affect the price of the securities. This may include over-allotments or short sales of the securities, which involve the sale by persons participating in the offering of more securities than were sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or

by exercising their over-allotment option, if any. In addition, these persons may stabilize or maintain the price of the securities by bidding for or purchasing securities in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if securities sold by them are repurchased in connection with stabilization transactions. The effect of these transactions may be to

stabilize or maintain the market price of the securities at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

If indicated in the applicable prospectus supplement, underwriters or other persons acting as agents may be authorized to solicit offers by institutions or other suitable purchasers to purchase the securities at the public offering price set forth in the prospectus supplement, pursuant to delayed delivery contracts providing for payment and delivery on the date or dates stated in the prospectus supplement. These purchasers may include, among others, commercial and savings banks, insurance companies, pension funds, investment companies and educational and charitable institutions. Delayed delivery contracts will be subject to the condition that the purchase of the securities covered by the delayed delivery contracts will not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which the purchaser is subject. The underwriters and agents will not have any responsibility with respect to the validity or performance of these contracts.

The specific terms of any lock-up provisions in respect of any given offering will be described in the applicable prospectus supplement.

The underwriters, dealers and agents may engage in transactions with us, or perform services for us, in the ordinary course of business for which they receive compensation.

Legal Matters

The validity of the securities offered by this prospectus will be passed upon for us by Debevoise & Plimpton LLP.

Item 15. *Indemnification of Directors and Officers*

Subsection (a) of Section 145 of the DGCL empowers a corporation to indemnify any person who was or is a party or who is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful.

Subsection (b) of Section 145 empowers a corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person acted in any of the capacities set forth above, against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Section 145 further provides that to the extent a director or officer of a corporation has been successful on the merits or otherwise in the defense of any action, suit or proceeding referred to in subsections (a) and (b) of Section 145, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith; that indemnification provided for by Section 145 shall not be deemed exclusive of any other rights to which the indemnified party may be entitled; and the indemnification provided for by Section 145 shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of such person's heirs, executors and administrators. Section 145 also empowers the corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of his status as such, whether or not the corporation would have the power to indemnify such person against such liabilities under Section 145.

Section 102(b)(7) of the DGCL provides that a corporation's certificate of incorporation may contain a provision eliminating or limiting the personal liability of a director to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, provided that such provision shall not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation provides that our directors will not be personally liable to the Company or its stockholders for monetary damages resulting from breach of their fiduciary duties. However, nothing contained in such provision eliminates or limits the liability of directors (1) for any breach of the director's duty of loyalty to us or our stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law, (3) under Section 174 of the DGCL or (4) for any transaction from which the director derived an improper personal benefit.

Our amended and restated bylaws provide for indemnification of the officers and directors to the full extent permitted by applicable law.

In addition, we have entered into agreements to indemnify our directors and executive officers containing provisions, which are in some respects broader than the specific indemnification provisions contained in the DGCL. The indemnification agreements require us, among other things, to indemnify our directors against certain liabilities that may arise by reason of their status or service as directors and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Item 16. Exhibits

(a) *Exhibits*

A list of exhibits filed with this registration statement on Form S-3 is set forth on the Exhibit Index and is incorporated herein by reference.

Item 17. Undertakings

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii), and (a)(1)(iii) above do not apply if the registration statement is on Form S-3

or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or

section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the

purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new

registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

Booz Allen Hamilton Holding Corporation
Registration Statement on Form S-3

Ladies and Gentlemen:

We have acted as special counsel to Booz Allen Hamilton Holding Corporation, a Delaware corporation (the “Company”), in connection with the filing with the Securities and Exchange Commission (the “Commission”) under the Securities Act of 1933, as amended (the “Act”), of a Registration Statement on Form S-3 (the “Registration Statement”), relating to the proposed issuance from time to time of shares of Class A Common Stock of the Company, par value \$.01 per share (the “Common Stock”).

In rendering the opinions expressed below, (a) we have examined and relied on the originals, or copies certified or otherwise identified to our satisfaction, of such agreements, documents and records of the Company and such other instruments and certificates of public officials and officers and representatives of the Company as we have deemed necessary or appropriate for the purposes of such opinions, (b) we have examined and relied as to factual matters upon, and have assumed the accuracy of, the statements made in the certificates of public officials and officers and representatives of the Company delivered to us and (c) we have made such investigations of law as we have deemed necessary or appropriate as a basis for such opinions.

Based upon and subject to the foregoing and the assumptions, qualifications and limitations hereinafter set forth, we are of the opinion that when (i) the terms of the issuance and sale of the Common Stock have been duly authorized and approved by all necessary action of the Board of Directors so as not to violate any applicable law, rule or regulation or result in a default under or a breach of any agreement or instrument binding upon the Company and so as to comply with any requirement or restriction imposed by any court or governmental body having jurisdiction over the Company and (ii) certificates for the shares of Common Stock have been duly executed, authenticated,

issued and delivered as contemplated by the Registration Statement and any prospectus supplement relating thereto, and in accordance with any underwriting agreement, against payment of the consideration fixed therefor by the Board of Directors or pursuant to authority properly delegated by the Board of Directors, the Common Stock will be validly issued, fully paid and non-assessable under the laws of the State of Delaware.

Our opinions set forth above are subject to the effects of (i) bankruptcy, insolvency, fraudulent conveyance, fraudulent transfer, reorganization and moratorium laws, and other similar laws relating to or affecting enforcement of creditors' rights or remedies generally, (ii) general equitable principles (whether considered in a proceeding in equity or at law) and (iii) concepts of good faith, reasonableness and fair dealing, and standards of materiality.

We express no opinion as to the laws of any jurisdiction other than the General Corporation Law of the State of Delaware, including the applicable provisions of the Delaware Constitution and the reported cases interpreting those laws, each as currently in effect.

We hereby consent to the filing of this opinion as an exhibit to the Registration Statement and to the reference to our firm under the heading "Legal Matters" in the Prospectus forming a part thereof. In giving such consent, we do not thereby admit that we are in the category of persons whose consent is required under Section 7 of the Act or the rules and regulations of the Commission promulgated thereunder.

Very truly yours,

/s/ Debevoise & Plimpton LLP
