PROXY STATEMENT
FOR THE 2016 ANNUAL MEETING OF STOCKHOLDERS

To be held on May 18, 2016

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why am I receiving these materials?

We have sent you these proxy materials because the Board of Directors (sometimes referred to as the “Board”) of Retrophin, Inc. (sometimes referred to as “we,” “us,” the “Company” or “Retrophin”) is soliciting your proxy to vote at the 2016 Annual Meeting of Stockholders (the “Annual Meeting”), including at any adjournments or postponements of the meeting. You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or vote over the internet or using a telephone as instructed in these materials.

We intend to mail these proxy materials on or about April 4, 2016 to all shareholders of record entitled to vote at the Annual Meeting.

How do I attend the Annual Meeting?

The meeting will be held on Wednesday, May 18, 2016 at 9:30 a.m., local time, at the Company’s San Diego office located at 12255 El Camino Real, Suite 250, San Diego, California 92130. Information on how to vote in person at the Annual Meeting is discussed below.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on March 23, 2016 will be entitled to vote at the Annual Meeting. On this record date, there were 36,585,768 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on March 23, 2016 your shares were registered directly in your name with the Company’s transfer agent, American Stock Transfer & Trust Company, LLC, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card, or vote over the internet or using a telephone as instructed in these materials, to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on March 23, 2016 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in “street name” and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

What am I voting on?

There are four matters scheduled for a vote:

- election of the six nominees for director named herein to the Board of Directors to serve for a term of one year;
- approval of our 2015 Equity Incentive Plan, as amended, to, among other items, increase the number of shares of common stock reserved for issuance thereunder by 1,600,000;
- approval, on an advisory basis, of the compensation of the Company's named executive officers; and
- ratification of the selection by the Audit Committee of the Board of Directors of BDO USA, LLP as the independent registered public accounting firm of the Company for its fiscal year ending December 31, 2016.

What if another matter is properly brought before the meeting?

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

How do I vote?

For Proposal 1, you may either vote "For" all the nominees to the Board of Directors or you may "Withhold" your vote for any nominee you specify. For Proposals 2, 3 and 4 you may vote "For" or "Against" or abstain from voting.

The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy using the enclosed proxy card, or vote over the internet or using a telephone as instructed in these materials. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

- To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.
- To vote using the enclosed proxy card, simply complete, sign and date the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.
- To vote by telephone, dial toll-free (888) 693-8683 using a touch-tone phone and follow the instructions. Have your proxy card available when you call. Your vote must be received by 11:59 p.m. Eastern Time on May 17, 2016 to be counted.
- To vote through the internet, go to www.cesvote.com to complete an electronic proxy card. Have your proxy card available when you access the website. Your vote must be received by 11:59 p.m. Eastern Time on May 17, 2016 to be counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a voting instruction form with these proxy materials from that organization rather than from us. Simply complete and mail the voting instruction form to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of March 23, 2016.

What happens if I do not vote?*Stockholder of Record: Shares Registered in Your Name*

If you are a stockholder of record and do not vote by completing your proxy card or in person at the Annual Meeting, your shares will not be voted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner and do not instruct your broker, bank, or other agent how to vote your shares, the question of whether your broker or nominee will still be able to vote your shares depends on whether The Nasdaq Stock Market (“Nasdaq”) deems the particular proposal to be a “routine” matter. Brokers and nominees can use their discretion to vote “uninstructed” shares with respect to matters that are considered to be “routine,” but not with respect to “non-routine” matters. Under the rules and interpretations of the Nasdaq Listing Rules, “non-routine” matters are matters that may substantially affect the rights or privileges of stockholders, such as mergers, stockholder proposals, elections of directors (even if not contested), executive compensation (including any advisory stockholder votes on executive compensation and on the frequency of stockholder votes on executive compensation), and certain corporate governance proposals, even if management-supported. Accordingly, your broker or nominee may not vote your shares on Proposals 1, 2, or 3, without your instructions, but may vote your shares on Proposal 4.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, “For” the election of all six nominees for director, “For” approval of our 2015 Equity Incentive Plan, as amended, to, among other items, increase the number of shares of common stock reserved for issuance thereunder by 1,600,000, “For” the approval of the compensation of our named executive officers as disclosed in this proxy statement, and “For” ratification of selection by the Audit Committee of the Board of Directors of BDO USA, LLP as independent registered public accounting firm of the Company for its fiscal year ending 2016. If any other matter is properly presented at the meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

In addition, we have retained Alliance Advisors to assist in the solicitation. We will pay Alliance Advisors approximately \$7,000 plus out-of-pocket expenses, for its assistance.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the proxy cards in the proxy materials to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?*Stockholder of Record: Shares Registered in Your Name*

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date.
- You may grant a subsequent proxy through the internet or over the telephone.
- You may send a timely written notice that you are revoking your proxy to the attention of the Secretary of Retrophin, Inc. at 12255 El Camino Real, Suite 250, San Diego, CA 92130.

-
- You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy.

Your most current proxy card is the one that is counted.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

When are stockholder proposals and director nominations due for next year's annual meeting?

To be considered for inclusion in next year's proxy materials, your proposal must be submitted in writing by December 5, 2016 to the attention of the Secretary of Retrophin, Inc. at 12255 El Camino Real, Suite 250, San Diego, CA 92130.

If you wish to submit a proposal (including a director nomination) at the 2017 meeting that is not to be included in the 2017 proxy materials, your written request must be received by the Secretary of Retrophin between January 18, 2017 and February 17, 2017. You are also advised to review the Company's amended and restated bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of election appointed for the meeting, who will separately count, for the proposal to elect directors, votes "For," "Withhold" and broker non-votes; and, with respect to other proposals, votes "For" and "Against," abstentions and, if applicable, broker non-votes. Abstentions will be counted towards the vote total for Proposals 2, 3, and 4 and will have the same effect as "Against" votes. Broker non-votes have no effect and will not be counted towards the vote total for any proposal.

What are "broker non-votes"?

As discussed above, when a beneficial owner of shares held in "street name" does not give instructions to the broker or nominee holding the shares as to how to vote on matters deemed by Nasdaq to be "non-routine," the broker or nominee cannot vote the shares. These unvoted shares are counted as "broker non-votes."

How many votes are needed to approve each proposal?

- For Proposal 1, the election of directors, the six nominees receiving the most "For" votes from the holders of shares present in person or represented by proxy and entitled to vote on the election of directors will be elected. Only votes "For" or "Withhold" will affect the outcome. Broker non-votes will have no effect.
- To be approved, Proposal 2 approving our 2015 Equity Incentive Plan, as amended, to, among other items, increase the number of shares of common stock reserved for issuance thereunder by 1,600,000, requires a "For" vote from at least a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting. If you mark your proxy to "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.
- Proposal 3, advisory approval of the compensation of the Company's named executive officers, will be considered to be approved if it receives "For" votes from the holders of a majority of shares present in person or represented by proxy and entitled to vote at the Annual Meeting. If you "Abstain" from voting, it will have the same effect as an "Against" vote. Broker non-votes will have no effect.
- To be approved, Proposal 4 ratifying the selection by the Audit Committee of the Board of Directors of BDO USA, LLP as the independent registered public accounting firm of the Company for its fiscal year ending 2016 must receive "For" votes from the holders of a majority of shares present in person or represented by proxy and entitled to vote at the Annual Meeting. If you mark your proxy to "Abstain" from voting, it will have the same effect as an "Against" vote.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting in person or represented by proxy. On the record date, there were 36,585,768 shares outstanding and entitled to vote. Thus, the holders of 18,292,885 shares must be present in person or represented by proxy at the meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares present at the meeting in person or represented by proxy may adjourn the meeting to another date.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

P R O P O S A L 1

E L E C T I O N O F D I R E C T O R S

The Board of Directors is currently comprised of six directors (Stephen Aselage, Tim Coughlin, Cornelius Golding, John Kozarich, Gary Lyons and Jeffrey Meckler). With the exception of Stephen Aselage who is our President and Chief Executive Officer, all current members of the Board of Directors meet the definition of “independent director” under the Nasdaq qualification standards.

After each annual election, each director will then serve a term of one year (or, in each case, until their earlier resignation, removal from office, or death) and until a successor is duly elected and qualified. Officers of the Company serve at the discretion of the Board of Directors. There are no family relationships among the Company’s directors and executive officers.

Vote Required

The nominees receiving the highest number of affirmative votes of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors will be elected to the Board of Directors.

Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum, but have no other legal effect under Delaware law.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the Company’s nominees named above. If any of the Company’s nominees is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the present Board of Directors to fill the vacancy. It is not expected that any of the Company’s nominees will be unable or will decline to serve as a director. **The Board of Directors unanimously recommends that stockholders vote “For” the nominees named below.**

Nominees for Election at the Annual Meeting

The following is a brief biography of each nominee for director. The brief biographies below include information, as of the date of this proxy statement, regarding the specific and particular experience, qualifications, attributes or skills of each nominee that led the Nominating / Corporate Governance Committee to recommend that person as a nominee. However, each of the members of the Nominating / Corporate Governance Committee may have a variety of reasons why he believes a particular person would be an appropriate nominee for the Board of Directors, and these views may differ from the views of other members.

All of the nominees are currently directors of the Company. All the nominees were previously elected to the Board of Directors by the Company’s stockholders.

Stephen Aselage has served as a director of the Company since December 2012, and as President and Chief Executive Officer of the Company since November 2014. Previously, Mr. Aselage was a director of Retrophin, Inc. since October 2012. Prior to joining Retrophin, Mr. Aselage served as the Executive Vice President and Chief Business Officer at BioMarin, a biotechnology company, from December 2009 through September 2012 and from July 2005 to December 2009, Mr. Aselage served as BioMarin’s Senior Vice President of Global Commercial Development. Independence of the Board of Directors

As required under the Nasdaq listing standards, a majority of the members of a listed company's Board of Directors must qualify as "independent," as affirmatively determined by the Board of Directors. The Board of Directors consults with the Company's counsel to ensure that the determinations of the Board of Directors are consistent with relevant securities and other laws and regulations regarding the definition of "independent," including those set forth in pertinent Nasdaq listing standards, as in effect from time to time. Consistent with these considerations, after review of all relevant identified transactions or relationships between each director, or any of his family members, and the Company, its senior management and its independent auditors, the Board of Directors has affirmatively determined that the following five directors are independent directors within the meaning of the applicable Nasdaq listing standards: Mr. Coughlin, Mr. Golding, Dr. Kozarich, Mr. Lyons, and Mr. Meckler. In making this determination, the Board of Directors found that none of these directors had a material or other disqualifying relationship with the Company. Following our Annual Meeting, assuming the election of our six nominees for director named in these proxy materials, we will have five independent directors and one non-independent director, Mr. Aselage, who serves as our President and Chief Executive Officer.

Board Leadership Structure

It is the Company's policy to separate the roles of Chief Executive Officer and Chairman of the Board. This separation recognizes the independent roles of the Board of Directors, Chairman of the Board and Chief Executive Officer. The Board of Directors sets Company strategy and provides oversight and accountability for the Chief Executive Officer and Company management. The Chairman of the Board presides over the Board of Directors and provides guidance to the Chief Executive Officer. The Chief Executive Officer and the balance of the Board of Directors set Company goals with the Chief Executive Officer providing leadership and day to day oversight in furtherance of those goals. The Company believes that separation of the Board of Directors and Company leadership preserves the independence of these roles and maximizes performance.

Furthermore, our Board is committed to strong corporate governance which is used to promote the long term interest of Retrophin and our stockholders. In the last two years, the Board has appointed four new directors: Mr. Coughlin, who was selected because of his experience and expertise in finance, Dr. Kozarich, who was selected because of his experience and expertise in product research, Mr. Lyons, who was selected because of his experience and expertise in commercial operations and Mr. Meckler, who was selected because of his experience and expertise in business development.

PROPOSAL 2

A PPROVAL OF AN A MENDMENT TO THE 2015 E QUITY I NCENTIVE P LAN

Overview

On March 21, 2016, our Board of Directors amended the Retrophin, Inc. 2015 Equity Incentive Plan (the “2015 Plan”), subject to stockholder approval, to (i) increase the number of shares of common stock authorized for issuance under the 2015 Plan by 1,600,000 shares, (ii) add a fungible reserve by which the share reserve is reduced by 2.0 shares for each share underlying a restricted stock award, restricted stock unit award, performance stock award or other stock award and such shares of common stock will return to the share reserve at the same rates, and (iii) for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, (a) confirm the applicable award limits for purposes of compliance with Section 162(m) of the Code, (b) confirm existing performance criteria upon which performance goals may be based with respect to performance awards under the Amended 2015 Plan, and (c) confirm existing permitted means of adjustment when calculating the attainment of performance goals for performance awards granted under the Amended 2015 Plan. Our Board of Directors believes that the Amended 2015 Plan is an integral part of our long-term compensation philosophy and the Amended 2015 Plan is necessary to continue providing the appropriate levels and types of equity compensation for our employees. We refer to the 2015 Plan, as amended by the Board of Directors on March 21, 2016, as the “Amended 2015 Plan” throughout this proxy statement.

A description of the material terms of the Amended 2015 Plan are summarized below. The key differences between the terms of the 2015 Plan and the Amended 2015 Plan are as follows:

- The Amended 2015 Plan provides that an additional 1,600,000 shares may be issued pursuant to stock awards granted under the Amended 2015 Plan.
- On or after March 21, 2016, the number of shares available for issuance under the Amended 2015 Plan will be reduced by one share for each share subject to a stock option or stock appreciation right and by 2.0 shares for each share subject to any other type of stock award issued pursuant to the Amended 2015 Plan, and such shares will return to the share reserve at the same rates upon cancellation or other forfeiture of such awards or shares.

Why we are asking our stockholders to approve the Amended 2015 Plan

As of March 21, 2016, approximately 690,256 shares were available for future issuance under the 2015 Plan, excluding the shares underlying outstanding stock awards and without giving effect to the approval of the Amended 2015 Plan. The Board believes that the proposed increase in the number of shares of common stock reserved for issuance under the 2015 Plan will allow the Company to attract and retain valuable employees and continue to provide its employees, consultants and directors with a proprietary interest in the Company. Within the Company, equity awards foster an ownership culture and are a critical tool for driving shareholder value and for recruiting, retaining and motivating employees. The Company grants annual equity awards to employees as an incentive to retain its work force and remain competitive. The terms of the Company’s annual equity awards and the Company’s employee policies are designed to align employee and shareholder interests. The Company grants equity awards to a broad group of employees and such awards constitute a significant component of the Company’s employees’ total compensation. The Company’s equity awards contain long-term vesting, performance-based vesting, and provisions designed to encourage employees to focus on the Company’s long-term goals and success. If our stockholders do not approve the Amended 2015 Plan, the Company strongly believes that it will be unable to successfully use equity as part of its compensation program, as most of its competitors in the industry do, putting the Company at a significant disadvantage and compromising its ability to enhance shareholder value. Without replenishment, we believe such number of shares may be insufficient to meet our anticipated employee recruiting and retention needs for the current year or beyond.

Approval of the Amended 2015 Plan by our stockholders will also constitute approval of terms and conditions set forth therein that will permit us to grant stock options and performance awards under the Amended 2015 Plan that may qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code. Section 162(m) of the Code denies a deduction to any publicly held corporation and its affiliates for certain compensation paid to “covered employees” in a taxable year to the extent that compensation to a covered employee exceeds \$1 million. However, some kinds of compensation, including qualified “performance-based compensation,” are not subject to this deduction limitation and we believe it is in the best interests of us and our stockholders to preserve the ability to grant “performance-based compensation” under Section 162(m) of the Code. For the grant of awards under a plan to qualify as “performance-based compensation” under Section 162(m) of the Code, among other things, the plan must (i) describe the employees eligible to receive such awards, (ii) provide a per-person limit on the number of shares subject to stock options and performance stock awards, and the amount of cash that may be subject to performance cash awards, granted to any employee under the plan in any year, and (iii) include one or more pre-established business criteria upon which the performance goals for performance awards may be granted (or become vested or exercisable). These terms must be approved by the stockholders and, accordingly, our stockholders are requested to approve the Amended 2015 Plan, which includes terms regarding eligibility for awards, per-person limits on awards and the business criteria for performance awards granted under the Amended 2015 Plan.

In requesting approval of the Amended 2015 Plan, we are asking stockholders for a pool of shares that we believe, absent a material company acquisition or similar event, will be sufficient for approximately the next year to provide an appropriate amount of equity for attracting, retaining, and motivating employees and directors as we continue to grow our business. We base this belief on a projected annual burn rate of 5.5% for 2016.

The Amended 2015 Plan Combines Compensation and Governance Best Practices

In addition, the Amended 2015 Plan includes provisions that are designed to protect our stockholders' interests and to reflect corporate governance best practices including:

- *Repricing is not allowed without stockholder approval* . The Amended 2015 Plan prohibits the repricing of outstanding equity awards and the cancellation of any outstanding equity awards that have an exercise price or strike price greater than the current fair market value of our common stock in exchange for cash or other stock awards under the Amended 2015 Plan without prior stockholder approval.
- *Stockholder approval is required for additional shares* . The Amended 2015 Plan does not contain an annual "evergreen" provision. The Amended 2015 Plan authorizes a fixed number of shares, so that stockholder approval is required to issue any additional shares, allowing our stockholders to have direct input on our equity compensation programs.
- *Reasonable share counting provisions* . In general, when awards granted under the Amended 2015 Plan lapse or are canceled, the shares reserved for those awards will be returned to the share reserve and be available for future awards. However, shares of common stock tendered to us in payment of the exercise price of stock options or stock appreciation rights, or withheld by us to cover tax withholding obligations relating to the stock awards will not be returned to our share reserve.
- *Fungible Share Reserve*. The Amended 2015 Plan has a fungible share reserve, which increases the rate at which the share reserve is depleted for stock awards other than stock options and stock appreciation rights, in order to minimize stockholder dilution. The number of shares available for issuance under the Amended 2015 Plan will be reduced by one share for each share of common stock subject to a stock option or stock appreciation right and by 2.0 shares for each share of common stock subject to any other type of award issued pursuant to the Amended 2015 Plan, and such shares of common stock will return to the share reserve at the same rates.
- *No liberal change in control provisions* . The definition of change in control in our Amended 2015 Plan requires the consummation of an actual transaction so that no vesting acceleration benefits may occur without an actual change in control transaction occurring.
- *No discounted stock options or stock appreciation rights* . All stock options and stock appreciation rights must have an exercise price equal to or greater than the fair market value of our common stock on the date the stock option or stock appreciation right is granted.
- *Flexibility in designing equity compensation scheme* . The Amended 2015 Plan allows us to provide a broad array of equity incentives, including traditional option grants, stock appreciation rights, restricted stock awards, restricted stock unit awards, performance stock awards, other stock awards and performance cash awards. By providing this flexibility we can quickly and effectively react to trends in compensation practices and continue to offer competitive compensation arrangements to attract and retain the talent necessary for the success of our business.

- *Broad based eligibility for equity awards* . We grant equity awards to a large portion of our employees. By doing so, we tie our employees' interests with stockholder interests and motivate our employees to act as owners of the business.
- *Limit on equity awards* . The Amended 2015 Plan limits the number of shares of our common stock that may be granted to any one participant during any one fiscal year.
- *Minimum vesting requirements* . The Amended 2015 Plan provides that, except as may be provided in connection with a corporate transaction or a change in control, no restricted stock award, restricted stock unit, performance stock award or other stock award will vest until at least 12 months following the date of grant of the award; *provided, however* , that up to 5% of the aggregate number of shares that may be issued under the Amended 2015 Plan may be subject to awards which do not meet such vesting requirements.

Description of the Amended 2015 Equity Incentive Plan

The material features of the Amended 2015 Plan are outlined below. This summary is qualified in its entirety by reference to the complete text of the Amended 2015 Plan. Stockholders are urged to read the actual text of the Amended 2015 Plan in its entirety, which is appended to this proxy statement as Appendix A and may be accessed from the SEC's website at www.sec.gov.

Background and Purpose

The purpose of the Amended 2015 Plan is to secure and retain the services of employees, directors, and consultants, to provide a means by which such persons may be given an opportunity to benefit from increases in the value of the Company's common stock, to assist the Company in recruiting new employees and directors, retaining the services of current employees and directors, and to provide incentives for such persons to exert maximum efforts for the Company's success.

Types of Awards

The terms of the Amended 2015 Plan provide for the grant of incentive stock options, or ISOs, nonstatutory stock options, or NSOs, restricted stock awards, restricted stock unit awards, stock appreciation rights, other stock awards, and performance awards that may be settled in cash, stock, or other property.

Shares Available for Awards

After giving effect to the approval of Proposal No. 2, the total number of shares of the Company's common stock reserved for issuance under the Amended 2015 Plan would be 2,290,256 as of March 21, 2016. This share reserve consists of (a) 690,256 shares currently reserved for issuance under the 2015 Plan, plus (b) an additional 1,600,000 shares subject to approval of the stockholders at the Annual Meeting. In addition, the share reserve will be increased by the number of shares subject to stock awards outstanding under the Retrophin, Inc. 2014 Incentive Compensation Plan that terminate prior to exercise and would otherwise be returned to the share reserves under such plan. Any shares subject to a stock option that are not delivered to a participant because the stock option is exercised through a reduction of shares subject to the stock award (*i.e.* , "net exercised") will not again become available for issuance under the Amended 2015 Plan. Additionally, any shares reacquired by us pursuant to our withholding obligations in connection with the issuance or vesting of stock or upon the exercise of a stock option or stock appreciation right will not again become available for issuance under the Amended 2015 Plan. The number of shares available for issuance under the Amended 2015 Plan will be reduced by one share for each share of stock issued pursuant to an Option or Stock Appreciation Right and 2.0 shares for each share of Common Stock issued pursuant to a restricted stock award, restricted stock unit award, performance stock award or other stock award after March 21, 2016.

In addition, if a stock award expires or otherwise terminates without all of the shares covered by such stock award having been issued in full or is settled in cash, such expiration, termination or settlement will not reduce

(or otherwise offset) the number of shares of common stock that may be available for issuance under the Amended 2015 Plan. If any shares of common stock issued pursuant to a stock award are forfeited back to, or repurchased by us because of the failure to meet a contingency or condition required to vest such shares, then the shares that are forfeited or repurchased will revert to and again become available for issuance under the Amended 2015 Plan. To the extent there is a share of common stock issued pursuant to a stock award (whether granted under the Amended 2015 Plan or the Retrophin, Inc. 2014 Incentive Compensation Plan), other than a stock option or stock appreciation right with a strike price of at least 100% of the fair market value of the underlying stock on the date of grant, and after March 21, 2016 such share of common stock again becomes available for issuance under the Amended 2015 Plan, then the number of shares of common stock available for issuance under the Amended 2015 Plan will increase by 2.0 shares.

Eligibility

All of our employees, non-employee directors and consultants are eligible to participate in the Amended 2015 Plan and may receive all types of awards; provided that ISOs may be granted under the Amended 2015 Plan only to our employees (including officers) and employees of our affiliates. As of March 21, 2016, we had 130 employees and 5 non-employee directors.

Grant Limits

Under the Amended 2015 Plan, a maximum of 1,000,000 shares of our common stock may be granted to any one participant during any one fiscal year pursuant to stock options, stock appreciation rights and other stock awards whose value is determined by reference to an increase over an exercise price or strike price of at least 100% of the fair market value of our common stock on the date of grant. The maximum amount covered by performance awards that may be granted to any one participant in any one fiscal year (whether the grant, vesting or exercise is contingent upon the attainment during a performance period of the performance goals described below) is 1,000,000 shares of our common stock in the case of performance stock awards and \$2,000,000 in the case of performance cash awards. Such limits are designed allow us to grant awards that are exempt from the \$1 million limitation on the income tax deductibility of compensation paid per covered employee imposed by Section 162(m) of the Code.

Administration

The Amended 2015 Plan is administered by our board of directors, which may in turn delegate authority to administer the Amended 2015 Plan to a committee. Our board of directors has delegated concurrent authority to administer the Amended 2015 Plan to its compensation committee, but may, at any time, revert in itself some or all of the power previously delegated to the compensation committee. Our board of directors and our compensation committee are considered to be the “plan administrator” for purposes of this Proposal. Subject to the terms of the Amended 2015 Plan, the plan administrator may determine the recipients, numbers and types of awards to be granted, and terms and conditions of the awards, including the period of their exercisability and vesting. Subject to the limitations set forth below, the plan administrator also determines the fair market value applicable to a stock award and the exercise price of stock options and stock appreciation rights granted under the Amended 2015 Plan.

The plan administrator may also delegate to one or more of our officers the authority to designate employees who are not officers to be recipients of certain stock awards and the number of shares subject to such stock awards, provided that such delegation must specify the total number of shares of our common stock that may be subject to the stock awards granted by such officer and such officer may not grant a stock award to himself or herself. In addition, our board of directors has the authority to appoint such agents they may deem necessary or advisable to administer the Amended 2015 Plan.

Minimum Vesting

Except as may be provided in connection with a corporate transaction or a change in control, restricted stock awards, restricted stock units, performance stock awards and other stock awards are subject to a minimum vesting period of twelve months, although up to five percent of the shares reserved for issuance under the Amended 2015 Plan may be used for grants of awards not subject to this minimum vesting requirement.

Repricing; Cancellation and Re-Grant of Stock Awards

Under the Amended 2015 Plan, the plan administrator does not have the authority to reprice any outstanding stock option, stock appreciation right or other stock award by reducing the exercise, purchase or strike price of such stock award or to cancel any outstanding stock option, stock appreciation right or stock award that has an exercise price greater than the current fair market value of our common stock in exchange for cash or other stock awards without obtaining the approval of our stockholders within 12 months prior to the repricing or cancellation and re-grant event.

Stock Options

Stock options may be granted under the Amended 2015 Plan pursuant to stock option agreements. The Amended 2015 Plan permits the grant of stock options that qualify as ISOs and NSOs. Individual stock option agreements may be more restrictive as to any or all of the permissible terms described in this section.

The exercise price of NSOs may not be less than 100% of the fair market value of the common stock subject to the stock option on the date of grant. The exercise price of ISOs may not be less than 100% of the fair market value of the common stock subject to the stock option on the date of grant and, in some cases (see "Limitations" below), may not be less than 110% of such fair market value.

The term of stock options granted under the Amended 2015 Plan may not exceed ten years and, in some cases (see "Limitations" below), may not exceed five years. Except as explicitly provided otherwise in an optionholder's stock option agreement, stock options granted under the Amended 2015 Plan generally terminate three months after termination of the optionholder's service unless (i) termination is due to the optionholder's disability, in which case the stock option may be exercised (to the extent the stock option was exercisable at the time of the termination of service) at any time within 12 months following termination; (ii) the optionholder dies before the optionholder's service has terminated, or within the period (if any) specified in the stock option agreement after termination of service for a reason other than death, in which case the stock option may be exercised (to the extent the stock option was exercisable at the time of the optionholder's death) within 18 months following the optionholder's death by the person or persons to whom the rights to such stock option have passed; (iii) the optionholder is terminated for cause in which case the stock option will cease to be exercisable immediately upon the optionholder's termination, or (iv) the stock option by its terms specifically provides otherwise. In addition, the plan administrator may grant options with different terms. A stock option term may be extended in the event that exercise of the stock option following termination of service is prohibited by applicable securities laws or if the sale of stock received upon exercise of a stock option would violate our insider trading policy. In no event may a stock option be exercised after its original expiration date.

Acceptable forms of consideration for the purchase of our common stock pursuant to the exercise of a stock option under the Amended 2015 Plan will be determined by the plan administrator and may include (i) cash, check, bankdraft or money order made payable to us, (ii) payment pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board, (iii) common stock previously owned by the option holder, (iv) a net exercise feature (for NSOs only), or (v) other legal consideration approved by the plan administrator.

Stock options granted under the Amended 2015 Plan may become exercisable in cumulative increments, or "vest," as determined by the plan administrator at the rate specified in the stock option agreement. Shares covered by different stock options granted under the Amended 2015 Plan may be subject to different vesting schedules as the plan administrator may determine. The plan administrator also has flexibility to provide for accelerated vesting of stock options in certain events.

Generally, an optionholder may not transfer a stock option other than by will or the laws of descent and distribution or a domestic relations order with the approval of the plan administrator or a duly authorized officer. Additionally, an optionholder may, with the approval of the plan administrator or a duly authorized officer, designate a beneficiary who may exercise the stock option following the optionholder's death.

Limitations on Incentive Stock Options

The aggregate fair market value, determined at the time of grant, of shares of our common stock with respect to ISOs that are exercisable for the first time by an optionholder during any calendar year under all of our stock plans may not exceed \$100,000. The stock options or portions of stock options that exceed this limit are treated as NSOs. No ISO may be granted to any person who, at the time of the grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any affiliate unless the following conditions are satisfied:

- the exercise price of the ISO must be at least 110% of the fair market value of the stock subject to the ISO on the date of grant; and
- the term of the ISO must not exceed five years from the date of grant.

The aggregate maximum number of shares of common stock that may be issued pursuant to the exercise of ISOs granted under the Amended 2015 Plan is 8,000,000 shares.

Restricted Stock Awards

Restricted stock awards may be granted under the Amended 2015 Plan pursuant to restricted stock award agreements. A restricted stock award may be granted in consideration for cash, check, bank draft or money order payable to us, the recipient's services performed for us or an affiliate of ours, or any other form of legal consideration acceptable to the plan administrator. Shares of our common stock acquired under a restricted stock award may be subject to forfeiture to us in accordance with a vesting schedule to be determined by the plan administrator.

Rights to acquire shares of our common stock under a restricted stock award may be transferred only upon such terms and conditions as are set forth in the restricted stock award agreement. Except as otherwise provided in the applicable restricted stock award agreement, restricted stock awards that have not vested will be forfeited upon the participant's termination of service for any reason.

Restricted Stock Unit Awards

Restricted stock unit awards may be granted under the Amended 2015 Plan pursuant to restricted stock unit award agreements. Payment of any purchase price may be made in any legal form acceptable to the plan administrator. We will settle a payment due to a recipient of a restricted stock unit award by delivery of shares of our common stock, by cash, by a combination of cash and stock, or in any other form of consideration determined by the plan administrator and set forth in the restricted stock unit award agreement. Dividend equivalents may be credited in respect of shares of our common stock covered by a restricted stock unit award. Restricted stock unit awards may be subject to vesting in accordance with a vesting schedule to be determined by the plan administrator. Except as otherwise provided in the applicable restricted stock unit award agreement, restricted stock units that have not vested will be forfeited upon the participant's termination of service for any reason.

Stock Appreciation Rights

Stock appreciation rights may be granted under the Amended 2015 Plan pursuant to stock appreciation right agreements. Each stock appreciation right is denominated in common stock share equivalents. The strike price of each stock appreciation right will be determined by the plan administrator but will in no event be less than 100% of the fair market value of the stock subject to the stock appreciation right at the time of grant. The plan

administrator may also impose restrictions or conditions upon the vesting of stock appreciation rights that it deems appropriate. Stock appreciation rights may be paid in our common stock, in cash, in a combination of cash and stock, or in any other form of legal consideration approved by the plan administrator and set forth in the stock appreciation right agreement. Stock appreciation rights will be subject to the same conditions upon termination and restrictions on transfer as stock options under the Amended 2015 Plan.

Performance Awards

The Amended 2015 Plan allows us to grant cash and stock based performance awards that may qualify as performance-based compensation that is not subject to the \$1 million limitation on the income tax deductibility of compensation paid per covered employee imposed by Section 162(m) of the Code. Performance awards may be granted, vest or be exercised based upon the attainment during a specified period of time of specified performance goals. The length of any performance period, the performance goals to be achieved during the performance period, and the measure of whether and to what degree such performance goals have been attained will be determined by our compensation committee, except that our board of directors also may make any such determinations to the extent that the award is not intended to comply with Section 162(m) of the Code.

In granting a performance award intended to qualify as “performance-based compensation” under Section 162(m) of the Code, our compensation committee will set a period of time, or a performance period, over which the attainment of one or more goals, or performance goals, will be measured. Within the time period prescribed by Section 162(m) of the Code, at a time when the achievement of the performance goals remains substantially uncertain (typically no later than the earlier of the 90th day of a performance period and the date on which 25% of the performance period has elapsed), our compensation committee will establish the performance goals, based upon one or more criteria, or performance criteria, enumerated in the Amended 2015 Plan and described below. As soon as administratively practicable following the end of the performance period, our compensation committee will certify (in writing) whether the performance goals have been satisfied.

Performance goals under the Amended 2015 Plan will be based on any one or more of the following performance criteria:

(1) earnings (including earnings per share and net earnings); (2) earnings before interest, taxes and depreciation; (3) earnings before interest, taxes, depreciation and amortization; (4) total stockholder return; (5) return on equity or average stockholder’s equity; (6) return on assets, investment, or capital employed; (7) stock price; (8) margin (including gross margin); (9) income (before or after taxes); (10) operating income; (11) operating income after taxes; (12) pre-tax profit; (13) operating cash flow; (14) sales or revenue targets; (15) increases in revenue or product revenue; (16) expenses and cost reduction goals; (17) improvement in or attainment of working capital levels; (18) economic value added (or an equivalent metric); (19) market share; (20) cash flow; (21) cash flow per share; (22) share price performance; (23) debt reduction; (24) implementation or completion of projects or processes; (25) customer satisfaction; (26) stockholders’ equity; (27) capital expenditures; (28) debt levels; (29) operating profit or net operating profit; (30) workforce diversity; (31) growth of net income or operating income; (32) billings; (33) pre-clinical development related compound goals; (34) financing; (35) regulatory milestones, including approval of a compound; (36) stockholder liquidity; (37) corporate governance and compliance; (38) product commercialization; (39) intellectual property; (40) personnel matters; (41) progress of internal research or clinical programs; (42) progress of partnered programs; (43) implementation or completion of projects and processes; (44) partner satisfaction; (45) budget management; (46) clinical achievements; (47) completing phases of a clinical study (including the treatment phase); (48) announcing or presenting preliminary or final data from clinical studies; in each case, whether on particular timelines or generally; (49) timely completion of clinical trials; (50) submission of INDs and NDAs and other regulatory achievements; (51) partner or collaborator achievements; (52) internal controls, including those related to the Sarbanes-Oxley Act of 2002; (53) research progress, including the development of program; (54) investor relations, analysts and communication; (55) manufacturing achievements (including obtaining particular yields from manufacturing runs and other measurable objectives related to process development activities); (56) strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property; (57) establishing relationships with commercial entities with respect to the marketing, distribution and sale of the Company’s products (including

with group purchasing organizations, distributors and other vendors); (58) supply chain achievements (including establishing relationships with manufacturers or suppliers of active pharmaceutical ingredients and other component materials and manufacturers of the Company's products); (59) co-development, co-marketing, profit sharing, joint venture or other similar arrangements; and (60) to the extent that an Award is not intended to comply with Section 162(m) of the Code, other measures of performance selected by our board of directors.

Performance goals may be based on a company-wide basis, with respect to one or more business units, divisions, affiliates, or business segments, and in either absolute terms or relative to the performance of one or more comparable companies or the performance of one or more relevant indices. In establishing a performance goal, our compensation committee (and our board of directors, to the extent that an award is not intended to comply with Section 162(m) of the Code) may provide that performance will be appropriately adjusted as follows: (1) to exclude restructuring and/or other nonrecurring charges; (2) to exclude exchange rate effects; (3) to exclude the effects of changes to generally accepted accounting principles; (4) to exclude the effects of any statutory adjustments to corporate tax rates; (5) to exclude the effects of items that are unusual in nature or occur infrequently as determined under generally accepted accounting principles; (6) to exclude the dilutive effects of acquisitions or joint ventures; (7) to assume that any business divested by the Company achieved performance objectives at targeted levels during the balance of a Performance Period following such divestiture; (8) to exclude the effect of any change in the outstanding shares of common stock of the Company by reason of any stock dividend or split, stock repurchase, reorganization, recapitalization, merger, consolidation, spin-off, combination or exchange of shares or other similar corporate change, or any distributions to common stockholders other than regular cash dividends; (9) to exclude the effects of stock based compensation and the award of bonuses under the Company's bonus plans; (10) to exclude costs incurred in connection with potential acquisitions or divestitures that are required to be expensed under generally accepted accounting principles; and (11) to exclude the goodwill and intangible asset impairment charges that are required to be recorded under generally accepted accounting principles. In addition, our board of directors retains the discretion to reduce or eliminate the compensation or economic benefit due upon attainment of performance goals and to define the manner of calculating the performance criteria it selects to use for a performance period.

Other Stock Awards

Other forms of stock awards valued in whole or in part with reference to our common stock may be granted either alone or in addition to other stock awards under the Amended 2015 Plan. The plan administrator will have sole and complete authority to determine the persons to whom and the time or times at which such other stock awards will be granted, the number of shares of our common stock to be granted and all other conditions of such other stock awards. Other forms of stock awards may be subject to vesting in accordance with a vesting schedule to be determined by the plan administrator.

Clawback/Recovery

Stock awards granted under the Amended 2015 Plan will be subject to recoupment in accordance with any clawback policy we may be required to adopt pursuant to applicable law and listing requirements. In addition, our board of directors may impose such other clawback, recovery or recoupment provisions in any stock award agreement as it determines necessary or appropriate.

Changes to Capital Structure

In the event of certain capitalization adjustments, the plan administrator will appropriately adjust: (i) the class(es) and maximum number of securities subject to the Amended 2015 Plan; (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of ISOs; (iii) the class(es) and maximum number of securities that may be awarded to any person pursuant to Section 162(m) limits; and (iv) the class(es) and number of securities and price per share of stock subject to outstanding stock awards.

Transactions

In the event of a transaction (as defined in the Amended 2015 Plan and described below), our board of directors may take one or both of the following actions with respect to outstanding stock awards (contingent upon the closing or completion of such transaction):

- arrange for the surviving or acquiring corporation (or its parent company) to assume or continue the award or to substitute a similar stock award for the award (including an award to acquire the same consideration paid to our stockholders pursuant to the transaction);
- arrange for the assignment of any reacquisition or repurchase rights held by us with respect to the stock award to the surviving or acquiring corporation (or its parent company);

However, if the surviving or acquiring corporation (or its parent company) does not consent to take such actions with respect to a stock award (or portion thereof), then our board of directors will have the discretion to take one or more of the following actions with respect to outstanding stock awards (contingent upon the closing or completion of such transaction):

- accelerate the vesting (and, if applicable, the exercisability) of the stock award and provide for its termination prior to the effective time of the transaction;
- arrange for the lapse, in whole or in part, of any reacquisition or repurchase rights held by us with respect to the award;
- cancel or arrange for the cancellation of the stock award, to the extent not vested or exercised prior to the effective time of the transaction, in exchange for such cash consideration or no consideration, as our board of directors may consider appropriate; and
- make a payment, in such form as may be determined by our board of directors, equal to the excess, if any, of (i) the value of the property the participant would have received upon the exercise of the stock award immediately prior to the effective time of the transaction, over (ii) any exercise price payable in connection with such exercise.

The board of directors is not obligated to treat all stock awards or portions of stock awards in the same manner. The board of directors may take different actions with respect to the vested and unvested portions of a stock award.

For purposes of the Amended 2015 Plan, a transaction will be deemed to occur in the event of a corporate transaction or a change in control. A corporate transaction generally means the consummation of (i) a sale or other disposition of all or substantially all of our consolidated assets, (ii) a sale or other disposition of at least 90% of our outstanding securities, (iii) a merger, consolidation or similar transaction following which we are not the surviving corporation, or (iv) a merger, consolidation or similar transaction following which we are the surviving corporation but the shares of our common stock outstanding immediately prior to such transaction are converted or exchanged into other property by virtue of the transaction.

A change of control generally means (i) the acquisition by a person or entity of more than 50% of our combined voting power other than by merger, consolidation or similar transaction; (ii) a consummated merger, consolidation or similar transaction immediately after which our stockholders cease to own more than 50% of the combined voting power of the surviving entity; (iii) a consummated sale, lease or exclusive license or other disposition of all or substantially of our consolidated assets; or (iv) when a majority of our board of directors becomes comprised of individuals whose nomination, appointment, or election was not approved by a majority of our board members or their approved successors.

Change in Control

Under the Amended 2015 Plan, a stock award may be subject to additional acceleration of vesting and exercisability upon or after a termination of service in connection with a change in control (as defined in the Amended 2015 Plan) as may be provided in the stock award agreement or other written agreement with the participant, but in the absence of such provision, no such acceleration will occur.

Dissolution

If the Company dissolves, all outstanding stock awards (other than fully vested stock awards and outstanding shares of our common stock not subject to a forfeiture condition or our right of repurchase) will terminate immediately prior to the dissolution, and we may repurchase or reacquire the shares of our common stock subject to our repurchase rights or a forfeiture condition even if the participant is providing service. Our board of directors may provide, in its discretion, that some or all of the outstanding stock awards will become fully vested, exercisable, or no longer subject to repurchase or forfeiture prior to the completion of the dissolution but contingent on its completion.

Plan Amendments and Termination

Our board of directors will have the authority to amend or terminate the Amended 2015 Plan at any time. However, except as otherwise provided in the Amended 2015 Plan, no amendment or termination of the Amended 2015 Plan may materially impair any rights under awards already granted to a participant unless agreed to by the affected participant. We will obtain stockholder approval of any amendment to the Amended 2015 Plan as required by applicable law and listing requirements. No ISOs may be granted under the Amended 2015 Plan after the tenth anniversary of the earlier of the date the Amended 2015 Plan was adopted by our board of directors or approved by our stockholders.

U.S. Federal Income Tax Consequences

The information set forth below is a summary only and does not purport to be complete. The information is based upon current federal income tax rules and therefore is subject to change when those rules change. Because the tax consequences to any recipient may depend on his or her particular situation, each recipient should consult the recipient's tax adviser regarding the federal, state, local, and other tax consequences of the grant or exercise of an award or the disposition of stock acquired as a result of an award. The Amended 2015 Plan is not qualified under the provisions of Section 401(a) of the Code and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974. Our ability to realize the benefit of any tax deductions described below depends on our generation of taxable income as well as the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of our tax reporting obligations.

Nonstatutory Stock Options

Generally, there is no taxation upon the grant of an NSO if the stock option is granted with an exercise price equal to the fair market value of the underlying stock on the grant date. On exercise, an optionholder will recognize ordinary income equal to the excess, if any, of the fair market value on the date of exercise of the stock over the exercise price. If the optionholder is employed by us or one of our affiliates, that income will be subject to withholding taxes. The optionholder's tax basis in those shares will be equal to their fair market value on the date of exercise of the stock option, and the optionholder's capital gain holding period for those shares will begin on that date.

Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the optionholder.

Incentive Stock Options

The Amended 2015 Plan provides for the grant of stock options that qualify as "incentive stock options," as defined in Section 422 of the Code. Under the Code, an optionholder generally is not subject to ordinary income tax upon the grant or exercise of an ISO. If the optionholder holds a share received on exercise of an ISO for more than two years from the date the stock option was granted and more than one year from the date the stock option was exercised, which is referred to as the required holding period, the difference, if any, between the amount realized on a sale or other taxable disposition of that share and the holder's tax basis in that share will be long-term capital gain or loss.

If, however, an optionholder disposes of a share acquired on exercise of an ISO before the end of the required holding period, which is referred to as a disqualifying disposition, the optionholder generally will recognize ordinary income in the year of the disqualifying disposition equal to the excess, if any, of the fair market value of the share on the date the ISO was exercised over the exercise price. However, if the sales proceeds are less than the fair market value of the share on the date of exercise of the stock option, the amount of ordinary income recognized by the optionholder will not exceed the gain, if any, realized on the sale. If the amount realized on a disqualifying disposition exceeds the fair market value of the share on the date of exercise of the stock option, that excess will be short-term or long-term capital gain, depending on whether the holding period for the share exceeds one year.

For purposes of the alternative minimum tax, the amount by which the fair market value of a share of stock acquired on exercise of an ISO exceeds the exercise price of that stock option generally will be an adjustment included in the optionholder's alternative minimum taxable income for the year in which the stock option is exercised. If, however, there is a disqualifying disposition of the share in the year in which the stock option is exercised, there will be no adjustment for alternative minimum tax purposes with respect to that share. In computing alternative minimum taxable income, the tax basis of a share acquired on exercise of an ISO is increased by the amount of the adjustment taken into account with respect to that share for alternative minimum tax purposes in the year the stock option is exercised.

We are not allowed an income tax deduction with respect to the grant or exercise of an ISO or the disposition of a share acquired on exercise of an ISO after the required holding period. If there is a disqualifying disposition of a share, however, we are allowed a deduction in an amount equal to the ordinary income includible in income by the optionholder, subject to Section 162(m) of the Code and provided that amount constitutes an ordinary and necessary business expense for us and is reasonable in amount, and either the employee includes that amount in income or we timely satisfy our reporting requirements with respect to that amount.

Restricted Stock Awards

Generally, the recipient of a restricted stock award will recognize ordinary income at the time the stock is received equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is not vested when it is received (for example, if the employee is required to work for a period of time in order to have the right to sell the stock), the recipient generally will not recognize income until the stock becomes vested, at which time the recipient will recognize ordinary income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. A recipient may, however, file an election with the Internal Revenue Service, within 30 days following his or her receipt of the stock award, to recognize ordinary income, as of the date the recipient receives the award, equal to the excess, if any, of the fair market value of the stock on the date the award is granted over any amount paid by the recipient for the stock.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from stock awards will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested.

Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock award.

Restricted Stock Unit Awards

Generally, the recipient of a stock unit structured to conform to the requirements of Section 409A of the Code or an exception to Section 409A of the Code will recognize ordinary income at the time the stock is delivered equal to the excess, if any, of the fair market value of the shares of our common stock received over any amount paid by the recipient in exchange for the shares of our common stock. To conform to the requirements of Section 409A of the Code, the shares of our common stock subject to a stock unit award may generally only be delivered upon one of the following events: a fixed calendar date (or dates), separation from service, death, disability or a change in control. If delivery occurs on another date, unless the stock units

otherwise comply with or qualify for an exception to the requirements of Section 409A of the Code, in addition to the tax treatment described above, the recipient will owe an additional 20% federal tax and interest on any taxes owed.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from stock units will be the amount paid for such shares plus any ordinary income recognized when the stock is delivered.

Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock award.

Stock Appreciation Rights

We may grant under the Amended 2015 Plan stock appreciation rights separate from any other award or in tandem with other awards under the Amended 2015 Plan.

Where the stock appreciation rights are granted with a strike price equal to the fair market value of the underlying stock on the grant date, the recipient will recognize ordinary income equal to the fair market value of the stock or cash received upon such exercise. Subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code, and the satisfaction of a tax reporting obligation, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the recipient of the stock appreciation right.

New Plan Benefits

Awards under the Amended 2015 Plan to employees and consultants are discretionary and are not subject to set benefits or amounts, and we have not approved any awards that are conditioned on stockholder approval of the Amended 2015 Plan. P ROPOSAL 3

A DVISORY V OTE ON E XECUTIVE C OMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Section 14A of the Exchange Act, our stockholders are entitled to vote to approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in this proxy statement in accordance with SEC rules. At the 2014 Annual Meeting of Stockholders, the stockholders indicated their preference that the Company solicit a non-binding advisory vote on the compensation of the named executive officers, commonly referred to as a "say-on-pay vote," every year. The Board of Directors has adopted a policy that is consistent with that preference. In accordance with that policy, this year, the Company is again asking the stockholders to approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in this proxy statement in accordance with SEC rules.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's named executive officers and the related practices described in this proxy statement. The compensation of the Company's named executive officers subject to the vote is disclosed in the Compensation Discussion and Analysis and related compensation tables contained in this proxy statement. Compensation of the Company's named executive officers is designed to enable the Company to attract and retain talented and experienced executives to lead the Company successfully in a competitive environment.

Summary of the Company's Executive Compensation Philosophy

The Compensation Committee of the Board of Directors (the "Compensation Committee") bases its executive compensation decisions on a number of objectives which include aligning management incentives with interests of stockholders, providing competitive compensation, appropriately balancing compensation risk in the context of the Company's business strategy and meeting evolving compensation governance standards. The philosophy of the Compensation Committee in establishing the Company's compensation policy for executive officers as well as all other employees is to:

- align compensation plans with both short-term and long-term goals and objectives of the Company and stockholder interests;
- attract and retain highly skilled individuals by offering compensation that compares favorably to other employers who are competing for available employees;
- incentivize employees through a mix of base salary, bonus amounts based on achievement of defined corporate and personal goals and long-term equity awards to generate returns for stockholders; and
- pay for performance by ensuring that an ever increasing percentage of an individual's compensation is performance-based as they progress to higher levels within the Company.

As discussed below in the Compensation Discussion and Analysis, we believe that we have adopted a compensation philosophy that provides strong alignment between executive pay and performance based on strategic goals designed to provide both near-term and long-term growth in stockholder value.

Accordingly, the Board of Directors is asking the stockholders to indicate their support for the compensation of the Company's named executive officers as described in this proxy statement by casting a non-binding advisory vote "For" the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis and related compensation tables are hereby APPROVED."

Because the vote is advisory, it is not binding on the Board of Directors or the Company. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board of Directors and, accordingly, the Board of Directors and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Vote Required

Advisory approval of this proposal requires the vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the matter at the Annual Meeting. Unless the Board of Directors decides to modify its policy regarding the frequency of soliciting say-on-pay votes/advisory votes on the compensation of the Company's named executives, the next scheduled say-on-pay vote will be at the 2017 Annual Meeting of Stockholders.

Role of the Compensation Committee

The Compensation Committee reviews and approves all of the Company's compensation policies. During 2015, the Compensation Committee consisted of Messrs. Golding and Lyons and Dr. Kozarich. As discussed in greater detail below, the Compensation Committee takes into consideration peer groups, survey data and advice from independent compensation consultants when setting the compensation structure and compensation philosophy for the Company. The Compensation Committee's complete roles and responsibilities are set forth in a written charter which was adopted by the Board of Directors and is available at www.retrophin.com. Some of the significant roles and responsibilities of the Committee include:

- reviewing and, if necessary, revising the compensation philosophy of the Company;
- reviewing and approving corporate goals and objectives relating to the compensation of the Company's executive officers, and evaluating the performance of the Company's executive officers in light of the Company's goals and objectives;
- reviewing and approving compensation for all executive officers, and guidelines for salaries, merit salary increases, cash incentive payments, stock based grants and performance based stock grants for all other employees of the Company;

 - complying with requirements established by the SEC, assessing the risks arising from the Company's compensation policies and taking any actions required as a result thereof; and
 - preparing and approving the Compensation Discussion and Analysis to be included as part of the Company's annual proxy statement.

Compensation Philosophy Overall Compensation Determination Process

We believe that in order to create value for our stockholders it is critical to attract, motivate and retain key executive talent by providing competitive compensation packages. Accordingly, we design our executive compensation programs to attract, motivate and retain executives with the skills and expertise to execute our business plans, and reward those executives fairly over time for actions consistent with creating long-term stockholder value. The market for talented individuals in the life sciences industry is highly competitive. Our compensation philosophy for executive officers provides that cash compensation should be structured such that between base salary and cash incentives, at least one-third of the executive officer's total cash compensation is at risk. Non-cash long-term equity compensation for executive officers should be designed to reward and retain key employees as well as motivate executive officers to increase long-term stockholder value. The Compensation Committee believes that this approach provides an appropriate blend of short-term and long-term incentives to maximize stockholder value.

The implementation of the compensation philosophy is carried out under the supervision of the Compensation Committee. The Compensation Committee uses the services of an independent compensation consultant who is retained by, and reports directly to, the Compensation Committee. The compensation for our Chief Executive Officer, Mr. Aselage, as well as the other executive officers, is approved by the Compensation Committee in consultation with our other independent directors. Management, under guidelines and procedures approved by the Compensation Committee, determines the compensation of our other employees.

The Compensation Committee meets at least six times per year. In the first quarter of the year, the performance of each executive officer for the prior year and peer group compensation data are reviewed by the Compensation Committee, and base salary adjustments and cash incentive payouts are discussed and approved. In the second quarter of the year, equity grants to each executive officer are discussed and approved. Also during the first quarter of the year, Company-wide performance goals for the then current year are finalized by the Board of Directors. At mid-year meetings the Compensation Committee reviews the Company's compensation philosophy, policies and procedures. Meetings in the fourth quarter of the year generally focus on Company goal achievement, selection of the peer group for the following year and the structure of executive officer performance reviews.

Compensation Consultants and Peer Group

The Compensation Committee uses the services of an independent compensation consultant who is retained by and reports directly to the Compensation Committee. The Compensation Committee selected Radford, an

AON Hewitt Company, as a third party compensation consultant to assist the Compensation Committee in establishing 2015 and 2016 overall compensation levels. Radford conducted analyses and provided advice on, among other things, the appropriate peer group, executive compensation for our executive officers and compensation trends in the life sciences industry. The Compensation Committee annually assesses the independence of Radford under the guidelines promulgated by the SEC and has determined that Radford is independent and has not provided the Company with any other services other than those requested by the Compensation Committee.

In order to evaluate the Company's competitive position in the industry related to executive officer compensation, the Compensation Committee has historically reviewed and analyzed the compensation packages, including base salary levels, cash incentive awards and equity awards, offered by biotechnology and pharmaceutical companies within a designated peer group, and with data from Radford's Global Life Sciences Survey for similarly sized companies. The Compensation Committee believes selection of a broad peer group on an annual basis provides the best long-term trend data for companies that compete with the Company for talent. The peer group is established annually by the Compensation Committee based on the advice of its independent compensation consultant taking into consideration various factors including size, market capitalization, location to key biotech talent hubs, and comparable stage of development of product candidates.

For equity awards granted and cash based compensation paid for 2015, the peer group consisted of: Aegerion Pharmaceuticals, Agenus, AMAG Pharmaceuticals, Amicus Therapeutics, Arena Therapeutics, BioCryst Pharmaceuticals, Enanta Pharmaceuticals, Exelis, Halozyme Therapeutics, Hyperion Therapeutics, Inc., ImmunoGen, Inmed, Merrimack Pharmaceuticals, Omeros Corporation, Raptor Pharmaceuticals, Sangamo Biosciences, Spectrum Pharmaceuticals, Sucampo Pharmaceuticals, and Vanda Pharmaceuticals.

For equity awards granted and cash based compensation paid for 2016, the peer group consisted of the 2015 peer group with Hyperion Therapeutics, Inc. replaced by MacroGenetics.

Components of Compensation

The Company's compensation for executive officers consists of six components: base salary, cash incentives, long-term equity awards, retirement benefits as provided under the Company's 401(k) plan, severance agreements and other benefits. The Company uses the peer group established by the Compensation Committee as a guideline for establishing base salaries, cash incentives and long-term equity award components of compensation. The Chief Executive Officer annually reviews the performance of each executive officer (other than himself) and reports the results of the reviews to the Compensation Committee. The Compensation Committee, in consultation with the other independent members of the Board of Directors, annually reviews the performance of the Chief Executive Officer.

The Compensation Committee considers each executive officer's performance, contribution to goals, responsibilities, experience, qualifications, and where in the competitive range the executive officer compares to the Company's identified peer group when determining the appropriate compensation for each executive officer. The Compensation Committee considers each component of compensation independently and therefore there is no direct correlation between any of the components. Each compensation component is described below.

Base Salary

The base salary is designed to compensate executive officers competitively at levels necessary to attract and retain qualified executives in the life sciences industry. As a general matter, the base salary for each executive officer is based on the scope of each executive officer's responsibilities, as well as their qualifications, breadth of experience, performance record and depth of applicable functional expertise. The base salary is established and adjusted to be within the range of the applicable peer group, enabling the Company to attract, motivate, reward and retain highly skilled executives. Base salaries of the executive officers are reviewed by the Compensation Committee, in consultation with the independent members of the Board of Directors, annually in light of personal and Company goal attainment, executive officer performance and peer group data. Year-to-year adjustments to each executive officer's base salary are based upon sustained superior performance, changes in the general level

of base salaries of persons in comparable positions within our industry, and the average merit salary increase for such year for all employees of the Company established by the Compensation Committee, as well as other factors the Compensation Committee judges to be pertinent during an assessment period. In making base salary decisions, the Compensation Committee exercises its judgment to determine the appropriate weight to be given to each of these factors. Adjustments may also be made during the fiscal year for promotions, highly urgent retention reasons, superior performance in response to changed or challenging circumstances, and similar special circumstances. There was no adjustment to base salary for our NEOs for 2015. The NEOs' annualized base salaries for 2015 were as follows: \$480,000 for Mr. Aselage, \$359,000 for Ms. Clague, \$450,000 for Dr. Shih, and \$425,000 for Dr. Valeur-Jensen.

Effective March 1, 2016, base salary increases based on the Company's strong corporate performance in 2015, a review (as described above) of each officer's performance, and base salary positioning relative to similar officers in our peer group. The NEOs' annualized base salaries for 2016 are as follows: \$516,500 for Mr. Aselage, \$369,800 for Ms. Clague, \$463,500 for Dr. Shih, and \$437,800 for Dr. Valeur-Jensen.

Cash Incentives

The Compensation Committee's philosophy in establishing the Company's cash incentive program is to provide a mix of compensation between base salary and total cash compensation such that at least one-third of the total target cash compensation is at risk for executive officers each year. The cash incentive program, including corporate goals and target payouts, are reviewed and approved by the Compensation Committee annually and may include individual performance targets for each executive officer. The corporate goals are prepared in an interactive process between management and the Board of Directors based on the Company's business plan and budget for the year. Cash incentive payments are linked to the attainment of overall corporate and personal goals. The Compensation Committee establishes the target and maximum potential amount of each executive officer's cash incentive payment annually.

In July 2015, the Compensation Committee approved the adoption of the 2015 Retrophin, Inc. Executive/Designated Officer Annual Bonus Plan (the "2015 Bonus Plan") for the NEOs and other designated officers of the Company. Pursuant to the terms of the 2015 Bonus Plan, the target bonus percentage is set at 60% of base salary for the Company's Chief Executive Officer and 50% of base salary for the other executive officers.

The amounts payable under the 2015 Bonus Plan were weighted for each participant based on the determination by the Compensation Committee of the achievement of corporate performance goals (weighted 100% for the Company's Chief Executive Officer and 80% for the other executive officers) and, for other than the Company's Chief Executive Officer, individual performance (weighted 20% for other executive officers). Based on actual performance during 2015, the Compensation Committee was permitted, in its sole discretion, to increase or decrease each of the corporate and individual weightings under the 2015 Bonus Plan within a range between 0% and 125%, provided, that no payments would have been made pursuant to the 2015 Bonus Plan in the event that the Compensation Committee determines that less than 50% of the corporate performance goals are achieved.

Both the target and maximum target percentages set forth in the 2015 Bonus Plan were consistent with the applicable peer group data for the Chief Executive Officer as well as the other executive officers.

An executive officer must be an employee of the Company on the date the cash incentive is actually paid in order to receive the cash incentive. Any executive officer who leaves the employment of the Company, voluntarily or involuntarily, prior to the payment, will not receive any cash incentive. An employee who becomes an executive officer during the fiscal year may be eligible for a pro-rated cash incentive at the discretion of the Compensation Committee, generally provided the executive officer has been employed a minimum of three months during the calendar year. No clawback policy has been adopted by the Company at this time. The Compensation Committee believes that the performance goals established for incentives do not encourage excessive risk taking or have potential for encouraging behavior that may impact the Company negatively in future years.

The corporate performance goals for the 2015 Bonus Plan related primarily to:

- financial targets including revenues and cash burn;
- completion of enrollment in the Phase II sparsentan clinical trial;
- IND filing for RE-024;
- filing for addition of CTX indication to the FDA approved label for Chenodal;
- at least one accretive business development transaction;
- expansion of the investor base; and
- internal operational objectives.

In February 2016, the Compensation Committee, in consultation with the other independent members of the Board of Directors, determined that the Company exceeded its corporate performance goals for 2015. The basis for such determination included:

- achievement of total revenue and cash burn targets;
- successful equity offering;
- successful completion of consenting patients in the Phase II sparsentan clinical trial;
- successful filing of IND for RE-024;
- acquisition of cholic acid and receipt of pediatric review voucher;
- addition of high quality institutional investors; and
- successful achievement of internal operational objectives.

Based on these achievements, the Compensation Committee awarded cash incentive payouts for our NEOs under the 2015 Bonus Plan based on a 105% corporate performance goal achievement. For example, this 105% achievement rate yielded Mr. Aselage a cash incentive award of 63% of his 2015 base salary (105% of the 60% target cash incentive percentage). The individual amounts approved by the Compensation Committee for each NEO and awarded pursuant to the 2015 Bonus Plan were: Mr. Aselage, \$302,400; Ms. Clague, \$186,680; Dr. Shih, \$234,000; and Dr. Valeur-Jensen, \$221,000.

In February 2016, the Board of Directors approved the adoption of the 2016 Retrophin, Inc. Executive Officer Annual Bonus Plan (the “2016 Bonus Plan”) for the Company’s executive officers.

The assigned target bonus percentage of each participant in the 2016 Bonus Plan did not change from the 2015 Bonus Plan, and remain substantially similar to the applicable peer group data for the Chief Executive Officer, as well as the other executive officers. No payments will be made pursuant to the 2016 Bonus Plan in the event that the Compensation Committee determines that less than 50% of the corporate performance goals are achieved.

The corporate performance goals under the 2016 Bonus Plan relate primarily to

- total revenues and operating profit;
- read out of the Phase II sparsentan clinical trial;

The Compensation Committee did not assign relative weightings to the corporate performance goals under the 2016 Bonus Plan. The corporate performance goals under the 2016 Bonus Plan are designed to enhance shareholder value and the long-term success of the Company.

Long-Term Equity Awards

The Compensation Committee provides the Company's executive officers with long-term incentive compensation through grants of stock options, restricted stock units ("RSUs"), and PRSUs under the Company's equity compensation plans. These equity-based programs create a strong link to the Company's long-term financial performance, create an ownership culture and closely align the interests of our executive officers with those of our stockholders. The Compensation Committee believes that these grants directly motivate an executive officer to maximize long-term stockholder value and serve as an effective tool for incentivizing and retaining those executive officers who are most responsible for influencing stockholder value. The grants also utilize vesting periods, both performance-based and time-based, that encourage key executive officers to continue in the employ of the Company. The Compensation Committee considers each grant subjectively, considering factors such as the individual performance of the executive officer, the anticipated contribution of the executive officer to the attainment of the Company's long-term strategic performance goals, and the ability of such grants to retain and motivate key executive officers. The equity awards for each year are set to be competitive with the applicable peer group to enable the Company to attract, motivate, and retain highly skilled executive officers. Long-term incentives granted in prior years are also taken into consideration, but do not play a significant role in current year determinations.

It has been the Company's practice to make equity-based awards to our executive officers on an annual basis. Recent grants of annual stock option awards vest on a quarterly basis, ratably, over three years and have a ten year term. Additionally, all stock option awards are priced based upon the closing price of the Company's common stock on the date of grant. Recent grants of RSUs vest on an award by award basis. PRSU grants vest upon achievement of certain corporate objectives. Equity-based awards to our executive officers are reviewed by the Compensation Committee annually in light of Company goal attainment, executive officer performance evaluations and peer group data. Prior year actual gains from the exercise of vested equity grants are not considered in the determination of current year compensation.

The Compensation Committee also considers the Company's annual burn rate of equity grants as compared to industry standards when determining the long-term equity component of compensation. Burn rate is defined as the number of shares underlying equity grants for a given year divided by the total shares outstanding at the end of that same year.

In July 2015, the Compensation Committee, in consultation with the independent members of the Board of Directors, considered the factors outlined above, and approved stock option awards and PRSUs to the executive officers. The equity based awards were determined based on the Company's 2014 performance, each executive officer's individual performance, each executive officer's contribution to long-term strategic and performance goals, as well as retention and motivation of the executive officers. The individual grants of stock options and PRSUs to NEOs were: Mr. Aselage 150,000 stock options and 37,000 PRSUs; and Ms. Clague, Dr. Shih and Dr. Valeur-Jensen each 60,000 stock options and 15,000 PRSUs.

The Compensation Committee, in consultation with the independent members of the Board of Directors, determined with respect to the 2015 equity grants that the use of both stock options, which vest quarterly over a three year period, and PRSUs, which vest upon achievement of certain corporate objectives, were the appropriate equity compensation vehicles. The PRSUs represent a multi-year grant and are expected to be a one-time grant

for the sole purpose described below. Vesting of these awards is designed to require several years of effort for the executive officers to realize any value from these grants. If the vesting criteria outlined below are achieved, we believe significant shareholder value will be created. One-half of these PRSUs vest upon the Company achieving revenues in any year in excess of \$200,000,000, while the remaining one-half of the PRSUs vest upon the Company filing of a New Drug Application with the FDA.

Retirement Benefits

The terms of the Company's 401(k) Savings Plan (the "401(k) Plan") provide for executive officer and broad-based employee participation on the same general terms. Under the 401(k) Plan, all Company employees are eligible to receive discretionary matching contributions from the Company that have three year vesting, based on the terms of the 401(k) Plan. The Company's matching contribution to the 401(k) Plan for 2016 is 50% of eligible participant contributions, subject to applicable federal limits. The Company made no matching contributions to the 401(k) Plan in 2015.

Other Benefits

Executive officers are eligible to participate in the Company's employee benefit plans on the same terms as all other full-time employees. These plans include medical, dental and life insurance. Executive officers are eligible for four weeks of vacation.

Severance Benefits

Executive officers are eligible to receive severance benefits in connection with terminations of employment as more fully described below in *Employment Contracts*. The Compensation Committee believes that the executive officer severance arrangements reflect current market standards and severance benefits competitive with those provided by our peer group. The Compensation Committee believes that in order to continue to retain the services of our key executive officers, it is important to provide them with some income and benefit protection against an involuntary termination of employment.

The Compensation Committee further believes that in order to continue to retain the services of our key executive officers and focus their efforts on stockholder interests when considering strategic alternatives, it is important to provide them with enhanced income and benefit protection against loss of employment in connection with a change of control of our Company and thereby align the interests of our stockholders and our executive officers. However, the Company does not provide for such benefits solely in the event of a change of control because we believe that our executive officers are materially harmed only if a change of control results in our executive officers' involuntary loss of employment, reduced responsibilities, reduced compensation, or other adverse change in the nature of the employment relationship.

Equity Trading Policies and Procedures

The Company has policies and procedures to prohibit direct or indirect participation by employees of the Company in transactions involving trading activities in Company common stock which by their aggressive or speculative nature may give rise to an appearance of impropriety. Such prohibited activities would include the purchase of put or call options, or the writing of such options as well as short sales, hedging transactions such as "cashless" collars, forward sales, equity swaps and other related arrangement which may indirectly involve short-sale and any other transactions designed for profit from short-term movement in the Company's stock price.

Additionally, transactions in which Company common stock is margined or pledged to secure a loan must be pre-approved by the Company's Chief Financial Officer or General Counsel based on guidelines adopted by the Nominating/Corporate Governance Committee.

There are no transactions involving pledging or margining Company common stock as of the Record Date.

Tax Considerations

Internal Revenue Code Section 162(m)

The Compensation Committee considers the potential impact under Internal Revenue Code Section 162(m) whereby we can only deduct up to \$1.0 million of the compensation we pay to named executive officers each taxable year unless such compensation is “performance-based compensation” within the meaning of the Internal Revenue Code. The Compensation Committee has determined that any gain related to the exercise of a stock option granted under any of our stockholder-approved stock option plans with an exercise price at least equal to the fair value of our common stock on the date of grant qualifies under the Internal Revenue Code as performance-based compensation and therefore is not subject to the \$1.0 million limitation. However, deductibility is not the sole factor used by the Compensation Committee in ascertaining appropriate levels or manner of compensation and corporate objectives may not necessarily align with the requirements for full deductibility under Section 162(m). Accordingly, we may enter into executive officer compensation arrangements under which payments are not deductible under Section 162(m).

While Ms. Clague will continue to be employed on an at-will basis, the Clague Employment Agreement provides that in the event of her termination by the Company without cause or in the event of her termination due to a constructive termination, in exchange for a general release against the Company, Ms. Clague will be entitled to severance benefits consisting of, among other things, (i) a cash compensation amount equal to her annual base salary plus annual target bonus paid in equal installments over a period of 12 months, (ii) payment of the cost of COBRA coverage for a period of up to 12 months and, (iii) acceleration of the vesting of all outstanding stock awards such that the amount of shares vested under such stock awards equals the number of shares that would have vested if Ms. Clague had continued to render services to the Company for 12 months following her separation from service. Additionally, in connection with a change in control of the Company, if Ms. Clague’s employment with the Company is terminated without cause or in the event of her termination due to a constructive termination, in exchange for a general release against the Company, Ms. Clague will be entitled to severance benefits consisting of, among other things, (i) a cash compensation amount equal to her annual base salary plus annual target bonus, multiplied by 1.5, paid in a single lump-sum amount, (ii) payment of the cost of COBRA coverage for a period of up to 18 months and (iii) acceleration of the vesting of all outstanding stock awards such that all outstanding stock awards become fully vested.

Pursuant to the Transition Agreement, Dr. Valeur-Jensen will be eligible to receive an annual incentive bonus for calendar years 2015 and 2016, each in accordance with the terms of the Valeur-Jensen Employment Agreement; provided, however, that any annual incentive bonus for calendar year 2016 will be pro rated for the number of full calendar months Dr. Valeur-Jensen is employed by the Company during such year. Furthermore, if the Company terminates Dr. Valeur-Jensen's employment without cause, Dr. Valeur-Jensen shall be entitled to receive (i) a lump sum payment in an amount equal to the base salary that otherwise would have been payable to Dr. Valeur-Jensen through December 31, 2016, and (ii) a lump sum payment in an amount equal to Dr. Valeur-Jensen's target bonus amount for 2016 (provided, that if such termination occurs before Dr. Valeur-Jensen receives her annual incentive bonus for 2015, Dr. Valeur-Jensen shall also receive a lump sum payment in an amount equal to Dr. Valeur-Jensen's target bonus amount for 2015). Pursuant to the Transition Agreement, Dr. Valeur-Jensen waives all rights to receive any severance benefits that are provided for in the Valeur-Jensen Employment Agreement.

Policies and Procedures

We have adopted a related-person transactions policy that sets forth our policies and procedures regarding the identification, review, consideration and oversight of “related-person transactions.” Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to our Audit Committee (or, where review by our Audit Committee would be inappropriate, to another independent body of our Board of Directors) for review. The presentation must include a description of, among other things, the material facts, the direct and indirect interests of the related persons, the benefits of the transaction to us and whether any alternative transactions are available. To identify related-person transactions in advance, we rely on information supplied by our executive officers, directors and certain significant stockholders. In considering related-person transactions, our Audit Committee or another independent body of our Board of Directors takes into account the relevant available facts and circumstances including, but not limited to:

- the risks, costs and benefits to us;
- the impact on a director’s independence in the event the related person is a director, immediate family member of a director or an entity with which a director is affiliated;
- the terms of the transaction;
- the availability of other sources for comparable services or products; and
- the terms available to or from, as the case may be, unrelated third parties or to or from our employees generally.

In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval.

Certain Relationships and Related Party Transactions

Except as disclosed below, since December 31, 2014, there has not been, nor is there any proposed transaction where we were or will be a party in which the amount involved exceeded or will exceed \$120,000 and in which any director, director nominee, executive officer, holder of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest, other than the compensation agreements and other agreements and transactions which are described in “Employment Contracts and Termination of Employment and Change of Control Arrangements” and the transactions described below. We believe that the agreements and transactions described below were generally on terms that were comparable to terms we could have obtained from unaffiliated third parties.

Elizabeth Aselage, the daughter of Stephen Aselage, our CEO, is an employee of the Company. For the 2015 fiscal year, Ms. Aselage was paid an aggregate salary and bonus of \$76,514, and participated in the Company’s employee benefits plans, which are generally available to all Company employees. Additionally, the Company awarded Ms. Aselage 2,500 stock options in July 2015, with a strike price of \$32.49 each and a total grant date fair value of \$57,550, calculated in accordance with ASC 718.

On January 9, 2015, we entered into an asset purchase agreement with Turing Pharmaceuticals AG (“Turing”) pursuant to which we sold Turing our ketamine licenses and assets (the “Assets”) for a purchase price of \$1.0 million, and pursuant to which Turing also assumed all future liabilities related to the Assets. At the time of the transaction, Mr. Shkreli, the Company’s former Chief Executive Officer, was the Chief Executive Officer of Turing.

On February 12, 2015, we, our wholly-owned subsidiary Manchester Pharmaceuticals LLC (“Manchester”) and our other wholly-owned subsidiary Retrophin Therapeutics International, LLC (collectively, the “Sellers”), entered into a purchase agreement with Waldun Pharmaceuticals, LLC (“Waldun”) pursuant to which the Sellers sold Waldun their product rights to mecamlamine hydrochloride (also referred to as Vecamyl) (the “Vecamyl Product Rights”) for a purchase price of \$0.7 million. Waldun in turn sold the Vecamyl Product Rights to Turing. In connection therewith, on February 12, 2015, we, together with Manchester, entered into an asset purchase agreement with Turing, pursuant to which we sold Turing our mecamlamine hydrochloride inventory (the “Inventory”) for a purchase price of \$0.3 million, and pursuant to which Turing also assumed certain liabilities related to the Vecamyl Product Rights and the Inventory. At the time of the transaction, Mr. Shkreli, the Company’s former Chief Executive Officer, was the Chief Executive Officer of Turing.

R ATIFICATION OF S ELECTION OF I NDEPENDENT R EGISTERED P UBLIC A CCOUNTING F IRM

The Audit Committee has selected BDO USA, LLP (“BDO”), as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2016 and has further directed that management submit the selection of independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Representatives of BDO are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Company’s bylaws nor other governing documents or law require stockholder ratification of the selection of BDO as the Company’s independent registered public accounting firm. However, the Audit Committee is submitting the selection of BDO to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

Vote Required

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of BDO. Abstentions will be counted toward the tabulation of votes on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes (if any) are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Pre-Approval Policies and Procedures

Our Audit Committee has established policies and procedures regarding pre-approval of all services provided by the independent registered public accounting firm. Our Audit Committee pre-approves all audit and

non-audit services provided by the independent registered public accounting firm, other than de minimis non-audit services, and shall not engage the independent registered public accounting firm to perform the specific non-audit services proscribed by law or regulation. Our Audit Committee preapproved all such audit and permitted non-audit services in 2015.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of BDO and has concluded that the provision of such services is compatible with maintaining the independence of the firm. All of the services rendered by BDO were pre-approved by the Audit Committee in accordance with the Audit Committee pre-approval policy described above.

During the Company's two most recent fiscal years and the subsequent interim period preceding BDO's engagement, neither the Company nor anyone on its behalf consulted BDO regarding either: (i) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, and no written report or oral advice was provided to the Company that BDO concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was the subject of a "disagreement" or "reportable event" (within the meaning of Item 304(a) of Regulation S-K and Item 304(a)(1)(v) of Regulation S-K, respectively).

Change in Independent Registered Public Accounting Firm During 2014

On March 31, 2014, the Audit Committee notified Marcum LLP that it had determined not to engage Marcum LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2014, and accordingly dismissed Marcum LLP effective as of such date. On and effective as of that same date, the Company entered into an engagement letter with BDO, approved by the Audit Committee, and engaged BDO as the Company's independent registered public accounting firm.

Marcum LLP's reports on the Company's consolidated financial statements for the years ended December 31, 2013 and December 31, 2012 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles, except that each such report on the Company's consolidated financial statements contained an explanatory statement in respect to uncertainty as to the Company's ability to continue as a going concern.

During the Company's fiscal years ended December 31, 2013 and 2012 and the subsequent interim period preceding Marcum LLP's dismissal, there were (i) no "disagreements" (within the meaning of Item 304(a) of Regulation S-K) with Marcum LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Marcum LLP, would have caused it to make reference to the subject matter of the disagreements in its reports on the consolidated financial statements of the Company and (ii) except for material weaknesses in the Company's internal control over financial reporting, no "reportable events" (as such term is defined in Item 304(a)(1)(v) of Regulation S-K). As disclosed in Item 9A of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013 and Item 9A of the Company's Transition Report on Form 10-K for the transition period from March 1, 2012 through December 31, 2012, the Company's management and Board of Directors identified certain matters that constituted material weaknesses in the Company's internal controls over financial reporting, and such weaknesses were advised by Marcum LLP.

The Company provided Marcum LLP with a copy of the Company's Current Report on Form 8-K dated April 4, 2014 prior to its filing with the SEC and requested Marcum LLP to furnish to the Company a letter addressed to the SEC stating that it agrees with the statements made above. A copy of Marcum's letter to the SEC stating that it agrees with the statements made above, dated April 4, 2014, is attached as Exhibit 16.1 to the Company's Current Report on Form 8-K dated April 4, 2014.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single set of Annual Meeting materials to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Retrophin, Inc. stockholders will be “householding” the Company’s proxy materials. A single set of Annual Meeting materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate set of Annual Meeting materials, please notify your broker or Retrophin, Inc. Direct your written request to Retrophin, Inc., Attn: Secretary, 12255 El Camino Real, Suite 250, San Diego, CA 92130. Stockholders who currently receive multiple copies of the Annual Meeting materials at their addresses and would like to request “householding” of their communications should contact their brokers.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

RETROPHIN, INC.

2015 EQUITY INCENTIVE PLAN

ADOPTED BY THE BOARD OF DIRECTORS : APRIL 16, 2015

APPROVED BY THE STOCKHOLDERS : JUNE 8, 2015

AMENDED BY THE BOARD OF DIRECTORS : MARCH 21, 2016

AMENDMENT APPROVED BY THE STOCKHOLDERS :

1. General.

(a) Successor to and Continuation of Prior Plan. The Plan is intended as the successor to and continuation of the Retrophin, Inc. 2014 Incentive Compensation Plan (the “*Prior Plan*”). Following the Effective Date, no additional stock awards may be granted under the Prior Plan. Any unallocated shares remaining available for issuance pursuant to the exercise of options or issuance or settlement of stock awards not previously granted under the Prior Plan as of 12:01 a.m. Pacific time on the Effective Date (the “*Prior Plan’s Available Reserve*”) will cease to be available under the Prior Plan at such time and will be added to the Share Reserve (as further described in Section 3(a) below) and be then immediately available for issuance pursuant to Stock Awards granted hereunder. In addition, from and after 12:01 a.m. Pacific time on the Effective Date, all outstanding stock awards granted under the Prior Plan will remain subject to the terms of the Prior Plan; *provided, however*, that any shares subject to outstanding stock awards granted under the Prior Plan that (i) expire or terminate for any reason prior to exercise or settlement; or (ii) are forfeited, cancelled or otherwise returned to the Company because of the failure to meet a contingency or condition required to vest such shares (the “*Returning Shares*”) will immediately be added to the Share Reserve (as further described in Section 3(a) below) as and when such shares become Returning Shares, and become available for issuance pursuant to Awards granted hereunder. All Awards granted on or after 12:01 a.m. Pacific Time on the Effective Date will be subject to the terms of this Plan.

(b) Eligible Award Recipients. Employees, Directors and Consultants are eligible to receive Awards under the Plan.

(c) Available Awards. The Plan provides for the grant of the following types of Awards: (i) Incentive Stock Options, (ii) Nonstatutory Stock Options, (iii) Stock Appreciation Rights, (iv) Restricted Stock Awards, (v) Restricted Stock Unit Awards, (vi) Performance Stock Awards, (vii) Performance Cash Awards, and (viii) Other Stock Awards.

(d) Purpose. The Plan, through the granting of Awards, is intended to help the Company secure and retain the services of eligible award recipients, provide incentives for such persons to exert maximum efforts for the success of the Company and any Affiliate and provide a means by which the eligible recipients may benefit from increases in value of the Common Stock.

2. Administration.

(a) Administration by Board. The Board will administer the Plan. The Board may delegate administration of the Plan to a Committee or Committees, as provided in Section 2(c).

(b) Powers of Board. The Board will have the power, subject to, and within the limitations of, the express provisions of the Plan:

(i) To determine (A) who will be granted Awards; (B) when and how each Award will be granted; (C) what type of Award will be granted; (D) the provisions of each Award (which need not be identical), including when a person will be permitted to exercise or otherwise receive cash or Common Stock under the Award; (E) the number of shares of Common Stock subject to, or the cash value of, an Award; and (F) the Fair Market Value applicable to a Stock Award.

(ii) To construe and interpret the Plan and Awards granted under it, and to establish, amend and revoke rules and regulations for administration of the Plan and Awards. The Board, in the exercise of these powers, may correct any defect, omission or inconsistency in the Plan or in any Award Agreement, in a manner and to the extent it will deem necessary or expedient to make the Plan or Award fully effective.

(iii) To settle all controversies regarding the Plan and Awards granted under it.

(iv) To accelerate, in whole or in part, the time at which an Award may be exercised or vest (or at which cash or shares of Common Stock may be issued).

(v) To suspend or terminate the Plan at any time. Except as otherwise provided in the Plan or an Award Agreement, suspension or termination of the Plan will not impair a Participant's rights under the Participant's then-outstanding Award without the Participant's written consent except as provided in subsection (viii) below.

(vi) To amend the Plan in any respect the Board deems necessary or advisable, including, without limitation, by adopting amendments relating to Incentive Stock Options and certain nonqualified deferred compensation under Section 409A of the Code and/or to make the Plan or Awards granted under the Plan compliant with the requirements for Incentive Stock Options or exempt from or compliant with the requirements for nonqualified deferred compensation under Section 409A of the Code, subject to the limitations, if any, of applicable law. However, if required by applicable law or listing requirements, and except as provided in Section 9(a) relating to Capitalization Adjustments, the Company will seek stockholder approval of any amendment of the Plan that (A) materially increases the number of shares of Common Stock available for issuance under the Plan, (B) materially expands the class of individuals eligible to receive Awards under the Plan, (C) materially increases the benefits accruing to Participants under the Plan, (D) materially reduces the price at which shares of Common Stock may be issued or purchased under the Plan, (E) materially extends

the term of the Plan, or (F) materially expands the types of Awards available for issuance under the Plan. Except as provided in the Plan (including Section 2(b)(viii)) or an Award Agreement, no amendment of the Plan will impair a Participant's rights under an outstanding Award without the Participant's written consent.

(vii) To submit any amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of (A) Section 162(m) of the Code regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to Covered Employees, (B) Section 422 of the Code regarding incentive stock options or (C) Rule 16b-3.

(viii) To approve forms of Award Agreements for use under the Plan and to amend the terms of any one or more Awards, including, but not limited to, amendments to provide terms more favorable to the Participant than previously provided in the Award Agreement, subject to any specified limits in the Plan that are not subject to Board discretion; *provided however*, that a Participant's rights under any Award will not be impaired by any such amendment unless (A) the Company requests the consent of the affected Participant, and (B) such Participant consents in writing. Notwithstanding the foregoing, (1) a Participant's rights will not be deemed to have been impaired by any such amendment if the Board, in its sole discretion, determines that the amendment, taken as a whole, does not materially impair the Participant's rights, and (2) subject to the limitations of applicable law, if any, the Board may amend the terms of any one or more Awards without the affected Participant's consent (A) to maintain the qualified status of the Award as an Incentive Stock Option under Section 422 of the Code; (B) to change the terms of an Incentive Stock Option, if such change results in impairment of the Award solely because it impairs the qualified status of the Award as an Incentive Stock Option under Section 422 of the Code; (C) to clarify the manner of exemption from, or to bring the Award into compliance with, Section 409A of the Code; or (D) to comply with other applicable laws or listing requirements.

(ix) To appoint such agents as the Board may deem necessary or advisable to administer the Plan.

(x) Generally, to exercise such powers and to perform such acts as the Board deems necessary or expedient to promote the best interests of the Company and that are not in conflict with the provisions of the Plan or Awards.

(xi) To adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees, Directors or Consultants who are foreign nationals or employed outside the United States (provided that Board approval will not be necessary for immaterial modifications to the Plan or any Award Agreement that are required for compliance with the laws of the relevant foreign jurisdiction).

(c) Delegation to Committee .

(i) General. The Board may delegate some or all of the administration of the Plan to a Committee or Committees. If administration of the Plan is delegated to a

Committee, the Committee will have, in connection with the administration of the Plan, the powers theretofore possessed by the Board that have been delegated to the Committee, including the power to delegate to a subcommittee of the Committee any of the administrative powers the Committee is authorized to exercise (and references in this Plan to the Board will thereafter be to the Committee or subcommittee, as applicable). Any delegation of administrative powers will be reflected in resolutions, not inconsistent with the provisions of the Plan, adopted from time to time by the Board or Committee (as applicable). The Committee may, at any time, abolish the subcommittee and/or revest in the Committee any powers delegated to the subcommittee. The Board may retain the authority to concurrently administer the Plan with the Committee and may, at any time, revest in the Board some or all of the powers previously delegated.

(ii) Section 162(m) and Rule 16b-3 Compliance. The Committee may consist solely of two (2) or more Outside Directors, in accordance with Section 162(m) of the Code, or solely of two (2) or more Non-Employee Directors, in accordance with Rule 16b-3.

(d) Delegation to an Officer . The Board may delegate to one (1) or more Officers the authority to do one or both of the following (i) designate Employees who are not Officers to be recipients of Options and SARs (and, to the extent permitted by applicable law, other Stock Awards) and, to the extent permitted by applicable law, the terms of such Awards, and (ii) determine the number of shares of Common Stock to be subject to such Stock Awards granted to such Employees; *provided, however* , that the Board resolutions regarding such delegation will specify the total number of shares of Common Stock that may be subject to the Stock Awards granted by such Officer and that such Officer may not grant a Stock Award to himself or herself. Any such Stock Awards will be granted on the form of Award Agreement most recently approved for use by the Committee or the Board, unless otherwise provided in the resolutions approving the delegation authority. The Board may not delegate authority to an Officer who is acting solely in the capacity of an Officer (and not also as a Director) to determine the Fair Market Value pursuant to Section 13(x)(iii) below.

(e) Effect of Board's Decision. All determinations, interpretations and constructions made by the Board in good faith will not be subject to review by any person and will be final, binding and conclusive on all persons.

(f) Cancellation and Re-Grant of Stock Awards . Neither the Board nor any Committee will have the authority to: (i) reduce the exercise, purchase or strike price of any outstanding Option, SAR, or other Award under the Plan, or (ii) cancel any outstanding Option, SAR, or other Award that has an exercise price or strike price greater than the current Fair Market Value of the Common Stock in exchange for cash or other Stock Awards under the Plan, unless the stockholders of the Company have approved such an action within 12 months prior to such an event.

(g) Minimum Vesting Requirements . Except as provided in Section 9, no Full Value Award will vest until at least twelve (12) months following the date of grant of such Award; *provided, however*, that up to five percent (5%) of the Share Reserve (as defined in Section 3(a)) may be subject to Full Value Awards that do not meet such vesting requirements.

3. Shares Subject to the Plan.

(a) Share Reserve.

(i) Subject to Section 9(a) relating to Capitalization Adjustments, the aggregate number of shares of Common Stock that may be issued pursuant to Stock Awards from and after the Effective Date will not exceed (A) 3,612,710 shares, which number is equal to the sum of (I) 612,710 shares subject to the Prior Plan's Available Reserve on the Effective Date (II) an additional 1,400,000 shares that were approved by the Company's stockholders on June 8, 2015, and (III) and additional 1,600,000 new shares, *plus* (B) the Returning Shares, if any, which become available for grant under the Plan from time to time (such aggregate number of shares described in (A) and (B) above, the "**Share Reserve**").

(ii) For clarity, the Share Reserve in this Section 3(a) is a limitation on the number of shares of Common Stock that may be issued pursuant to the Plan. Accordingly, this Section 3(a) does not limit the granting of Stock Awards except as provided in Section 7(a). Shares may be issued in connection with a merger or acquisition as permitted by NASDAQ Listing Rule 5635(c) or, if applicable, NYSE Listed Company Manual Section 303A.08, AMEX Company Guide Section 711 or other applicable rule, and such issuance will not reduce the number of shares available for issuance under the Plan.

(iii) Subject to subsection 3(b), the number of shares available for issuance under the Plan shall be reduced by: (i) one (1) share for each share of stock issued pursuant to (A) an Option granted under Section 5, or (B) a Stock Appreciation Right granted under Section 5 with respect to which the strike price is at least one hundred percent (100%) of the Fair Market Value of the underlying Common Stock on the date of grant; and (ii) 2.0 shares for each share of Common Stock issued pursuant to a Restricted Stock Award, Restricted Stock Unit Award, Performance Stock Award or Other Stock Award granted after March 21, 2016.

(b) Reversion of Shares to the Share Reserve.

(i) **Shares Available For Subsequent Issuance.** If (A) any shares of Common Stock subject to a Stock Award are not issued because such Stock Award or any portion thereof expires or otherwise terminates without all of the shares covered by such Stock Award having been issued or is settled in cash (*i.e.*, the Participant receives cash rather than stock), or (B) any shares of Common Stock issued pursuant to a Stock Award are forfeited back to or repurchased by the Company because of the failure to meet a contingency or condition required for the vesting of such shares, such shares will again become available for issuance under the Plan. Notwithstanding the foregoing, to the extent (A) there is issued a share of Common Stock pursuant to a Stock Award that counted as 2.0 shares against the number of shares available for issuance under the Plan (B) any Returning Shares granted under the Prior Plan pursuant to an award other than an option or stock appreciation right, and such share of Common Stock becomes available for issuance under the Plan after March 21, 2016 pursuant to Section 1(a), Section 3(a) or this Section 3(b)(i), then the number of shares of Common Stock available for issuance under the Plan shall increase by 2.0 shares.

(ii) **Shares Not Available For Subsequent Issuance.** If any shares subject to a Stock Award are not delivered to a Participant because the Stock Award is

exercised through a reduction of shares subject to the Stock Award (*i.e.* , “net exercised”), the number of shares that are not delivered to the Participant will not remain available for issuance under the Plan. Also, any shares reacquired by the Company pursuant to Section 8(h) with respect to a Stock Award will not again become available for issuance under the Plan.

(c) Incentive Stock Option Limit. Subject to the Share Reserve and Section 9(a) relating to Capitalization Adjustments, the aggregate maximum number of shares of Common Stock that may be issued pursuant to the exercise of Incentive Stock Options will be 8,000,000 shares of Common Stock.

(d) Section 162(m) Limitations . Subject to the Share Reserve and Section 9(a) relating to Capitalization Adjustments, at such time as the Company may be subject to the applicable provisions of Section 162(m) of the Code, the following limitations will apply.

(i) A maximum of 1,000,000 shares of Common Stock subject to Options, SARs and Other Stock Awards whose value is determined by reference to an increase over an exercise or strike price of at least one hundred percent (100%) of the Fair Market Value on the date any such Stock Award is granted may be granted to any Participant during any fiscal year. Notwithstanding the foregoing, if any additional Options, SARs or Other Stock Awards whose value is determined by reference to an increase over an exercise or strike price of at least one hundred percent (100%) of the Fair Market Value on the date the Stock Award are granted to any Participant during any fiscal year, compensation attributable to the exercise of such additional Stock Awards will not satisfy the requirements to be considered “qualified performance-based compensation” under Section 162(m) of the Code unless such additional Stock Award is approved by the Company’s stockholders.

(ii) A maximum of 1,000,000 shares of Common Stock subject to Performance Stock Awards may be granted to any one Participant during any one fiscal year (whether the grant, vesting or exercise is contingent upon the attainment during the Performance Period of the Performance Goals).

(iii) A maximum of \$2,000,000 may be granted as a Performance Cash Award to any one Participant during any one fiscal year.

(e) Source of Shares. The stock issuable under the Plan will be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Company on the open market or otherwise.

4. Eligibility .

(a) Eligibility for Specific Stock Awards . Incentive Stock Options may be granted only to employees of the Company or a “parent corporation” or “subsidiary corporation” thereof (as such terms are defined in Sections 424(e) and 424(f) of the Code). Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants; provided, however, that Stock Awards may not be granted to Employees, Directors and Consultants who are providing Continuous Service only to any “parent” of the Company, as such term is defined in Rule 405, unless (i) the stock underlying such Stock Awards is treated as “service recipient stock” under Section 409A of the Code (for example, because the Stock Awards are granted pursuant to a corporate transaction such as a spin off

transaction) or (ii) the Company, in consultation with its legal counsel, has determined that such Stock Awards are otherwise exempt from or alternatively comply with the distribution requirements of Section 409A of the Code.

(b) Ten Percent Stockholders . A Ten Percent Stockholder will not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value on the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

5. Provisions Relating to Options and Stock Appreciation Rights.

Each Option or SAR will be in such form and will contain such terms and conditions as the Board deems appropriate. All Options will be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. If an Option is not specifically designated as an Incentive Stock Option, or if an Option is designated as an Incentive Stock Option but some portion or all of the Option fails to qualify as an Incentive Stock Option under the applicable rules, then the Option (or portion thereof) will be a Nonstatutory Stock Option. The provisions of separate Options or SARs need not be identical; *provided, however* , that each Award Agreement will conform to (through incorporation of provisions hereof by reference in the applicable Award Agreement or otherwise) the substance of each of the following provisions:

(a) Term. Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, no Option or SAR will be exercisable after the expiration of ten (10) years from the date of its grant or such shorter period specified in the Award Agreement.

(b) Exercise Price. Subject to the provisions of Section 4(b) regarding Ten Percent Stockholders, the exercise or strike price of each Option or SAR will be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option or SAR on the date the Award is granted. Notwithstanding the foregoing, an Option or SAR may be granted with an exercise or strike price lower than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Award if such Award is granted pursuant to an assumption of or substitution for another option or stock appreciation right pursuant to a Corporate Transaction and in a manner consistent with the provisions of Section 409A of the Code and, if applicable, Section 424(a) of the Code. Each SAR will be denominated in shares of Common Stock equivalents.

(c) Purchase Price for Options. The purchase price of Common Stock acquired pursuant to the exercise of an Option may be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board will have the authority to grant Options that do not permit all of the following methods of payment (or that otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to use a particular method of payment. The permitted methods of payment are as follows:

(i) by cash, check, bank draft or money order payable to the Company;

(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of the stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock;

(iv) if an Option is a Nonstatutory Stock Option, by a “net exercise” arrangement pursuant to which the Company will reduce the number of shares of Common Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; *provided, however*, that the Company will accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in the number of whole shares to be issued. Shares of Common Stock will no longer be subject to an Option and will not be exercisable thereafter to the extent that (A) shares issuable upon exercise are used to pay the exercise price pursuant to the “net exercise,” (B) shares are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations; or

(v) in any other form of legal consideration that may be acceptable to the Board and specified in the applicable Award Agreement.

(d) Exercise and Payment of a SAR. To exercise any outstanding SAR, the Participant must provide written notice of exercise to the Company in compliance with the provisions of the Award Agreement evidencing such SAR. The appreciation distribution payable on the exercise of a SAR will be not greater than an amount equal to the excess of (A) the aggregate Fair Market Value (on the date of the exercise of the SAR) of a number of shares of Common Stock equal to the number of Common Stock equivalents in which the Participant is vested under such SAR, and with respect to which the Participant is exercising the SAR on such date, over (B) the aggregate strike price of the number of Common Stock equivalents with respect to which the Participant is exercising the SAR on such date. The appreciation distribution may be paid in Common Stock, in cash, in any combination of the two or in any other form of consideration, as determined by the Board and contained in the Award Agreement evidencing such SAR.

(e) Transferability of Options and SARs. The Board may, in its sole discretion, impose such limitations on the transferability of Options and SARs as the Board will determine. In the absence of such a determination by the Board to the contrary, the following restrictions on the transferability of Options and SARs will apply:

(i) Restrictions on Transfer . An Option or SAR will not be transferable except by will or by the laws of descent and distribution (and pursuant to Sections 5(e)(ii) and 5(e)(iii) below), and will be exercisable during the lifetime of the Participant only by the Participant. The Board may permit transfer of the Option or SAR in a manner that is not prohibited by applicable tax and securities laws. Except as explicitly provided in the Plan, neither an Option nor a SAR may be transferred for consideration.

(ii) Domestic Relations Orders . Subject to the approval of the Board or a duly authorized Officer, an Option or SAR may be transferred pursuant to the terms of a domestic relations order, official marital settlement agreement or other divorce or separation instrument as permitted by Treasury Regulations Section 1.421-1(b)(2). If an Option is an Incentive Stock Option, such Option may be deemed to be a Nonstatutory Stock Option as a result of such transfer.

(iii) Beneficiary Designation . Subject to the approval of the Board or a duly authorized Officer, a Participant may, by delivering written notice to the Company, in a form approved by the Company (or the designated broker), designate a third party who, upon the death of the Participant, will thereafter be entitled to exercise the Option or SAR and receive the Common Stock or other consideration resulting from such exercise. In the absence of such a designation, upon the death of the Participant, the executor or administrator of the Participant's estate will be entitled to exercise the Option or SAR and receive the Common Stock or other consideration resulting from such exercise. However, the Company may prohibit designation of a beneficiary at any time, including due to any conclusion by the Company that such designation would be inconsistent with the provisions of applicable laws.

(f) Vesting Generally. The total number of shares of Common Stock subject to an Option or SAR may vest and become exercisable in periodic installments that may or may not be equal. The Option or SAR may be subject to such other terms and conditions on the time or times when it may or may not be exercised (which may be based on the satisfaction of Performance Goals or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options or SARs may vary. The provisions of this Section 5(f) are subject to any Option or SAR provisions governing the minimum number of shares of Common Stock as to which an Option or SAR may be exercised.

(g) Termination of Continuous Service. Except as otherwise provided in the applicable Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates (other than for Cause and other than upon the Participant's death or Disability), the Participant may exercise the Participant's Option or SAR (to the extent that the Participant was entitled to exercise such Award as of the date of termination of Continuous Service) within the period of time ending on the earlier of (i) the date three (3) months following the termination of the Participant's Continuous Service (or such longer or shorter period specified in the applicable Award Agreement), and (ii) the expiration of the term of the Option or SAR as set forth in the Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR (as applicable) within the applicable time frame, the Option or SAR will terminate.

(h) Extension of Termination Date. Except as otherwise provided in the applicable Award Agreement or other agreement between the Participant and the Company, if the exercise of an Option or SAR following the termination of the Participant's Continuous Service (other than for Cause and other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option or SAR will terminate on the earlier of (i) the expiration of a total period of time (that need not be consecutive) equal to the applicable post-termination exercise period after the termination of

the Participant's Continuous Service during which the exercise of the Option or SAR would not be in violation of such registration requirements, or (ii) the expiration of the term of the Option or SAR as set forth in the applicable Award Agreement. In addition, unless otherwise provided in a Participant's Award Agreement, if the sale of any Common Stock received upon exercise of an Option or SAR following the termination of the Participant's Continuous Service (other than for Cause) would violate the Company's insider trading policy, then the Option or SAR will terminate on the earlier of (i) the expiration of a period of time (that need not be consecutive) equal to the applicable post-termination exercise period after the termination of the Participant's Continuous Service during which the sale of the Common Stock received upon exercise of the Option or SAR would not be in violation of the Company's insider trading policy, or (ii) the expiration of the term of the Option or SAR as set forth in the applicable Award Agreement.

(i) Disability of Participant. Except as otherwise provided in the applicable Award Agreement or other agreement between the Participant and the Company, if a Participant's Continuous Service terminates as a result of the Participant's Disability, the Participant may exercise his or her Option or SAR (to the extent that the Participant was entitled to exercise such Option or SAR as of the date of termination of Continuous Service), but only within such period of time ending on the earlier of (i) the date 12 months following such termination of Continuous Service (or such longer or shorter period specified in the Award Agreement), and (ii) the expiration of the term of the Option or SAR as set forth in the Award Agreement. If, after termination of Continuous Service, the Participant does not exercise his or her Option or SAR within the applicable time frame, the Option or SAR (as applicable) will terminate.

(j) Death of Participant. Except as otherwise provided in the applicable Award Agreement or other agreement between the Participant and the Company, if (i) a Participant's Continuous Service terminates as a result of the Participant's death, or (ii) the Participant dies within the period (if any) specified in the Award Agreement for exercisability after the termination of the Participant's Continuous Service (for a reason other than death), then the Option or SAR may be exercised (to the extent the Participant was entitled to exercise such Option or SAR as of the date of death) by the Participant's estate, by a person who acquired the right to exercise the Option or SAR by bequest or inheritance or by a person designated to exercise the Option or SAR upon the Participant's death, but only within the period ending on the earlier of (i) the date 18 months following the date of death (or such longer or shorter period specified in the Award Agreement), and (ii) the expiration of the term of such Option or SAR as set forth in the Award Agreement. If, after the Participant's death, the Option or SAR is not exercised within the applicable time frame, the Option or SAR (as applicable) will terminate.

(k) Termination for Cause. Except as explicitly provided otherwise in a Participant's Award Agreement or other individual written agreement between the Company or any Affiliate and the Participant, if a Participant's Continuous Service is terminated for Cause, the Option or SAR will terminate immediately upon such Participant's termination of Continuous Service and be forfeited, and the Participant will be prohibited from exercising the Participant's Option or SAR from and after the time of such termination of Continuous Service.

(l) Non-Exempt Employees . If an Option or SAR is granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, the Option or SAR will not be first exercisable for any shares of Common Stock until at least six (6) months following the date of grant of the Option or SAR (although the Award may vest prior to such date). Consistent with the provisions of the Worker Economic Opportunity Act, (i) if such non-exempt employee dies or suffers a Disability, (ii) upon a Corporate Transaction in which such Option or SAR is not assumed, continued, or substituted, (iii) upon a Change in Control, or (iv) upon the Participant's retirement (as such term may be defined in the Participant's Award Agreement, in another agreement between the Participant and the Company, or, if no such definition, in accordance with the Company's then current employment policies and guidelines), the vested portion of any Options and SARs may be exercised earlier than six (6) months following the date of grant. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option or SAR will be exempt from the employee's regular rate of pay. To the extent permitted and/or required for compliance with the Worker Economic Opportunity Act to ensure that any income derived by a non-exempt employee in connection with the exercise, vesting or issuance of any shares under any other Stock Award will be exempt from the employee's regular rate of pay, the provisions of this Section 5(l) will apply to all Stock Awards and are hereby incorporated by reference into such Stock Award Agreements.

6. Provisions of Stock Awards Other than Options and SARs.

(a) Restricted Stock Awards. Each Restricted Stock Award Agreement will be in such form and will contain such terms and conditions as the Board deems appropriate. To the extent consistent with the Company's bylaws, at the Board's election, shares of Common Stock underlying a Restricted Stock Award may be (i) held in book entry form subject to the Company's instructions until any restrictions relating to the Restricted Stock Award lapse; or (ii) evidenced by a certificate, which certificate will be held in such form and manner as determined by the Board. The terms and conditions of Restricted Stock Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreements need not be identical. Each Restricted Stock Award Agreement will conform to (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. A Restricted Stock Award may be awarded in consideration for (A) cash, check, bank draft or money order payable to the Company, (B) past services to the Company or an Affiliate, or (C) any other form of legal consideration (including future services) that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. Shares of Common Stock awarded under the Restricted Stock Award Agreement may be subject to forfeiture to the Company in accordance with a vesting schedule to be determined by the Board.

(iii) Termination of Participant's Continuous Service. If a Participant's Continuous Service terminates, the Company may receive through a forfeiture condition or a

repurchase right any or all of the shares of Common Stock held by the Participant as of the date of termination of Continuous Service under the terms of the Restricted Stock Award Agreement.

(iv) Transferability. Rights to acquire shares of Common Stock under the Restricted Stock Award Agreement will be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as the Board will determine in its sole discretion, so long as Common Stock awarded under the Restricted Stock Award Agreement remains subject to the terms of the Restricted Stock Award Agreement.

(v) Dividends. A Restricted Stock Award Agreement may provide that any dividends paid on Restricted Stock will be subject to the same vesting and forfeiture restrictions as apply to the shares subject to the Restricted Stock Award to which they relate.

(b) Restricted Stock Unit Awards. Each Restricted Stock Unit Award Agreement will be in such form and will contain such terms and conditions as the Board deems appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements need not be identical. Each Restricted Stock Unit Award Agreement will conform to (through incorporation of the provisions hereof by reference in the Agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of a Restricted Stock Unit Award, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of each share of Common Stock subject to the Restricted Stock Unit Award. The consideration to be paid (if any) by the Participant for each share of Common Stock subject to a Restricted Stock Unit Award may be paid in any form of legal consideration that may be acceptable to the Board, in its sole discretion, and permissible under applicable law.

(ii) Vesting. At the time of the grant of a Restricted Stock Unit Award, the Board may impose such restrictions on or conditions to the vesting of the Restricted Stock Unit Award as it, in its sole discretion, deems appropriate.

(iii) Payment . A Restricted Stock Unit Award may be settled by the delivery of shares of Common Stock, their cash equivalent, any combination thereof or in any other form of consideration, as determined by the Board and contained in the Restricted Stock Unit Award Agreement.

(iv) Additional Restrictions. At the time of the grant of a Restricted Stock Unit Award, the Board, as it deems appropriate, may impose such restrictions or conditions that delay the delivery of the shares of Common Stock (or their cash equivalent) subject to a Restricted Stock Unit Award to a time after the vesting of such Restricted Stock Unit Award.

(v) Dividend Equivalents. Dividend equivalents may be credited in respect of shares of Common Stock covered by a Restricted Stock Unit Award, as determined by the Board and contained in the Restricted Stock Unit Award Agreement. At the sole discretion of the Board, such dividend equivalents may be converted into additional shares of

Common Stock covered by the Restricted Stock Unit Award in such manner as determined by the Board. Any additional shares covered by the Restricted Stock Unit Award credited by reason of such dividend equivalents will be subject to all of the same terms and conditions of the underlying Restricted Stock Unit Award Agreement to which they relate.

(vi) Termination of Participant's Continuous Service. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service.

(c) Performance Awards.

(i) Performance Stock Awards . A Performance Stock Award is a Stock Award (covering a number of shares not in excess of that set forth in Section 3(d)(ii)) that is payable (including that may be granted, vest or be exercised) contingent upon the attainment during a Performance Period of certain Performance Goals. A Performance Stock Award may, but need not, require the Participant's completion of a specified period of Continuous Service. The length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained will be conclusively determined by the Committee (or, if not required for compliance with Section 162(m) of the Code, the Board), in its sole discretion. In addition, to the extent permitted by applicable law and the applicable Award Agreement, the Board may determine that cash may be used in payment of Performance Stock Awards.

(ii) Performance Cash Awards . A Performance Cash Award is a cash award (for a dollar value not in excess of that set forth in Section 3(d)(iii)) that is payable contingent upon the attainment during a Performance Period of certain Performance Goals. A Performance Cash Award may also require the Participant's completion of a specified period of Continuous Service. At the time of grant of a Performance Cash Award, the length of any Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained will be conclusively determined by the Committee (or, if not required for compliance with Section 162(m) of the Code, the Board), in its sole discretion. The Board may specify the form of payment of Performance Cash Awards, which may be cash or other property, or may provide for a Participant to have the option for his or her Performance Cash Award, or such portion thereof as the Board may specify, to be paid in whole or in part in cash or other property.

(iii) Board Discretion . The Board retains the discretion to reduce or eliminate the compensation or economic benefit due upon attainment of Performance Goals and to define the manner of calculating the Performance Criteria it selects to use for a Performance Period.

(iv) Section 162(m) Compliance . Unless otherwise permitted in compliance with Section 162(m) of the Code with respect to an Award intended to qualify as "performance-based compensation" thereunder, the Committee will establish the Performance Goals applicable to, and the formula for calculating the amount payable under, the Award no later than the earlier of (A) the date ninety (90) days after the commencement of the

applicable Performance Period, and (B) the date on which twenty-five percent (25%) of the Performance Period has elapsed, and in any event at a time when the achievement of the applicable Performance Goals remains substantially uncertain. Prior to the payment of any compensation under an Award intended to qualify as “performance-based compensation” under Section 162(m) of the Code, the Committee will certify the extent to which any Performance Goals and any other material terms under such Award have been satisfied (other than in cases where the Performance Goals relate solely to the increase in the value of the Common Stock). Notwithstanding satisfaction or any completion of any Performance Goals, shares subject to Options, cash or other benefits granted, issued, retainable and/or vested under an Award on account of satisfaction of such Performance Goals may be reduced by the Committee on the basis of any further considerations as the Committee, in its sole discretion, will determine.

(d) Other Stock Awards . Other forms of Stock Awards valued in whole or in part by reference to, or otherwise based on, Common Stock, including the appreciation in value thereof (e.g., options or stock rights with an exercise price or strike price less than one hundred percent (100%) of the Fair Market Value of the Common Stock at the time of grant) may be granted either alone or in addition to Stock Awards granted under Section 5 and this Section 6. Subject to the provisions of the Plan, the Board will have sole and complete authority to determine the persons to whom and the time or times at which such Other Stock Awards will be granted, the number of shares of Common Stock (or the cash equivalent thereof) to be granted pursuant to such Other Stock Awards and all other terms and conditions of such Other Stock Awards.

7. Covenants of the Company.

(a) Availability of Shares. The Company will keep available at all times the number of shares of Common Stock reasonably required to satisfy then-outstanding Stock Awards.

(b) Securities Law Compliance . The Company will seek to obtain from each regulatory commission or agency having jurisdiction over the Plan the authority required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; *provided, however* , that this undertaking will not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts and at a reasonable cost, the Company is unable to obtain from any such regulatory commission or agency the authority that counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company will be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained. A Participant will not be eligible for the grant of an Award or the subsequent issuance of cash or Common Stock pursuant to the Award if such grant or issuance would be in violation of any applicable securities law.

(c) No Obligation to Notify or Minimize Taxes . The Company will have no duty or obligation to any Participant to advise such holder as to the time or manner of exercising such Stock Award. Furthermore, the Company will have no duty or obligation to

warn or otherwise advise such holder of a pending termination or expiration of an Award or a possible period in which the Award may not be exercised. The Company has no duty or obligation to minimize the tax consequences of an Award to the holder of such Award.

8. Miscellaneous.

(a) Use of Proceeds from Sales of Common Stock. Proceeds from the sale of shares of Common Stock issued pursuant to Stock Awards will constitute general funds of the Company.

(b) Corporate Action Constituting Grant of Awards. Corporate action constituting a grant by the Company of an Award to any Participant will be deemed completed as of the date of such corporate action, unless otherwise determined by the Board, regardless of when the instrument, certificate, or letter evidencing the Award is communicated to, or actually received or accepted by, the Participant. In the event that the corporate records (e.g., Board consents, resolutions or minutes) documenting the corporate action constituting the grant contain terms (e.g., exercise price, vesting schedule or number of shares) that are inconsistent with those in the Award Agreement or related grant documents as a result of a clerical error in the papering of the Award Agreement or related grant documents, the corporate records will control and the Participant will have no legally binding right to the incorrect term in the Award Agreement or related grant documents.

(c) Stockholder Rights. No Participant will be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to an Award unless and until (i) such Participant has satisfied all requirements for exercise of, or the issuance of shares of Common Stock under, the Award pursuant to its terms, and (ii) the issuance of the Common Stock subject to such Award has been entered into the books and records of the Company.

(d) No Employment or Other Service Rights . Nothing in the Plan, any Award Agreement or any other instrument executed thereunder or in connection with any Award granted pursuant thereto will confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted or will affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without Cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate, or (iii) the service of a Director pursuant to the bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(e) Change in Time Commitment . In the event a Participant's regular level of time commitment in the performance of the Participant's services for the Company and any Affiliates is reduced (for example, and without limitation, if the Participant is an Employee of the Company and the Employee has a change in status from a full-time Employee to a part-time Employee) after the date of grant of any Award to the Participant, the Board has the right in its sole discretion to (x) make a corresponding reduction in the number of shares or cash amount subject to any portion of such Award that is scheduled to vest or become payable after the date of such change in time commitment, and (y) in lieu of or in combination with such a

reduction, extend the vesting or payment schedule applicable to such Award. In the event of any such reduction, the Participant will have no right with respect to any portion of the Award that is so reduced or extended.

(f) Incentive Stock Option Limitations. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and any Affiliates) exceeds one hundred thousand dollars (\$100,000) (or such other limit established in the Code) or otherwise does not comply with the rules governing Incentive Stock Options, the Options or portions thereof that exceed such limit (according to the order in which they were granted) or otherwise do not comply with such rules will be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of the applicable Option Agreement(s).

(g) Investment Assurances. The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that the Participant is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Award; and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, will be inoperative if (A) the issuance of the shares upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act, or (B) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

(h) Withholding Obligations. Unless prohibited by the terms of an Award Agreement, the Company may, in its sole discretion, satisfy any federal, state or local tax withholding obligation relating to an Award by any of the following means or by a combination of such means: (i) causing the Participant to tender a cash payment; (ii) withholding shares of Common Stock from the shares of Common Stock issued or otherwise issuable to the Participant in connection with the Stock Award; *provided, however*, that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by law (or such lesser amount as may be necessary to avoid classification of the Stock Award as a liability for financial accounting purposes); (iii) withholding cash from an Award settled in cash; (iv) withholding payment from any amounts otherwise payable to the Participant; or (v) by such other method as may be set forth in the Award Agreement.

(i) Electronic Delivery . Any reference herein to a “written” agreement or document will include any agreement or document delivered electronically, filed publicly at www.sec.gov (or any successor website thereto) or posted on the Company’s intranet (or other shared electronic medium controlled by the Company to which the Participant has access).

(j) Deferrals. To the extent permitted by applicable law, the Board, in its sole discretion, may determine that the delivery of Common Stock or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Award may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals by Participants will be made in accordance with Section 409A of the Code. Consistent with Section 409A of the Code, the Board may provide for distributions while a Participant is still an employee or otherwise providing services to the Company. The Board is authorized to make deferrals of Awards and determine when, and in what annual percentages, Participants may receive payments, including lump sum payments, following the Participant’s termination of Continuous Service, and implement such other terms and conditions consistent with the provisions of the Plan and in accordance with applicable law.

(k) Compliance with Section 409A of the Code. To the extent that the Board determines that any Award granted hereunder is subject to Section 409A of the Code, the Award Agreement evidencing such Award will incorporate the terms and conditions necessary to avoid the consequences specified in Section 409A(a)(1) of the Code. To the extent applicable, the Plan and Award Agreements will be interpreted in accordance with Section 409A of the Code. Notwithstanding anything to the contrary in this Plan (and unless the Award Agreement specifically provides otherwise), if the shares of Common Stock are publicly traded and a Participant holding an Award that constitutes “deferred compensation” under Section 409A of the Code is a “specified employee” for purposes of Section 409A of the Code, no distribution or payment of any amount will be made upon a “separation from service” before a date that is six (6) months following the date of such Participant’s “separation from service” (as defined in Section 409A of the Code without regard to alternative definitions thereunder) or, if earlier, the date of the Participant’s death.

(l) Clawback/Recovery. All Awards granted under the Plan will be subject to recoupment in accordance with any clawback policy that the Company is required to adopt pursuant to the listing standards of any national securities exchange or association on which the Company’s securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law. In addition, the Board may impose such other clawback, recovery or recoupment provisions in an Award Agreement as the Board determines necessary or appropriate, including but not limited to a reacquisition right in respect of previously acquired shares of Common Stock or other cash or property upon the occurrence of an event constituting Cause. No recovery of compensation under such a clawback policy will be an event giving rise to a right to resign for “good reason” or “constructive termination” (or similar term) under any agreement with the Company.

9. Adjustments upon Changes in Common Stock; Other Corporate Events.

(a) Capitalization Adjustments. In the event of a Capitalization Adjustment, the Board will appropriately and proportionately adjust: (i) the class(es) and maximum

number of securities subject to the Plan pursuant to Section 3(a), (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of Incentive Stock Options pursuant to Section 3(c), (iii) the class(es) and maximum number of securities that may be awarded to any person pursuant to Section 3(d), and (iv) the class(es) and number of securities and price per share of stock subject to outstanding Stock Awards. The Board will make such adjustments, and its determination will be final, binding and conclusive.

(b) Dissolution. Except as otherwise provided in the Stock Award Agreement, in the event of a Dissolution of the Company, all outstanding Stock Awards (other than Stock Awards consisting of vested and outstanding shares of Common Stock not subject to a forfeiture condition or the Company's right of repurchase) will terminate immediately prior to the completion of such Dissolution, and the shares of Common Stock subject to the Company's repurchase rights or subject to a forfeiture condition may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such Stock Award is providing Continuous Service, *provided, however*, that the Board may, in its sole discretion, cause some or all Stock Awards to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such Stock Awards have not previously expired or terminated) before the Dissolution is completed but contingent on its completion.

(c) Transactions. The following provisions will apply to Stock Awards in the event of a Transaction. In the event of a Transaction, then, notwithstanding any other provision of the Plan, the Board may take one or more of the following actions with respect to Stock Awards, contingent upon the closing or completion of the Transaction, and *provided that* the Board may take the actions described in Sections 9(c)(iii) through 9(c)(vi) only if the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) does not consent to the actions in Sections 9(c)(i) and 9(c)(ii):

(i) arrange for the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company) to assume or continue the Stock Award or to substitute a similar stock award for the Stock Award (including, but not limited to, an award to acquire the same consideration paid to the stockholders of the Company pursuant to the Transaction);

(ii) arrange for the assignment of any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to the Stock Award to the surviving corporation or acquiring corporation (or the surviving or acquiring corporation's parent company);

(iii) accelerate the vesting, in whole or in part, of the Stock Award (and, if applicable, the time at which the Stock Award may be exercised) to a date prior to the effective time of such Transaction as the Board determines (or, if the Board does not determine such a date, to the date that is five (5) days prior to the effective date of the Transaction), with such Stock Award terminating if not exercised (if applicable) at or prior to the effective time of the Transaction; *provided, however*, that the Board may require Participants to complete and deliver to the Company a notice of exercise before the effective date of a Transaction, which exercise is contingent upon the effectiveness of such Transaction;

(iv) arrange for the lapse, in whole or in part, of any reacquisition or repurchase rights held by the Company with respect to the Stock Award;

(v) cancel or arrange for the cancellation of the Stock Award, to the extent not vested or not exercised prior to the effective time of the Transaction, in exchange for such cash consideration or no consideration as the Board, in its sole discretion, may consider appropriate; and

(vi) make a payment, in such form as may be determined by the Board equal to the excess, if any, of (A) the value of the property the Participant would have received upon the exercise of the Stock Award immediately prior to the effective time of the Transaction, over (B) any exercise price payable by such holder in connection with such exercise. For clarity, this payment may be zero (\$0) if the value of the property is equal to or less than the exercise price. Payments under this provision may be delayed to the same extent that payment of consideration to the holders of the Company's Common Stock in connection with the Transaction is delayed as a result of escrows, earn outs, holdbacks or any other contingencies.

The Board need not take the same action or actions with respect to all Stock Awards or portions thereof or with respect to all Participants. The Board may take different actions with respect to the vested and unvested portions of a Stock Award.

(d) Change in Control. A Stock Award may be subject to additional acceleration of vesting and exercisability upon or after a termination of Continuous Service in connection with a Change in Control as may be provided in the Stock Award Agreement for such Stock Award or as may be provided in any other written agreement between the Company or any Affiliate and the Participant, but in the absence of such provision, no such acceleration will occur.

10. Plan Term; Earlier Termination or Suspension of the Plan.

(a) The Board may suspend or terminate the Plan at any time. No Incentive Stock Option will be granted after the tenth (10th) anniversary of the earlier of (i) the date the Plan is adopted by the Board, or (ii) the date the Plan is approved by the stockholders of the Company. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) **No Impairment of Rights.** Suspension or termination of the Plan will not impair rights and obligations under any Award granted while the Plan is in effect except with the written consent of the affected Participant or as otherwise permitted in the Plan.

11. Effective Date of Plan.

This Plan will become effective on the Effective Date.

12. Choice of Law.

The laws of the State of Delaware will govern all questions concerning the construction, validity and interpretation of this Plan, without regard to that state's conflict of laws rules.

13. Definitions. As used in the Plan, the following definitions will apply to the capitalized terms indicated below:

(a) **“Affiliate”** means, at the time of determination, any “parent” or “subsidiary” of the Company as such terms are defined in Rule 405. The Board will have the authority to determine the time or times at which “parent” or “subsidiary” status is determined within the foregoing definition.

(b) **“Award”** means a Stock Award or a Performance Cash Award.

(c) **“Award Agreement”** means a written agreement between the Company and a Participant evidencing the terms and conditions of an Award.

(d) **“Board”** means the Board of Directors of the Company.

(e) **“Capitalization Adjustment”** means any change that is made in, or other events that occur with respect to, the Common Stock subject to the Plan or subject to any Stock Award after the Effective Date without the receipt of consideration by the Company through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, large nonrecurring cash dividend, stock split, reverse stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or any similar equity restructuring transaction, as that term is used in Statement of Financial Accounting Standards Board Accounting Standards Codification Topic 718 (or any successor thereto). Notwithstanding the foregoing, the conversion of any convertible securities of the Company will not be treated as a Capitalization Adjustment.

(f) **“Cause”** will have the meaning ascribed to such term in any written agreement between the Participant and the Company defining such term and, in the absence of such agreement, such term means, with respect to a Participant, the occurrence of any of the following events: (i) the Participant’s commission of an act of fraud, embezzlement or other act of dishonesty that could reflect adversely on the integrity, character or reputation of the Company, or that would cause harm to its customer relations, operations or business prospects; (ii) the Participant’s breach of a fiduciary duty owed to the Company; (iii) the Participant’s violation or threatening to violate a restrictive covenant agreement, such as a non-compete, non-solicit, or non-disclosure agreement, between a Participant and the Company; (iv) the Participant’s unauthorized disclosure or use of confidential information or trade secrets; (v) the Participant’s violation of any lawful policies or rules of the Company, including any applicable code of conduct; (vi) the Participant’s conviction of, or plea of nolo contendere to, any felony if such conviction or plea (a) results in such Person’s imprisonment, (b) could reflect adversely on the integrity, character or reputation of the Company or (c) would cause harm to the Company’s customer relations, operations or business prospects; (vii) the Participant’s failure to reasonably cooperate in any investigation or proceeding concerning the Company; or (viii) the Participant’s neglect or misconduct in the performance of the Participant’s duties and responsibilities, provided that he or she did not cure such neglect or misconduct within ten (10) days after the Company gave written notice of such neglect or misconduct to such Participant. The determination that a termination of the Participant’s Continuous Service is either for Cause or without Cause will be made by the Company, in its sole discretion. Any determination by the Company that the Continuous

Service of a Participant was terminated with or without Cause for the purposes of outstanding Awards held by such Participant will have no effect upon any determination of the rights or obligations of the Company or such Participant for any other purpose.

(g) **“Change in Control”** means the occurrence, in a single transaction or in a series of related transactions, of any one or more of the following events:

(i) any Exchange Act Person becomes the Owner, directly or indirectly, of securities of the Company representing more than fifty percent (50%) of the combined voting power of the Company’s then outstanding securities other than by virtue of a merger, consolidation or similar transaction. Notwithstanding the foregoing, a Change in Control will not be deemed to occur (A) on account of the acquisition of securities of the Company directly from the Company, (B) on account of the acquisition of securities of the Company by an investor, any affiliate thereof or any other Exchange Act Person that acquires the Company’s securities in a transaction or series of related transactions the primary purpose of which is to obtain financing for the Company through the issuance of equity securities, or (C) solely because the level of Ownership held by any Exchange Act Person (the “**Subject Person**”) exceeds the designated percentage threshold of the outstanding voting securities as a result of a repurchase or other acquisition of voting securities by the Company reducing the number of shares outstanding, provided that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of voting securities by the Company, and after such share acquisition, the Subject Person becomes the Owner of any additional voting securities that, assuming the repurchase or other acquisition had not occurred, increases the percentage of the then outstanding voting securities Owned by the Subject Person over the designated percentage threshold, then a Change in Control will be deemed to occur;

(ii) there is consummated a merger, consolidation or similar transaction involving (directly or indirectly) the Company and, immediately after the consummation of such merger, consolidation or similar transaction, the stockholders of the Company immediately prior thereto do not Own, directly or indirectly, either (A) outstanding voting securities representing more than fifty percent (50%) of the combined outstanding voting power of the surviving Entity in such merger, consolidation or similar transaction or (B) more than fifty percent (50%) of the combined outstanding voting power of the parent of the surviving Entity in such merger, consolidation or similar transaction, in each case in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such transaction;

(iii) there is consummated a sale, lease, exclusive license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries, other than a sale, lease, license or other disposition of all or substantially all of the consolidated assets of the Company and its Subsidiaries to an Entity, more than fifty percent (50%) of the combined voting power of the voting securities of which are Owned by stockholders of the Company in substantially the same proportions as their Ownership of the outstanding voting securities of the Company immediately prior to such sale, lease, license or other disposition; or

(iv) individuals who, on the date the Plan is adopted by the Board, are members of the Board (the “**Incumbent Board**”) cease for any reason to constitute at least a majority of the members of the Board; *provided, however*, that if the appointment or election (or nomination for election) of any new Board member was approved or recommended by a majority vote of the members of the Incumbent Board then still in office, such new member will, for purposes of this Plan, be considered as a member of the Incumbent Board.

Notwithstanding the foregoing definition or any other provision of this Plan, (A) the term Change in Control will not include a sale of assets, merger or other transaction effected exclusively for the purpose of changing the domicile of the Company, and (B) the definition of Change in Control (or any analogous term) in an individual written agreement between the Company or any Affiliate and the Participant will supersede the foregoing definition with respect to Awards subject to such agreement; *provided, however*, that if no definition of Change in Control or any analogous term is set forth in such an individual written agreement, the foregoing definition will apply.

(h) “**Code**” means the Internal Revenue Code of 1986, as amended, including any applicable regulations and guidance thereunder.

However, service solely as a Director, or payment of a fee for such service, will not cause a Director to be considered a “Consultant” for purposes of the Plan. Notwithstanding the foregoing, a person is treated as a Consultant under this Plan only if a Form S-8 Registration Statement under the Securities Act is available to register either the offer or the sale of the Company’s securities to such person.

(m) “**Continuous Service**” means that the Participant’s service with the Company or an Affiliate, whether as an Employee, Director or Consultant, is not interrupted or terminated. A change in the capacity in which the Participant renders service to the Company or an Affiliate as an Employee, Director or Consultant or a change in the Entity for which the Participant renders such service, provided that there is no interruption or termination of the Participant’s service with the Company or an Affiliate, will not terminate a Participant’s Continuous Service; *provided, however*, that if the Entity for which a Participant is rendering services ceases to qualify as an Affiliate, as determined by the Board, in its sole discretion, such Participant’s Continuous Service will be considered to have terminated on the date such Entity ceases to qualify as an Affiliate. For example, a change in status from an Employee of the Company to a Consultant of an Affiliate or to a Director will not constitute an interruption of Continuous Service. To the extent permitted by law, the Board or the chief executive officer of the Company, in that party’s sole discretion, may determine whether

Continuous Service will be considered interrupted in the case of (i) any leave of absence approved by the Board or chief executive officer, including sick leave, military leave or any other personal leave, or (ii) transfers between the Company, an Affiliate, or their successors. Notwithstanding the foregoing, a leave of absence will be treated as Continuous Service for purposes of vesting in a Stock Award only to such extent as may be provided in the Company's leave of absence policy, in the written terms of any leave of absence agreement or policy applicable to the Participant, or as otherwise required by law.

(ii) a sale or other disposition of at least ninety percent (90%) of the outstanding securities of the Company;

(iii) a merger, consolidation or similar transaction following which the Company is not the surviving corporation; or

(iv) a merger, consolidation or similar transaction following which the Company is the surviving corporation but the shares of Common Stock outstanding immediately preceding the merger, consolidation or similar transaction are converted or exchanged by virtue of the merger, consolidation or similar transaction into other property, whether in the form of securities, cash or otherwise.

(r) "**Dissolution**" means when the Company, after having executed a certificate of dissolution with the State of Delaware, has completely wound up its affairs. (u) **“Entity”** means a corporation, partnership, limited liability company or other entity.

(v) **“Exchange Act”** means the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder.

(ii) Unless otherwise provided by the Board, if there is no closing sales price for the Common Stock on the date of determination, then the Fair Market Value will be the closing selling price on the last preceding date for which such quotation exists.

(iii) In the absence of such markets for the Common Stock, the Fair Market Value will be determined by the Board in good faith and in a manner that complies with Sections 409A and 422 of the Code.

(y) **“Full Value Award”** means a Stock Award that is not an Option or SAR with respect to which the exercise or strike price is at least one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option or SAR on the date of grant.
