Only stockholders who owned common stock at the close of business on April 24, 2017 can vote at the Annual Meeting or any adjournment that may take place. At the Annual Meeting, the stockholders will consider and vote on the following matters:

1. Election of three class I directors to our board of directors, each to serve until the 2020 annual meeting of stockholders;
2. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017; and
3. Transaction of any other business properly brought before the Annual Meeting or any adjournment or postponement of the Annual Meeting.

You can find more information, including the nominees for director, in the proxy statement for the Annual Meeting, which is available for viewing, printing and downloading at <http://www.edocumentview.com/EPZM>. The board of directors recommends that you vote in favor of each of proposals one and two as outlined in the attached proxy statement.

Instead of mailing a paper copy of our proxy materials to all of our stockholders, this year we are providing access to our proxy materials over the Internet under the Securities and Exchange Commission's "notice and access" rules. As a result, we sent to our stockholders a Notice of Internet Availability of Proxy Materials, or the Notice, instead of a paper copy of this proxy statement and our Annual Report for the fiscal year ended December 31, 2016, or the 2016 Annual Report. We plan to mail the Notice on or about April 28, 2017, and the Notice contains instructions on how to access our proxy materials over the Internet. The Notice also contains instructions on how each of our stockholders can receive a paper copy of our proxy materials, including the proxy statement, our 2016 Annual Report, and a form of proxy card.

We cordially invite all stockholders to attend the Annual Meeting in person. Stockholders of record at the close of business on April 24, 2017, the record date for the Annual Meeting, are entitled to notice of, and to vote at, the Annual Meeting or any adjournment or postponement of the Annual Meeting. You may obtain directions to the location of the Annual Meeting by calling our offices at 617-229-5872. Whether or not you expect to attend the Annual Meeting in person, please vote your shares to ensure your representation and the presence of a quorum at the Annual Meeting. If you are a stockholder of record, you may vote your shares on the Internet by visiting <https://www.investorvote.com/epzm>, by telephone by calling 1-800-652-VOTE (8683) and following the recorded instructions or by completing, signing, dating, and returning a proxy card. Your vote is important regardless of the number of shares you own. If you mail your proxy card or vote by telephone or the Internet and then decide to attend the Annual Meeting to vote your shares in person, you may still do so. Your proxy is revocable in accordance with the procedures set forth in the proxy statement.

The board of directors of Epizyme is using this proxy statement to solicit proxies for use at the Annual Meeting. In this proxy statement, unless expressly stated otherwise or the context otherwise requires, the use of “Epizyme,” “our,” “we” or “us” refers to Epizyme, Inc. and its subsidiary.

All properly submitted proxies will be voted in accordance with the instructions contained in those proxies. If no instructions are specified, the proxies will be voted in accordance with the recommendation of our board of directors with respect to each of the matters set forth in the accompanying Notice of Meeting. If you are a stockholder of record, you may change your vote or revoke your proxy at any time before it is exercised at the meeting by giving our Secretary written notice to that effect.

Instead of mailing a paper copy of our proxy materials to all of our stockholders, this year we are providing access to our proxy materials over the Internet under the Securities and Exchange Commission’s “notice and access” rules. As a result, we are mailing to our stockholders a Notice of Internet Availability of Proxy Materials, or Notice, instead of a paper copy of this proxy statement and our Annual Report for the fiscal year ended December 31, 2016, or the 2016 Annual Report. We sent the Notice on or about April 28, 2017, and it contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how each of our stockholders can receive a paper copy of our proxy materials, including this proxy statement, our 2016 Annual Report, and a form of proxy card.

**Important Notice Regarding the Availability of Proxy Materials for

available for viewing, printing and downloading at <http://www.edocumentview.com/epzm>.**

A copy of our annual report on Form 10-K for the fiscal year ended December 31, 2016, as filed with the Securities and Exchange Commission, or SEC, except for exhibits, will be furnished without charge to any stockholder upon written request to Epizyme, Inc. 400 Technology Square, Cambridge, Massachusetts 02139. This proxy statement and our annual report on Form 10-K for the fiscal year ended December 31, 2016 are also available on the SEC’s website at <http://www.sec.gov>.

IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Purpose of the Annual Meeting

At the Annual Meeting, our stockholders will consider and vote on the following matters:

1. Election of three class I directors to our board of directors, each to serve until the 2020 annual meeting of stockholders;
2. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017; and
3. Transaction of any other business properly brought before the Annual Meeting or any adjournment or postponement thereof.

As of the date of this proxy statement, we are not aware of any business to come before the meeting other than the first two items noted above.

Board of Directors Recommendation

Our board of directors unanimously recommends that you vote:

FOR the election of the three nominees to serve as class I directors on our board of directors for a three-year term; and

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2017.

Availability of Proxy Materials

The proxy materials, including this proxy statement, a proxy card and our 2016 Annual Report are available for viewing, printing and downloading on the Internet at <http://www.edocumentview.com/EPZM>.

Who Can Vote at the Annual Meeting

Only stockholders of record at the close of business on the record date of April 24, 2017, are entitled to receive notice of the Annual Meeting and to vote the shares of our common stock that they held on that date. As of April 24, 2017, there were 58,358,225 shares of common stock issued and outstanding. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

Difference between a “stockholder of record” and a beneficial owner of shares held in “street name”

Stockholder of Record . If your shares are registered directly in your name with our transfer agent, Computershare, then you are considered a “stockholder of record” of those shares. You may vote your shares by proxy prior to the Annual Meeting by following the instructions contained in the Notice and in the section titled “How to Vote” on page 3 of this proxy statement.

Beneficial Owners of Shares Held in Street Name . If your shares are held in a brokerage account or by a bank, trust or other nominee or custodian, then you are considered the beneficial owner of those shares, which are held in “street name.” The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to instruct that organization as to how to vote the shares held in your account by following the instructions contained on the voting instruction card provided to you by that organization.

Why did I receive a notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

We are pleased to comply with the SEC rules that allow companies to distribute their proxy materials over the Internet under the “notice and access” approach. As a result, on or about April 28, 2017, we sent our stockholders and beneficial owners a copy of the Notice instead of paper copies of this proxy statement, our proxy card, and our 2016 Annual Report. Detailed instructions on how to access these materials via the Internet may be found in the Notice. This proxy statement and our 2016 Annual Report are available for viewing, printing and downloading on the Internet at <http://www.edocumentview.com/EPZM>.

How to Vote

If you are a stockholder of record, you can vote your shares in one of two ways: either by proxy or in person at the Annual Meeting. If you choose to vote by proxy, you may do so by telephone, via the Internet or by mail. Each of these methods is explained below.

- *By Telephone* . You may transmit your proxy over the phone by calling 1-800-652-VOTE (8683) and following the instructions provided in the Notice and on the proxy card.
- *Via the Internet* . You may transmit your proxy via the Internet by following the instructions provided in the Notice and on the proxy card.
- *By Mail* . If you requested printed copies of proxy materials, you can vote by mailing your proxy card as described in the proxy materials.
- *In Person at the Annual Meeting* . You may vote in person at the Annual Meeting. We will give you a ballot when you arrive. If you are the beneficial owner of shares held in “street name” and you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from the organization that holds your shares and present it with your ballot to the inspector of election at the Annual Meeting. Even if you plan to attend the Annual Meeting, we urge you to vote your shares by proxy in advance of the Annual Meeting so that if you should become unable to attend the Annual Meeting your shares will be voted as directed by you.

Telephone and Internet voting for stockholders of record will be available up until 1:00 a.m. Eastern time on June 22, 2017, and mailed proxy cards must be received by June 21, 2017 in order to be counted at the Annual Meeting. If the Annual Meeting is adjourned or postponed, these deadlines may be extended.

The voting deadlines and availability of telephone and Internet voting for beneficial owners of shares held in “street name” will depend on the voting processes of the organization that holds your shares. Therefore, we urge you to carefully review and follow the voting instruction card and any other materials that you receive from that organization.

Can I Vote My Shares by Filling Out and Returning the Notice of Internet Availability of Proxy Materials?

No. The Notice contains instructions on how to vote via the Internet, by telephone, by requesting and returning a paper proxy card, or by submitting a ballot in person at the Annual Meeting.

Quorum

A quorum of stockholders is necessary to hold a valid meeting. Our amended and restated by-laws provide that a quorum will exist if stockholders holding a majority of the shares of stock issued and outstanding and entitled to vote are present at the meeting in person or by proxy. If a quorum is not present, the meeting may be adjourned until a quorum is obtained.

[Table of Contents](#)

Abstentions and broker non-votes count as present for establishing a quorum but will not be counted as votes cast. Broker non-votes occur when your broker or other nominee submits a proxy for your shares (because the broker or other nominee has received instructions from you on one or more proposals, but not all proposals, or has not received instructions from you but is entitled to vote on a particular “discretionary” matter) but does not indicate a vote for a particular proposal because the broker or other nominee either does not have the authority to vote on that proposal and has not received voting instructions from you or has discretionary authority but chooses not to exercise it.

Ballot Measures Considered “Discretionary” and “Non-Discretionary”

The election of directors (Proposal No. 1) is a matter considered non-discretionary under applicable rules. A broker or other nominee cannot vote without instructions on non-discretionary matters, and therefore there may be broker non-votes on Proposal No. 1.

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2017 (Proposal No. 2) is a matter considered discretionary under applicable rules. A broker or other nominee may generally exercise discretionary authority and vote on discretionary matters. If they exercise this discretionary authority, no broker non-votes are expected to occur in connection with Proposal No. 2.

Votes Required to Elect a Director and Ratify Appointment of Ernst & Young LLP

To be elected, a director must receive a plurality of the votes cast by stockholders entitled to vote at the meeting (Proposal No. 1).

The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the shares of common stock present or represented by proxy and voted “for” or “against” such matter (Proposal No. 2).

Abstentions and broker non-votes will not be counted as votes cast or voted on any of the proposals. Accordingly, abstentions and broker non-votes will have no effect on the voting on either of the proposals.

Method of Counting Votes

Each holder of common stock is entitled to one vote at the Annual Meeting on each matter to come before the Annual Meeting, including the election of directors, for each share held by such stockholder as of the record date. Votes cast in person at the Annual Meeting or by proxy by mail, via the Internet or by telephone will be tabulated by the inspector of election appointed for the Annual Meeting, who will also determine whether a quorum is present.

Revoking a Proxy; Changing Your Vote

If you are a stockholder of record, you may revoke your proxy before the vote is taken at the meeting:

- by submitting a new proxy with a later date before the applicable deadline either signed and returned by mail or transmitted using the telephone or Internet voting procedures described in the “How to Vote” section above;
- by voting in person at the meeting; or
- by filing a written revocation with our corporate Secretary.

[Table of Contents](#)

If your shares are held in “street name,” you may submit new voting instructions by contacting your broker or other organization holding your account. You may also vote in person at the Annual Meeting, which will have the effect of revoking any previously submitted voting instructions, if you obtain a legal proxy from the organization that holds your shares as described in the “How to Vote” section above.

Your attendance at the Annual Meeting will not automatically revoke your proxy.

Costs of Proxy Solicitation

We will bear the costs of soliciting proxies. Our directors, officers and regular employees, without additional remuneration, may solicit proxies by mail, telephone, facsimile, email, personal interviews and other means.

Voting Results

We plan to announce preliminary voting results at the Annual Meeting and will publish final results in a Current Report on Form 8-K to be filed with the SEC within four business days following the Annual Meeting.

PROPOSAL NO. 1—ELECTION OF THREE CLASS I DIRECTORS

Our board of directors currently consists of eight members. In accordance with the terms of our certificate of incorporation and by-laws, our board of directors is divided into three classes (class I, class II and class III), with members of each class serving staggered three-year terms. The members of the classes are divided as follows:

- the class I directors are Andrew R. Allen, M.D., Ph.D., Kenneth Bate and Robert Bazemore, and their term expires at the Annual Meeting;
- the class II directors are Carl Goldfischer, M.D., Beth Seidenberg, M.D. and Kevin T. Conroy, and their term expires at the annual meeting of stockholders to be held in 2018; and
- the class III directors are David M. Mott and Richard F. Pops, and their term expires at the annual meeting of stockholders to be held in 2019;

Upon the expiration of the term of a class of directors, directors in that class will be eligible to be elected for a new three-year term at the annual meeting of stockholders in the year in which their term expires.

Our certificate of incorporation and by-laws provide that the authorized number of directors may be changed only by resolution of our board of directors. Our certificate of incorporation and by-laws also provide that our directors may be removed only for cause by the affirmative vote of the holders of at least 75% of the votes that all our stockholders would be entitled to cast in an annual election of directors, and that any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may be filled only by vote of a majority of our directors then in office.

Our board of directors has nominated Andrew R. Allen, M.D., Ph.D., Kenneth Bate and Robert Bazemore for election as class I directors at the Annual Meeting. Each of the nominees is presently a director, and each has indicated a willingness to continue to serve as director, if elected. If a nominee becomes unable or unwilling to serve, however, the proxies may be voted for substitute nominees selected by our board of directors.

We have no formal policy regarding board diversity. Our priority in selection of board members is identification of members who will further the interests of our stockholders through their established record of professional accomplishment, the ability to contribute positively to the collaborative culture among board members, knowledge of our business and understanding of the competitive landscape.

Nominees for Election as Class I Directors

Biographical information as of March 1, 2017, including principal occupation and business experience during the last five years, for our nominees for election as class I directors at our Annual Meeting is set forth below.

Prior to Johnson & Johnson, Mr. Bazemore worked at Merck & Co., Inc., or Merck, for eleven years, where he served in a variety of roles in medical affairs, sales and marketing. He received a B.S. in biochemistry from the University of Georgia. We believe that Mr. Bazemore's extensive experience in the pharmaceutical industry, his experience as an executive, and his past service on the board of directors of a life sciences industry group, allow him to be a key contributor to our board of directors.

The proxies will be voted in favor of the nominees unless a contrary specification is made in the proxy. The nominees have consented to serve as our directors if elected. However, if any nominee is unable for any reason to serve as a director, proxies may be voted for one or more substitutes who will be designated by our board of directors.

The board of directors recommends voting "FOR" the election of each of Andrew R. Allen, M.D., Ph.D., Kenneth Bate and Robert B. Bazemore Jr. as class I directors, each for a three-year term ending at the annual meeting of stockholders to be held in 2020.

**PROPOSAL NO. 2—RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP
AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE
FISCAL YEAR ENDING DECEMBER 31, 2017**

Our stockholders are being asked to ratify the appointment by the audit committee of the board of directors of Ernst & Young LLP as our independent registered public accounting firm. Ernst & Young LLP has served as our independent registered public accounting firm since 2008.

The audit committee is solely responsible for selecting our independent registered public accounting firm for the fiscal year ending December 31, 2017. Stockholder approval is not required to appoint Ernst & Young LLP as our independent registered public accounting firm. However, the board of directors believes that submitting the appointment of Ernst & Young LLP to the stockholders for ratification is good corporate governance. If the stockholders do not ratify this appointment, the audit committee will reconsider whether to retain Ernst & Young LLP. If the selection of Ernst & Young LLP is ratified, the audit committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time it decides that such a change would be in the best interest of our company and our stockholders.

A representative of Ernst & Young LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he or she desires to do so and to respond to appropriate questions from our stockholders.

We incurred the following fees from Ernst & Young LLP for the audit of the consolidated financial statements and for other services provided during the years ended December 31, 2016 and 2015.

All other fees	—	—
Total fees	<u>\$ 492,793</u>	<u>\$ 583,182</u>

- (1) Audit fees consist of fees for the audit of our annual financial statements, the review of the interim financial statements included in our quarterly reports on Form 10-Q, and other professional services provided in connection with any registration statements filed with the SEC.

Audit Committee Pre-approval Policy and Procedures

Our audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy provides that we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by our audit committee or the engagement is entered into pursuant to the pre-approval procedure described below.

From time to time, our audit committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

During our 2016 and 2015 fiscal years, no services were provided to us by Ernst & Young LLP other than in accordance with the pre-approval policies and procedures described above.

The board of directors recommends voting “FOR” Proposal No. 2 to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm.

CORPORATE GOVERNANCE

Director Nomination Process

Our nominating and corporate governance committee is responsible for identifying individuals qualified to serve as directors, consistent with criteria approved by our board, and recommending the persons to be nominated for election as directors, except where we are legally required by contract, law or otherwise to provide third parties with the right to nominate director candidates.

The process followed by our nominating and corporate governance committee to identify and evaluate director candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and our board. While there are no specific minimum qualifications for a committee-recommended nominee to our board of directors, the qualifications, qualities and skills that our nominating and corporate governance committee believes must be met by a committee-recommended nominee for a position on our board of directors are as follows:

- Nominees should have a reputation for integrity, honesty and adherence to high ethical standards.
- Nominees should have demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to our current and long-term objectives and should be willing and able to contribute positively to our decision-making process.
- Nominees should have a commitment to understand our company and our industry and to regularly attend and participate in meetings of our board of directors and its committees.
- Nominees should have the interest and ability to understand the sometimes conflicting interests of our various constituencies, which include stockholders, employees, customers, governmental units, creditors and the general public, and to act in the interests of all stockholders.
- Nominees should not have, nor appear to have, a conflict of interest that would impair the nominee's ability to represent the interests of all of our stockholders and to fulfill the responsibilities of a director.
- Nominees shall not be discriminated against on the basis of race, religion, national origin, sex, sexual orientation, disability or any other basis proscribed by law. The value of diversity on our board of directors is considered.
- Nominees should normally be able to serve for at least three years before reaching the age of 75.

Stockholders may recommend individuals to the nominating and corporate governance committee for consideration as potential director candidates. Any such proposals should be submitted to our corporate Secretary at our principal executive offices and should include appropriate biographical and background material to allow the nominating and corporate governance committee to properly evaluate the potential director candidate and the number of shares of our stock beneficially owned by the stockholder proposing the candidate. The specific requirements for the information that is required to be provided for such recommendations to be considered are specified in our bylaws and must be received by us no later than the date referenced below under the heading "Stockholder Proposals." Assuming that biographical and background material has been provided on a timely basis, any recommendations received from stockholders will be evaluated in the same manner as potential nominees proposed by the nominating and corporate governance committee. If our board of directors decides to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included on our proxy card for the next annual meeting.

Director Independence

Applicable NASDAQ rules require a majority of a listed company's board of directors to be comprised of independent directors within one year of listing. In addition, the NASDAQ rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and corporate governance

[Table of Contents](#)

committees be independent and that audit committee members also satisfy independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act and that compensation committee members satisfy independence criteria set forth in Rule 10C-1 under the Exchange Act. Under applicable NASDAQ rules, a director will only qualify as an “independent director” if, in the opinion of the listed company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee, accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries or otherwise be an affiliated person of the listed company or any of its subsidiaries. In addition, in affirmatively determining the independence of any director who will serve on a company’s compensation committee, Rule 10C-1 under the Exchange Act requires that a company’s board of directors must consider all factors specifically relevant to determining whether a director has a relationship to such company which is material to that director’s ability to be independent from management in connection with the duties of a compensation committee member, including: the source of compensation to the director, including any consulting, advisory or other compensatory fee paid by such company to the director, and whether the director is affiliated with the company or any of its subsidiaries or affiliates.

In April 2017, our board of directors undertook a review of the composition of our board of directors and the independence of each director. Based upon information requested from and provided by each director concerning his or her background, employment and affiliations, including family relationships, our board of directors determined that each of our directors, with the exception of Mr. Bazemore, is an “independent director” as defined under applicable NASDAQ rules. In making such determination, our board of directors considered the relationships that each such non-employee director has with our company and all other facts and circumstances that our board of directors deemed relevant in determining his or her independence, including the beneficial ownership of our capital stock by each non-employee director. Mr. Bazemore is not an independent director under these rules because he is currently serving as our president and chief executive officer.

Board Committees

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Each of the audit committee, compensation committee and nominating and corporate governance committee operates under a charter, and each such committee reviews its respective charter at least annually. A current copy of the charter for each of the audit committee, compensation committee and the nominating and corporate governance committee is posted on the corporate governance section of the “Investor Center” on our website, which is located at <http://www.epizyme.com>.

Audit Committee

The members of our audit committee are Dr. Goldfischer, Mr. Bate and Mr. Pops. Dr. Goldfischer is chair of the audit committee. Our audit committee met five times during 2016. Our audit committee’s responsibilities include:

- appointing, approving the compensation of, and assessing the independence of our independent registered public accounting firm;
- overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of reports from that firm;
- reviewing and discussing with management and our independent registered public accounting firm our annual and quarterly financial statements and related disclosures;
- monitoring our internal control over financial reporting, disclosure controls and procedures and code of conduct;

[Table of Contents](#)

- overseeing our internal audit function, if any;
- discussing our risk management policies;
- establishing procedures for the receipt and retention of accounting-related complaints and concerns;
- meeting independently with our internal audit staff, if any, our independent registered public accounting firm and management;
- reviewing and approving or ratifying any related person transactions; and
- preparing the audit committee report required by SEC rules.

All audit and non-audit services, other than *de minimis* non-audit services, to be provided to us by our independent registered public accounting firm must be approved in advance by our audit committee.

Our board of directors has determined that Dr. Goldfischer and Mr. Bate are each an “audit committee financial expert” as defined in applicable SEC rules. We believe that the composition of our audit committee meets the requirements for independence under current NASDAQ and SEC rules and regulations.

Compensation Committee

The members of our compensation committee are Dr. Seidenberg, Mr. Mott and Dr. Allen. Mr. Mott is chair of the compensation committee. Our compensation committee met three times during 2016. Our compensation committee’s responsibilities include:

- reviewing and approving, or making recommendations to our board of directors with respect to, our chief executive officer’s compensation;
- reviewing and approving, or making recommendations to our board of directors with respect to, the compensation of our other executive officers;
- overseeing the evaluations of our senior executives;
- reviewing and making recommendations to our board of directors with respect to management succession planning;
- overseeing and administering our cash and equity incentive plans;
- reviewing and making recommendations to our board of directors with respect to director compensation;
- reviewing and discussing annually with management our “Compensation Discussion and Analysis” disclosure if and to the extent then required by SEC rules; and
- preparing the compensation committee report if and to the extent then required by SEC rules.

Our compensation committee may delegate to one or more executive officers the power to grant options or other stock awards pursuant to our incentive plans to employees of the company who are not executive officers or senior vice presidents.

We believe that the composition of our compensation committee meets the requirements for independence under current NASDAQ and SEC rules and regulations. Our board of directors has determined that Dr. Seidenberg, Mr. Mott and Dr. Allen are independent as currently defined in applicable NASDAQ listing standards.

Compensation Committee Interlocks and Insider Participation

During 2016, the members of our compensation committee were Dr. Seidenberg, Mr. Mott and Dr. Allen. None of the members of our compensation committee is an officer or employee of our company, nor have they ever been an officer or employee of our company. None of our executive officers has served as a director or member

[Table of Contents](#)

of the compensation committee (or other committee serving an equivalent function) of any other entity whose executive officers served as one of our directors or a member of the compensation committee. None of the members of the compensation committee (or his or her immediate family members) had a direct or indirect material interest in a transaction with the company involving more than \$120,000.

Nominating and Corporate Governance Committee

The members of our nominating and corporate governance committee are Drs. Goldfischer and Seidenberg. Dr. Goldfischer is chair of the nominating and corporate governance committee. Our nominating and corporate governance committee did not hold a formal committee meeting during 2016 but did meet regularly on an informal basis to discuss management and Board staffing decisions. Our nominating and corporate governance committee's responsibilities include:

- identifying individuals qualified to become members of our board of directors;
- recommending to our board of directors the persons to be nominated for election as directors and to each of our board's committees;
- developing and recommending to our board of directors corporate governance guidelines; and
- overseeing an annual evaluation of our board of directors.

We believe that the composition of our nominating and corporate governance committee meets the requirements for independence under current NASDAQ and SEC rules and regulations.

Board and Committee Meetings Attendance

Our Board recognizes the importance of director attendance at Board and committee meetings. The full board of directors met eight times during 2016. During 2016, each member of the board of directors, other than Dr. Allen, attended in person or participated in 75% or more of the aggregate of (i) the total number of meetings of the board of directors (held during the period for which such person has been a director) and (ii) the total number of meetings held by all committees of the board of directors on which such person served (during the periods that such person served).

Director Attendance at Annual Meeting of Stockholders

Directors are responsible for attending the annual meeting of stockholders. Three members of our board of directors attended the 2016 annual meeting of stockholders.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. A current copy of the code is posted on the corporate governance section of the "Investor Center" on our website, which is located at <http://www.epizyme.com>. If we make any substantive amendments to, or grant any waivers from, the code of business conduct and ethics for any officer or director, we will disclose the nature of such amendment or waiver on our website or in a current report on Form 8-K.

Corporate Governance Guidelines

Our board of directors has adopted corporate governance guidelines to assist in the exercise of its duties and responsibilities and to serve the best interests of our company and our stockholders. The guidelines provide that:

- our board's principal responsibility is to oversee the management of our company;
- a majority of the members of our board must be independent directors;
- the independent directors meet in executive session at least twice a year;

[Table of Contents](#)

- directors have full and free access to management and, as necessary, independent advisors; and
- our nominating and corporate governance committee will oversee an annual self-evaluation of the board to determine whether it and its committees are functioning effectively.

A copy of the corporate governance guidelines is posted under the heading “Corporate Governance” on the Investor Relations section of our website, which is located at <http://www.epizyme.com>.

Board Leadership Structure and Board’s Role in Risk Oversight

In April 2016, we appointed David M. Mott, an independent director under applicable NASDAQ rules, as chairman of the board. Prior to the appointment of Mr. Mott as chairman of the board, we did not have a chairman of the board. Mr. Mott previously served as our lead independent director and, in that capacity, served in a role similar to that of a chairman of the board. Separating the duties of the chairman of the board from the duties of the chief executive officer allows our chief executive officer to focus on our day-to-day business, while allowing the chairman of the board to lead the board of directors in its fundamental role of providing advice to and independent oversight of management. Specifically, our chairman of the board runs meetings of our independent directors, facilitates communications between management and the board of directors and assists with other corporate governance matters. Our board of directors believes that this structure ensures a greater role for the independent directors in the oversight of our company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of our board of directors. Our board of directors believes its administration of its risk oversight function has not affected its leadership structure. Our board of directors believes that we have an appropriate leadership structure for us at this time which demonstrates our commitment to good corporate governance.

Risk is inherent with every business and how well a business manages risk can ultimately determine its success. We face a number of risks, including those described under “Risk Factors” in our annual report on Form 10-K for the year ended December 31, 2016. Our board of directors is actively involved in oversight of risks that could affect us. This oversight is conducted primarily by our full board of directors, which has responsibility for general oversight of risks.

Our board of directors oversees our risk management processes directly and through its committees. Our management is responsible for risk management on a day-to-day basis and our board and its committees oversee the risk management activities of management. Our board of directors satisfies this responsibility through full reports by each committee chair regarding the committee’s considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within our company. Our audit committee oversees risk management activities related to financial controls and legal and compliance risks. Our compensation committee oversees risk management activities relating to our compensation policies and practices. Our nominating and corporate governance committee oversees risk management activities relating to board composition and management succession planning. In addition, members of our senior management team attend our quarterly board meetings and are available to address any questions or concerns raised by the board on risk management and any other matters. Our board of directors believes that full and open communication between management and the board of directors is essential for effective risk management and oversight.

Communication with Our Directors

Any interested party with concerns about our company may report such concerns to the board of directors, or the chairman of our board of directors, or otherwise the chairman of the nominating and corporate governance committee, by submitting a written communication to the attention of such director at the following address:

c/o Epizyme, Inc.
400 Technology Square
Cambridge, Massachusetts 02139
United States

[Table of Contents](#)

You may submit your concern anonymously or confidentially by postal mail. You may also indicate whether you are a stockholder, customer, supplier, or other interested party.

A copy of any such written communication may also be forwarded to our legal counsel and a copy of such communication may be retained for a reasonable period of time. The director may discuss the matter with our legal counsel, with independent advisors, with non-management directors, or with our management, or may take other action or no action as the director determines in good faith, using reasonable judgment, and discretion.

Communications may be forwarded to all directors if they relate to important substantive matters and include suggestions or comments that may be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances, and matters as to which we tend to receive repetitive or duplicative communications.

The audit committee oversees the procedures for the receipt, retention, and treatment of complaints received by us regarding accounting, internal accounting controls, or audit matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting, internal accounting controls or auditing matters. We have also established a toll-free telephone number for the reporting of such activity, which is 866-858-6315.

Mr. Mott and Dr. Seidenberg elected to receive their cash fees in shares of Common Stock, and subsequently received 6,000 shares and 3,200 shares, respectively, in lieu of such fees for the second, third and fourth quarters of 2016. The value of the shares of Common Stock was determined using the closing price of \$10.33 on July 1, 2016.
- (3) In 2016, on the date of the annual meeting of stockholders, each of Dr. Allen, Mr. Bate, Dr. Goldfischer, Mr. Mott, Mr. Pops and Dr. Seidenberg was granted an option to purchase 12,500 shares of common stock.
- (4) Amounts shown reflect the grant date fair value of option awards granted during 2016. The grant date fair value was computed in accordance with Financial Accounting Standards Board Accounting Standards, or the FASB, Accounting Standards Codification Topic 718, Compensation—Stock Compensation. See note 10 to the financial statements in our annual report on Form 10-K for the year ended December 31, 2016 regarding assumptions we made in determining the fair value of option awards.

During 2016, we did not provide any cash compensation to Mr. Bazemore, our President and Chief Executive Officer for his service as a director. Mr. Bazemore's compensation is set forth under "Executive Compensation—Summary Compensation Table." No cash compensation was provided to Dr. Gould, who resigned from the board in June 2016, for his service as a board member during 2016.

Director Compensation Program

Under our director compensation program, we pay our non-employee directors a cash retainer for service on the board of directors and for service on each committee on which the director is a member. The chairman of the board and the chairman of each committee receives additional retainers for such service. These fees are payable in arrears in four equal quarterly installments on the last day of each quarter, provided that the amount of such payment is prorated for any portion of such quarter that the director is not serving on our board of directors.

Our director compensation program is intended to provide a total compensation package that enables us to attract and retain qualified and experienced individuals to serve as directors and to align our directors' interests with those of our stockholders. From time to time, the compensation committee reviews and assesses the director compensation program and makes recommendations to the board with respect to director compensation. During the first quarter of 2016, our compensation committee engaged Pearl Meyer to provide advice and recommendations regarding our director compensation program. As part of its engagement, Pearl Meyer provided data on director compensation from a peer group of publicly traded companies. After considering the data provided by Pearl Meyer, the compensation committee recommended, and the board of directors approved, changes to some of the committee membership and committee chairman fees, a cash retainer for the new role of chairman of the board and an increase in the number of options granted to our non-employee directors upon their initial election to our board of directors and as an annual grant. These changes were effective April 1, 2016.

Under our director compensation program, we pay our non-employee directors a cash retainer for service on the board of directors and for service on each committee on which the director is a member. The chairman of the board and the chairman of each committee receives additional retainers for such service. These fees are payable in arrears in four equal quarterly installments on the last day of each quarter, provided that the amount of such payment is prorated for any portion of such quarter that the director is not serving on our board of directors.

In 2016, directors received cash fees under our director compensation program for service on the board of directors, as chairman of our board of directors and for service on each committee of the board of directors on which the director is a member on the basis of our then-current program for the first quarter of 2016, and for the balance of 2016, directors received cash fees on the basis of our revised program.

	First Quarter 2016 Director Compensation Program		Revised Director Compensation Program	
	Member Annual Fee	Chairman Additional Annual Fee	Member Annual Fee	Chairman Additional Annual Fee
Board of Directors	\$ 35,000	—	\$35,000	\$35,000
Audit Committee	7,000	8,000	7,500	7,500
Compensation Committee	5,000	5,000	5,000	7,500
Nominating and Corporate Governance Committee	2,500	2,500	4,000	4,500

As part of the revised program, a stock-for-fees policy was implemented, under which directors have the right to elect to receive common stock in lieu of cash fees. These shares of common stock are issued under our 2013 Stock Incentive Plan, or the 2013 Plan. In 2016, the shares were issued on July 1, 2016, with the number of shares issued to participating directors determined by dividing the expected cash fees for the period from April 1, 2016 through December 31, 2016, by the closing price of the Company's common stock, on July 1, 2016. For 2017 and thereafter, our stock will be issued on the date of the annual meeting, and the number of shares to be issued to participating directors will be determined by dividing the expected cash fees to be paid for the full year by the closing price of the Company's common stock on the day of the annual meeting. Each incumbent director may elect to receive stock for fees prior to the beginning of each fiscal year, and each new director has the immediate option to elect to elect to receive stock for fees, beginning with the next full fiscal year during which he or she serves.

[Table of Contents](#)

In addition, under our revised director compensation program, upon a non-employee director's initial election to our board of directors, such director will receive an option to purchase 25,000 shares of our common stock, and, on the date of each annual meeting of stockholders, each non-employee director that has served on our board of directors for at least six months and that continues to serve on our board of directors after such annual meeting, will receive an option to purchase 12,500 shares of our common stock. Subject to the non-employee director's continued service as a director, each option will vest with respect to 25% of the shares on the first anniversary of the grant date and the remaining shares vest in equal monthly installments thereafter until the fourth anniversary of the grant date. Narrative to Summary Compensation Table

We review compensation annually for our named executive officers. In setting executive base salaries and bonuses and granting equity incentive awards, we consider compensation for comparable positions in the market, the historical compensation levels of our executives, individual performance as compared to our expectations and objectives, our desire to motivate our employees to achieve short- and long-term results that are in the best interests of our stockholders, and a long-term commitment to our company. We do not target a specific competitive position or a specific mix of compensation among base salary, bonus or long-term incentives.

Our compensation committee has historically determined our executives’ compensation. Our compensation committee typically reviews and discusses management’s proposed compensation with the chief executive officer for all executives other than the chief executive officer. Our compensation committee engaged Pearl Meyer as its independent compensation consultant to review our executive compensation peer group and program design and assess our executives’ compensation relative to comparable companies. Pearl Meyer provides our compensation committee with information regarding market compensation practices and trends. Our compensation committee considered the relationship that Pearl Meyer has with us, the members of our board of directors and our executive officers. Based on the committee’s evaluation, the compensation committee has determined that Pearl Meyer is serving as an independent and conflict-free advisor to the committee. Following the compensation committee’s discussions with management and in consideration of the information provided by Pearl Meyer, the compensation committee then consults with the Board about the compensation of each executive officer before approving the executive officers’ compensation.

Annual Base Salary. The following table presents the base salaries for each of our named executive officers for the years 2016 and 2017, as approved by our compensation committee. The 2016 base salaries became effective on January 1, 2016. The 2017 base salaries became effective on January 1, 2017.

<u>Name</u>	<u>2016 Annual Base Salary</u> <u>(\$)</u>	<u>2017 Annual Base Salary</u> <u>(\$)</u>
Robert Bazemore	540,000	556,200
Andrew E. Singer	412,000	412,000
Robert A. Copeland, Ph.D.	438,000	438,000

Annual Bonus. Our bonus plan motivates and rewards our executives for achievements relative to our goals and expectations for each fiscal year. Each named executive officer has a target bonus opportunity, defined as a percentage of his annual salary. Following the end of each year, our board of directors determines bonuses. Material considerations in determining bonuses include our financial performance relative to our plan and achievement of corporate objectives for the year; the individual executive’s handling of unplanned events and

[Table of Contents](#)

opportunities; and the chief executive officer's input with respect to the performance of our company and of our executives. Based on these factors and in the sole discretion of our compensation committee, with input from our board of directors, we approved the following bonuses in 2017 for our named executive officers for their performance in 2016.

<u>Name</u>	<u>Target Bonus (% of salary)</u>	<u>Actual Bonus (\$)</u>	<u>Actual Bonus (% of salary)</u>
Robert Bazemore	55	245,700	46
Andrew E. Singer	40	127,473	31
Robert A. Copeland, Ph.D.	40	143,489	33

Target bonuses as a percentage of annual salary for 2017 remain the same as those target bonuses as a percentage of annual salary for each executive in 2016.

Specific achievements and performance considered by our board of directors in determining bonuses for 2016 included:

- expanded enrollment in all five arms of the ongoing international, registration-supporting, phase 2 clinical trial of tazemetostat in patients with non-Hodgkin lymphoma, or NHL, which increased the target total population to 270 patients from 150 with clinical activity, objective responses, and a favorable safety profile reported in all five arms;
- FDA approval of the inclusion of Follicular Lymphoma, or FL, patients in our ongoing Phase 2 NHL study in the United States;
- receipt of Fast Track designation for tazemetostat for the treatment of patients with relapsed or refractory diffuse large B-cell lymphoma, or DLBCL, whose tumors carry an EZH2 activating mutation;
- expansion of our ongoing registration-supporting, global phase 2 clinical trial of tazemetostat in adult patients with INI1-negative solid tumors and synovial sarcoma;
- initiation of our ongoing international phase 1 dose-escalation and dose expansion study of tazemetostat in pediatric patients with certain INI1-negative tumors;
- initiation of a Phase 1b/2 clinical trial of tazemetostat in newly diagnosed, elderly, high-risk patients with DLBCL in the front-line setting, in combination with RCHOP, the current standard of care in front-line DLBCL, through a collaboration with the Lymphoma Study Association, or LYSA, a premier cooperative French lymphoma group;
- initiation of a Phase 1b combination study with tazemetostat and Tecentriq™ (atezolizumab) in patients with relapsed or refractory DLBCL in collaboration with Genentech Inc., a member of the Roche Group;
- initiation of an ongoing global, multi-center, phase 2 study in relapsed or refractory patients with mesothelioma characterized by BAP1 loss-of-function;
- establishment of CRADAs with NCI to expand the clinical evaluation of tazemetostat in adults and children, and explore the potential for pinometostat as a combination therapy for certain kinds of acute leukemia; and
- recognition of a milestone payment following the initiation by Glaxo Group Limited (an affiliate of GSK) of patient dosing in a Phase 1 clinical trial of a PRMT5 inhibitor discovered by us and being developed under our collaboration with GSK.

Long-Term Incentives. We typically grant equity incentive awards at the start of employment to each executive and our other employees, grant annual stock option awards thereafter, and may periodically grant additional

[Table of Contents](#)

equity incentive awards during employment based on individual role, performance and contribution. Equity incentive awards to our executive officers are typically granted annually in connection with the annual performance review in recognition of achievements and performance during the prior year and to provide appropriate motivation for future performance.

The option exercise price equals the fair market value of our common stock on the date of grant, which is equal to the closing price of our common stock on the NASDAQ Global Market on the date of grant. Vesting begins on the date of grant. Time vested stock option and restricted stock unit grants to our executives typically vest 25% on the first anniversary of grant or, if earlier, the initial employment date, and 1/48th per month thereafter, are fully vested at the end of four years and, in the case of stock options, have a term of 10 years from the grant date.

In February 2016, our compensation committee approved a grant of stock options under our 2013 Plan to our named executive officers. Each of these option awards has an exercise price equal to the fair market value of our common stock on the date of grant and vests with respect to 25% of the shares on February 8, 2017 and with respect to the remaining shares in approximately equal monthly installments over the following three years.

In addition, in February 2016, in accordance with the terms of his employment offer letter, we awarded Mr. Singer 80,732 restricted stock units. This award vested with respect to 25% of the shares upon grant and vests with respect to the remaining shares in approximately equal monthly installments over the following three years.

In February 2017, our compensation committee approved a grant of stock options under our 2013 Plan to our named executive officers. Each of these equity awards has an exercise price equal to the fair market value of our common stock on the date of grant and vests with respect to 25% of the shares on February 8, 2018 and with respect to the remaining shares in approximately equal monthly installments over the following three years.

The following table sets forth the number of shares of common stock issuable upon exercise of the stock options granted to our named executive officers in February 2016 and February 2017:

Name	Number of Securities Underlying Options (#) Granted in	Number of Securities Underlying Options (#) Granted in
	February 2016	February 2017
Robert Bazemore	412,500	335,704
Andrew E. Singer	76,400	61,037
Robert A. Copeland, Ph.D.	122,200	97,659

Other Compensation. We generally pay relocation expenses for newly-hired executive officers who we require to relocate as a condition to their employment with us. We also have, and may in the future, pay local housing expenses and travel costs for executives who maintain a primary residence outside of a reasonable daily commuting range to our headquarters prior to such executive's relocation. We believe that these are typical benefits offered by comparable companies to executives who are asked to relocate and that we would be at a competitive disadvantage in trying to attract executives who would need to relocate in order to work for us if we did not offer such assistance.

Our named executive officers are eligible to participate in our long-term disability and term life insurance plans, our fitness benefits and 401(k) matching contributions that we provide to employees generally. We do not provide additional perquisites or personal benefits to our named executive officers. We do not sponsor any qualified or non-qualified defined benefit plans for any of our employees or executives.

Please see "—Additional Narrative Disclosure" for information regarding our 401(k) savings plan and health and welfare benefits.

Each executive officer is also eligible for severance benefits in specified circumstances, as set forth in our Executive Severance and Change in Control Plan. Additional Narrative Disclosure

401(k) Savings Plan . We maintain a defined contribution employee retirement plan for our employees. Our 401(k) plan is intended to qualify as a tax-qualified plan under Section 401 of the Internal Revenue Code so that contributions to our 401(k) plan, and income earned on such contributions, are not taxable to participants until withdrawn or distributed from the 401(k) plan. Our 401(k) plan provides that each participant may contribute up to 90% of his or her pre-tax compensation, up to a statutory limit, which was \$18,000 for 2016. Participants who are at least 50 years old can also make “catch-up” contributions, which in 2016 could be up to an additional \$6,000 above the statutory limit. Under our 401(k) plan, each employee is fully vested in his or her deferred salary contributions. Employee contributions are held and invested by the plan’s trustee, subject to participants’ ability to give investment directions by following certain procedures. During the year ended December 31, 2016, we provided a matching contribution to the 401(k) plan, matching 50% of an employee’s contribution up to a maximum of 3% of the participant’s compensation. Matching contributions made to each of our named executive officers are included in the “Summary Compensation Table—All Other Compensation.”

Policies and Procedures for Related Person Transactions

Our board of directors has adopted a written related person transaction policy to set forth policies and procedures for the review and approval or ratification of related person transactions. This policy covers any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we were or are to be a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders, or their immediate family members, each of whom we refer to as a "related person," had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness and employment by us of a related person.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a "related person transaction," the related person must report the proposed related person transaction to our general counsel, or if we do not have a general counsel, our chief financial officer. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by our audit committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance

review and approval is not practicable, the audit committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chairman of the audit committee to review and, if deemed appropriate, approve proposed related person transactions that arise between audit committee meetings, subject to ratification by the audit committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the audit committee after full disclosure of the related person's interest in the transaction. As appropriate for the circumstances, the audit committee will review and consider:

- the related person's interest in the related person transaction;
- the approximate dollar value of the amount involved in the related person transaction;
- the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;
- whether the transaction was undertaken in the ordinary course of our business;
- whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;
- the purpose of, and the potential benefits to us of, the transaction; and
- any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

Our audit committee may approve or ratify the transaction only if it determines that, under all of the circumstances, the transaction is in, or is not inconsistent with, our best interests. Our audit committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, our board of directors has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

- interests arising solely from the related person's position as an executive officer of another entity whether or not the person is also a director of the entity, that is a participant in the transaction, where the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction and the amount involved in the transaction is less than the greater of \$200,000 or 5% of the annual gross revenues of the company receiving payment under the transaction; and
- a transaction that is specifically contemplated by provisions of our certificate of incorporation or by-laws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by our compensation committee in the manner specified in the compensation committee's charter.

Some banks, brokers and other nominee record holders may be participating in the practice of “householding” proxy statements and annual reports. This means that only one copy of our documents, including the Notice of Internet Availability of Proxy Materials or, if requested, the 2016 Annual Report and proxy statement, may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of any of the above documents to you upon written or oral request to Epizyme, Inc., 400 Technology Square, Cambridge, Massachusetts 02139, Attention: IR, telephone: 617-229-5872. If you want to receive separate copies of the Notice of Internet Availability of Proxy Materials, proxy statement or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and phone number.

STOCKHOLDER PROPOSALS

A stockholder who would like to have a proposal considered for inclusion in our 2018 proxy statement must submit the proposal in accordance with the procedures outlined in Rule 14a-8 of the Exchange Act so that it is received by us no later than December 29, 2017. However, if the date of the 2018 annual meeting of stockholders is changed by more than 30 days from the date of the previous year’s meeting, then the deadline is a reasonable time before we begin to print and send our proxy statement for the 2018 annual meeting of stockholders. SEC rules set standards for eligibility and specify the types of stockholder proposals that may be excluded from a proxy statement. Stockholder proposals should be addressed to Epizyme, Inc., 400 Technology Square, Cambridge, Massachusetts 02139, Attention: IR.

If a stockholder wishes to propose a nomination of persons for election to our board of directors or present a proposal at an annual meeting but does not wish to have the proposal considered for inclusion in our proxy statement and proxy card, our amended and restated by-laws establish an advance notice procedure for such nominations and proposals. Stockholders at an annual meeting may only consider proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of the board of directors or by a stockholder of record on the record date for the meeting, who is entitled to vote at the meeting and who has delivered timely notice in proper form to our corporate Secretary of the stockholder’s intention to bring such business before the meeting.

The required notice must be in writing and received by our corporate Secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year’s annual meeting. However, in the event that the date of the annual meeting is advanced by more than 20 days, or delayed by more than 60 days, from the first anniversary of the preceding year’s annual meeting, a stockholder’s notice must be so received no earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of (A) the 90th day prior to such annual meeting and (B) the tenth day following the day on which notice of the date of such annual meeting was mailed or public disclosure of the date of such annual meeting was made, whichever first occurs. For stockholder proposals to be brought before the 2018 annual meeting of stockholders, the required notice must be received by our corporate secretary at our principal executive offices no earlier than February 22, 2018 and no later than March 24, 2018.
