About Marrone Bio Innovations

Smart. Natural. Solutions.

Marrone Bio Innovations, Inc. (NASDAQ:MBII) strives to lead the movement to a more sustainable world through the discovery, development and promotion of biological products for pest management and plant health. MBI's effective and environmentally responsible pest management solutions help customers operate more sustainably while uniquely improving plant health and increasing crop yields. MBI currently has six commercially available products (Regalia[®], Grandevo[®], Venerate[®], Majestene[®], Haven[™] and Zequanox[®]) as well as eight product candidates in various stages of the company's rapid development pipeline. MBI also distributes Bio-tam 2.0[®] for Isagro USA in the western U.S. and Jet-Ag[®] for Jet Harvest in most regions of the U.S.

Marrone Bio Innovations is dedicated to pioneering smart biopesticide solutions that support a better tomorrow for both farmers and consumers around the globe. For more information, please visit www.marronebio.com.
