Marrone Bio Innovations to Webcast its Presentation at the Jefferies 2016 Global Industrials Conference

DAVIS, Calif.--(BUSINESS WIRE)-- Marrone Bio Innovations, Inc. (NASDAQ:MBII), a leading provider of effective and environmentally responsible pest management and plant health products, announced today that it will be presenting at the Jefferies 2016 Global Industrials Conference at 11:20 a.m. ET on Thursday, August 11, 2016 in New York City.

Pam Marrone, Chief Executive Officer, will deliver a formal presentation, which will be webcast live. The webcast can be accessed on the Marrone Bio Innovations investor relations website at investors.marronebio.com. The webcast will also be available for replay following the conference.

About Marrone Bio Innovations

Smart. Natural. Solutions.

Marrone Bio Innovations, Inc. (NASDAQ:MBII) strives to lead the movement to a more sustainable world through the discovery, development and promotion of biological products for pest management and plant health. Our effective and environmentally responsible solutions help customers operate more sustainably while controlling pests, improving plant health, and increasing crop yields. We have four products for agriculture on the market (Regalia®, Grandevo®, Venerate® and Majestene®), and also distribute Bio-tam 2.0® for Isagro USA in the western U.S. MBI also markets Zequanox® for invasive mussels for water markets. We also have a proprietary discovery process, a rapid development platform, and a robust pipeline of pest management and plant health product candidates. At Marrone Bio Innovations we are dedicated to pioneering better biopesticides that support a better tomorrow for users around the globe. For more information, please visit www.marronebio.com.
