Marrone Bio Innovations to Webcast its Presentation at the 2017 Marcum Microcap Conference

DAVIS, Calif.--(BUSINESS WIRE)-- Marrone Bio Innovations, Inc. (NASDAQ: MBII), a leading provider of bio-based pest management and plant health products for the agriculture, turf and ornamental and water treatment markets, announced today that it will be presenting at the 2017 Marcum Microcap Conference at 11:00 a.m. ET on Thursday, June 15, 2017 in New York City.

Pam Marrone, chief executive officer, will deliver a formal presentation, which will be webcast live. The webcast can be accessed on the Marrone Bio Innovations investor relations website at investors.marronebio.com. The webcast will also be available for replay following the conference.

About Marrone Bio Innovations

Smart. Natural. Solutions.

Marrone Bio Innovations, Inc. (NASDAQ: MBII) strives to lead the movement to a more sustainable world through the discovery, development and promotion of biological products for pest management and plant health. The Company's effective and environmentally responsible solutions help customers operate more sustainably while controlling pests, improving plant health, and increasing crop yields. The Company has five products for agriculture on the market (Regalia®, Grandevo®, Venerate®, and Majestene® and HavenTM), and also distributes Bio-tam 2.0® for Isagro USA in the western U.S. and Jet-Ag® for Jet Harvest in most regions of the U.S. The Company markets Zequanox® for invasive mussels for water markets. Marrone also has a proprietary discovery process, a rapid development platform, and a robust pipeline of pest management and plant health product candidates. At Marrone Bio Innovations, the Company is dedicated to pioneering better biopesticides that support a better tomorrow for users around the globe.
