Wombat Security Technologies Selects Attunity CloudBeam to Accelerate Cloud Data Integration

Attunity Recognizes Data Privacy Day This Week by Helping Wombat Raise Awareness About Data Protection and Cyber Attacks

BURLINGTON, Massachusetts, January 25, 2017 /PRNewswire/ --

Attunity Ltd. (NASDAQ: ATTU), a leading provider of data integration and Big Data management software solutions, announced today that Wombat Security Technologies (Wombat), a leader in information security awareness and training software, has chosen [Attunity CloudBeam](#) to accelerate data integration between its database systems and Amazon Web Services. Leveraging its change data capture (CDC) technology, the Attunity solution will enable Wombat to migrate and move its heterogeneous data from on-premises and cloud sources securely and in near real-time to the AWS Cloud with zero downtime.

Wombat Security Technologies, a company born from research at the world-renowned Carnegie Mellon University (CMU), is using Attunity to securely migrate and integrate its data with Cloud environments.

"I originally found Attunity CloudBeam after performing research on the AWS Marketplace and used the free, 30-day trial of the Attunity solution to test how it would handle data migration," explained **Ian Kane, Senior Data Warehouse Architect at Wombat Security Technologies**. "We found that Attunity CloudBeam could move half a billion records from on-premises systems and Amazon Redshift to a Postgres database on Amazon RDS securely and effortlessly. The solution is working perfectly for us."

"We're recognizing [Data Privacy Day](#) this week because we understand that security is paramount to customers adopting the Cloud," explained **Itamar Ankorion, Chief Marketing Officer at Attunity**. "We're thrilled that Attunity CloudBeam has enabled Wombat to realize a secure and high-performance solution in migrating data to the AWS cloud, and we look forward to continuing to help customers in their shoes as well as provide innovative solutions that help companies thrive."

Safe Harbor Statement

This press release contains forward-looking statements, including statements regarding the anticipated features and benefits of Replicate and Visibility Solutions, within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995 and other Federal Securities laws. Statements preceded by, followed by, or that otherwise include the words "believes", "expects", "anticipates", "intends", "estimates", "plans", and similar expressions or future or conditional verbs such as "will", "should", "would", "may" and "could" are generally forward-looking in nature and not historical facts. Because such statements deal with future events, they are subject to various risks and uncertainties and actual results, expressed or implied by such forward-looking statements, could differ materially from Attunity's current expectations. Factors that could cause or contribute to such differences include, but are not limited to: risks and uncertainties relating to our history of operating losses and ability to achieve profitability; our reliance on strategic relationships with our distributors, OEM, VAR and "go-to-market" and other business partners, and on our other significant customers; risks and uncertainties relating to acquisitions, including costs and difficulties related to integration of acquired businesses; our ability to expand our business into the SAP market and the success of our Gold Client offering; timely availability and customer acceptance of Attunity's new and existing products, including Attunity Compose and Attunity Visibility; risks and uncertainties relating to fluctuations in our quarterly operating results, which may not necessarily be indicative of future periods; changes in the competitive landscape, including new competitors or the impact of competitive pricing and products; a shift in demand for products such as Attunity's products; the impact on revenues of economic and political uncertainties and weaknesses in various regions of the world, including the commencement or escalation of hostilities or acts of terrorism as well as cyber-attacks; and other factors and risks on which Attunity may have little or no control. This list is intended to identify only certain of the principal factors that could cause actual results to differ. For a more detailed description of the risks and uncertainties affecting Attunity, reference is made to Attunity's latest Annual Report on Form 20-F which is on file with the Securities and Exchange Commission (SEC) and the other risk factors discussed from time to time by Attunity in reports filed with, or furnished to, the SEC. Except as otherwise required by law, Attunity undertakes no obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.
