Attunity Named Best Big Data Management Company in Corporate Vision Magazine's Technology Innovator Awards

Awards Designed to Recognize the Firms Behind the Ground-breaking Developments That Change the Way Business is Done for the Better

BURLINGTON, Massachusetts, February 9, 2017 /PRNewswire/ --

Attunity Ltd. (NASDAQ CM: ATTU), a leading provider of data integration and Big Data management software solutions, announced today that [Corporate Vision](#) magazine has named it as the 'Best Big Data Management Company' in its Technology Innovator Awards Program. Corporate Vision's awards are designed to recognize and reward the individuals, departments and firms behind the ground-breaking developments that change the way business is done for the better. See the full list of winners [here](#).

"Our Technology Innovator awards program turns the spotlight on the very best that the technology sector has to offer," commented **Laura Hunter, Awards Coordinator at Corporate Vision Magazine**. "It is a true honor to reward the hard work and dedication of all of our deserving winners, and I would like to wish them the best of luck in the future."

The editors at Corporate Vision magazine created these awards to recognize the importance of technology and its role in the evolution of the business market. From instant communication to advances in product and service offerings, almost every aspect of the modern business market has been influenced by technology. With some of the most significant technological changes being made in the fields of productivity and communication, doors have been opened for businesses of all types, from SMEs to large multi-nationals, to capitalize on easier access to international markets and streamlined processes.

"Today's Big Data technology and the needs of leading enterprises using it worldwide are evolving quickly. This requires technology providers like Attunity to lead with agility and innovation, and we embrace the challenge," explained **Itamar Ankorion, Chief Marketing Officer at Attunity**. "We are honored to be recognized by the Technology Innovation Award Program and look forward to helping companies continue to achieve Big Data management success with higher efficiency, optimized performance and reduced costs."
