

Consumer Electronics Show - Recap

Good morning to all. As a reminder, we will be hosting our Fiscal 2016 third quarter results conference call and webcast this morning at 10 a.m. Eastern. You can listen to the webcast on our site, www.voxxintl.com, by clicking on the tab in the Investor Relations section. You can also dial-in to the call toll-free at 877-303-9079 (conference ID: 18703832).

The purpose of this email however is to alert you all that the presentations given at the 2016 International Consumer Electronics Show are now up on our website. Many of our investors, analysts and media followers attended live and saw firsthand, the product line-up for 2016 and had a chance to visit with us at our booth. We had a number of new Accessories, Electronics and Premium Audio products on display, many of which will be introduced this Spring at retail, and we also showcased the new solutions from EyeLock, which drew rave reviews from media. In fact, EyeLock's iris-authentication technology was rated among the top 5 by USA Today at CES this year!

You can view presentations from Ian Geise (VOXX Accessories), Tom Malone (VOXX Electronics) and Paul Jacobs (Premium Audio) by visiting the following link: <http://www.voxxintl.com/news-events/videos/>

Best wishes for a healthy and happy New Year and we look forward to updating you on our progress.

Glenn Wiener
President and CEO
GW Communications (for VOXX)
