PROXY STATEMENT
FOR 2005 ANNUAL MEETING OF STOCKHOLDERS
DATE, TIME, AND PLACE OF MEETING

This Proxy Statement is being provided to you by the Board of Directors of Pro-Pharmaceuticals, Inc. in connection with our 2005 Annual Meeting of Stockholders. The Annual Meeting will be held at 10:00 a.m. on Wednesday, May 25, 2005 at the Sheraton Needham Hotel, 100 Cabot Street, Needham, Massachusetts 02494, for the purposes set forth in the accompanying Notice of Annual Meeting. We intend to mail this Proxy Statement and the accompanying Notice of Annual Meeting on or about April 28, 2005, to all stockholders entitled to vote at the Annual Meeting.

PURPOSE OF MEETING

The proposals that will be considered and acted on at the Annual Meeting are (1) the election of seven directors to one-year terms; and (2) the ratification of the appointment of Deloitte & Touche LLP as our independent auditors to audit our financial statements for our 2005 fiscal year. The Board of Directors knows of no other business to be presented for consideration at the Annual Meeting. Each proposal is described in more detail in this Proxy Statement.

INFORMATION ABOUT PROXIES AND VOTING

Proxies

We urge holders of our common stock who are entitled to vote to sign the enclosed proxy card and return it promptly in the return envelope by following the instructions on the proxy card (both enclosed with these materials). Proxies will be voted as directed. Any proxy card returned without directions given will be voted "FOR" the election as directors of the nominees named herein, "FOR" ratification of the appointment of Deloitte & Touche LLP as our independent accountant to audit our financial statements for our 2005 fiscal year, and, as to any other business that may come before the Annual Meeting, in accordance with the judgment of the person or persons named in the proxy. A stockholder may revoke a proxy at any time prior to the voting thereof by providing written notice of revocation to Pro-Pharmaceuticals, Inc. at 189 Wells Avenue, Newton, Massachusetts 02459, Attention: Vice President, Investor Relations. The proxy may also be revoked by submitting to us before the Annual Meeting a more recently dated proxy or by attending the Annual Meeting and voting in person.

Solicitation of Proxies

The solicitation of proxies in the enclosed form is made on behalf of the Board of Directors. Pro-Pharmaceuticals is covering all costs of soliciting these proxies, including the costs of preparing, printing and mailing to stockholders this Proxy Statement and accompanying materials. In addition to use of the mails, proxies may be solicited personally or by telephone or otherwise by our officers, directors and employees, who will not be additionally compensated for such activities. We are also working with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of shares held of record by such institutions and persons. We will reimburse their reasonable expenses incurred to assist us.

Stockholders Entitled to Vote

Only holders of record of our common stock at the close of business on April 12, 2005 will be entitled to notice of and to vote at the Annual Meeting. At the close of business on April 12, 2005, Pro-Pharmaceuticals had

outstanding and entitled to vote 27,315,411 shares of common stock. Each holder of record of common stock on April 12, 2005 is entitled to one vote for each share held on all matters to be voted on at the Annual Meeting. There is no cumulative voting for the common stock.

Establishing a Quorum

Holders of more than 50% of our shares of common stock issued and outstanding must be present or represented at the Annual Meeting to have a quorum for conducting business. Shares as to which a broker indicates that it has no discretion to vote and which are not voted, known as “broker non-votes,” will be considered present at the Annual Meeting for purposes of determining the presence of a quorum, but such shares have no effect on the approval of the proposals described in this Proxy Statement. Proxies marked as abstaining on any matter to be acted on by the stockholders will be treated as present at the Annual Meeting for purposes of determining a quorum but will not be counted as votes cast on such matters.

Votes Required

Directors will be elected by a plurality of the votes of the stockholders cast at the Annual Meeting. A majority of the outstanding votes of stockholders entitled to vote are required for each of the other matters to be considered at the Annual Meeting. Neither abstentions nor broker non-votes will have any effect on the outcome of the votes on these matters.

To the best of our knowledge, there are no material proceedings to which any of our directors (all of whom are current nominees) or executive officers is a party adverse to, or has a material interest adverse to, Pro-Pharmaceuticals. To the best of our knowledge, there have been no events under any bankruptcy act, no criminal proceedings and no judgments or injunctions that are material to the evaluation of the ability or integrity of any director, executive officer, promoter or control person of Pro-Pharmaceuticals during the past five years.

Board of Directors Meetings and Committees of the Board

During the year ended December 31, 2004, our Board held fifteen meetings. During 2004, the Board had three standing committees: the Compensation Committee, the Audit Committee and the Nominating and Corporate Governance Committee. All of the directors on each committee are “independent” within the meaning of American Stock Exchange listing standards. During 2004 Edgar Ben-Josef attended fewer than 75% of the aggregate number of meetings of the Board of Directors and the committees of the Board on which he served. As required by the stock exchange rules, we held one meeting of the Board attended only by the independent (non-management) directors.

Compensation Committee

The Compensation Committee, whose members are Mildred Christian (chair) and Edgar Ben-Josef, met four times during 2004. David Smith will serve on this Committee during 2005, if re-elected as a director at the Annual Meeting, and would replace Dr. Ben-Josef. The Committee is responsible for reviewing and recommending compensation policies and programs, as well as salary and benefit levels for our executive officers. Its specific responsibilities include supervising and overseeing the administration of our incentive compensation and stock programs and, as such, the Committee is responsible for administration of grants and awards to directors, officers, employees, consultants and advisors under Pro-Pharmaceuticals’ 2001 Stock Incentive Plan, and the 2003 Non-employee Director Stock Incentive Plan. Additional information about the Compensation Committee is provided below under the caption “Report of the Compensation Committee.”

Audit Committee

The Audit Committee, whose members are Steven Prelack (chair), Dale Conaway and Jerald Rome, met seven times during 2004. Its chair met informally from time to time with our management and outside auditor. The charter of the Audit Committee was filed as an exhibit to our proxy statement for the 2004 Annual Meeting, and is posted on our website at www.pro-pharmaceuticals.com. The Audit Committee is responsible for oversight of the quality and integrity of the accounting, auditing and reporting practices of Pro-Pharmaceuticals. More specifically, it assists the Board of Directors in fulfilling its oversight responsibilities relating to (i) the quality and integrity of our financial statements, reports and related information provided to stockholders, regulators and others, (ii) our compliance with legal and regulatory requirements, (iii) the independent auditor’s qualifications, independence and performance, (iv) the internal control over financial reporting that management and the Board have established, and (v) the audit, accounting and financial reporting processes generally. The Committee is also responsible for review and approval of related-party transactions. Additional information about the Audit Committee is provided below under the caption “Report of the Audit Committee.”

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, whose members are Edgar Ben-Josef (chair) and Steven Prelack, met once during the last fiscal year. Jerald Rome, Dale Conaway and Mildred Christian, if re-elected as directors at the Annual Meeting, will serve on this Committee (replacing Dr. Ben-Josef and Mr. Prelack), and Mr. Rome has agreed to become the chair. The Committee’s charter is available on our website at www.pro-pharmaceuticals.com. The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become members of the Board, and to recommend to the Board candidates for election or re-election as directors, and for reviewing our governance policies in light of the corporate governance rules of the American Stock Exchange and the Securities and Exchange Commission. Under its charter, the Nominating and Corporate Governance Committee is required to establish and recommend criteria for service as a director, including matters relating to professional skills and experience, board composition, potential conflicts of interest and manner of consideration of individuals proposed by management or stockholders for nomination. The Committee believes candidates for the Board should have the ability to exercise objectivity and independence in making informed business decisions; extensive knowledge, experience and judgment; the highest integrity; loyalty to the interests of Pro-Pharmaceuticals and its stockholders; a willingness to devote the extensive time necessary to fulfill a director’s duties; the ability to contribute to the diversity of

perspectives present in board deliberations; and an appreciation of the role of the corporation in society. The Committee will consider candidates meeting these criteria who are suggested by directors, management, stockholders and other advisers hired to identify and evaluate qualified candidates.

The Committee has adopted a policy for stockholders to submit recommendations for director candidates. A stockholder desiring to make a recommendation may do so in writing by letter to the Nominating and Corporate Governance Committee stating the reasons for the recommendation and how the candidate may meet the Committee's director selection criteria. The letter may be confidential and should be addressed to the Chairman of the Nominating and Governance Committee, c/o Vice President, Investor Relations, Pro-Pharmaceuticals, Inc., 189 Wells Avenue, Newton, Massachusetts 02459. The Committee will evaluate stockholder-recommended candidates in the same manner as candidates recommended by other persons. Further information about stockholder nominations will be provided on our website as it becomes available.

Stockholder Communications with the Board of Directors

Stockholders may send communications to the Board, the Chairman, or one or more non-management directors by using the contact information provided on our website. Stockholders also may send communications by letter addressed to the President, Pro-Pharmaceuticals, Inc., 189 Wells Avenue, Newton, Massachusetts 02459, or by contacting our President or Vice President, Investor Relations, at (617) 559-0033. All communications will be received and reviewed by our President and/or Vice President, Investor Relations. Stockholder concerns about our accounting, internal controls, auditing matters or business practices will be reported to the Audit Committee. All other concerns will be reported to the appropriate committee(s) of the Board.

Attendance of Board Members at the Annual Meeting

We encourage, but do not require, our Board members to attend the annual meeting of stockholders. Four members of the Board attended our 2003 annual meeting.

Compensation of Directors

We compensate each of our non-employee directors with a grant of 500 non-qualified stock options for each meeting of our Board, and each meeting of a standing committee of the Board that such director attended during a year of service. Beginning with Board and committee service in 2003, we grant options under our 2003 Non-employee Directors Stock Incentive Plan, which was adopted by our Board in late 2003 and approved at our 2004 annual meeting of stockholders. For service in 2003, we granted options as of September 15, 2004, which were immediately exercisable at \$3.86 per share, to our non-employee directors as follows: Edgar Ben-Josef—7,000 options, Mildred Christian—9,000 options, Dale Conaway—7,000 options, Burton Firtel—7,500 options, Steven Prelack—250 options, and David Smith—7,000 options. For service in 2004, we granted options as of February 24, 2005, which were immediately exercisable at \$2.70 per share, to our non-employee directors as follows: Edgar Ben-Josef—5,000 options, Mildred Christian—9,000 options, Dale Conaway—9,500 options, Burton Firtel—7,500 options, Steven Prelack—11,000 options, and David Smith—7,500 options.

We paid Mr. Prelack, a director and member of our Audit Committee, \$54,000 for service in 2004 as chair of this Committee. We paid Messrs. Firtel and Prelack and Dr. Conaway \$6,000, \$3,200 and \$1900 respectively for special services as directors in 2004 to provide oversight of our litigation matters, particularly as related to our intellectual property.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

Dr. Platt is the only Named Executive Officer with whom we have an employment contract, a copy of which was filed as an exhibit to our Annual Report for the year ended December 31, 2003 filed on Form 10-K on March 30, 2004. The agreement, which became effective on January 2, 2004, provides that Dr. Platt shall serve as President and Chief Executive Officer at an initial base salary of \$220,000 per year (effective in 2004 and increased to \$260,000 for 2005), subject to annual review, and shall receive our standard employee life, disability and health insurance benefits. Dr. Platt is also entitled to receive bonus compensation as follows:

- (i) upon consummation of a transaction with a pharmaceutical company expected to result in at least \$10,000,000 of equity investment or \$50,000,000 of royalty revenue or other substantial benefit as our Board may determine, a cash bonus of \$200,000 and fully vested 10-year stock options exercisable at not less than the market value to purchase at least 200,000 of our shares of common stock;
- (ii) upon approval by the Food and Drug Administration of each new investigational new drug application filed by us for commencement of human trials, a cash bonus of \$100,000 and 100,000 of such stock options;
- (iii) upon approval by the FDA of each new drug application filed by us for any drug or drug delivery candidate, a cash bonus of \$400,000 and 400,000 of such stock options; and
- (iv) a cash bonus upon achievement of goals specified by our Board as determined in the first quarter of each fiscal year, with 50% based on performance relative to his work as an executive manager and/or scientist and 50% based on reference to objective criteria such as the market price of our stock or meeting budgets approved by the Board.

If Dr. Platt's employment terminates other than "for cause" or within twelve months after a change of control of Pro-Pharmaceuticals, he is entitled to, among other things, severance payments for two years based on his salary as of termination, a cash payment ranging from \$1,000,000 and \$2,000,000 calculated by reference to prior bonus payments, continuation of or comparable health plan benefits for him and his family for two years, and immediate vesting of any unvested stock options.

The agreement requires Dr. Platt to assign inventions and other intellectual property to Pro-Pharmaceuticals which he conceives or reduces during employment and for such period as the company pays severance, contains protective provisions concerning confidential information, non-competition and non-solicitation of employees, and provides for indemnification of Dr. Platt.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee during 2004 were Mildred Christian and Edgar Ben-Josef. If re-elected at the 2005 Annual Meeting, David Smith will replace Dr. Ben-Josef. None of these persons was an officer or employee of Pro-Pharmaceuticals during the fiscal year, formerly an officer of Pro-Pharmaceuticals, or had any relationship otherwise requiring disclosure hereunder.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee determines the cash and other incentive compensation, if any, to be paid to our executive officers and key employees. Compensation may include both cash (base salary and bonus) and equity-based compensation. Base salary is determined with reference to market norms. Bonus compensation (cash and/or options) is based on a number of factors such as our financial and non-financial performance, including fund raising; operating within budget; enhancing our market value; developing drug candidates, including enhancing our product pipeline; and expanding our intellectual property portfolio.

Equity-based compensation is comprised of stock option grants. We believe that equity-based compensation is useful to align the economic interest of the executive officers of Pro-Pharmaceuticals with the economic interests of our stockholders. The Compensation Committee reviews the outstanding unvested options of the key executives from time to time and may grant additional options to encourage the retention of key executives.

The compensation of our Chief Executive Officer is generally based on the same policies and criteria as the other executive officers. Dr. Platt's base salary was \$180,000 in 2003, \$220,000 in 2004, and was increased to \$260,000 for 2005. In developing Dr. Platt's employment agreement, including bonus compensation in cash and stock options for milestone achievements, the Compensation Committee considered the factors noted above. The Committee believes Dr. Platt's compensation, including salary, bonus and stock options, fall within the Company's compensation philosophy and are consistent with industry norms for a development-stage pharmaceutical company, and that severance contingencies are appropriate in light of the substantial contribution he has made to our science and intellectual property. We also awarded Dr. Platt a cash bonus of \$100,000 for satisfactorily achieving in 2004 certain incentives set by the Committee comprised of factors such as filing patent applications, completing equity financings, and meeting certain milestones for our Phase I and Phase II human clinical trials.

The Committee approved an increase of the salary of Maureen Foley, our Chief Operating Officer, from \$150,000 in 2004 to \$185,000 in 2005 in recognition of her contributions to the company and to bring her within industry standards for such an office. We also awarded Ms. Foley 75,000 stock options in December 2004, which vest at the rate of 25,000 options per year beginning the first anniversary of the grant date, as a long-term retention vehicle which is consistent with industry standards for such an office.

The objective of a formal compensation policy is to enable the Company to attract and retain qualified executives, and reward executives for performance against a number of Company goals agreed upon for the long-term maximization of stockholder value. The Compensation Committee has implemented this policy against which to assess executive compensation.

PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors has, subject to the ratification of the stockholders, appointed Deloitte & Touche LLP, as Pro-Pharmaceuticals' independent auditors for the fiscal year ending December 31, 2005. Deloitte & Touche has served as our independent auditors since February 2002. We do not expect a representative of Deloitte & Touche to be present at the Annual Meeting.

The Board recommends a vote "FOR" the ratification of the appointment of Deloitte & Touche LLP, as Pro-Pharmaceuticals' independent auditors for the fiscal year ending December 31, 2005.

Following is information concerning the fees paid to Deloitte & Touche during our 2004 and 2003 fiscal years.

	Fiscal Year 2004	Fiscal Year 2003
Audit Fees ⁽¹⁾	\$ 154,500	\$ 252,800
Audit-Related Fees ⁽²⁾	57,450	14,300
Tax Fees ⁽³⁾	7,425	0
Subtotal	219,375	267,100
All Other Fees ⁽⁴⁾	66,800	18,250
Total Fees	\$ 286,175	\$ 285,350

-
- (1) *Audit Fees* . These are fees for professional services performed by Deloitte & Touche for the audit of our annual financial statements included in our annual report on Form 10-K and review of financial statements included in our quarterly 10-Q filings, and services that are normally in connection with statutory and regulatory filings or engagements for such fiscal year.
 - (2) *Audit-Related Fees* . These are fees for assurance and related services performed by Deloitte & Touche that are reasonably related to the performance of the audit or review of our financial statements, including financial disclosures made in our equity finance documentation and registration statements filed with the SEC that incorporate financial statements and the auditors report thereon, and consultation with our Audit Committee on financial accounting/reporting standards.
 - (3) *Tax Fees* . These are fees paid to Deloitte & Touche for professional services with respect to tax compliance, in particular, preparation of our corporate tax returns.
 - (4) *All Other Fees* . These are fees for all other products and services provided or performed by Deloitte & Touche, not falling in one or more of the above categories and in 2003 and 2004 included services related to response to legal proceedings disclosed in our Annual Report on Form 10-K.

The Audit Committee has considered whether the provision of non-core audit services to Pro-Pharmaceuticals by Pro-Pharmaceuticals' principal auditor is compatible with maintaining independence.

Pre-Approval Policy and Procedures

The Audit Committee has adopted a policy and procedures which set forth the manner in which the Committee will review and approve all services to be provided by the independent auditor before the auditor is retained to provide such services. The policy requires Audit Committee pre-approval of the terms and fees of the annual audit services engagement, as well as any changes in terms and fees resulting from changes in audit scope or other items. The Audit Committee also pre-approves, on an annual basis, other audit services, and audit-related and tax services set forth in the policy, subject to estimated fee levels, on a project basis and aggregate annual basis, which have been pre-approved by the Committee.

All other services performed by the auditor that are not prohibited non-audit services under SEC or other regulatory authority rules must be separately pre-approved by the Audit Committee. Amounts in excess of pre-approved limits for audit services, audit-related services and tax services require separate pre-approval of the Audit Committee.

The Chief Financial Officer reports quarterly to the Audit Committee on the status of pre-approved services, including projected fees. All of the services reflected in the above table were approved by the Audit Committee.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is responsible for providing independent, objective oversight of Pro-Pharmaceuticals' accounting functions and internal control over financial reporting. The Audit Committee acts under a written charter first adopted and approved by the Board of Directors in 2001, as amended in 2004, which is reviewed annually. The Audit Committee is comprised of Steven Prelack, Dale Conaway and Jerald Rome. The Board has determined that Mr. Prelack is an "Audit Committee Financial Expert" within the meaning of the rules of the Securities and Exchange Commission. Each of the members of the Audit Committee qualifies as an "independent" director under applicable American Stock Exchange rules. A copy of the Audit Committee charter was filed as Appendix C to the proxy statement for our 2004 annual meeting of stockholders.

The Audit Committee has reviewed and discussed audited financial statements for Pro-Pharmaceuticals with management. The Audit Committee has also discussed with Deloitte & Touche LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, *Communication With Audit Committees*, which

includes, among other items, matters related to the conduct of the annual audit of our company's financial statements. The Audit Committee has also received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, concerning their independence, as required under applicable independence standards for auditors of public companies, and has discussed with Deloitte & Touche LLP its independence from Pro-Pharmaceuticals.

Based upon the review and discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited financial statements of Pro-Pharmaceuticals for the 2004 fiscal year be included in Annual Report filed on Form 10-K for the year ended December 31, 2004.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In January 2003 we entered into a contract with David Smith, a director, pursuant to which he would provide consulting services in connection with our business development and related financial services in consideration of an option to purchase 100,000 shares of our common stock, exercisable at \$3.50 per share. The original terms provided that options for 33,334 shares vested on the grant date, options for 33,333 shares vested in January 2004, and options for 33,333 shares vested in January 2005. We terminated the contract in January 2004 and accelerated the vesting of the remaining 33,333 options as of the termination date.

In June 2003 we entered into a contract with Burton Firtel, a director, effective as of March 2003, pursuant to which he would provide consulting services to us in consideration of an option to purchase 24,000 shares of common stock, exercisable at \$3.50 per share, which vests at the rate of 2,000 options per month as services are performed. We terminated the contract as of March 1, 2004.

OTHER BUSINESS

Management knows of no other matters that may be presented at the Annual Meeting.

DISSENTERS' RIGHTS OF APPRAISAL

No action is proposed herein for which the laws of the State of Nevada, the Articles of Incorporation or By-laws of Pro-Pharmaceuticals provide a right of a stockholder to dissent and obtain appraisal of or payment for such stockholder's shares.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent of our common stock, to file reports of ownership and changes of ownership of such securities with the Securities and Exchange Commission. Based on a review of our records, we believe that all filing requirements applicable to our officers, directors and holders of more than ten percent of our common stock were complied with during the 2004 fiscal year, except for Jerald Rome, a Form 3 for whom, required upon his becoming a director and reporting person, was filed late.

STOCKHOLDER PROPOSALS FOR 2006 ANNUAL MEETING

Under SEC rules, if a stockholder wants us to include a proposal in our Proxy Statement and form of proxy for presentation at our 2006 annual meeting of stockholders, the proposal must be received by us, attention: Vice President, Investor Relations, at our principal executive offices by December 29, 2005. Also in accordance with SEC guidelines, if a stockholder notifies us of that stockholder's intent to present a proposal at our 2006 annual meeting of stockholders after March 13, 2006, we may, acting through the persons named as proxies in the proxy materials for that meeting, exercise discretionary voting authority with respect to the proposal without including information about the proposal in our proxy materials. However, in either case, if the date of the 2006 annual meeting is changed by more than 30 days from the date of the 2005 meeting, then the deadline would be a reasonable time before we begin to print and mail our proxy materials.

DELIVERY OF VOTING MATERIALS

To reduce the expenses of delivering duplicate voting materials to our stockholders who may have more than one Pro-Pharmaceuticals stock account, we are taking advantage of "householding" rules that permit us to deliver only one set of the Proxy Statement and our Annual Report on Form 10-K for the 2004 fiscal year to stockholders who share an address unless otherwise requested. If you hold your shares through a broker, you may have consented to reducing the number of copies of materials delivered to your address. If you wish to revoke a consent previously provided to your broker, you must contact the broker to do so. In any event, if you share an address with another stockholder and have received only one set of voting materials, you may write or call us to request a separate copy of these materials at no cost to you. For future annual meetings, you may request separate voting materials, or request that we send only one set of voting materials to you if you are receiving multiple copies, by either: (i) telephoning us at (617) 559-0033; (ii) sending a letter to us at 189 Wells Avenue, Newton, Massachusetts 02459, Attention: Vice President, Investor Relations; or (iii) sending an e-mail to us at squeglia@pro-pharmaceuticals.com. If you hold your shares through a broker, you can request a single copy of materials for future meetings by contacting the broker.
