The proxy may be revoked at any time prior to the voting thereof by providing written notice of revocation to Pro-Pharmaceuticals at 189 Wells Avenue, Newton, Massachusetts 02459, Attention: Vice President, Investor Relations. The proxy may also be revoked by submitting to Pro-Pharmaceuticals prior to the Annual Meeting a more recently dated proxy or by attending the Annual Meeting and voting in person.

Solicitation of Proxies

The solicitation of proxies in the enclosed form is made on behalf of the Board of Directors. The entire cost of soliciting these proxies, including the costs of preparing, printing and mailing this Proxy Statement and accompanying materials to stockholders, will be borne by Pro-Pharmaceuticals. In addition to use of the mails,

proxies may be solicited personally or by telephone or otherwise by our officers, directors and employees, who will receive no additional compensation for such activities. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of shares held of record by such institutions and persons. Such parties will be reimbursed for their reasonable expenses incurred in connection with these activities.

Stockholders Entitled to Vote

Only holders of record of our common stock at the close of business on April 12, 2004 will be entitled to notice of and to vote at the Annual Meeting. Each holder of record of common stock on April 12, 2004 is entitled to one vote for each share held on all matters to be voted on at the Annual Meeting. There is no cumulative voting for the common stock.

Establishing a Quorum

Holders of more than 50% of our shares of common stock issued and outstanding must be present or represented at the Annual Meeting to have a quorum for conducting business. Shares as to which a broker indicates that it has no discretion to vote and which are not voted, known as "broker non-votes," will be considered present at the Annual Meeting for purposes of determining the presence of a quorum but will have no effect on the approval of the proposals described in this Proxy Statement. Proxies marked as abstaining on any matter to be acted on by the stockholders will be treated as present at the Annual Meeting for purposes of determining a quorum but will not be counted as votes cast on such matters.

Votes Required

Directors will be elected by a plurality of the votes of the stockholders cast at the Annual Meeting. As to each of the other matters to be considered at the Annual Meeting, approval of each such matter will require the affirmative votes of the holders of a majority of the shares of our common stock present at the Annual Meeting either in person or by proxy and voting on such matter. Neither abstentions nor broker non-votes will have any effect on the outcome of the votes on these matters.

None of the directors nor executive officers specified above share any familial relationship.

To the best of our knowledge, there are no material proceedings to which any of our directors (all of whom are current nominees) or executive officers is a party adverse to, or has a material interest adverse to, Pro-Pharmaceuticals. To the best of our knowledge, there have been no events under any bankruptcy act, no criminal proceedings and no judgments or injunctions that are material to the evaluation of the ability or integrity of any director, executive officer, promoter or control person of Pro-Pharmaceuticals during the past five years.

Board of Directors Meetings and Committees of the Board

During the year ended December 31, 2003, our Board held 14 meetings and acted twice by unanimous written consent. During 2003, the Board had two standing committees: the Compensation Committee and the Audit Committee. As of February 2004, the Board has established a third committee, the Nominating and Corporate Governance Committee. All of the directors on each committee are “independent” within the meaning of American Stock Exchange listing standards. During 2003, no incumbent director during the time in which such director served as a director of Pro-Pharmaceuticals attended fewer than 75% of the aggregate number of meetings held during the fiscal year by the Board of Directors and the committees of the Board on which he or she served.

Compensation Committee

The Compensation Committee, whose members are Mildred Christian and Edgar Ben-Josef, met four times during the last fiscal year. The Committee is responsible for reviewing and recommending compensation policies and programs, as well as salary and benefit levels for our executive officers. Its specific responsibilities include supervising and overseeing the administration of our incentive compensation and stock programs and, as such, the Committee is responsible for administration of grants and awards to directors, officers, employees, consultants and advisors under Pro-Pharmaceuticals’ 2001 Stock Incentive Plan, and it will be responsible for the administration of the 2003 Non-employee Director Stock Incentive Plan if such plan is approved by the stockholders at our 2004 Annual Meeting.

Audit Committee

The Audit Committee, whose members are Steven Prelack (chair), Dale Conaway and Jerald Rome, is responsible for oversight of the quality and integrity of the accounting, auditing and reporting practices of Pro-Pharmaceuticals. More specifically, it assists the Board of Directors in fulfilling its oversight responsibilities relating to (i) the quality and integrity of our financial statements, reports and related information provided to stockholders, regulators and others; (ii) our compliance with legal and regulatory requirements; (iii) the independent auditor’s qualifications, independence and performance; (iv) the internal controls that management and Board have established; and (v) the audit, accounting and financial reporting processes generally. The Committee is also responsible for review and approval of related-party transactions. The Audit Committee met twice during the last fiscal year and its chair met informally from time to time with our management and outside auditor. Additional information about the Audit Committee is provided below under the caption “Report of the Audit Committee.”

Nominating and Corporate Governance Committee

In February 2004, the Board established a Nominating and Corporate Governance Committee, the members of which are Edgar Ben-Josef and Steven Prelack. The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to become members of the Board, and to recommend to the Board candidates for election or re-election as directors, and for reviewing our governance policies in light of the

corporate governance rules of the American Stock Exchange and the Securities and Exchange Commission (“SEC”). This Committee has adopted a charter, which is available on our website at www.pro-pharmaceuticals.com.

Under its charter, the Nominating and Corporate Governance Committee is required to establish and recommend criteria for service as a director, including matters relating to professional skills and experience, board composition, potential conflicts of interest and manner of consideration of individuals proposed by management or stockholders for nomination. The Committee believes candidates for the Board should have the ability to exercise objectivity and independence in making informed business decisions; extensive knowledge, experience and judgment; the highest integrity; loyalty to the interests of Pro-Pharmaceuticals and its stockholders; a willingness to devote the extensive time necessary to fulfill a director’s duties; the ability to contribute to the diversity of perspectives present in Board deliberations; and an appreciation of the role of the corporation in society. The Committee anticipates that it will consider candidates meeting these criteria who are suggested by directors, management, stockholders and other advisers hired to identify and evaluate qualified candidates.

In view of its recent formation, the Committee has not yet adopted a formal policy concerning consideration of director candidates recommended by securityholders, but anticipates that it will do so. This policy will provide for stockholders to submit recommendations in writing by letter addressed to the Chief Executive Officer or the Chairman of the Nominating and Corporate Governance Committee and may upon review provide for other means of nominations to be made by stockholders. The Committee anticipates that it will evaluate stockholder-recommended candidates in the same manner as candidates recommended by other persons. Further information about stockholder nominations will be provided on our website as it becomes available.

Stockholders may send communications to the Board, the Chairman, or one or more non-management directors by using the contact information provided on our website. Stockholders also may send communications by letter addressed to the President, Pro-Pharmaceuticals, Inc., 189 Wells Avenue, Newton, Massachusetts 02459, or by contacting our President or Vice President, Investor Relations, at (617) 559-0033. All communications will be received and reviewed by our President and/or Vice President, Investor Relations. The receipt of stockholder concerns about our accounting, internal controls, auditing matters or business practices will be reported to the Audit Committee. The receipt of all other concerns will be reported to the appropriate committee(s) of the Board.

We encourage, but do not require, our Board members to attend the annual meeting of stockholders. Four members of the Board attended our 2003 annual meeting.

Equity Compensation Plan Information

Pro-Pharmaceuticals, Inc. 2001 Stock Incentive Plan

On October 18, 2001, our Board of Directors adopted the Pro-Pharmaceuticals, Inc. 2001 Stock Incentive Plan (the “2001 Plan”) which permits awards of incentive and non-qualified stock options and other forms of incentive compensation to employees and non-employees such as directors and consultants. The Board reserved 2,000,000 of our shares of common stock for awards pursuant to the 2001 Plan, all of which reserved shares could be awarded as incentive stock options. Our stockholders approved the plan on May 31, 2002. As of December 31, 2003, we had outstanding options to purchase 1,761,000 shares of common stock under the 2001 Plan. At the Annual Meeting, our stockholders are being asked to approve an amendment to the 2001 Plan to increase by 3,000,000 the number of shares of common stock reserved for issuance under the plan.

Common Stock Issuable under Equity Compensation Plans

The following table provides information as of December 31, 2003, concerning common stock issuable under equity compensation plans:

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)

Equity compensation plans not approved by stockholders	464,604	\$3.31	0
Total	2,225,604	\$3.76	189,000

- (1) Consists of options awarded under the Pro-Pharmaceuticals, Inc. 2001 Stock Incentive Plan.

Compensation of Directors

Except for the 2003 Non-employee Director Stock Incentive Plan, if approved, we have no standard arrangement to compensate directors for their services in their capacity as directors. In January 2003 we compensated each of our non-employee directors with a grant of 500 non-qualified stock options for each meeting of our Board that such director attended during 2002. These options were exercisable on the date of grant at \$3.50 per share.

In April 2003, we granted to Steven Prelack, a director who is our “audit committee financial expert” (as disclosed in our Annual Report on Form 10-K), an option to purchase 6,250 shares of our common stock, exercisable at \$3.50 per share, and agreed to pay \$3,500 per month, in consideration for his service as chair of our Audit Committee through April 30, 2004.

In September 2003, we granted Mildred Christian, a director and member of our Scientific Advisory Board, an option to purchase 25,000 shares of common stock, immediately exercisable at \$4.05 per share, as compensation for service on our Scientific Advisory Board.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

Dr. Platt is the only Named Executive Officer with whom we have an employment agreement, a copy of which was an exhibit to our 2003 Annual Report on Form 10-K filed on March 30, 2004. Effective as of January 2, 2004, the agreement provides that Dr. Platt shall serve as President and Chief Executive Officer at a base salary of \$220,000 per year, subject to annual review, and receive our standard employee life, disability and health insurance and other benefits. Dr. Platt is entitled to receive bonus compensation as follows:

- (i) upon consummation of a transaction with a pharmaceutical company expected to result in at least \$10,000,000 of equity investment or \$50,000,000 of royalty revenue or other substantial benefit as our Board may determine, a cash bonus of \$200,000 and fully vested 10-year stock options exercisable at not less than the then market value to purchase at least 200,000 shares of our common stock;
- (ii) upon approval by the Food and Drug Administration of each new investigational new drug application filed by us for commencement of human trials, a cash bonus of \$100,000 and 100,000 of such stock options;
- (iii) upon approval by the FDA of each new drug application filed by us for any drug or drug delivery candidate, a cash bonus of \$400,000 and 400,000 of such stock options; and
- (iv) cash bonus upon achievement of goals specified by our Board as determined in the first quarter of each fiscal year, with 50% based on performance relative to his work as an executive manager and/or scientist and 50% based on reference to objective criteria such as the market price of our stock or meeting budgets approved by the Board.

If Dr. Platt’s employment terminates other than “for cause” or within twelve months after a change of control of Pro-Pharmaceuticals, he is entitled to, among other things, severance payments for two years based on his salary as of termination, a cash payment ranging from \$1,000,000 to \$2,000,000 calculated by reference to prior bonus payments, continuation of or comparable health plan benefits for him and his family for two years, and immediate vesting of any unvested stock options.

The agreement requires Dr. Platt generally to assign inventions and other intellectual property to Pro-Pharmaceuticals which he creates, conceives or reduces to practice, and contains provisions concerning, among others, confidential information, non-competition and non-solicitation of employees.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee are Mildred Christian and Edgar Ben-Josef. Neither of these persons was an officer or employee of Pro-Pharmaceuticals during the fiscal year, formerly an officer of Pro-Pharmaceuticals, or had any relationship otherwise requiring disclosure hereunder except as to disclosure concerning Dr. Christian under “Certain Relationships and Related Transactions” below.

Report of the Compensation Committee on Executive Compensation

The Compensation Committee determines the cash and other incentive compensation, if any, to be paid to our executive officers and key employees. Compensation may include both cash (base salary and bonus) and equity-based compensation. Base salary is determined with reference to market norms. Bonus compensation (cash and/or options) is based on a number of factors such as our financial and non-financial performance, including fund raising; operating within budget; enhancing our market value; developing drug candidates, including enhancing our product pipeline; and expanding our intellectual property portfolio.

Equity-based compensation is comprised of stock option grants. We believe that equity-based compensation is useful to align the economic interests of the executive officers of Pro-Pharmaceuticals with the economic interests of our stockholders. The Compensation Committee reviews the outstanding unvested options of the key executives from time to time and may grant additional options to encourage the retention of key executives.

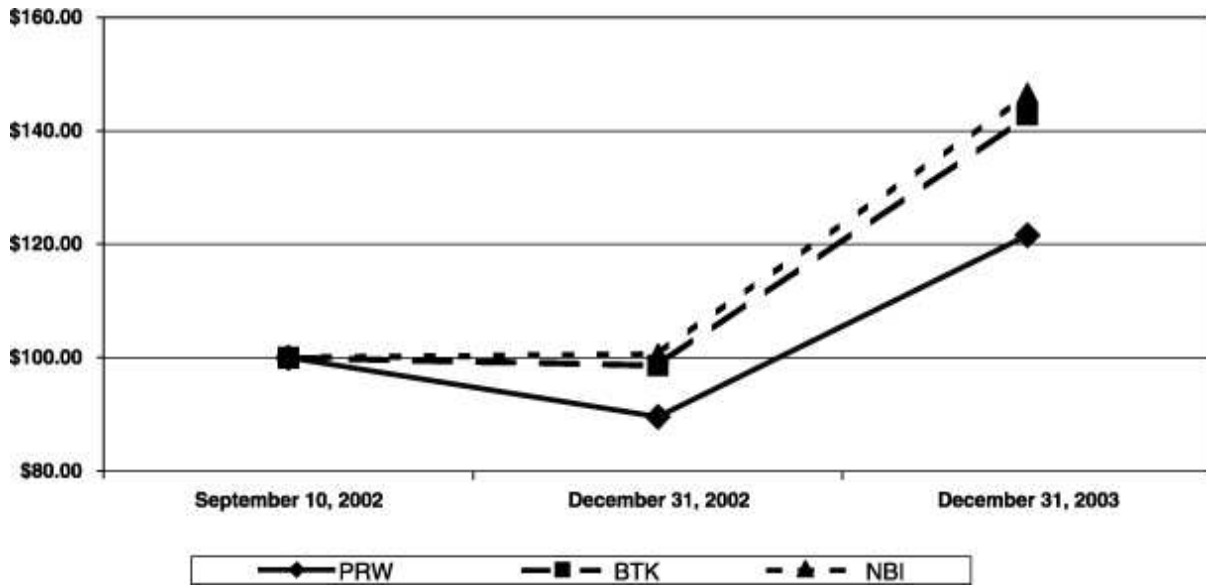

The compensation of our Chief Executive Officer is generally based on the same policies and criteria as the other executive officers. Dr. Platt's base salary was \$157,500 in 2002, \$180,000 in 2003, and was increased to \$220,000 for 2004. In developing Dr. Platt's employment agreement, including bonus compensation in cash and stock options for milestone achievements, the Compensation Committee considered the factors noted above. The Committee believes Dr. Platt's compensation, including salary, bonus and stock options, fall within our compensation objectives and are consistent with industry norms for a development-stage pharmaceutical company, and that severance contingencies are appropriate in light of the substantial contribution he has made to our science and intellectual property. The Compensation Committee approved an increase of the salary of our Chief Operating Officer in October 2003 from \$110,000 to \$150,000 as a result of Ms. Foley's increased managerial responsibilities as Pro-Pharmaceuticals became an exchange-listed company and to bring her within industry standards for such an office. We also made a substantial award of stock options to Ms. Foley in recognition of her services rendered when Pro-Pharmaceuticals needed to allocate limited cash resources to research and development and other pre-clinical matters.

The objective of a formal compensation policy is to enable Pro-Pharmaceuticals to attract and retain qualified executives, and reward executives for performance against a number of company goals agreed upon for the long-term maximization of stockholder value. The Compensation Committee has implemented this policy against which to assess executive compensation.

**PROPOSAL NO. 2
APPROVAL OF THE COMPANY'S 2003 NON-EMPLOYEE DIRECTOR STOCK INCENTIVE PLAN**

General

The 2003 Non-employee Director Stock Incentive Plan (the "2003 Plan") was adopted by the Board of Directors on September 18, 2003, subject to ratification by the Pro-Pharmaceuticals stockholders at this Annual Meeting. No awards have been made under the 2003 Plan pending approval by the stockholders. Set forth below is a summary of the 2003 Plan. A complete copy of this plan is attached to this proxy statement as Appendix A. This summary is qualified in its entirety by reference to that filing. Capitalized terms used in this summary have the same definitions as set forth in the full text of the 2003 Plan.

The purposes of the plan are to enable Pro-Pharmaceuticals to attract, motivate and retain non-employee directors of exceptional ability, and to provide a means to encourage stock ownership and a proprietary interest in Pro-Pharmaceuticals by these persons.

The 2003 Plan provides for the grant of nonqualified stock options and restricted stock awards.

On April 22, 2004, the closing price of our common stock on the American Stock Exchange was \$3.81.

Administration

The 2003 Plan will be administered by the Compensation Committee by delegation from the Board of Directors. Although most aspects of grants to be made under the 2003 Plan are automatic and non-discretionary, as described below, the Compensation Committee has authority to interpret the 2003 Plan and to prescribe, amend or rescind rules and regulations relating to the plan.

The benefits and amounts that will be received by participants under the plan are not currently determinable.

Eligibility to Participate in the Plan

The persons eligible to receive Awards under the 2003 Plan are those who, at the time of grant under the plan, are outside (non-employee) directors of Pro-Pharmaceuticals or any Subsidiary. As of April 15, 2004, we have seven non-employee Directors, each of whom would be eligible for grants under the 2003 Plan.

Number of Shares Subject to the Plan

Awards may be made under the 2003 Plan for up to 1,000,000 shares of our common stock, pursuant to Options or Restricted Stock Awards. The Options may only be non-qualified stock options (NQOs). If shares covered by any Option cease to be issuable for any reason, and/or shares covered by Restricted Stock Awards are forfeited, such number of shares will no longer be charged against the shares available under the 2003 Plan and may again be made subject to Options or Restricted Stock Awards.

Option Grants Under the Plan

Option Grants

Options granted pursuant to the 2003 Plan will be evidenced by votes of the Board of Directors or the Compensation Committee of the Board. Each option vote will state the number of shares covered thereby, the option price and the latest date upon which the option may be exercised.

Options shall be granted automatically to all Eligible Persons as follows: (i) each person who becomes an Eligible Person after the date of stockholder approval of the 2003 Plan shall be granted an Option to purchase not more than ten thousand (10,000) shares of common stock on the close of business on the date of his or her initial election to the Board, and (ii) each Eligible Person shall be granted an Option to purchase that number of shares of Common Stock equal to:

$500 \times (\text{Number of committee meetings attended} + \text{Number of Board meetings attended})$

for each fiscal year of Pro-Pharmaceuticals on the fifth business day following the end of the preceding fiscal year, provided that he or she is an Eligible Person on the grant date. The exercise price of the Option will be the closing price of our common stock on the grant date. Options granted under the 2003 Plan will have a maximum term of seven years.

The Committee may from time to time determine to make grants of Restricted Stock Awards in place of the Options to be granted under the 2003 Plan.

Unless the Compensation Committee determines otherwise, upon exercise of an Option, the purchase price will be payable in full in cash.

Certain Federal Income Tax Consequences

The grant of a NQO typically does not result in any taxable income to the recipient or deduction to us. The recipient of an NQO typically recognizes ordinary income on the date of exercise in the amount by which the fair market value of the stock exceeds the exercise price of the Option. We would, in this event, receive a corresponding tax deduction equal to the amount of ordinary income recognized by the recipient. When the shares are disposed of, any additional gain in excess of the market value of the shares on the date of exercise is treated as short-term or long-term capital gain or loss. We are not allowed any additional tax deduction. Capital gain is short-term if the shares have been held one year or less, and long-term if held more than one year.

The foregoing discussion is subject to qualification by reference to specific federal tax laws and regulations, and is further subject to government revision and amendment.

Restricted Stock Awards

All shares of common stock subject to Restricted Stock Awards under the 2003 Plan will be subject to restrictions on transfer and other conditions in the discretion of the Committee. The restrictions will lapse at such time or times, and/or upon the achievement of such predetermined performance objectives, as determined by the Committee and set forth in the instrument evidencing the Restricted Stock Award grant. The shares subject to such awards may not be sold or otherwise transferred, except to the Company, until the restrictions on the shares lapse, unless otherwise determined by the Committee.

In the event a holder of a Restricted Stock Award ceases to be an outside director of the Company, all shares under the Restricted Stock Award that remain subject to restrictions at the time his or her directorship terminates will be returned to or repurchased by the Company at their initial price unless the Committee determines otherwise.

Subject to the restrictions and other conditions on the shares subject to Restricted Stock Awards, and the discretion of the Committee, the holder will have all rights of a stockholder with respect to such shares, including the right to receive all dividends and other distributions paid or made with respect to those shares.

Non-Transferability of Options and Restricted Stock Awards under the Plan

Unless otherwise permitted by the Committee, Options are not transferable or assignable by a Participant except that, in the event of the death of a Participant, a beneficiary may be designated with respect to an Option held by the Participant. If such beneficiary is the executor or administrator of the estate of the Participant, any rights with respect to the Option may be transferred to the person(s) entitled thereto under the will of the holder of such Option. The Committee may, in its discretion, allow grantees under the 2003 Plan to transfer Options or Restricted Stock Awards, for no consideration, to immediate family members or other permitted transferees as defined in the 2003 Plan.

Effect of Certain Corporate Events

If a Change in Control occurs, the Committee has the discretion to provide for acceleration of outstanding Options and Restricted Stock Awards under the 2003 Plan. Any Options accelerated in connection with a Change in Control shall remain fully exercisable until the expiration or earlier termination of the Option.

In the event of an Acquisition, to the extent that we have repurchase rights as to shares subject to outstanding Restricted Stock Awards, those rights will terminate immediately unless assigned to the acquiring entity. All outstanding Options will accelerate to the extent not assumed by the acquiror or replaced by comparable options to purchase shares of the acquiror or successor entity. The Committee may provide for automatic acceleration of outstanding Options or shares subject to Restricted Stock Awards that are assigned in connection with the Acquisition and do not otherwise accelerate at that time, if the grantee's directorship terminates following such Acquisition.

The Board recommends a vote "FOR" approval of the Company's 2003 Non-employee Director Stock Incentive Plan.

**PROPOSAL NO. 3
APPROVAL OF AN AMENDMENT TO THE COMPANY'S ARTICLES OF
INCORPORATION TO INCREASE THE AUTHORIZED NUMBER OF SHARES OF
THE COMPANY'S UNDESIGNATED CAPITAL STOCK**

The Board of Directors proposes that stockholders authorize the amendment of Pro-Pharmaceuticals' Articles of Incorporation to increase the authorized shares of undesignated capital stock. The amendment would increase the authorized shares of undesignated capital stock from 5,000,000 shares to 10,000,000 shares.

We have no current plan or commitment to issue shares of our undesignated capital stock. The increase in the number of authorized undesignated shares will provide us with flexibility in the future by assuring the availability of sufficient authorized but unissued undesignated shares for valid corporate proposes such as financings, stock splits or stock dividends, and mergers and acquisitions. The newly authorized undesignated capital stock would be available for issuance without further action by stockholders except as required by law or applicable stock exchange requirements. Any such issuance could have the effect of diluting existing stockholders. The terms of additional authorized shares could be structured in a manner to discourage persons from gaining control of Pro-Pharmaceuticals or make more difficult the removal of management.

The terms of these shares, including dividend or interest rates, conversion prices, voting rights, redemption prices, maturity dates and similar matters will be determined by the Board.

If the amendment to increase the number of authorized shares of undesignated capital stock is approved, the first sentence of Article III of our Articles of Incorporation will read in its entirety as follows:

“The corporation shall have the authority to issue an aggregate of 100,000,000 shares which shall be common voting shares having a par value of \$0.001 per share, and 10,000,000 undesignated shares having a par value of \$0.01 per share.”

Approval of the amendment to the Articles of Incorporation will require the affirmative vote of the holders of a majority of the shares of common stock present at the Annual Meeting either in person or by proxy and voting on this matter. If such approval is obtained, the amendment will be effected by the filing of an appropriate certificate of amendment with the Nevada Secretary of State.

The Board recommends a vote “FOR” approval of this amendment to the Company’s Articles of Incorporation.

**PROPOSAL NO. 4
APPROVAL OF AN AMENDMENT TO THE COMPANY’S 2001 STOCK INCENTIVE
PLAN TO INCREASE THE NUMBER OF SHARES
SUBJECT TO THE PLAN FROM 2,000,000 TO 5,000,000**

General

The 2001 Stock Incentive Plan (the “2001 Plan”) was adopted by the Board of Directors in October 2001, and was approved by the stockholders in May 2002. Set forth below is a summary of the 2001 Plan. A complete copy of this plan, as proposed to be amended in accordance with this proposal, is attached to this proxy statement as Appendix B. This summary is qualified in its entirety by reference to that filing. Capitalized terms used in this summary have the same definitions as set forth in the full text of the 2001 Plan.

Amendment

In 2004 our Board approved the submission to our stockholders of an amendment to the 2001 Plan, to be effective upon approval by our stockholders. As of March 31, 2004, 264,000 shares of common stock remained available for issuance under the 2001 Plan. The effect of this amendment would be to increase the number of shares of common stock available for issuance under the 2001 Plan by 3,000,000. The Board believes that this amendment will help us to attract and retain qualified employees and provide further incentives to employees as a result of their equity interest in Pro-Pharmaceuticals.

On April 22, 2004, the closing price of our common stock on the American Stock Exchange was \$3.81.

Summary of the Plan

The purposes of the plan are to enable Pro-Pharmaceuticals to attract, motivate and retain employees, consultants, advisors and outside directors of exceptional ability, and to provide a means to encourage stock ownership and a proprietary interest in Pro-Pharmaceuticals by these persons.

The 2001 Plan provides for the grant of both incentive and nonqualified stock options, and restricted stock awards.

Administration

The 2001 Plan is administered by the Compensation Committee by delegation from the Board of Directors. The Committee determines the terms and conditions of each award, including:

- Who is eligible to receive awards;
- When awards will be granted;
- The number of shares subject to options or restricted stock awards; and
- For options, the type of option to be granted, option exercise price (subject to limitations in the case of incentive stock options), and when the option is exercisable.

Because the terms and conditions of awards are wholly within the discretion of the Compensation Committee, subject to the limitations set forth in the 2001 Plan, the benefits and amounts that will be received by participants under the plan are not currently determinable. As of April 15, 2004, option grants of 1,736,000 shares had been made under the Plan. No grants of restricted stock awards have been made to date.

Eligibility to Participate in the Plan

The persons eligible to receive Awards under the 2001 Plan shall be all executive officers of the Company and any Subsidiaries, and other employees, consultants and advisers who, in the opinion of the Board, are in a position to make a significant contribution to the success of the Company and any Subsidiaries. Directors who are employees of the Company and any Subsidiaries shall be eligible to receive Awards under the 2001 Plan. Consultants to the Company and non-employee Directors shall be eligible to receive Awards other than Incentive Stock Option grants, as discussed below.

As of April 15, 2004, approximately 21 persons, including five employees, four consultants, five advisors and seven outside directors, were eligible for grants under the 2001 Plan.

Number of Shares Subject to the 2001 Plan

If this amendment to the 2001 Plan is approved by the stockholders, there will be 3,264,000 shares of the Company's common stock, available for awards under the 2001 Plan, which may be either Options or Restricted Stock Awards. The Options may either be "incentive stock options" (ISOs), as defined in Section 422 of the Internal Revenue Code of 1986, as amended, or may be non-qualified stock options (NQOs). If shares covered by any Option cease to be issuable for any reason, and/or shares covered by Restricted Stock Awards are forfeited, such number of shares will no longer be charged against the shares available under the 2001 Plan and may again be made subject to Options or Restricted Stock Awards.

Option Grants Under the 2001 Plan

Option Grants

Options granted pursuant to the plan will be evidenced by votes of the Board of Directors or the Compensation Committee of the Board. Each option vote will state the number of shares covered thereby, the option price and the latest date upon which the option may be exercised. Consultants, directors, officers and other employees of the Company are eligible to receive Options, but only employees may receive Incentive Stock Options ("ISOs"). All other recipients of option grants may receive only Non-Qualified Options ("NQOs"). Under the terms of the 2001 Plan, the option exercise price for ISOs may not be less than 100% of the Fair Market Value of the Common Stock at the date of grant, except that if the optionee owns more than 10% of the total combined voting power of all classes of stock of the Company, that person will not be eligible for the grant of an ISO unless the exercise price of such Option is at least 110% of the Fair Market Value of the Common Stock at the date of grant and the Option is not exercisable after the expiration of five years from the date of grant.

Options granted under the 2001 Plan are generally nontransferable, unless otherwise determined by the Compensation Committee, and expire upon the earlier of an expiration date fixed by the Compensation Committee and set forth in each individual option award certificate, ten years from the date of grant or, with respect to ISOs, five years from the date of grant, if the optionee owns more than 10% of the total combined power of all classes of stock of Pro-Pharmaceuticals.

Unless the Compensation Committee determines otherwise, upon exercise of an Option, the purchase price will be payable in full in cash.

Certain Federal Income Tax Consequences

Tax consequences of Option awards are dependent upon the type of award granted. The grant of an ISO or NQO typically does not result in any taxable income to the recipient or deduction to us. In the case of an ISO, generally speaking, an employee pays no taxes until the stock is sold. If the employee holds this stock at least two years from the grant date and one year from the exercise date, the difference between the exercise price and the proceeds received from the sale would be taxed at the capital gains rate. Under these circumstances, we will not be allowed a tax deduction in the amount of this "gain." If the employee should make a disqualifying transfer of stock issued upon the exercise of an ISO, the employee will instead realize ordinary income, and we would be entitled to a deduction equal to the amount by which the fair market value of the stock on the date of exercise, or the proceeds of the sale of the stock, exceeds the exercise price. Certain employees may be subject to the application of the alternative minimum tax whether they make qualifying or nonqualifying transfers of stock issued under the exercise of an ISO.

With an NQO, the recipient typically recognizes ordinary income on the date of exercise in the amount by which the fair market value of the stock exceeds the exercise price of the Option. We would, in this event, receive a corresponding tax deduction equal to the amount of ordinary income recognized by the recipient. When the shares are disposed of, any additional gain in excess of the market value of the shares on the date of exercise is treated as short-term or long-term capital gain or loss. We are not allowed any additional tax deduction. Capital gain is short-term if the shares have been held one year or less, and long-term if held more than one year.

The foregoing discussion is subject to qualification by reference to specific federal tax laws and regulations, and is further subject to government revision and amendment.

Restricted Stock Awards

All shares of common stock subject to Restricted Stock Awards under the 2001 Plan will be subject to restrictions on transfer and other conditions in the discretion of the Committee. The restrictions will lapse at such time or times, and/or upon the achievement of such predetermined performance objectives, as determined by the Committee and set forth in the instrument evidencing the Restricted Stock Award grant. The shares subject to such awards may not be sold or otherwise transferred, except to the Company, until the restrictions on the shares lapse, unless otherwise determined by the Committee.

In the event a holder of a Restricted Stock Award ceases to be an employee or consultant of the Company, all shares under the Restricted Stock Award that remain subject to restrictions at the time his or her employment or consulting relationship terminates will be returned to or repurchased by the Company at their initial price unless the Committee determines otherwise.

Subject to the restrictions and other conditions on the shares subject to Restricted Stock Awards, and the discretion of the Committee, the holder will have all rights of a stockholder with respect to such shares, including the right to receive all dividends and other distributions paid or made with respect to those shares.

Non-Transferability of Options and Restricted Stock Awards under the Plan

Unless otherwise permitted by the Committee, Options are not transferable or assignable by a Participant except that, in the event of the death of a Participant, a beneficiary may be designated with respect to an Option held by the Participant. If such beneficiary is the executor or administrator of the estate of the Participant, any rights with respect to the Option may be transferred to the person(s) entitled thereto under the will of the holder of such Option. The Committee may, in its discretion, allow grantees under the 2001 Plan to transfer NQOs or Restricted Stock Awards, for no consideration, to immediate family members or other permitted transferees as defined in the 2001 Plan.

Effect of Certain Corporate Events

If a Change in Control occurs, the Committee has the discretion to provide for acceleration of outstanding Options and Restricted Stock Awards under the 2001 Plan. Any Options accelerated in connection with a Change in Control shall remain fully exercisable until the expiration or earlier termination of the Option.

In the event of an Acquisition, to the extent that we have repurchase rights as to shares subject to outstanding Restricted Stock Awards, those rights will terminate immediately unless assigned to the acquiring entity. All outstanding Options will accelerate to the extent not assumed by the acquiror or replaced by comparable options to purchase shares of the acquiror or successor entity. The Committee may provide for automatic acceleration of outstanding Options or shares subject to Restricted Stock Awards that are assigned in connection with the Acquisition and do not otherwise accelerate at that time, if the grantee's employment or consulting relationship terminates following such Acquisition.

The Board recommends a vote "FOR" approval of this amendment to the Pro-Pharmaceuticals, Inc., 2001 Stock Incentive Plan.

**PROPOSAL NO. 5
RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

The Board of Directors has, subject to the ratification of the stockholders, appointed Deloitte & Touche LLP as our independent auditors for the fiscal year ending December 31, 2004. Deloitte & Touche LLP has served as our independent auditors since February 2002. We do not expect a representative of Deloitte & Touche LLP to be present at the Annual Meeting.

The Board recommends a vote "FOR" the ratification of the appointment of Deloitte & Touche LLP, as Pro-Pharmaceuticals' independent public accountants for the fiscal year ending December 31, 2004.

Following is information concerning the fees paid to Deloitte & Touche LLP during our 2003 and 2002 fiscal years.

	Fiscal Year 2003	Fiscal Year 2002
Audit Fees ⁽¹⁾	\$ 252,800	\$ 219,570
Audit-Related Fees ⁽²⁾	14,300	0
Tax Fees ⁽³⁾	0	0
Subtotal	267,100	219,570
All Other Fees ⁽⁴⁾	18,250	0
Total Fees	\$ 285,350	\$ 219,570

(1) *Audit Fees* . These are fees for professional services performed by Deloitte & Touche LLP for the audit of our annual financial statements and review of financial statements included in our quarterly 10-QSB filings, and services that are normally in connection with statutory and regulatory filings or engagements for such fiscal year.

-
- (2) *Audit-Related Fees* . These are fees for assurance and related services performed by Deloitte & Touche LLP that are reasonably related to the performance of the audit or review of our financial statements including financial disclosures made in our stock exchange listing application, review of private placement documentation, and consultation with our Audit Committee on financial accounting/reporting standards.
 - (3) *Tax Fees* . We did not engage Deloitte & Touche LLP for professional services with respect to tax compliance, tax advice and tax planning.
 - (4) *All Other Fees* . These are fees for all other products and services provided or performed by Deloitte & Touche LLP, not falling in one or more of the above categories and in 2003 included services related to response to legal proceedings disclosed in our Annual Report on Form 10-K.

The Audit Committee has considered whether the provision of non-core audit services to Pro-Pharmaceuticals by Pro-Pharmaceuticals' principal auditor is compatible with maintaining independence.

Pre-Approval Policy and Procedures

The Audit Committee has adopted a policy and procedures which set forth the manner in which the Audit Committee will review and approve all services to be provided by Deloitte & Touche LLP before the firm is retained to provide such services. The policy requires Audit Committee pre-approval of the terms and fees of the annual audit services engagement, as well as any changes in terms and fees resulting from changes in audit scope or other items. The Audit Committee also pre-approves, on an annual basis, other audit services, and audit-related and tax services set forth in the policy, subject to estimated fee levels pre-approved by the Committee. Any other services to be provided by the independent auditors must be separately pre-approved by the Audit Committee. As a general guideline, annual fees paid to the independent auditors for services other than audit, audit-related, and tax services should not exceed one half the dollar amount of fees to be paid for these three categories of services collectively. Services pre-approved pursuant to delegated authority must be reported to the full Committee at its next scheduled meeting. The Chief Financial Officer reports quarterly to the Audit Committee on the status of pre-approved services, including projected fees. All of the services reflected in the above table were approved by the Audit Committee.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is responsible for providing independent, objective oversight of Pro-Pharmaceuticals' accounting functions and internal controls. The Audit Committee acts under a written charter first adopted and approved by the Board of Directors in 2001, as amended in 2004, and which is reviewed annually. The Audit Committee is composed of Steven Prelack, Dale Conaway and Jerald Rome. The Board has determined that Mr. Prelack is an "Audit Committee Financial Expert" within the meaning of the rules of the Securities and Exchange Commission ("SEC"). Each of the members of the Audit Committee qualifies as an "independent" director under applicable American Stock Exchange listing standards. A copy of the Audit Committee Charter is attached to this proxy statement as Appendix C.

The Audit Committee has reviewed and discussed Pro-Pharmaceuticals' audited financial statements with management. The Audit Committee has also discussed with Deloitte & Touche LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, COMMUNICATION WITH AUDIT COMMITTEES which includes, among other items, matters related to the conduct of the annual audit of our company's financial statements. The Audit Committee has also received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1, concerning their independence as required under applicable independence standards for auditors of public companies, and has discussed with Deloitte & Touche LLP its independence from Pro-Pharmaceuticals.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Pro-Pharmaceuticals Board of Directors that the Company's audited financial statements be included in the Pro-Pharmaceuticals Annual Report on Form 10-K for the year ended December 31, 2003.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In January 2003 we entered into a contract with David Smith, a director, pursuant to which he would provide consulting services in connection with our business development and related financial services in consideration of an option to purchase 100,000 shares of common stock, exercisable at \$3.50 per share. The option vested as to 33,334 shares on the grant date, as to 33,333 shares on the first anniversary thereof, and will vest as to the remaining 33,333 on the second anniversary provided Mr. Smith remains a director on such date. The consulting services and contract were concluded as of March 31, 2004.

In June 2003 we entered into a contract with Burton Firtel, a director, pursuant to which he would provide consulting services to us in consideration of an option to purchase 24,000 shares of common stock, exercisable at \$3.50 per share, which vests at the rate of 2,000 options per month as services are performed. The contract was retroactive to March 1, 2003, the date following the termination of our previous consulting agreement with Mr. Firtel, which contained identical terms. The consulting services and contract were concluded on March 1, 2004.

Dr. Mildred Christian, a director, is the sole owner of Argus International, Inc., a company specializing in regulatory matters, which provided consulting services to us in project development, monitoring and IND development (pharmacology sections) during 2002 and 2001. Compensation for these services, paid to Dr. Christian in 2003, consisted of 25,354 shares of common stock and an option to purchase 25,354 shares of common stock, at an exercise price of \$2.96.

OTHER BUSINESS

Management knows of no other matters that may be presented at the Annual Meeting.

DISSENTERS' RIGHTS OF APPRAISAL

No action is proposed herein for which the laws of the State of Nevada, the Articles of Incorporation or By-laws of Pro-Pharmaceuticals provide a right of a stockholder to dissent and obtain appraisal of or payment for such stockholder's shares.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent of our common stock, to file reports of ownership and changes of ownership of such securities with the SEC. Based on a review of our records, we believe that all filing requirements applicable to our officers, directors and holders of more than ten percent of our common stock were complied with during the 2003 fiscal year, except as follows: with respect to David Smith, a Form 4 was filed late concerning an open market purchase of 25,000 shares of common stock and a Form 4 was filed late concerning a purchase of 37,500 shares of common stock in July 2003 as part of a private placement; with respect to Burton Firtel, a Form 4 was

filed late concerning a purchase of 12,500 shares of common stock in July 2003 as part of a private placement; and with respect to Mildred Christian, a Form 4 was filed late concerning a purchase of 17,500 shares of common stock in July 2003 as part of a private placement, and a Form 4 was filed late concerning issuance to Dr. Christian of 25,354 shares of common stock and a grant of an option to purchase 25,354 shares of common stock, all as compensation for 2002 consulting services.

STOCKHOLDER PROPOSALS FOR 2005 ANNUAL MEETING

Under SEC rules, if a stockholder wants us to include a proposal in our Proxy Statement and form of proxy for presentation at our 2005 annual meeting of stockholders, the proposal must be received by us, attention: Vice President, Investor Relations, at our principal executive offices by December 29, 2004. Also in accordance with SEC guidelines, if a stockholder notifies us of that stockholder's intent to present a proposal at our 2005 annual meeting of stockholders after March 13, 2005, we may, acting through the persons named as proxies in the proxy materials for that meeting, exercise discretionary voting authority with respect to the proposal without including information about the proposal in our proxy materials. However, in either case, if the date of the 2005 annual meeting is changed by more than 30 days from the date of the 2004 meeting, then the deadline would be a reasonable time before we begin to print and mail our proxy materials.

DELIVERY OF VOTING MATERIALS

To reduce the expenses of delivering duplicate voting materials to our stockholders who may have more than one Pro-Pharmaceuticals stock account, we are taking advantage of "householding" rules that permit us to deliver only one set of the Proxy Statement and our Annual Report on Form 10-K for the year ended December 31, 2003 to stockholders who share an address unless otherwise requested. If you hold your shares through a broker, you may have consented to reducing the number of copies of materials delivered to your address. If you wish to revoke such a consent previously provided to your broker, you must contact the broker to revoke the consent. In any event, if you share an address with another stockholder and have received only one set of voting materials, you may write or call us to request a separate copy of these materials at no cost to you. For future annual meetings, you may request separate voting materials, or request that we send only one set of voting materials to you if you are receiving multiple copies by either: (i) telephoning us at (617) 559-0033; (ii) sending a letter to us at 189 Wells Avenue, Newton, Massachusetts 02459, Attention: Vice President, Investor Relations; or (iii) sending an e-mail to us at squeglia@pro-pharmaceuticals.com. If you hold your shares through a broker, you can request a single copy of materials for future meetings by contacting the broker.

date of his or her initial election to the Board, and (ii) each Eligible Person shall be granted annually an Option to purchase that number of shares of Common Stock equal to (A) if the Board meets monthly the product of: 500 x (number of Board meetings attended), or if the Board commences to meet quarterly the product of: 1,500 x (number of Board meetings attended) plus (B) the product of: 500 x (number of special Board committee meetings (i.e., meetings other than regularly scheduled meetings) attended + number of Board committee meetings attended) for each fiscal year of the Company on the fifth business day following the end of the Company's preceding fiscal year, provided that he or she is an Eligible Person on the date of grant.

(b) *Restricted Stock Award Dates.* At the sole discretion of the Committee, the Committee may at any time and from time to time determine that it is advisable and in the best interests of the Company to issue Restricted Stock Awards in place of Options to be granted pursuant to Section 5(a).

6. Terms and Conditions of Options.

Each Option granted under the Plan shall be evidenced by a written agreement in such form as the Committee shall from time to time approve, which agreement shall comply with and be subject to the following terms and conditions.

(a) *Option Exercise Price.* The price at which Common Stock may be purchased by a Participant under an Option shall be the closing price per share of the Company's Common Stock on the American Stock Exchange, or the principal exchange on which the Common Stock is then listed, on the date of grant (or if no such price is reported on such date, such price as reported on the nearest preceding date on which such price is reported).

(b) *Exercise Period; Vesting .* Each Option shall be exercisable at such time or times, during such periods, and for such numbers of shares as shall be determined by the Committee and set forth in the agreement or instrument evidencing the Option grant (subject to Acceleration by the Committee, in its discretion). In any event, the Option shall expire no later than the **seventh** anniversary of the date of grant.

(c) *Exercise and Payment .* Options may be exercised only by written notice to the Company at its principal office accompanied by payment in full consideration for the shares as to which they are exercised. Unless the Committee otherwise determines at the time of grant of any Option or thereafter, upon the exercise of an Option, the purchase price will be payable in full in cash.

(d) *Fractional Shares .* No fractional shares will be issued pursuant to the exercise of an Option, nor will any cash payment be made in lieu of fractional shares.

7. Terms and Conditions of Restricted Stock Awards.

Each Restricted Stock Award granted under the Plan shall be evidenced by a written agreement in such form as the Committee shall from time to time approve, which agreement shall comply with and be subject to the following terms and conditions.

(a) All shares of Common Stock subject to Restricted Stock Awards granted or sold pursuant to the Plan may be issued or transferred for such consideration (which may consist wholly of services) as the Committee may determine, and will be subject to the following conditions:

(i) The shares may not be sold, transferred, or otherwise alienated or hypothecated, except to the Company, until the conditions imposed pursuant to subsection (b) of this Section 7 have been met or are removed, unless the Committee determines otherwise in accordance with Section 9(d).

(ii) The Committee may provide in the agreement or instrument evidencing the grant of the Restricted Stock Awards that the certificates representing shares subject to Restricted Stock Awards granted or sold pursuant to the Plan will be held in escrow by the Company until the restrictions on the shares lapse in accordance with the provisions of subsection (b) of this Section 7.

(iii) Each certificate representing shares subject to Restricted Stock Awards granted or sold pursuant to the Plan will bear a legend making appropriate reference to the restrictions imposed.

(iv) The Committee may impose other conditions on any shares subject to Restricted Stock Awards granted or sold pursuant to the Plan as it may deem advisable, including without limitation, restrictions under the Securities Act of 1933, as amended, under the requirements of any stock exchange or securities quotations system upon which such shares or shares of the same class are then listed, and under any blue sky or other securities laws applicable to such shares.

(b) The restrictions imposed under subparagraph (a) above upon Restricted Stock Awards will lapse at such time or times, and/or upon the achievement of such predetermined performance objectives, as shall be determined by the Committee and set forth in the agreement or instrument evidencing the Restricted Stock Award grant. In the event a holder of a Restricted Stock Award ceases to be an outside director of the Company, all shares under the Restricted Stock Award that remain subject to restrictions at the time his or her directorship terminates will be returned to or repurchased by the Company at their initial price unless the Committee determines otherwise.

(c) Subject to the provisions of subparagraphs (a) and (b) above, the holder will have all rights of a shareholder with respect to the shares covered by Restricted Stock Awards granted or sold, including the right to receive all dividends and other distributions paid or made with respect thereto; *provided, however*, that the Committee may require that he or she shall execute an irrevocable proxy or enter into a voting agreement with the Company as determined by the Committee for the purpose of granting the Company or its nominee the right to vote all shares that remain subject to restrictions under this Section 7 in the same proportions (for and against) as the outstanding voting shares of the Company that are not subject to such restrictions are voted by the other shareholders of the Company on any matter, unless the Committee determines otherwise.

8. Adjustment Provisions.

(a) All of the share numbers set forth in the Plan reflect the capital structure of the Company at the time of the effectiveness of the Plan. Subject to Section 8(b), if subsequent to such date the outstanding shares of Common Stock of the Company are increased, decreased, or exchanged for a different number or kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed with respect to such shares of Common Stock or other securities, through merger, consolidation, sale of all or substantially all the property of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other distribution with respect to such shares of Common Stock, or other securities, an appropriate and proportionate adjustment shall be made in (i) the maximum numbers and kinds of shares provided in Sections 3 and 5, (ii) the numbers and kinds of shares or other securities subject to the then outstanding Options and Restricted Stock Awards, and (iii) the price for each share or other unit of any other securities subject to then outstanding Options (without change in the aggregate purchase price as to which such Options remain exercisable).

(b) Upon the occurrence of a Change in Control of the Company, the Committee shall have discretion to provide for the Acceleration of (i) one or more outstanding Options held by Participants and/or (ii) one or more shares of Common Stock held by Participants as Restricted Stock Awards. Such Acceleration may be conditioned on the subsequent termination of the affected optionee's directorship. Any Options Accelerated in connection with a Change in Control shall remain fully exercisable until the expiration or sooner termination of the term of such Option.

(c) In the event of an Acquisition, (i) to the extent that any shares of Common Stock held by Participants as Restricted Stock Awards are then subject to any rights in the Company with respect to the reacquisition or repurchase thereof, such reacquisition or repurchase rights shall be terminated immediately, except to the extent that such reacquisition or repurchase rights are to be assigned to the acquiring entity and (ii) all outstanding

Options held by Participants will Accelerate to the extent not assumed by the acquiring entity or replaced by comparable options to purchase shares of the capital stock of the successor or acquiring entity or parent thereof (the determination of comparability to be made by the Committee, which determination shall be final, binding, and conclusive). The Committee shall have discretion, exercisable either in advance of an Acquisition or at the time thereof, to provide (upon such terms as it may deem appropriate) for the automatic Acceleration of (i) one or more outstanding Options held by Participants that are assumed or replaced and do not otherwise Accelerate by reason of the Acquisition, and/or (ii) one or more shares held by Participants as Restricted Stock Awards that are assigned in connection with the Acquisition and do not otherwise Accelerate at the time thereof, in the event that the directorship, as applicable, of the respective grantees of such Options or Restricted Stock Awards should subsequently terminate following such Acquisition.

(d) Each outstanding Option that is assumed in connection with an Acquisition, or is otherwise to continue in effect subsequent to such Acquisition, shall be appropriately adjusted, immediately after such Acquisition, to apply to the number and class of securities that would have been issued to the Option holder, in consummation of such Acquisition, had such holder exercised such Option immediately prior to such Acquisition. Appropriate adjustments shall also be made to the Option price payable per share, *provided*, that the aggregate Option price payable for such securities shall remain the same. The class and number of securities available for issuance under the Plan following the consummation of such Acquisition shall be appropriately adjusted.

(e) Adjustments under this Section 8 will be made by the Committee in accordance with the terms of such sections, whose determination as to what adjustments will be made and the extent thereof so as to effectuate the intent of such sections will be final, binding, and conclusive. No fractional shares will be issued under the Plan on account of any such adjustments.

9. General Provisions.

(a) Nothing in the Plan or in any instrument executed pursuant to the Plan will confer upon any Participant any right to continue as a director of the Company or any of its Subsidiaries, for any period of time, or affect the right of the Company or any Subsidiary to terminate its relationship with the Participant at any time, with or without cause.

(b) No shares of Common Stock will be issued or transferred pursuant to an Option or Restricted Stock Award unless and until all then applicable requirements imposed by federal and state securities and other laws, rules and regulations and by any regulatory agencies having jurisdiction, and by any stock exchanges or securities quotations systems upon which the Common Stock may be listed, have been fully met. As a condition precedent to the issuance of shares pursuant to the grant or exercise of an Option or Restricted Stock Award, the Company may require the Participant to take any reasonable action to meet such requirements.

(c) No Participant and no beneficiary or other person claiming under or through such Participant will have any right, title, or interest in or to any shares of Common Stock allocated or reserved under the Plan or subject to any Option, except as to such shares of Common Stock, if any, that have been issued or transferred to such Participant.

(d) Except as set forth in paragraph (f) below, no Option and no right under the Plan, contingent or otherwise, will be transferable or assignable or subject to any encumbrance, pledge, or charge of any nature except that, under such rules and regulations as the Committee may establish pursuant to the terms of the Plan, a beneficiary may be designated with respect to an Option in the event of death of a Participant. If such beneficiary is the executor or administrator of the estate of the Participant, any rights with respect to such Option may be transferred to the person or persons or entity (including a trust) entitled thereto under the will of the holder of such Option.

(e) The Committee may, upon the grant of a Nonqualified Stock Option or a Restricted Stock Award or by amendment to any written agreement or instrument evidencing such Nonqualified Stock Option or Restricted Stock Award, provide that such Nonqualified Stock Option or Restricted Stock Award be transferable by the person to whom such Nonqualified Stock Option or Restricted Stock Award was granted, without payment of consideration, to a Permitted Transferee of such person; *provided, however*, that no transfer of a Nonqualified Stock Option or Restricted Stock Award shall be valid unless first approved by the Committee, acting in its sole discretion.

(f) The Committee may cancel, with the consent of the Participant, all or a portion of any Option granted under the Plan to be conditioned upon the granting to the Participant of a new Option for the same or a different number of shares as the Option surrendered, or may require such voluntary surrender as a condition to a grant of a new Option to such Participant. Subject to the provisions of Section 6(d), such new Option shall be exercisable at such time or time, during such periods, and for such numbers of shares, and in accordance with any other terms or conditions, as are specified by the Committee at the time the new Option is granted, all determined in accordance with the provisions of the Plan without regard to the price, period of exercise, or any other terms or conditions of the Option surrendered.

(g) The written agreements or instruments evidencing Restricted Stock Awards or Options granted under the Plan may contain such other provisions as the Committee may deem advisable. Without limiting the foregoing, and if so authorized by the Committee at the date of grant or thereafter in the case of any Nonqualified Stock Option, the Company may, with the consent of the Participant and at any time or from time to time, cancel all or a portion of any Option granted under the Plan then subject to exercise and discharge its obligation with respect to the Option either by payment to the Participant of an amount of cash equal to the excess, if any, of the Fair Market Value, at such time, of the shares subject to the portion of the Option so canceled over the aggregate purchase price specified in the Option covering such shares, or by issuance or transfer to the Participant of shares of Common Stock with a Fair Market Value at such time, equal to any such excess, or by a combination of cash and shares. Upon any such payment of cash or issuance of shares, (i) there shall be charged against the aggregate limitations set forth in Section 3(a) a number of shares equal to the number of shares so issued plus the number of shares purchasable with the amount of any cash paid to the Participant on the basis of the Fair Market Value as of the date of payment, and (ii) the number of shares subject to the portion of the Option so canceled, less the number of shares so charged against such limitations, shall thereafter be available for other grants.

10. Withholding.

The Committee shall adopt rules regarding the withholding of federal, state, or local taxes of any kind required by law to be withheld with respect to payments and delivery of shares to Participants under the Plan. Whenever shares of Common Stock are to be issued upon exercise of an Option, the Committee shall have the right to require the Optionee to remit to the Company an amount sufficient to satisfy federal, state, local or other withholding tax requirements (whether so required to secure for the Company an otherwise available tax deduction or otherwise) if and to the extent required by law prior to the delivery of any certificate for such shares. With respect to any Nonqualified Stock Option, the Committee, in its discretion, may permit the Participant to satisfy, in whole or in part, any tax withholding obligation that may arise in connection with the exercise of the Nonqualified Stock Option by electing to have the Company withhold shares of Common Stock having a Fair Market Value equal to the amount of the tax withholding.

11. Amendment and Termination.

(a) The Board shall have the power, in its discretion, to amend, modify, suspend, or terminate the Plan at any time, subject to the rights of holders of outstanding Options and Restricted Stock Awards on the date of such action, and to the approval of the stockholders of the Company if an amendment or modification would change the eligibility requirements of the Plan, extend the term of the Plan, increase the number of shares of Common Stock subject to grant as Options or Restricted Stock Awards under the Plan, or is required by applicable law or regulation.

(b) The Committee may, with the consent of a Participant, make such modifications in the terms and conditions of an Option or Restricted Stock Award held by such Participant as it deems advisable.

(c) No amendment, suspension or termination of the Plan will, without the consent of the Participant, alter, terminate, impair, or adversely affect any right or obligation under any Option or Restricted Stock Award previously granted to such Participant under the Plan.

12. Effective Date and Duration of the Plan.

(a) *Effective Date.* The Plan shall become effective upon its adoption by the Board, subject to approval by the Company's shareholders. Options and Restricted Stock Awards may be granted under the Plan at any time after its adoption by the Board, and before the date fixed for termination of the Plan. Any Option or Restricted Stock Award granted prior to shareholder approval shall be subject to such approval.

(b) *Termination.* Unless earlier terminated pursuant to Section 11, the Plan shall terminate on the earlier of (i) the tenth anniversary of the effective date at 12:01 AM, or (ii) the date on which all shares available for issuance under the Plan shall have been issued pursuant to Restricted Stock Awards or the exercise of Options granted under the Plan.

3. Shares of Common Stock Subject to the Plan.

(a) Subject to adjustment in accordance with the provisions of Section 3(c) and Section 8 of the Plan, the aggregate number of shares of Common Stock that may be issued or transferred pursuant to Options or Restricted Stock Awards under the Plan shall not exceed 5,000,000 shares, all of which may be awards of Incentive Stock Options.

(a) The Plan will be governed by and interpreted and construed in accordance with the internal laws of the Commonwealth of Massachusetts (without reference to principles of conflicts or choice of law). The captions of sections of the Plan are for reference only and will not affect the interpretation or construction of the Plan.

(b) The Plan will be administered by the Committee as determined and appointed by the Company’s Board of Directors, which shall consist of two or more persons. The Committee has and may exercise such powers and authority of the Board as may be necessary or appropriate for the Committee to carry out its functions as described in the Plan. By way of specification and not by way of limitation, the Committee shall determine the

Eligible Employees to whom, and the time or times at which, Options or Restricted Stock Awards may be granted and the number of shares subject to each Option or Restricted Stock Award. The Committee also has authority (i) to interpret the Plan, (ii) to determine the terms and provisions of the Option or Restricted Stock Award instruments, and (iii) to make all other determinations necessary or advisable for Plan administration. The Committee has authority to prescribe, amend, and rescind rules and regulations relating to the Plan. All interpretations, determinations, and actions by the Committee will be final, conclusive, and binding upon all parties.

(c) No member of the Committee will be liable for any action taken or determination made in good faith by the Committee with respect to the Plan or any Option or Restricted Stock Award under it.

5. Grants.

(a) The Committee shall determine and designate from time to time those Eligible Employees who are to be granted Options or Restricted Stock Awards, the type of each Option to be granted and the number of shares covered thereby or issuable upon exercise thereof, and the number of shares covered by each Restricted Stock Award. Each Option and Restricted Stock Award will be evidenced by a written agreement or instrument and may include any other terms and conditions consistent with the Plan, as the Committee may determine.

(b) No person will be eligible for the grant of an Incentive Stock Option who owns or would own immediately before the grant of such Option, directly or indirectly, stock possessing more than ten percent of the total combined voting power of all classes of stock of the Company or of any parent corporation or Subsidiary. This limitation will not apply if, at the time such Incentive Stock Option is granted, its exercise price is at least 110% of the Fair Market Value of the Common Stock and by its terms, it is not exercisable after the expiration of five years from the date of grant.

6. Terms and Conditions of Stock Options.

(a) The price at which Common Stock may be purchased by a Participant under an Option shall be determined by the Committee; *provided however*, that the purchase price under an Incentive Stock Option shall not be less than 100% of the Fair Market Value of the Common Stock on the date of grant of such Option. The price at which Common Stock may be purchased by a Participant under a Nonqualified Stock Option may be a nominal amount as determined by the Committee in its complete discretion.

(b) Each Option shall be exercisable at such time or times, during such periods, and for such numbers of shares as shall be determined by the Committee and set forth in the agreement or instrument evidencing the Option grant (subject to Acceleration by the Committee, in its discretion). In any event, the Option shall expire no later than the tenth anniversary of the date of grant.

(c) Unless the Committee otherwise determines at the time any Incentive Stock Option is granted or at the time of grant of any Nonqualified Stock Option or thereafter, upon the exercise of an Option, the purchase price will be payable in full in cash.

(d) For purposes of this Section 6(d), Incentive Stock Options may be granted under the Plan only to Eligible Employees defined as individuals who are, at the time of the grant of the Incentive Stock Option, actual so-called "common law employees" of the Company and not a consultant, advisor, service provider or independent contractor. The aggregate Fair Market Value of the shares with respect to which Incentive Stock Options may become exercisable for the first time in any calendar year shall not exceed the excess, if any, of (i) one hundred thousand dollars (\$100,000) over (ii) the aggregate Fair Market Value of the shares which the Eligible Employee, as defined in this Section 6(d), may acquire for the first time in that calendar year pursuant to other incentive stock options (within the meaning of section 422 of the Internal Revenue Code) previously granted, if any, to such Eligible Employee after December 31, 1986, under this Plan or any other plan of the

Company, its Subsidiaries and any “parent corporation” (as defined in section 424 of the Internal Revenue Code) of the Company. For purposes of the preceding sentence, the Fair Market Value of shares shall be determined as of the respective dates of grant of the Options under which such shares may be purchased. Any Options that purport to be Incentive Stock Options but which are granted to persons other than employees of the Company or a Subsidiary shall be, and any Options that purport to be Incentive Stock Options but are granted or become exercisable in amounts in excess of those specified in this Section 6(d), shall to the extent of such excess be, Nonqualified Stock Options.

(e) No fractional shares will be issued pursuant to the exercise of an Option, nor will any cash payment be made in lieu of fractional shares.

(f) Subject to the short-swing profit restrictions of the Federal securities laws, each Option granted to any officer of the Company may provide that upon the occurrence of a Hostile Takeover, such Option, if outstanding for at least six months, will automatically be canceled in exchange for a cash distribution from the Company in an amount equal to the excess of (i) the aggregate Takeover Price of the shares of Common Stock at the time subject to the canceled Option (regardless of whether the Option is otherwise then exercisable for such shares) over (ii) the aggregate Option price payable for such shares. Such cash distribution shall be made within five days after the consummation of the Hostile Takeover. Neither the approval of the Committee nor the consent of the Board shall be required in connection with such Option cancellation and cash distribution.

7. Terms and Conditions of Restricted Stock Awards.

(a) All shares of Common Stock subject to Restricted Stock Awards granted or sold pursuant to the Plan may be issued or transferred for such consideration (which may consist wholly of services) as the Committee may determine, and will be subject to the following conditions:

(i) The shares may not be sold, transferred, or otherwise alienated or hypothecated, except to the Company, until the conditions imposed pursuant to subsection (b) of this Section 7 have been met or are removed, unless the Committee determines otherwise in accordance with Section 9(d).

(ii) The Committee may provide in the agreement or instrument evidencing the grant of the Restricted Stock Awards that the certificates representing shares subject to Restricted Stock Awards granted or sold pursuant to the Plan will be held in escrow by the Company until the restrictions on the shares lapse in accordance with the provisions of subsection (b) of this Section 7.

(iii) Each certificate representing shares subject to Restricted Stock Awards granted or sold pursuant to the Plan will bear a legend making appropriate reference to the restrictions imposed.

(iv) The Committee may impose other conditions on any shares subject to Restricted Stock Awards granted or sold pursuant to the Plan as it may deem advisable, including without limitation, restrictions under the Securities Act of 1933, as amended, under the requirements of any stock exchange or securities quotations system upon which such shares or shares of the same class are then listed, and under any blue sky or other securities laws applicable to such shares.

(b) The restrictions imposed under subparagraph (a) above upon Restricted Stock Awards will lapse at such time or times, and/or upon the achievement of such predetermined performance objectives, as shall be determined by the Committee and set forth in the agreement or instrument evidencing the Restricted Stock Award grant. In the event a holder of a Restricted Stock Award ceases to be an employee or consultant of the Company, all shares under the Restricted Stock Award that remain subject to restrictions at the time his or her employment or consulting relationship terminates will be returned to or repurchased by the Company at their initial price unless the Committee determines otherwise.

(c) Subject to the provisions of subparagraphs (a) and (b) above, the holder will have all rights of a shareholder with respect to the shares covered by Restricted Stock Awards granted or sold, including the right to

receive all dividends and other distributions paid or made with respect thereto; *provided, however*, that the Committee may require that he or she shall execute an irrevocable proxy or enter into a voting agreement with the Company as determined by the Committee for the purpose of granting the Company or its nominee the right to vote all shares that remain subject to restrictions under this Section 7 in the same proportions (for and against) as the outstanding voting shares of the Company that are not subject to such restrictions are voted by the other shareholders of the Company on any matter, unless the Committee determines otherwise.

8. Adjustment Provisions.

(a) All of the share numbers set forth in the Plan reflect the capital structure of the Company at the time of the effectiveness of the Plan. Subject to Section 8(b), if subsequent to such date the outstanding shares of Common Stock of the Company are increased, decreased, or exchanged for a different number or kind of shares or other securities, or if additional shares or new or different shares or other securities are distributed with respect to such shares of Common Stock or other securities, through merger, consolidation, sale of all or substantially all the property of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other distribution with respect to such shares of Common Stock, or other securities, an appropriate and proportionate adjustment shall be made in (i) the maximum numbers and kinds of shares provided in Sections 3 and 5, (ii) the numbers and kinds of shares or other securities subject to the then outstanding Options and Restricted Stock Awards, and (iii) the price for each share or other unit of any other securities subject to then outstanding Options (without change in the aggregate purchase price as to which such Options remain exercisable).

(b) Upon the occurrence of a Change in Control of the Company, the Committee shall have discretion to provide for the Acceleration of (i) one or more outstanding Options held by Participants and/or (ii) one or more shares of Common Stock held by Participants as Restricted Stock Awards. Such Acceleration may be conditioned on the subsequent termination of the affected optionee's employment and/or advisory or consulting relationship as the case may be. Any Options Accelerated in connection with a Change in Control shall remain fully exercisable until the expiration or sooner termination of the term of such Option.

(c) In the event of an Acquisition, (i) to the extent that any shares of Common Stock held by Participants as Restricted Stock Awards are then subject to any rights in the Company with respect to the reacquisition or repurchase thereof, such reacquisition or repurchase rights shall be terminated immediately, except to the extent that such reacquisition or repurchase rights are to be assigned to the acquiring entity and (ii) all outstanding Options held by Participants will Accelerate to the extent not assumed by the acquiring entity or replaced by comparable options to purchase shares of the capital stock of the successor or acquiring entity or parent thereof (the determination of comparability to be made by the Committee, which determination shall be final, binding, and conclusive). The Committee shall have discretion, exercisable either in advance of an Acquisition or at the time thereof, to provide (upon such terms as it may deem appropriate) for the automatic Acceleration of (i) one or more outstanding Options held by Participants that are assumed or replaced and do not otherwise Accelerate by reason of the Acquisition, and/or (ii) one or more shares held by Participants as Restricted Stock Awards that are assigned in connection with the Acquisition and do not otherwise Accelerate at the time thereof, in the event that the employment and/or consulting relationship, as applicable, of the respective grantees of such Options or Restricted Stock Awards should subsequently terminate following such Acquisition.

(d) Each outstanding Option that is assumed in connection with an Acquisition, or is otherwise to continue in effect subsequent to such Acquisition, shall be appropriately adjusted, immediately after such Acquisition, to apply to the number and class of securities that would have been issued to the Option holder, in consummation of such Acquisition, had such holder exercised such Option immediately prior to such Acquisition. Appropriate adjustments shall also be made to the Option price payable per share, *provided*, that the aggregate Option price payable for such securities shall remain the same. The class and number of securities available for issuance under the Plan following the consummation of such Acquisition shall be appropriately adjusted.

(e) Adjustments under this Section 8 will be made by the Committee in accordance with the terms of such sections, whose determination as to what adjustments will be made and the extent thereof so as to effectuate the intent of such sections will be final, binding, and conclusive. No fractional shares will be issued under the Plan on account of any such adjustments.

9. General Provisions.

(a) Nothing in the Plan or in any instrument executed pursuant to the Plan will confer upon any Participant any right to continue as an employee, consultant or advisor to the Company or any of its Subsidiaries or affect the right of the Company or any Subsidiary to terminate the employment, consulting or advisory relationship of any Participant at any time, with or without cause.

(b) No shares of Common Stock will be issued or transferred pursuant to an Option or Restricted Stock Award unless and until all then applicable requirements imposed by Federal and state securities and other laws, rules and regulations and by any regulatory agencies having jurisdiction, and by any stock exchanges or securities quotations systems upon which the Common Stock may be listed, have been fully met. As a condition precedent to the issuance of shares pursuant to the grant or exercise of an Option or Restricted Stock Award, the Company may require the Participant to take any reasonable action to meet such requirements.

(c) No Participant and no beneficiary or other person claiming under or through such Participant will have any right, title, or interest in or to any shares of Common Stock allocated or reserved under the Plan or subject to any Option, except as to such shares of Common Stock, if any, that have been issued or transferred to such Participant.

(d) Except as set forth in paragraph (f) below, no Option and no right under the Plan, contingent or otherwise, will be transferable or assignable or subject to any encumbrance, pledge, or charge of any nature except that, under such rules and regulations as the Committee may establish pursuant to the terms of the Plan, a beneficiary may be designated with respect to an Option in the event of death of a Participant. If such beneficiary is the executor or administrator of the estate of the Participant, any rights with respect to such Option may be transferred to the person or persons or entity (including a trust) entitled thereto under the will of the holder of such Option.

(e) The Committee may, upon the grant of a Nonqualified Stock Option or a Restricted Stock Award or by amendment to any written agreement or instrument evidencing such Nonqualified Stock Option or Restricted Stock Award, provide that such Nonqualified Stock Option or Restricted Stock Award be transferable by the person to whom such Nonqualified Stock Option or Restricted Stock Award was granted, without payment of consideration, to a Permitted Transferee of such person; *provided, however*, that no transfer of a Nonqualified Stock Option or Restricted Stock Award shall be valid unless first approved by the Committee, acting in its sole discretion.

(f) The Committee may cancel, with the consent of the Participant, all or a portion of any Option granted under the Plan to be conditioned upon the granting to the Participant of a new Option for the same or a different number of shares as the Option surrendered, or may require such voluntary surrender as a condition to a grant of a new Option to such Participant. Subject to the provisions of Section 6(d), such new Option shall be exercisable at such time or times, during such periods, and for such numbers of shares, and in accordance with any other terms or conditions, as are specified by the Committee at the time the new Option is granted, all determined in accordance with the provisions of the Plan without regard to the price, period of exercise, or any other terms or conditions of the Option surrendered.

(g) The written agreements or instruments evidencing Restricted Stock Awards or Options granted under the Plan may contain such other provisions as the Committee may deem advisable. Without limiting the foregoing, and if so authorized by the Committee at the date of grant in the case of any Incentive Stock Option or at the date

of grant or thereafter in the case of any Nonqualified Stock Option, the Company may, with the consent of the Participant and at any time or from time to time, cancel all or a portion of any Option granted under the Plan then subject to exercise and discharge its obligation with respect to the Option either by payment to the Participant of an amount of cash equal to the excess, if any, of the Fair Market Value, at such time, of the shares subject to the portion of the Option so canceled over the aggregate purchase price specified in the Option covering such shares, or by issuance or transfer to the Participant of shares of Common Stock with a Fair Market Value at such time, equal to any such excess, or by a combination of cash and shares. Upon any such payment of cash or issuance of shares, (i) there shall be charged against the aggregate limitations set forth in Section 3(a) a number of shares equal to the number of shares so issued plus the number of shares purchasable with the amount of any cash paid to the Participant on the basis of the Fair Market Value as of the date of payment, and (ii) the number of shares subject to the portion of the Option so canceled, less the number of shares so charged against such limitations, shall thereafter be available for other grants.

10. Withholding; Notice of Disposition of Stock Prior to Expiration of Specified Holding Period.

(a) The Committee shall adopt rules regarding the withholding of federal, state, or local taxes of any kind required by law to be withheld with respect to payments and delivery of shares to Participants under the Plan. Whenever shares of Common Stock are to be issued upon exercise of an Option, the Committee shall have the right to require the Optionee to remit to the Company an amount sufficient to satisfy federal, state, local or other withholding tax requirements (whether so required to secure for the Company an otherwise available tax deduction or otherwise) if and to the extent required by law prior to the delivery of any certificate for such shares. With respect to any Nonqualified Stock Option, the Committee, in its discretion, may permit the Participant to satisfy, in whole or in part, any tax withholding obligation that may arise in connection with the exercise of the Nonqualified Stock Option by electing to have the Company withhold shares of Common Stock having a Fair Market Value equal to the amount of the tax withholding.

(b) The Committee may require as a condition to the issuance of shares covered by any Incentive Stock Option that the person exercising such Option give a written representation to the Company, satisfactory in form and substance to its counsel and upon which the Company may reasonably rely, that he or she will report to the Company any disposition of those shares prior to the expiration of the holding periods specified by Section 422(a)(1) of the Code. If and to the extent that the disposition imposes upon the Company federal, state, local or other withholding tax requirements, or any such withholding is required to secure for the Company an otherwise available tax deduction, the Company shall have the right to require that the person making the disposition remit to the Company an amount sufficient to satisfy those requirements.

11. Amendment and Termination.

(a) The Board shall have the power, in its discretion, to amend, modify, suspend, or terminate the Plan at any time, subject to the rights of holders of outstanding Options and Restricted Stock Awards on the date of such action, and to the approval of the stockholders of the Company if an amendment or modification would change the eligibility requirements of the Plan, extend the term of the Plan, increase the number of shares of Common Stock subject to grant as Options or Restricted Stock Awards under the Plan, or is required by applicable law or regulation.

(b) The Committee may, with the consent of a Participant, make such modifications in the terms and conditions of an Option or Restricted Stock Award held by such Participant as it deems advisable.

(c) No amendment, suspension or termination of the Plan will, without the consent of the Participant, alter, terminate, impair, or adversely affect any right or obligation under any Option or Restricted Stock Award previously granted to such Participant under the Plan.
