Acceleron Announces Pricing of Public Offering of Common Stock

CAMBRIDGE, Mass.--(BUSINESS WIRE)-- Acceleron Pharma Inc. (NASDAQ:XLRN), a leading biopharmaceutical company in the discovery and development of TGF-beta therapeutics intended to treat serious and rare hematologic, neuromuscular, and pulmonary diseases, today announced that it has priced an underwritten public offering of 5,405,406 shares of common stock at a price to the public of \$37.00 per share for gross proceeds of \$200.0 million. In connection with this offering, Acceleron has granted the underwriters a 30-day option to purchase up to an additional 810,810 shares of common stock.

J.P. Morgan Securities LLC, Citigroup and Leerink Partners LLC are acting as joint book-running managers for the offering. The offering is expected to close on or about September 25, 2017, subject to the satisfaction of customary closing conditions.

Acceleron expects to receive net proceeds from the offering, after deducting underwriting discounts and commissions and other offering expenses payable by the company, of approximately \$187.6 million. Acceleron intends to use the net proceeds from the offering to conduct clinical trials and associated activities with therapeutic candidates from its existing research pipeline and for general and administrative expenses (including personnel-related costs), capital expenditures and working capital and other general corporate purposes, including potential acquisitions of rights to additional programs from third parties.

The shares are being offered by Acceleron pursuant to an effective shelf registration statement on Form S-3 that was previously filed with the Securities and Exchange Commission (the "SEC"). A preliminary prospectus supplement relating to and describing the terms of the offering was filed with the SEC on September 19, 2017. The final prospectus supplement relating to the offering will be filed with the SEC. When available, copies of the final prospectus supplement and the accompanying prospectus can be obtained at the SEC's website <http://www.sec.gov> or from J.P. About Acceleron

Acceleron is a leading biopharmaceutical company in the discovery and development of TGF-beta therapeutics to treat serious and rare hematologic, neuromuscular, and pulmonary diseases. Its pioneering research and protein engineering platform engages the target-rich TGF-beta superfamily and its remarkable ability to regulate cellular growth and repair.

Under a global partnership with Celgene, Acceleron is in Phase 3 development with luspatercept, a potential first-in-class chronic anemia therapy for the treatment of rare blood diseases. The Company is also advancing a neuromuscular franchise with two distinct Myostatin+ agents, ACE-083 and ACE-2494, and a pulmonary program with a Phase 2 trial of sotatercept planned in pulmonary arterial hypertension. Acceleron has ongoing preclinical research efforts targeting additional indications in these three disease areas where there is significant unmet medical need.
