QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

The following questions and answers are intended to briefly address potential questions that our stockholders may have regarding this Proxy Statement and the Annual Meeting. They are also intended to provide our stockholders with certain information that is required to be provided under the rules and regulations of the Securities and Exchange Commission, or the SEC. These questions and answers may not address all of the questions that are important to you as a stockholder. If you have additional questions about the Proxy Statement or the Annual Meeting, please see the response to the question entitled “*Whom shall I contact with other questions ?*” below.

Q: What is the purpose of the Annual Meeting?

A: At the Annual Meeting, our stockholders will be asked to consider and vote upon the matters described in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders, and any other matters that properly come before the Annual Meeting.

Q: When and where will the Annual Meeting be held?

A: You are invited to attend the Annual Meeting on June 16, 2015, at 10 a.m., local time. The Annual Meeting will be held at our corporate offices located at 5810 Nancy Ridge Drive, San Diego, California 92121.

Q: Why did I receive these proxy materials?

A: We are making these proxy materials available in connection with the solicitation by our board of directors of proxies to be voted at the Annual Meeting, and at any adjournment or postponement thereof. Your proxy is being solicited in connection with the Annual Meeting because you owned our common stock at the close of business on April 30, 2015, which is the record date for the Annual Meeting. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting.

You are invited to attend the Annual Meeting in person to vote on the proposals described in this Proxy Statement. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may vote your shares as described in the response to the question entitled “How can I vote my shares” below and as described elsewhere in this Proxy Statement.

Along with this proxy statement, we are also sending our 2014 fiscal year annual report, which includes our financial statements. We intend to begin mailing this Proxy Statement, the attached notice of annual meeting and the enclosed proxy card on or about May 5, 2015, to all stockholders of record entitled to vote at the Annual Meeting.

Your vote is very important. Whether or not you plan to attend the Annual Meeting, we encourage you to read this Proxy Statement and submit your proxy or voting instructions as soon as possible.

<u>Proposal</u>	<u>Board's Voting Recommendation</u>

We will also consider any other business that properly comes before the Annual Meeting. As of the record date, we are not aware of any other matters to be submitted for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the enclosed proxy card or voter instruction card will vote the shares they represent using their best judgment. Michael W. Nall and William Kachioff the designated proxyholders, are members of our management.

Q: Who may vote at the Annual Meeting?

A: If you owned our common stock on April 30, 2015, the record date for the Annual Meeting, you may attend and vote at the Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held on all matters to be voted on. On the record date, there were 17,901,552 shares of our common stock outstanding and entitled to vote at the Annual Meeting.

Q: What is the quorum requirement for the Annual Meeting?

A: We need a quorum of stockholders in order to hold our Annual Meeting. A quorum exists when at least a majority of the outstanding shares of our common stock entitled to vote as of the record date, or 8,950,777 shares, are represented at the Annual Meeting, either in person or by proxy. If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

Q: What vote is required to approve each proposal?

A: *Election of Directors (Proposal 1)*: Directors will be elected by a plurality of the votes cast, so the three director nominees who receive the most votes will be elected.

Ratification of the Appointment of Independent Registered Public Accounting Firm (Proposal 2): The ratification of the appointment of Mayer Hoffman McCann P.C. as our independent registered public accounting firm requires the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote at the Annual Meeting.

Approval of the Company's Amended and Restated 2013 Equity Incentive Plan (Proposal 3) : The approval of an amendment and restatement of the Company's 2013 Equity Incentive Plan requires the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote at the Annual Meeting.

Q: What is the difference between a “stockholder of record” and a “beneficial owner”?

A: You are considered to be a stockholder of record if your shares were registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, on the record date.

If, however, your shares are held in a brokerage account or by a bank or other agent, and not in your name, you are considered to be the beneficial owner of shares held in street name.

Q: May I vote my shares in person at the Annual Meeting?

A: If you are the stockholder of record, you have the right to vote in person at the Annual Meeting. When you arrive at the Annual Meeting, you may request a ballot.

If you are the beneficial owner of shares held in street name, you are welcome to attend the Annual Meeting, but you may not vote your shares in person at the Annual Meeting unless you bring with you a proxy from the broker, bank or other agent that holds your shares, giving you the right to vote at the Annual Meeting.

Admission to the Annual Meeting will be on a first-come, first-served basis. You should be prepared to present government-issued photo identification for admittance, such as a passport or driver's license. Please note that for security reasons, you and your bags may be subject to search prior to your admittance to the Annual Meeting. If you do not comply with each of the foregoing requirements, you will not be admitted to the Annual Meeting.

Q: What happens if I do not give specific voting instructions?

A: If you are a stockholder of record and you indicate when voting that you wish to vote as recommended by our board of directors, or if you sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares as recommended by our board of directors on all matters presented in this Proxy Statement, and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

If you are a beneficial owner of shares held in street name and do not provide the entity that holds your shares with specific voting instructions, the entity that holds your shares may generally vote at its discretion on “routine” matters. However, if the entity that holds your shares does not receive instructions from you on how to vote your shares on a “non-routine” matter, it will be unable to vote your shares on that matter. This is generally referred to as a “broker non-vote.”

Q: Which proposals in this Proxy Statement are considered “routine” or “non-routine” matters?

A: The election of directors (Proposal 1) is considered a non-routine matter under applicable rules. As a result, a broker or other nominee may not vote without instructions on this matter, so there may be broker non-votes on Proposal 1 .

The ratification of the appointment of Mayer Hoffman McCann P.C. as our independent registered public accounting firm (Proposal 2) is considered a routine matter under applicable rules. A broker or other nominee may generally vote without instructions on this matter, so there will not be any broker non-votes in connection with Proposal 2 .

The approval of the Company's Amended and Restated 2013 Equity Incentive Plan (Proposal 3) is considered a non-routine matter under the applicable rules. As a result, a broker or other nominee may not vote without instructions on this matter, so there may be broker non-votes on Proposal 3 .

Q: What is the effect of abstentions and broker non-votes?

A: Shares held by persons attending the Annual Meeting but not voting, and shares represented by proxies that reflect abstentions as to a particular proposal, will be counted as present for purposes of determining the presence of a quorum. Abstentions are treated as shares present in person or by proxy and entitled to vote. The election of directors (Proposal 1) will be determined by a plurality of votes cast, so abstentions on this proposal will not have an effect on the outcome of this vote. The ratification of the appointment of Mayer Hoffman McCann P.C. as our independent registered public accounting firm (Proposal 2) requires

the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote at the Annual Meeting, so abstentions on this proposal will have the same effect as a vote against this proposal. The approval of the Company's Amended and Restated 2013 Equity Incentive Plan (Proposal 3) requires the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote at the Annual Meeting, so abstentions on this proposal will have the same effect as a vote against this proposal.

A broker non-vote occurs when a broker, bank or other agent holding shares for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares for certain non-routine matters. Shares represented by proxies that reflect a broker non-vote will be counted for purposes of determining the presence of a quorum. The election of directors (Proposal 1) and the approval of the Company's Amended and Restated 2013 Equity Incentive Plan (Proposal 3), are considered non-routine matters and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote. The ratification of the appointment of Mayer Hoffman McCann P.C. as our independent registered public accounting firm (Proposal 2) is considered a routine matter on which a broker, bank or other agent has discretionary authority to vote, so there will not be any broker non-votes in connection with this proposal.

Q: How can I vote my shares?

A: With respect to the election of directors (Proposal 1), you may either vote "For" all director nominees or you may "Withhold" your vote for any nominee you specify. With respect to the ratification of the appointment of Mayer Hoffman McCann P.C. as our independent registered public accounting firm (Proposal 2), you may vote "For" or "Against" or you may abstain from voting. With respect to the approval of the Company's Amended and Restated 2013 Equity Incentive Plan (Proposal 3), you may vote "For" or "Against" or you may abstain from voting.

The procedures for voting are as follows:

Stockholder of Record

If you are a stockholder of record, you may vote in person at the Annual Meeting or using the accompanying proxy card. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person if you have already voted by proxy.

- To vote in person, come to the Annual Meeting and you may request a ballot when you arrive.
- To vote using the proxy card, simply complete, sign and date the proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owner

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply follow the instructions in the proxy card received from your broker, bank or other agent or complete, sign and return the proxy card to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included in their materials, or contact your broker, bank or other agent to request a proxy form.

Q: How may I revoke or change my vote after submitting my proxy?

A: You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting.

Stockholder of Record

If you are a stockholder of record, you may revoke your proxy in one of the four following ways:

- you may submit another properly completed proxy card with a later date;
- you may send a written notice that you are revoking your proxy to Biocept, Inc., 5810 Nancy Ridge Drive, San Diego, California 92121, Attention: William Kachioff; or
- you may attend the Annual Meeting and vote in person (however, simply attending the Annual Meeting will not, by itself, revoke your proxy or change your vote).

Your most current proxy card will be the one that is counted at the Annual Meeting.

Beneficial Owner

If you are a beneficial owner of shares, you may revoke your proxy by following instructions provided by your broker, bank or other agent.

Q: What are the costs of soliciting these proxies?

A: We will pay all of the costs of soliciting these proxies. Our directors, officers and other employees may solicit proxies in person or by telephone, fax or email, but will be paid no additional compensation for these services. Although we have not retained a proxy solicitor to assist in the solicitation of proxies, we may do so in the future, and do not believe that the cost of any such proxy solicitor will be material. We may reimburse banks, brokers and other institutions, nominees and fiduciaries for their expenses in forwarding these proxy materials to their principals and to obtain authority to execute proxies.

Q: Where can I find voting results of the Annual Meeting?

A: In accordance with SEC rules, final voting results will be published in a Current Report on Form 8-K within four business days following the Annual Meeting, unless final results are not known at that time in which case preliminary voting results will be published within four business days of the Annual Meeting and final voting results will be published once they are known by us.

Q: When are shareholder proposals and director nominations due for next year's annual meeting?

A: To be considered at next year's annual meeting, your proposal or nomination must be delivered to or mailed and received by our corporate secretary at our principal executive offices located at 5810 Nancy Ridge Drive, San Diego, California 92121 not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, before the anniversary date of the immediately preceding annual meeting; provided, however, that in the event that no annual meeting was held in the previous year or the annual meeting is called for a date that is not within 30 days before or after such anniversary date, notice by the stockholder to be timely must be so received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first.

Q: Whom should I contact with other questions?

A: If you have additional questions about this Proxy Statement or the Annual Meeting, or if you would like additional copies of this Proxy Statement, please contact: Biocept, Inc., 5810 Nancy Ridge Drive, San Diego, California 92121, Attention: William Kachioff, Telephone: (858) 320-8200.

PROPOSAL 1: ELECTION OF DIRECTORS

Board Structure

We currently have eight members of our board of directors. Under our charter and bylaws, our board is divided into three classes, as follows:

- Class II, which consists of Marsha A. Chandler, Bruce A. Huebner and Ivor Royston, whose terms will expire at the Annual Meeting;
- Class III, which consists of David F. Hale, Michael W. Nall and M. Faye Wilson, whose terms will expire at our 2016 annual meeting of stockholders; and
- Class I, which consists of Bruce E. Gerhardt and Edward Neff, whose terms will expire at our 2017 annual meeting of stockholders.

Upon the expiration of the initial term of office for each class of directors, each director in such class shall be elected for a term of three years and serve until a successor is duly elected and qualified or until his or her earlier death, resignation or removal.

Directors may only be removed with cause by the affirmative vote of a majority of the shares then entitled to vote upon an election of directors. Because only one-third of our directors will be elected at each annual meeting of stockholders, two consecutive annual meetings of stockholders could be required for the stockholders to change a majority of our board of directors. Any additional directorships resulting from an increase in the number of directors or a vacancy may be filled by the directors then in office.

Election of Directors

At the Annual Meeting, our stockholders are being asked to vote for the Class II director nominees listed below to serve on our board of directors until our annual meeting in 2018 and until each of their successors has been elected and qualified, or until such director's death, resignation or removal. Each of these nominees is a current member of our board of directors, whose term expires at the Annual Meeting. Each of these nominees has consented to serve, if elected.

Provided that a quorum of stockholders is present at the Annual Meeting, directors will be elected by a plurality of the votes cast by the stockholders entitled to vote on this proposal at the Annual Meeting. Abstentions, broker non-votes and votes withheld will not be treated as votes cast for this purpose and, therefore, will not affect the outcome of the election.

If no contrary indication is made, proxies will be voted for the nominees, or in the event that any nominee is not a candidate or is unable to serve as a director at the time of the election, for any nominee who is designated by our board of directors to fill the vacancy.

CORPORATE GOVERNANCE

Director Independence

Our board of directors has affirmatively determined that Dr. Chandler, Mr. Gerhardt, Mr. Huebner, Mr. Neff, Dr. Royston and Ms. Wilson, or six of our eight directors, meet the definition of “independent director” under the applicable NASDAQ Listing Rules.

Family Relationships

One of our directors, Mr. Neff is an uncle of our Chief Executive Officer, President and director Michael W. Nall.

Agreements with Directors

None of the directors or nominees for director was selected pursuant to any arrangement or understanding, other than with the directors of the Company acting within their capacity as such.

Legal Proceedings with Directors

There are no legal proceedings related to any of the directors or director nominees which require disclosure pursuant to Items 103 or 401 (f) of Regulation S-K.

Board Leadership Structure

The positions of chairman of the board and chief executive officer are separated. We believe that separating these positions allows our chief executive officer to focus on our day-to-day business, while allowing the chairman of the board to lead our board of directors in its fundamental role of providing advice to and independent oversight of management. Our board of directors recognizes the time, effort and energy that the chief executive officer is required to devote to his position in the current business environment, as well as the commitment required to serve as our chairman, particularly as our board of directors’ oversight responsibilities continue to grow. While our amended and restated bylaws and corporate governance principles do not require that our chairman and chief executive officer positions be separate, our board of directors believes that having separate positions is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance.

Board Role in Risk Oversight

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including risks relating to our operations, strategic direction and intellectual property. Management is responsible for the day-to-day management of risks we face, while our board of directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

The role of our board of directors in overseeing the management of our risks is conducted primarily through committees of our board of directors, as disclosed in the descriptions of each of the committees below and in the charters of each of the committees. The full board of directors (or the appropriate board committee in the case of risks that are under the purview of a particular committee) discusses with management our major risk exposures, their potential impact on us, and the steps we take to manage them. When a board committee is responsible for evaluating and overseeing the management of a particular risk or risks, the chairman of the relevant committee reports on the discussion to the full board of directors during the committee reports portion of the next board meeting.

Board and Committee Meetings

During 2014, our board of directors met nine times (including telephonic meetings) and took action by written consent once. Each director attended at least 75% of the meetings held while he or she was a director, either in person or by teleconference. Additionally, each director attended at least 75% of the meetings for each committee on which he or she served.

Director Attendance at Annual Meetings

Although we do not have a formal policy regarding attendance by members of our board of directors at our annual meetings of stockholders, we encourage all of our directors to attend.

Executive Sessions

In accordance with the applicable NASDAQ Listing Rules, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Board Committees

Our board of directors has three standing committees: the audit committee, the compensation committee, and the nominating and corporate governance committee. In addition, from time to time, special committees may be established under the direction of our board of directors when necessary to address specific issues.

Each of the three standing committees has a written charter that has been approved by our board of directors. A copy of each charter is available on our website at www.biocept.com by selecting the “Investor Relations” icon at the top of the page, followed by the “Corporate Governance” hyperlink.

The current members of each committee are identified in the following table:

Audit Committee

During 2014, our audit committee met five times. Each of the members of the audit committee has been determined to be an independent director under applicable SEC rules and the applicable NASDAQ Listing Rules. Our board of directors has affirmatively determined that Ms. Wilson is designated as an “audit committee financial expert.”

Our audit committee’s responsibilities include:

- Oversee the integrity of the Company’s financial statements and other financial information provided by the Company to its stockholders and others;
- Monitor the periodic reviews that are conducted by the Company’s financial and senior management and by the Company’s independent auditors of the adequacy of the Company’s auditing, accounting and financial reporting processes and systems of internal control;
- Oversee the qualifications, independence and performance of the Company’s independent auditors;
- Oversee compliance with legal, regulatory and public disclosure requirements; and
- Facilitate communication among the Company’s independent auditors, the Company’s financial and senior management, and the Board.

Compensation Committee

During 2014, our compensation committee met five times and took action by written consent twice. Each of the members of the compensation committee has been determined to be an independent director under the applicable NASDAQ Listing Rules.

Our compensation committee’s responsibilities include:

- Oversee the Company’s overall compensation programs applicable to executive officers and directors;
- Oversee the Company’s cash and equity-based compensation plans applicable to all of the Company’s directors, officers and employees;

- Produce an annual report on executive compensation for inclusion in the Company's annual proxy statement; and
- Review and discuss with the Company's management the tables and narrative discussion regarding executive officer and director compensation to be included in the Company's annual proxy statement.

Nominating and Corporate Governance Committee

During 2014, our nominating and corporate governance committee did not meet and took action by written consent once. Each of the members of the nominating and corporate governance committee has been determined to be an independent director under the applicable NASDAQ Listing Rules.

Our nominating and corporate governance committee's responsibilities include:

- Identify individuals qualified to become board members, consistent with criteria approved by the Board, and recommend that the Board select the director nominees for election at each annual meeting of stockholders or to fill vacancies on Board in accordance with the Company's Bylaws;
- Recommend to the Board any appropriate changes in the Company's Code of Ethics, applicable to the Chief Executive Officer and other senior financial officers, and in the Code of Business Conduct, applicable to all Company directors, officers and employees, and in such other corporate governance policies and documents as the Committee determines from time to time, including such policies and documents as the Committee may develop and/or recommend to the Board for approval;
- Recommend to the Board director nominees for each committee of the Board; and
- Lead the Board in its annual review of the performance of the Board and any committee thereof, as applicable.

Director Nomination Process

The goal of our nominating and corporate governance committee, which we refer to as the committee for purposes of this section, is to assemble a well-rounded board of directors that consists of directors with backgrounds that are complementary to one another, reflecting a variety of experiences, skills and expertise. The committee's current selection criteria for prospective nominees, as set forth in the committee's charter, are as follows:

- Each director should be committed to enhancing long-term stockholder value and must possess a high level of personal and professional ethics, sound business judgment and integrity;
- Each director should be free of any conflicts of interest which would violate applicable laws, rules, regulations or listing standards, or interfere with the proper performance of his or her responsibilities;
- Each director should possess experience, skills and attributes which enhance his or her ability to perform duties on our behalf. In assessing these qualities, the committee will consider such factors as (i) personal skills and attributes, (ii) expertise in the areas of accounting, marketing, strategy, financial reporting or corporate governance, or (iii) professional experience in diabetes care or the healthcare industry, as well as other factors that would be expected to contribute to an effective board of directors;
- Each director should have the willingness and ability to devote the necessary time and effort to perform the duties and responsibilities of board membership; and
- Each director should demonstrate his or her understanding that his or her primary responsibility is to our stockholders, and that his or her primary goal is to serve the best interests of those stockholders, and not his or her personal interest or the interest of a particular group.

In considering whether to recommend any candidate for inclusion in the slate of recommended nominees for our board of directors, including candidates recommended by stockholders, the committee applies the criteria set forth above.

While we do not have a policy regarding board diversity, it is one of a number of factors that the committee takes into account in identifying nominees.

The committee believes it is appropriate for our President and Chief Executive Officer to serve as a member of our board of directors.

The committee currently has a policy of evaluating nominees recommended by stockholders in the same manner as it evaluates other nominees. We do not intend to treat stockholder recommendations in any manner different from other recommendations. Under our amended and restated bylaws, stockholders wishing to propose a director nominee should send the required information to our corporate secretary. We have not received director candidate recommendations from our stockholders.

Codes of Conduct and Ethics

We have adopted a code of ethics that applies to our Chief Executive Officer and other senior financial officers (our Chief Financial Officer, Vice President of Finance and other senior financial officers performing similar functions), which is designed to meet the requirements of Item 406 of Regulation S-K. We have also adopted a code of business conduct that applies to all of our employees, officers and directors, which is designed to meet the requirements of the applicable NASDAQ Listing Rules. Each of these documents is available on our website at www.biocept.com by selecting the “Investor Relations” icon at the top of the page, followed by the “Corporate Governance” hyperlink.

Stockholder Communications with our Board of Directors

Stockholders seeking to communicate with our board of directors, as a whole, may send such communication to: Biocept, Inc., 5810 Nancy Ridge Drive, San Diego, California 92121, Attention: Chief Financial Officer. Stockholders seeking to communicate with an individual director, in his or her capacity as a member of our board of directors, may send such communication to the same address to the attention of such individual director. We will promptly forward any such stockholder communication to each director to whom such stockholder communication is addressed to the address specified by each such director.

- Initial Awards . For each non-employee director who is initially elected or appointed to the board after the closing of our initial public offering: an annual grant of an option to purchase 20,000 shares of common stock.
- Subsequent Awards .
 - For each non-employee director who (i) has been serving on the board for at least 6 months as of the date of any annual meeting of our stockholders and (ii) will continue to serve as a non-employee director immediately following such meeting: an option to purchase 15,000 shares of common stock.
 - For each non-employee director who (i) has been serving as Chair of the board for at least 6 months as of the date of any annual meeting of our stockholders and (ii) will continue to serve as Chair of the board immediately following such meeting: an additional option to purchase 50,000 shares of common stock.

The annual cash retainers shall be earned and paid on a calendar quarterly basis, subject to proration in the case of service during only a portion of a calendar quarter.

The per share exercise price of each option granted under this program shall equal the fair market value of a share of common stock on the date the option is granted. Each such stock option shall vest and become exercisable in substantially equal installments on each of the first three anniversaries of the date of grant, subject to continuing in service on the board through each such vesting date; provided, that each Subsequent Award shall vest and/or become exercisable on the first anniversary of the date of grant, subject to continuing in service on the board through such vesting date; and provided further, that all stock options under the program shall vest in full upon the occurrence of a change in control.

The term of each such stock option shall be 10 years from the date the option is granted. Upon a non-employee director's cessation of service on the board for any reason, his or her stock options granted under this program would, to the extent vested on the date of cessation of service, remain exercisable for 12 months following the cessation of his or her service on the board (or such longer period as the board may determine in its discretion on or after the date of such stock options).

On February 13, 2014, option awards exercisable into an aggregate 238,500 shares of common stock with an estimated grant date fair value of \$1,675,708 were granted under our 2013 Equity Incentive Plan to the non-employee members of our Board of Directors in accordance with the annual grant amounts noted above in this “Director Compensation” section. The exercise price of these awards of \$8.88 per share is equal to the closing price of our common stock on the date of grant, and the fair value of approximately \$7.03 per option award was estimated using a Black-Scholes pricing model. The assumptions used in the Black-Scholes pricing model include a volatility of 100.0%, a risk free interest rate of 1.835%, a dividend yield of 0.00%, and an expected term of 6.00 years. The option awards vest in equal annual installments over three years from the date of grant with a term of 10 years.

The following table reflects all compensation awarded to, earned by or paid to the non-employee directors during 2014:

Name	Fees Earned or Paid in Cash (\$) ⁽¹⁾	Option Awards (\$) ⁽²⁾	Restricted Stock Awards (\$) ⁽²⁾	Total (\$)

David F. Hale ⁽³⁾	88,889	491,822	—	580,711

- (2) The amounts in the “Option Awards (\$)” and “Restricted Stock Awards (\$)” columns reflect the grant date fair values of stock option and RSU awards, respectively, granted during the year. These amounts are determined in accordance with the provisions of FASB ASC Topic 718, rather than an amount paid to or realized by the director.
- (3) Mr. Hale was appointed as our Executive Chairman in March 2011. As of and in connection with the closing of our initial public offering on February 10, 2014, Mr. Hale now serves as non-executive Chairman. Amounts in the table above also exclude an option award granted to Mr. Hale on February 21, 2014 in settlement of achieved performance metrics associated with our initial public offering, which were effected upon Mr. Hale’s appointment as our Executive Chairman in March 2011 and unrelated to compensation earned as a non-employee director.

PROPOSAL 2: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our audit committee has appointed Mayer Hoffman McCann P.C. as our independent registered public accounting firm for the year ending December 31, 2015. Although not required by applicable law, or our charter or bylaws, as a matter of good corporate governance, we are asking our stockholders to ratify the appointment of Mayer Hoffman McCann P.C. as our independent registered public accountants. Mayer Hoffman McCann P.C. has audited our financial statements since 2012.

We expect that representatives of Mayer Hoffman McCann P.C. will be present at the Annual Meeting, and will be available to respond to appropriate questions from stockholders. Additionally, the representatives of Mayer Hoffman McCann P.C. will have an opportunity to make a statement if they so desire.

The affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the appointment of Mayer Hoffman McCann P.C. Abstentions will be counted toward the tabulation of votes cast on this proposal and will have the same effect as a vote against the proposal. Broker non-votes will be counted toward a quorum but not counted for any purpose in determining whether this proposal has been approved.

If our stockholders fail to ratify the appointment of Mayer Hoffman McCann P.C., our audit committee will reconsider whether to retain the firm. Even if the selection is ratified, our audit committee in its discretion may direct the appointment of different independent registered public accountants at any time during the year if it determines that such a change would be in our best interests and the best interests of our stockholders.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A “FOR” VOTE FOR THIS PROPOSAL

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

Our audit committee has established a policy that all audit and permissible non-audit services provided by our independent registered public accounting firm will be pre-approved by the audit committee. These services may include audit services, audit-related services, tax services and other services. Our audit committee considers whether the provision of each non-audit service is compatible with maintaining the independence of our auditors. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. Our independent registered public accounting firm and management are required to periodically report to our audit committee regarding the extent of services provided by our independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date.

AUDIT COMMITTEE REPORT

The audit committee oversees our financial reporting process on behalf of the Company's board of directors, but management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the audit committee reviewed and discussed the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2014 with management, including a discussion of any significant changes in the selection or application of accounting principles, the reasonableness of significant judgments, the clarity of disclosures in the financial statements and the effect of any new accounting initiatives.

The audit committee reviewed and discussed with Mayer Hoffman McCann P.C., which is responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles, its judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the audit committee under generally accepted auditing standards, including Auditing Standard No. 16, "Communication with Audit Committees" (which superseded Statement on Auditing Standards No. 61 for fiscal years beginning after December 15, 2012) of the Public Company Accounting Oversight Board. In addition, the audit committee has discussed with Mayer Hoffman McCann P.C., its independence from management and the Company, has received from Mayer Hoffman McCann P.C. the written disclosures and the letter required by Public Company Accounting Oversight Board Rule 3526 (Independence Discussions with Audit Committees), and has considered the compatibility of non-audit services with the auditors' independence.

We have met with Mayer Hoffman McCann P.C. to discuss the overall scope of its services, the results of its audit and reviews, its evaluation of the Company's internal controls and the overall quality of the Company's financial reporting. Mayer Hoffman McCann P.C., as the Company's independent registered public accounting firm, also periodically updates the audit committee about new accounting developments and their potential impact on the Company's reporting. Our meetings with Mayer Hoffman McCann P.C. were held with and without management present. Members of the audit committee are not employed by the Company, nor does the audit committee provide any expert assurance or professional certification regarding the Company's financial statements. We rely, without independent verification, on the accuracy and integrity of the information provided, and representations made, by management and the Company's independent registered public accounting firm.

In reliance on the reviews and discussions referred to above, we recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014. We and the Company's board of directors also recommended, subject to stockholder approval, the ratification of the appointment of Mayer Hoffman McCann P.C. as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2015.

This report of the audit committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such acts.

The foregoing report has been furnished by the audit committee.

Respectfully submitted,

AUDIT COMMITTEE

M. Faye Wilson, Chair
Bruce E. Gerhardt
Edward Neff

PROPOSAL 3: APPROVAL OF THE COMPANY'S AMENDED AND RESTATED 2013 EQUITY INCENTIVE PLAN

Our board of directors and stockholders originally adopted the Biocept, Inc. 2013 Equity Incentive Plan, or the 2013 Plan, in 2013. Our board of directors is requesting stockholder approval of an amendment and restatement of the 2013 Plan, or the Amended and Restated 2013 Plan, which includes the following material changes:

- **Eliminate Evergreen Provision** : the Amended and Restated 2013 Plan eliminates the annual automatic "evergreen" increase to the number of shares of common stock authorized for issuance under the Amended and Restated 2013 Plan and instead authorizes a fixed number of shares that may be issued, so that stockholder approval is required to issue any additional shares, allowing our stockholders to have direct input on our equity compensation programs.
- **Increase Fixed Number of Shares Available** : the aggregate number of shares of common stock authorized for issuance as stock awards is increased by 1,500,000 shares under the Amended and Restated 2013 Plan, subject to certain changes in our capitalization. The Amended and Restated 2013 Plan also provides that the shares remaining available for grant under our 2007 Equity Incentive Plan, or the 2007 Plan, will become available for issuance under the Amended and Restated 2013 Plan and will no longer be available under the 2007 Plan.
- **Adopt Minimum Vesting Requirements** : the Amended and Restated 2013 Plan provides that no stock option or stock appreciation right, or SAR, will vest until at least 12 months following the date of grant of the award; provided, however, that up to 5% of the aggregate number of shares that may be issued under the Amended and Restated 2013 Plan may be subject to stock options and SARs which do not meet such vesting requirements.
- **Clarify No liberal share counting or recycling** : the Amended and Restated 2013 Plan clarifies that the following shares will not become available again for issuance under the Amended and Restated 2013 Plan: (i) shares that are reacquired or withheld (or not issued) by us to satisfy the exercise or purchase price of a stock award; (ii) shares that are reacquired or withheld (or not issued) by us to satisfy a tax withholding obligation in connection with a stock award; and (iii) any shares repurchased by us on the open market with the proceeds of the exercise or purchase price of a stock award.
- **Prohibit all types of underwater repricings and cash outs without stockholder approval** : in addition to prohibiting the repricing of any stock option or SAR that has an exercise or strike price greater than the then-current fair market value of our common stock, which is referred to as being underwater, without stockholder approval, the Amended and Restated 2013 Plan provides that no underwater stock option or SAR may be canceled in exchange for cash or other awards, unless our stockholders have approved such an action within 12 months prior to such an event.
- **Limit Board's Discretion for Single-Trigger Acceleration; Require Double-Trigger Acceleration** : the Amended and Restated 2013 Plan provides that we may only have the discretion to accelerate awards under the plan in connection with a change in control of our Company if an outstanding award is not assumed, continued or substituted for in such transaction. The Amended and Restated 2013 Plan provides for acceleration of vesting of outstanding time-based awards on a "double-trigger" basis, requiring a termination of the holder's service without cause or resignation for good reason in connection with the change in control transaction.
- **Increase ISO Limit** : the aggregate maximum number of shares of common stock that may be issued under the Amended and Restated 2013 Plan pursuant to the exercise of incentive stock options is increased to 3,068,865 shares (which is the size of the aggregate shares issuable under the Amended and Restated 2013 Plan), subject to certain changes in our capitalization.
- **Increase 162(m) Limits** : the per-person limitations designed to allow us to grant appreciation and performance-based awards under the Amended and Restated 2013 Plan that are exempt from the \$1 million limitation on the income tax deductibility of compensation paid to covered employees imposed by Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, are increased. Specifically, the Amended and Restated 2013 Plan increases the maximum number of shares of common stock that may be granted to any one individual participant during a calendar year, subject to certain changes in our capitalization to: (i) 2,000,000 shares of common stock with respect to stock options and SARs; (ii) 1,000,000 shares of common stock with respect to other types of awards and (iii) 2,000,000 shares of common stock and \$2,000,000 with respect to performance compensation awards (which may be designated in shares or cash).
- **Eliminate Term of Plan** : the Amended and Restated 2013 Plan has no set termination date, although incentive stock options may not be granted under the Amended and Restated 2013 Plan beyond April 28, 2025, which is the ten-year anniversary of the date the Amended and Restated 2013 Plan was approved by our board of directors.

Our board of directors approved the Amended and Restated 2013 Plan on April 28, 2015, subject to stockholder approval. If this Proposal 3 is approved by our stockholders, the Amended and Restated 2013 Plan will become effective upon the date of the Annual Meeting. In the event our stockholders do not approve this Proposal 3, the Amended and Restated 2013 Plan will not become effective and the 2013 Plan will continue in its current form.

Why Are We Requesting Additional Shares Now?

We compete with many life sciences companies to attract and retain talented employees at all levels, and equity awards are a critical component of our compensation philosophy and our annual compensation structure. Having the ability to grant equity awards is essential for us to be able to attract, motivate and retain a talented workforce. If we exhaust our remaining share reserve, we will be unable to issue new equity awards to our new and existing employees, consultants, officers and directors, and this would seriously hamper our ability to provide a competitive pay package to current and prospective employees. Approval of the Amended and Restated 2013 Plan will allow us to continue to grant equity awards at levels our board or directors or compensation committee determines to be appropriate in order to attract new employees, consultants and directors, retain our existing employees, consultants and directors and to provide incentives for such persons to exert maximum efforts for our success and ultimately increase stockholder value. Therefore, we believe that approval of the Amended and Restated 2013 Plan is in the best interest of our stockholders and our Company.

While we recognize that equity awards may have a dilutive impact on existing stockholders, we believe that we have managed our existing equity reserves carefully, and that our current level of dilution and “burn rate” is reasonable, as demonstrated in the tables below. We believe that this share increase request is necessary to provide us with a sufficient number of shares to enable us to grant equity awards to our employees, directors and consultants for approximately two years, however we note that various circumstances could alter this estimate.

Why You Should Vote for the Amended and Restated 2013 Plan

We Manage Our Equity Award Use Carefully and Dilution Is Reasonable

The Amended and Restated 2013 Plan Combines Compensation and Corporate Governance Best Practices

The Amended and Restated 2013 Plan includes provisions that are designed to protect our stockholders’ interests and to reflect corporate governance best practices including:

- **Repricing and cashout of underwater awards is not allowed without stockholder approval** . The Amended and Restated 2013 Plan prohibits the repricing of outstanding stock options and SARs and the cancellation of any outstanding stock options or SARs that have an exercise or strike price greater than the then-current fair market value of our common stock in exchange for cash or other awards without prior stockholder approval.
- **Stockholder approval is required for additional shares** . The Amended and Restated 2013 Plan does not contain an annual “evergreen” provision. The Amended and Restated 2013 Plan authorizes a fixed number of shares, so that stockholder approval is required to issue any additional shares, allowing our stockholders to have direct input on our equity compensation programs.

- **No liberal share counting or recycling** . The following shares will not become available again for issuance under the Amended and Restated 2013 Plan: (i) shares that are reacquired or withheld (or not issued) by us to satisfy the exercise or purchase price of an award; (ii) shares that are reacquired or withheld (or not issued) by us to satisfy a tax withholding obligation in connection with an award; and (iii) any shares repurchased by us on the open market with the proceeds of the exercise or purchase price of an award.
- **No liberal change in control provisions** . The definition of change in control in the Amended and Restated 2013 Plan requires the consummation of an actual transaction so that no vesting acceleration benefits may occur without an actual change in control transaction occurring.
- **Minimum vesting requirement** . The Amended and Restated 2013 Plan provides that options and SARs generally may not vest at a rate faster than one year following the grant date (subject to certain exceptions).
- **Awards subject to forfeiture/clawback** . Awards granted under the Amended and Restated 2013 Plan will be subject to recoupment in accordance with the requirements of any law, government regulation or listing requirement as well as any clawback policy that we adopt pursuant to such laws, regulations or requirements.
- **Double-Trigger vesting acceleration; limited discretion to accelerate** . The Amended and Restated 2013 Plan provides for automatic vesting acceleration of awards on a "double-trigger" basis, requiring the holder to be terminated without cause or resign for good reason in connection with a change in control transaction in order to receive acceleration. Our board of directors or compensation committee's discretion to accelerate awards in connection with a change in control transaction is limited to a transaction where an award is not assumed, continued or substituted for in the transaction.

Continued Ability to Grant Performance-Based Awards

Approval of the Amended and Restated 2013 Plan by our stockholders will also constitute approval of terms and conditions set forth therein that will permit us to grant stock options, SARs and performance-based stock and cash awards under the Amended and Restated 2013 Plan that may qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code. Section 162(m) of the Code disallows a deduction to any publicly held corporation and its affiliates for certain compensation paid to "covered employees" in a taxable year to the extent that compensation to a covered employee exceeds \$1 million. However, some kinds of compensation, including qualified "performance-based compensation," are not subject to this deduction limitation. For compensation awarded under a plan to qualify as "performance-based compensation" under Section 162(m) of the Code, among other things, the following terms must be disclosed to and approved by the stockholders before the compensation is paid: (i) a description of the employees eligible to receive such awards; (ii) a per-person limit on the number of shares subject to stock options, SARs and performance-based stock awards, and the amount of cash subject to performance-based cash awards, that may be granted to any employee under the plan in any year; and (iii) a description of the business criteria upon which the performance goals for performance-based awards may be granted (or become vested or exercisable). Accordingly, we are requesting that our stockholders approve the Amended and Restated 2013 Plan, which includes terms and conditions regarding eligibility for awards, annual per-person limits on awards and the business criteria for performance-based awards granted under the Amended and Restated 2013 Plan (as described in the summary below).

We believe it is in the best interests of us and our stockholders to preserve the ability to grant "performance-based compensation" under Section 162(m) of the Code. However, in certain circumstances, we may determine to grant compensation to covered employees that is not intended to qualify as "performance-based compensation" for purposes of Section 162(m) of the Code. Moreover, even if we grant compensation that is intended to qualify as "performance-based compensation" for purposes of Section 162(m) of the Code, we cannot guarantee that such compensation ultimately will be deductible by us.

Description of the Amended and Restated 2013 Plan

The material features of the Amended and Restated 2013 Plan are summarized below, but the summary is qualified in its entirety by reference to the Amended and Restated 2013 Plan itself which is attached as Annex A to this proxy statement.

Purpose

The purposes of the Amended and Restated 2013 Plan are: (i) to enable us to attract and retain the types of qualified employees, officers, directors, consultants and other service providers who will contribute to our long range success; (ii) to align the interests of employees, officers, directors, consultants and other service providers with those of our stockholders; and (iii) to promote the success of our business.

Types of Awards

The Amended and Restated 2013 Plan authorizes the grant of the following types of awards: stock options, SARs, restricted stock, restricted stock unit awards, or RSUs, and performance compensation awards. Awards may be granted to employees, officers, non-employee board members, consultants and other service providers of our Company and its affiliates. However, ISOs may be granted only to employees, including officers.

Shares Available for Awards

Under the Amended and Restated 2013 Plan, if this Proposal 3 is approved by our stockholders, subject to certain changes in our capitalization, the aggregate number of shares of common stock that may be issued pursuant to awards from and after June 16, 2015 (the date of stockholder approval of the Amended and Restated 2013 Plan), or the Share Reserve, will not exceed 3,068,865 shares, which is the sum of (1) 1,500,000 new shares of common stock, plus (2) the number of shares of common stock previously authorized by the Company stockholders that remain available for issuance for future award grants under 2013 Plan and under the 2007 Plan as of immediately prior to June 16, 2015, plus (3) any shares underlying outstanding awards that were granted under the 2013 Plan or 2007 Plan that, on or after June 16, 2015 become available for issuance again from time to time under the Amended and Restated 2013 Plan because the awards are forfeited, terminated or expire, as further described below.

The number of shares of our common stock issued or reserved pursuant to the Amended and Restated 2013 Equity Incentive Plan, or pursuant to outstanding awards, is subject to adjustment as a result of mergers, consolidations, reorganizations, stock splits, reverse stock splits, stock dividends and other changes in our common stock.

Shares subject to awards (including awards granted under the 2007 Plan that were outstanding as of June 16, 2015) that have been cancelled, expired unexercised, or are forfeited do not count as shares issued and therefore will again to that extent become available for issuance under the Amended and Restated 2013 Plan. However, shares in the following categories may not again be made available for issuance under the Amended and Restated 2013 Plan: (i) shares of common stock used to pay the exercise or purchase price of an award, including as a result of the net exercise of outstanding stock options, (ii) shares of common stock used to pay withholding taxes related to awards, (c) shares of common stock covered by a stock-settled SAR that were not issued upon settlement of the SAR or (iv) shares of common stock repurchased by us on the open market with the proceeds of the exercise or purchase price of an award.

Eligibility

All of our (including our affiliates') approximately 45 employees, seven non-employee directors and two consultants as of April 30, 2015 are eligible to participate in the Amended and Restated 2013 Plan and may receive all types of awards other than ISOs. ISOs may be granted under the Amended and Restated 2013 Plan only to our employees (including officers) and employees of our affiliates. We refer to eligible individuals who receive awards under the Amended and Restated 2013 Plan as "participants".

Section 162(m) Limits

The Amended and Restated 2013 Plan provides that no participant may be granted in any one calendar year (i) stock options or SARs pursuant to which, in the case of stock options, the aggregate number of shares of common stock that may be acquired thereunder, or, in the case of SARs, the aggregate number of shares of common stock covered thereby, exceeds 2,000,000 shares, or (ii) any other types of awards covering in the aggregate over 1,000,000 shares of common stock. Also, the maximum number of shares of common stock subject to performance compensation awards, other than stock options and SARs, payable to any one participant under the Amended and Restated 2013 Plan in any one performance period is 2,000,000 shares of common stock or, in the event such performance compensation award is paid in cash, the equivalent cash value thereof on the first or last day of the performance period to which such award relates, as determined by the compensation committee (or other authorized committee). The maximum amount that can be paid in any calendar year to any participant pursuant to a performance compensation award designated in cash under the Amended and Restated 2013 Plan is \$2,000,000. These limits are designed to allow us to grant awards that are intended to be exempt from the \$1 million limitation on the income tax deductibility of compensation paid per covered employee imposed by Section 162(m) of the Code.

Administration

The Amended and Restated 2013 Plan will be administered by our compensation committee. The compensation committee has the discretion to determine the individuals to whom awards may be granted under the Amended and Restated 2013 Plan, the number of shares of our common stock subject to each award, the type of award, the manner in which such awards will vest and the other conditions applicable to awards. The compensation committee is authorized to interpret the Amended and Restated 2013 Plan, to establish, amend and rescind any rules and regulations relating to the Amended and Restated 2013 Plan and to make any other determinations that it deems necessary or desirable for the administration of the Amended and Restated 2013 Plan. All decisions, determinations and interpretations by the compensation committee, and any rules and regulations under the Amended and Restated 2013 Plan and the terms and conditions of or operation of any award, are final and binding on all participants. Notwithstanding the foregoing, the board of directors also has authority to take action expressly or implicitly in the capacity of the administrator of the Amended and Restated 2013 Plan, and the board of directors also may delegate, to the extent allowed under Delaware law, its authority to one or more members of the board of directors with respect to awards that do not involve covered employees within the meaning of Internal Revenue Code Section 162(m) or “insiders” within the meaning of Section 16 of the Exchange Act. The compensation committee, the board of directors and any authorized member of the board of directors authorized to administer the Amended and Restated 2013 is considered to be the “Plan Administrator” for purposes of this Proposal 3.

Repricing; Cancellation and Re-Grant of Stock Awards

Under the Amended and Restated 2013 Plan, the Plan Administrator does not have the authority to reprice any outstanding stock option or SAR by reducing the exercise or strike price of the stock option or SAR or to cancel any outstanding stock option or SAR that has an exercise or strike price greater than the then-current fair market value of our common stock in exchange for cash or other stock awards without obtaining the approval of our stockholders. Such approval must be obtained within 12 months prior to such repricing or cancellation and re-grant event.

Minimum Vesting Requirements

Under the Amended and Restated 2013 Plan, no stock option or SAR (including a stock option or SAR that that is a performance compensation award or otherwise vests based on performance goals) will vest (or, if applicable, be exercisable) until at least 12 months following the date of grant of the award; *provided, however*, that up to 5% of the Share Reserve may be subject to stock options or SARs which do not meet such vesting (and, if applicable, exercisability) requirements.

Stock Options

Stock options may be granted under the Amended and Restated 2013 Plan pursuant to stock option award agreements. The Amended and Restated 2013 Plan permits the grant of stock options that are intended to qualify as incentive stock options, or ISOs, and nonstatutory stock options, or NSOs.

The exercise price of a stock option granted under the Amended and Restated 2013 Plan may generally not be less than 100% of the fair market value of our common stock subject to the stock option on the date of grant and, in some cases (see “Limitations on Incentive Stock Options” below), may not be less than 110% of such fair market value.

The term of stock options granted under the Amended and Restated 2013 Plan may not exceed ten years and, in some cases (see “Limitations on Incentive Stock Options” below), may not exceed five years. Except as otherwise provided in a participant’s stock option award agreement or in an employment agreement with us or one of our affiliates, if a participant’s service relationship with us or any of our affiliates (referred to in this Proposal 3 as “continuous service”) terminates (other than for cause and other than upon the participant’s death or disability), the participant may exercise any vested stock options for up to three months following the participant’s termination of continuous service. Except as otherwise provided in a participant’s stock option award agreement or employment agreement with us or one of our affiliates, if a participant’s continuous service terminates due to the participant’s disability or death, the participant, or his or her beneficiary, as applicable, may exercise any vested stock options for up to 12 months following the participant’s termination. Except as explicitly provided otherwise in a participant’s stock option award agreement or employment agreement with us or one of our affiliates, if a participant’s continuous service is terminated for cause (as defined in the Amended and Restated 2013 Plan), all stock options held by the participant will terminate upon the participant’s termination of continuous service and the participant will be prohibited from exercising any stock option from and after such termination date. A participant’s stock option award agreement may provide that the term of a stock option shall be extended if the exercise of the stock option following the participant’s termination of continuous service for any reason would violate the registration requirements under the Securities Act or any other state or federal securities law or rules of any securities exchange or interdealer quotation system. In no event, however, may a stock option be exercised after its original expiration date.

A participant may exercise a stock option by written notice and payment of the exercise price in cash or by check, or in the discretion of the Plan Administrator, in the form of an irrevocable commitment by a broker to pay over the net proceeds from a sale of the shares issuable under an option, the delivery of previously owned shares and/or withholding of shares deliverable upon exercise, net-exercise, or any combination of these methods, or in any other form of legal consideration that may be acceptable to the Plan Administrator.

Subject to certain minimum vesting requirements (see “Minimum Vesting Requirements” above), stock options granted under the Amended and Restated 2013 Plan may become exercisable in cumulative increments, or “vest,” as determined by the Plan Administrator at the rate specified in the stock option agreement. Shares covered by different stock options granted under the Amended and Restated 2013 Plan may be subject to different vesting schedules as the Plan Administrator may determine.

The Plan Administrator may impose limitations on the transferability of stock options granted under the Amended and Restated 2013 Plan in its discretion. Generally, a participant may not transfer a stock option granted under the Amended and Restated 2013 Plan other than by will or the laws of descent and distribution. However, ISOs can be transferred pursuant to a qualified domestic relations order and, subject to approval by the Plan Administrator, NSOs can be transferred without consideration to certain family members and other permitted transferees not prohibited by applicable tax and securities laws.

Limitations on Incentive Stock Options

The aggregate fair market value, determined at the time of grant, of shares of our common stock with respect to ISOs that are exercisable for the first time by a participant during any calendar year under all of our stock plans may not exceed \$100,000. The stock options or portions of stock options that exceed this limit or otherwise fail to qualify as ISOs are treated as NSOs. No ISO may be granted to any person who, at the time of grant, owns or is deemed to own stock possessing more than 10% of our total combined voting power or that of any affiliate unless the following conditions are satisfied:

- the exercise price of the ISO must be at least 110% of the fair market value of the common stock subject to the ISO on the date of grant; and
- the term of the ISO must not exceed five years from the date of grant.

Subject to adjustment for certain changes in our capitalization, the aggregate maximum number of shares of our common stock that may be issued pursuant to the exercise of ISOs under the Amended and Restated 2013 Plan is 3,068,865 shares.

Stock Appreciation Rights

SARs may be granted under the Amended and Restated 2013 Plan pursuant to SAR award agreements. Each SAR is denominated in common stock share equivalents. The strike price of each SAR will be determined by the Plan Administrator, but will in generally not be less than 100% of the fair market value of the common stock subject to the SAR on the date of grant. Subject to certain minimum vesting requirements (see “Minimum Vesting Requirements” above), the Plan Administrator may also impose restrictions or conditions upon the vesting of SARs that it deems appropriate. The appreciation distribution payable upon exercise of a SAR may be paid in shares of our common stock, in cash, in a combination of cash and stock, or in any other form of consideration determined by the Plan Administrator. Generally, the treatment of a SAR upon termination of a participant's continuous service and restrictions on transfer of a SAR will be determined by the Plan Administrator and set forth in the SAR award agreement.

Restricted Stock Awards

Restricted stock awards may be granted under the Amended and Restated 2013 Plan pursuant to restricted stock award agreements. A restricted stock award may be granted in consideration for cash, the participant's past services performed for us or any of our affiliates, or future services to be performed for us or any of our affiliates, subject to applicable law and if permitted by the Plan Administrator. Shares of our common stock acquired under a restricted stock award may be subject to forfeiture to or repurchase by us in accordance with a vesting schedule to be determined by the Plan Administrator, which may include performance-based conditions. Rights to acquire shares of our common stock under a restricted stock award may be transferred only upon such terms and conditions as are set forth in the restricted stock award agreement. Subject to the terms of the restricted stock award agreement, dividends paid on restricted stock generally will be subject to the same vesting conditions as apply to the shares subject to the restricted stock award. Generally, the treatment of a restricted stock award upon termination of a participant's continuous service will be determined by the Plan Administrator and set forth in the restricted stock award agreement.

Restricted Stock Unit Awards

RSU awards may be granted under the Amended and Restated 2013 Plan pursuant to RSU award agreements. A RSU may be settled by the delivery of shares of our common stock, in cash, in a combination of cash and stock, or in any other form of consideration determined by the Plan Administrator and set forth in the RSU award agreement. RSUs may be subject to vesting in accordance with a vesting schedule to be determined by the Plan Administrator, which may include performance-based conditions. Subject to the terms of the RSU award agreement, dividend equivalents generally may be credited in respect of shares of our common stock covered by a RSU, provided that any additional shares credited by reason of such dividend equivalents will be subject to all of the same terms and conditions of the underlying RSU. The treatment of a RSU upon termination of a participant's continuous service will be determined by the Plan Administrator and set forth in the RSU award agreement.

Performance Compensation Awards

The Amended and Restated 2013 Plan allows us to grant performance compensation awards, which are awards denominated in shares of our common stock, cash or a combination thereof, which are earned during a specified performance period subject to the attainment of performance criteria. Performance compensation awards may be structured to qualify as performance-based compensation that is not subject to the \$1 million limitation on the income tax deductibility of compensation paid per covered employee imposed by Section 162(m) of the Code. The Amended and Restated 2013 Plan provides for maximum amounts that may be granted to any participant in a calendar year attributable to performance compensation awards (see "Section 162(m) Limitations" above).

Vesting of performance compensation awards may be subject to a requirement of continuous service and/or the satisfaction of one or more performance goals. The performance goals may vary from participant to participant, group to group, and period to period. Performance goals may be weighted for different factors and measures. The length of any performance period, the performance goals to be achieved during the performance period, and the measure of whether and to what degree such performance goals have been attained will be determined by the Plan Administrator, except that to the extent the performance compensation award is intended to be "performance-based compensation" under Section 162(m) of the Code, the Plan Administrator shall be our compensation committee or another committee that consists solely of two or more non-employee directors who are "outside directors" under the requirements of Section 162(m) of the Code.

In granting a performance stock or cash award intended to qualify as "performance-based compensation" under Section 162(m) of the Code, our compensation committee (or other qualified committee) will set a period of time, or a performance period, over which the attainment of one or more goals, or performance goals, will be measured. Within the time period prescribed by Section 162(m) of the Code (no later than the earlier of the 90th day of a performance period and the date on which 25% of the performance period has elapsed, and in any event at a time when the achievement of the performance goals remains substantially uncertain), our compensation committee (or other qualified committee) will establish the performance goals, based upon one or more criteria, or performance criteria, enumerated in the Amended and Restated 2013 Plan and described below. As soon as administratively practicable following the end of the performance period, our compensation committee (or other qualified committee) will certify in writing whether the performance goals have been satisfied.

Performance goals under the Amended and Restated 2013 Plan will be based on any one or more of the following performance criteria: (a) net earnings or net income (before or after taxes); (b) basic or diluted earnings per share (before or after taxes); (c) net revenue or net revenue growth; (d) gross revenue; (e) gross profit or gross profit growth; (f) net operating profit (before or after taxes); (g) return on assets, capital, invested capital, equity, or sales; (h) cash flow (including, but not limited to, operating cash flow, free cash flow, and cash flow return on capital); (i) earnings before or after taxes, interest, depreciation and/or amortization; (j) gross or operating margins; (k) improvements in capital structure; (l) budget and expense management; (m) productivity ratios; (n) economic value added or other value added measurements; (o) share price (including, but not limited to, stock price growth measures and total stockholder return); (p) expense targets; (q) margins; (r) operating efficiency; (s) working capital targets; (t) enterprise value; (u) safety record; (v) regulatory milestones; (w) scientific milestones; (x) customer acquisition; (y) completion of partnering agreement; (z) workforce retention; (aa) completion of acquisitions or business expansion; and (bb) individual business objectives.

Performance goals may be based on a Company or affiliate-wide basis, with respect to one or more business units, divisions, or operational units of the Company or an affiliate or any combination thereof, and in either absolute terms or relative to the performance of one or more comparable companies or the performance of one or more relevant indices. Our compensation committee or other authorized committee (or, to the extent that an award is not intended to qualify as “performance-based compensation” under Section 162(m) of the Code, the Plan Administrator) is authorized to make appropriate adjustments in the method of calculating the attainment of performance goals for a performance period based on the following events (*provided, however* , that to the extent that an award is intended to qualify as “performance-based compensation” under Section 162(m) of the Code, any such adjustment may be made only as permitted under Section 162(m) of the Code): (a) asset write-downs; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles, or other laws or regulatory rules affecting reported results; (d) any reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 (or any successor or pronouncement thereto) and/or in management’s discussion and analysis of financial condition and results of operations appearing in our Company’s annual report to stockholders for the applicable year; (f) acquisitions or divestitures; (g) any other specific unusual or nonrecurring events, or objectively determinable category thereof; (h) foreign exchange gains and losses; and (i) a change in our Company’s fiscal year.

Transferability . Awards granted under the Amended and Restated 2013 Plan generally may not be transferred in any manner other than by will or by the laws of descent and distribution and awards generally may not be transferred if the participant is to receive consideration in connection with the transfer. Stock options may be transferred in the limited circumstances described above under the section entitled “Stock Options”.

Clawback Policy

The Amended and Restated 2013 Plan provides that rights, payments and benefits with respect to an award granted under the Amended and Restated 2013 Plan will be subject to reduction, cancellation forfeiture or recoupment in recovery under any law, government regulation or listing requirement as well as any clawback policy that the Company adopts pursuant to such laws, regulations or requirements.

Changes to Capital Structure

In the event of certain capitalization adjustments, the Plan Administrator will appropriately adjust: (i) the class(es) and maximum number of securities subject to the Amended and Restated 2013 Plan; (ii) the class(es) and maximum number of securities that may be issued pursuant to the exercise of ISOs; (iii) the class(es) and maximum number of securities that may be awarded to any participant pursuant to the individual Section 162(m) limitations; and (iv) the class(es) and number of securities and price per share of stock subject to outstanding stock awards.

Change in Control

In the event of a change in control of our Company (as defined in the Amended and Restated 2013 Plan and described below) in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue outstanding awards under the Amended and Restated 2013 Plan or substitute similar stock awards for such outstanding awards, then the Plan Administrator may, in its discretion and upon at least 10 days’ advance notice to the affected persons, accelerate the vesting (and exercisability, as applicable) of outstanding awards under the Amended and Restated 2013 Plan in full or in part to a date prior to the effective time of the change in control transaction and, to the extent not exercised (if applicable) at or prior to the effective time of the transaction, cancel all outstanding awards upon or immediately before the change in control and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such awards (including, at the Plan Administrator's discretion, any unvested portion of the award) based upon the value per share of common stock received or to be received or deemed received by our other stockholders in the transaction. In the case of any stock option or SAR with an exercise price that equals or exceeds the price paid for a share of common stock in connection with the change in control, the Plan Administrator may cancel the option or SAR without the payment of consideration therefor.

In addition, in the event of a participant’s termination of continuous service without cause or resignation for good reason during the 10 day period before a change in control or during the 12 month period following a change in control, all stock options and SARs under the Amended and Restated 2013 Plan will become immediately exercisable with respect to 100% of the shares subject to such stock options or SARs, and/or the restricted period will expire immediately with respect to 100% of the shares of restricted stock or RSUs as of the date of the participant’s termination or resignation.

With respect to performance compensation awards, in the event of a change in control, all incomplete performance periods in respect of such award in effect on the date the change in control occurs will end on the date of such change in control and the Plan Administrator will (i) determine the extent to which performance goals with respect to each such performance period have been met

based upon such audited or unaudited financial information then available as it deems relevant and (ii) cause to be paid to the applicable participant partial or full awards with respect to performance goals for each such performance period based upon the Plan Administrator's determination of the degree of attainment of performance goals or, if not determinable, assuming that the applicable "target" levels of performance have been attained, or on such other basis determined by the Plan Administrator.

For purposes of the Amended and Restated 2013 Plan, a change in control generally will be deemed to occur in the event: (i) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of a merger or consolidation) of all or substantially all of the properties or assets of our Company and its subsidiaries, to any person or group that is not one of our subsidiaries; (ii) the "incumbent directors" (as described below) cease to constitute at least a majority of our board of directors; (iii) a person, entity or group acquires beneficial ownership of 50% or more of either our then outstanding shares of common stock or of the combined voting power of our then outstanding securities; (iv) there is a consummated reorganization, merger, consolidation, statutory share exchange or similar form of corporate transaction involving our Company that requires Company stockholder approval. Certain acquisitions and other transactions are exempted from the definition of a change in control, as further described in the Amended and Restated 2013 Plan, including a transaction where (a) immediately after such transaction more than 50% of the total voting power of the resulting entity is represented by the combined voting power of our outstanding voting securities immediately before the transaction in substantially the same proportions as their ownership of our outstanding voting securities immediately prior to such transaction, (b) no person or group (other than Claire Reiss or her affiliates or any employee benefit plan sponsored or maintained by the surviving entity is the beneficial owner of 50% or more of the total voting power of the parent company of the surviving entity in the transaction and (c) at least a majority of the members of the board of directors of the parent company of the surviving entity were members of the Company's board of directors at the time of approval of the initial agreement providing for such transaction. "Incumbent directors" for purposes of the definition of "change in control" means the individuals who are on our board of directors as of the original effective date of the 2013 Plan (July 31, 2013) or individuals whose nomination or election was approved by a vote of at least two-thirds of the incumbent directors then still on the board of directors.

Plan Amendments and Termination

The Plan Administrator will have the authority to amend or terminate the Amended and Restated 2013 Plan at any time. However, except as otherwise provided in the Amended and Restated 2013 Plan or an award agreement, no amendment or termination of the Amended and Restated 2013 Plan may materially impair a participant's rights under his or her outstanding awards without the participant's consent. We will obtain stockholder approval of any amendment to the Amended and Restated 2013 Plan as required by applicable law and listing requirements. No ISOs may be granted under the Amended and Restated 2013 Plan after the tenth anniversary of April 28, 2015, the date the Amended and Restated 2013 Plan was adopted by our board of directors.

U.S. Federal Income Tax Consequences Associated with the Amended and Restated 2013 Plan

The following is a general summary of the principal United States federal income taxation consequences to participants and us under current law with respect to participation in the Amended and Restated 2013 Plan. This summary is not intended to be exhaustive, and does not discuss the income tax laws of any city, state or foreign jurisdiction in which a participant may reside or the rules applicable to deferred compensation under Section 409A of the Code. Our ability to realize the benefit of any tax deductions described below depends on our generation of taxable income as well as the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of our tax reporting obligations.

Non-Statutory Stock Options . Generally, there is no taxation upon the grant of an NSO if the stock option is granted with an exercise price equal to the fair market value of the underlying stock on the grant date. On exercise of an NSO the participant will recognize ordinary income in an amount equal to the difference, if any, between the stock option exercise price and the fair market value of the shares on the date each such stock option is exercised. The participant's basis for the stock for purposes of determining gain or loss on subsequent disposition of such shares generally will be the fair market value of the common stock on the date the participant exercises such stock option. Any subsequent gain or loss will be generally taxable as capital gains or losses. Subject to certain restrictions and limitations, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the participant.

Incentive Stock Options. Generally, a participant is not subject to ordinary income tax upon the grant or exercise of an ISO, although the amount by which the fair market value of a share of stock acquired on exercise of an ISO exceeds the exercise price of the ISO generally will be an adjustment included in the participant's alternative minimum taxable income for the year in which the ISO is exercised. If a participant holds a share received on exercise of an ISO for more than two years from the date the stock option was granted and more than one year from the date the stock option was exercised, which is referred to as the required holding period, the difference, if any, between the amount realized on a sale or other taxable disposition of that share and the participant's tax basis in that share will be long-term capital gain or loss.

If, however, a participant disposes of a share acquired on exercise of an ISO before the end of the required holding period, which is referred to as a disqualifying disposition, the participant generally will recognize ordinary income in the year of the disqualifying disposition equal to the excess, if any, of the fair market value of the share on the date the ISO was exercised over the exercise price. However, if the sales proceeds are less than the fair market value of the share on the date of exercise of the ISO, the amount of ordinary income recognized by the participant will not exceed the gain, if any, realized on the sale. If the amount realized on a disqualifying disposition exceeds the fair market value of the share on the date of exercise of the ISO, that excess will be short-term or long-term capital gain, depending on whether the holding period for the share exceeds one year.

Upon a disqualifying disposition of shares in the year in which the stock option is exercised, there will be no adjustment for alternative minimum tax purposes with respect to those shares. In computing alternative minimum taxable income, the tax basis of a share acquired on exercise of an ISO is increased by the amount of the adjustment taken into account with respect to that share for alternative minimum tax purposes in the year the stock option is exercised.

We are not allowed an income tax deduction with respect to the grant or exercise of an ISO or the disposition of a share acquired on an exercise of an ISO after the required holding period. If there is a disqualifying disposition of a share, however, we are allowed a deduction in an amount equal to the ordinary income includible in income by the participant, subject to Section 162(m) of the Code and provided that amount constitutes an ordinary and necessary business expense for us and is reasonable in amount, and either the participant includes that amount in income or we timely satisfy our reporting requirements with respect to that amount.

An ISO exercised more than three months after a participant terminates employment, other than by reason of death or disability, will be taxed as a NSO, and the participant will have been deemed to have received income on the exercise taxable at ordinary income rates. We will be entitled to a tax deduction equal to the participant's ordinary income, if any.

SARs . In general, the tax treatment of a SAR is similar to that of a NSO.

Restricted Stock Awards . Generally, the recipient of a restricted stock award will recognize ordinary income at the time the shares are received equal to the excess, if any, of the fair market value of the shares received over any amount paid by the recipient for the shares. If a share is not vested when it is received, the participant generally will not recognize income until the share becomes vested, at which time the participant will recognize ordinary income equal to the excess, if any, of the fair market value of the share on the date it becomes vested over any amount paid by the participant in exchange for the share. A participant may file an election with the Internal Revenue Service, within 30 days following his or her receipt of the restricted stock award, to recognize ordinary income, as of the date the participant receives the award, equal to the excess, if any, of the fair market value of the share on the date the award is granted over any amount paid by the participant for the share. The participant's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from restricted stock awards will be the amount paid for such shares plus any ordinary income recognized either when the share is received or when the share becomes vested.

Subject to the satisfaction of certain reporting requirements and other conditions as described above, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the participant.

RSU Awards. Generally, a participant who receives a RSU structured to either comply with or be exempt from the requirements of Section 409A of the Code will recognize ordinary income at the time the shares of our common stock are delivered equal to the excess, if any, of the fair market value of the shares of our common stock received over any amount paid by the participant in exchange for the shares of our common stock. The participant's basis in the shares will be the amount paid plus any ordinary income recognized when the shares are delivered. Subject to the satisfaction of certain reporting requirements and other conditions as described above, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the participant.

Dividend Equivalents. A participant who receives a dividend equivalent with respect to an award generally will not recognize taxable income at the time of grant, and we will not be entitled to a deduction at that time. When a dividend equivalent is paid, the participant generally will recognize ordinary income. Subject to the satisfaction of certain reporting requirements and other conditions as described above, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the participant.

Performance Compensation Awards. A participant who has been granted a performance compensation award generally will not recognize taxable income at the time of grant, and we will not be entitled to a deduction at that time. When an award is paid, whether in cash or common stock, the participant generally will recognize ordinary income. Subject to the satisfaction of certain reporting requirements and other conditions as described above, we will generally be entitled to a tax deduction equal to the taxable ordinary income realized by the participant.

Impact of Section 409A of the Code. The Amended and Restated 2013 Plan provides for the grant of various types of awards which may not be exempt from Section 409A of the Code. If an award is subject to Section 409A of the Code, and if the requirements of Section 409A of the Code are not met, the taxable events as described above could apply earlier than described and also could result in the imposition of additional taxes and penalties.

Michael W. Nall

We entered into an employment agreement effective as of August 26, 2013 with Michael W. Nall, or the CEO Employment Agreement, in connection with his appointment as our Chief Executive Officer and President. The CEO Employment Agreement provides Mr. Nall the following: (i) a base salary of \$200,000 per year, provided that the salary will increase retroactively to \$350,000 per year upon completion of an initial public offering or an equity or debt financing of at least \$5,000,000; (ii) a target bonus of \$100,000 per year; (iii) a special one-time bonus of \$100,000 in January 2014 if an initial public offering or an equity or debt financing of at least \$5,000,000 has been completed by then; (iv) upon completion of an initial public offering or an equity or debt financing of at least \$5,000,000, a housing allowance of \$2,000 per month; (v) stock options under our 2013 Plan to purchase a number of shares of common stock equal to at least 4% of our fully diluted stock outstanding as of August 26, 2013, vesting in equal monthly installments over four years beginning August 15, 2013 with a term of 10 years; and (vi) performance-based restricted stock units, or RSUs, under our 2013 Plan for a number of shares of common stock equal to 1% of our common stock following completion of an initial public offering or an equity or debt financing of at least \$5,000,000, subject to the establishment of goals and objectives to be agreed with and approved by our board of directors. The closing of our initial public offering on February 10, 2014 qualified as such a receipt of aggregate proceeds of \$5,000,000 or more from an equity or debt financing. The CEO Employment Agreement calls for the vesting of such stock options to fully accelerate upon a change in control, and in the event Mr. Nall's continuous service is terminated by us or our stockholders without cause or Mr. Nall resigns with good reason, for him to receive one year of additional vesting of such stock options.

The CEO Employment Agreement provides that in the event of termination of Mr. Nall's employment by us without cause or his resignation for good reason, the vesting of any of his outstanding unvested stock options and RSUs which would have vested over the following 12 months will accelerate (unless the applicable stock option or RSU agreement provides for more favorable acceleration terms). Also, in the event of a change of control, the vesting of 50% of any of Mr. Nall's outstanding unvested stock options and RSUs will accelerate on the date of the change of control and the remaining unvested stock options and RSUs will vest on the earliest of (i) the date of the termination of his employment by us without cause, (ii) the date of his resignation for good reason, or (iii) the first anniversary of the change of control (unless the applicable stock option or RSU agreement provides for more favorable acceleration terms). (For example, the foregoing would not apply to the initial stock options grant, which would fully accelerate upon a change in control.)

The CEO Employment Agreement provides that if Mr. Nall has a separation from service as a result of his discharge by us without cause or his resignation with good reason then, provided that he gives us an effective waiver and release of claims, he will be entitled to 12 months' salary and up to 12 months of COBRA premiums (or substantially equivalent health insurance coverage). However, the CEO Employment Agreement further provides that Mr. Nall will have no entitlement to any severance benefits before our completion of an initial public offering or an equity or debt financing of at least \$5,000,000. The closing of our initial public offering on February 10, 2014 qualified as such a receipt of aggregate proceeds of \$5,000,000 or more from an equity or debt financing.

David F. Hale

As of March 10, 2011, we entered into an employment agreement, effective retroactive to January 1, 2011 with David F. Hale, or the Executive Chairman Agreement, in connection with his appointment as our Executive Chairman of the Board of Directors. The Executive Chairman Agreement was effective through December 31, 2013. The Executive Chairman Agreement provided Mr. Hale the following: (i) a monthly fee of \$25,000 per month for each month before our board of directors appoints a chief executive officer and for each of the three months following the appointment of the new chief executive officer, with a reduction to \$12,500 per month commencing with the fourth month following the appointment of the new chief executive officer (i.e., commencing with December 2013), subject to normal employee payroll deductions and withholdings; and (ii) stock options under our 2007 Plan to purchase 10,204 shares of common stock with an exercise price of \$4.62, vesting in equal monthly installments over a four year period with a 10 year term, with full vesting upon a change of control or initial public offering. In addition, vesting would accelerate upon his termination by us or our shareholders without cause, as defined in the 2007 Plan, provided that he gives us an effective waiver and release of claims. Also, upon an equity financing such as an initial public offering, Mr. Hale is entitled to receive an additional stock option, on the same terms and conditions except for exercise price, to purchase a number of shares of common stock equal to the excess of (i) 1% of our fully-diluted equity capitalization as of immediately after the financing over (ii) the number of shares subject to the first stock option.

The Executive Chairman Agreement also entitled Mr. Hale to RSUs. Mr. Hale received a time-based RSU award for 428,597 shares of our preferred stock (equivalent to 10,204 shares of common stock), to fully vest and settle upon a change in control or initial public offering during the period of his continuous service. Mr. Hale would receive a prorated portion of such shares if the change in control or initial public offering occurred within 10 years after January 1, 2011 but after the involuntary termination of his continuous service. The proration would be based upon the number of months he provided continuous service to us divided by 48; but the RSUs would be deemed vested in full upon his involuntary termination without cause, provided that he gives us an effective waiver and release of claims. In connection with the closing of our initial public offering on February 10, 2014, 10,204 shares of common stock vested as settlement of the time-based RSUs and became issuable subsequent to the expiration of the 180 day lock-up period.

The Executive Chairman Agreement also entitled Mr. Hale to a performance-based RSU award, which is divided into three equal tranches, each representing shares of our preferred stock equal to 0.5% of our fully-diluted equity capitalization, and each to fully vest (subject to satisfaction of milestones) and settle upon a change in control or initial public offering occurring within 10 years after January 1, 2011. The tranches were associated with achievement of a specified commercial milestone, a specified funding milestone, and specified leadership milestones. The Executive Chairman Agreement provided that if a change in control or initial public offering occurred during the time of his continuous service but before the performance requirements were achieved, he would be entitled to receive 0.5% of our fully-diluted equity capitalization as of immediately before such event for each of the three tranches. In connection with the closing of our initial public offering on February 10, 2014, 53,662 shares of common stock vested as settlement of the performance-based RSUs and became issuable subsequent to the expiration of the 180 day lock-up period, and was determined by the amount equal to 1.5% of our fully-diluted equity capitalization as of immediately before the closing of our initial public offering.

On August 8, 2013, an RSU award for 14,285 shares of common stock with a grant date fair value of \$73,996 was granted to Mr. Hale under our 2013 Plan. The share amount for the RSU award was determined by dividing the award value by \$5.18, which was the estimated fair value of our common stock on the date of grant. Subsequent to the date of grant, and for the purposes of recording share-based compensation expense in accordance with FASB ASC Topic 718, the grant date fair value of this award was estimated to be \$80,000. The RSU award vests 50% upon date of grant and the remaining 50% in equal monthly installments over 24 months beginning August 1, 2013.

On July 31, 2013, an option award exercisable into 25,000 shares of common stock with a grant date fair value of \$108,785 was granted to Mr. Hale under our 2013 Plan. The exercise price of this award of \$5.18 per share is equal to the estimated fair value of our common stock on the date of grant. The share amount for the option award was determined by dividing the award value by \$4.35, which is the fair value of the option exercisable into our common stock on the date of grant, estimated using a Black-Scholes pricing model. Subsequent to the date of grant, and for the purposes of recording share-based compensation expense in accordance with FASB ASC Topic 718, the grant date fair value of common stock was estimated to be \$5.60 per share. The assumptions used in the Black-Scholes pricing model include a volatility of 105.0%, a risk free interest rate of 1.38%, a dividend yield of 0.00%, and an expected term of 5.26 years. The option award vests 50% upon date of grant and the remaining 50% in equal monthly installments over 24 months beginning August 1, 2013, with a term of 10 years.

At the request of our board of directors, Mr. Hale continued to serve as our Executive Chairman of the Board of Directors from January 1, 2014 until February 10, 2014, at a salary of \$12,500 per month. As of and in connection with the closing of our initial public offering on February 10, 2014, Mr. Hale now serves as our non-executive Chairman of the Board of Directors. On February 21, 2014, in accordance with the terms of the Executive Chairman Agreement, and in connection with the closing of our initial public offering on February 10, 2014, Mr. Hale received an additional option award to purchase 53,108 shares of common stock under our 2013 Plan with an exercise price of \$9.11 per share, which is the closing price of our common stock on the NASDAQ on the date of grant. The number of stock options awarded was determined as the excess of (i) 1% of our fully-diluted equity capitalization as of immediately after the initial public offering over (ii) the number of shares subject to the first stock option previously granted to Mr. Hale. The fair value of the option exercisable into our common stock on the date of grant of \$337,601 was estimated using a Black-Scholes pricing model. The assumptions used in the Black-Scholes pricing model include a volatility of 90.0%, a risk free interest rate of 1.56%, a dividend yield of 0.00%, and an expected term of 5.00 years. The option award vested fully on the date of grant with a term of 10 years.

On February 13, 2014, option awards exercisable into 70,000 shares of common stock with an aggregate grant date fair value of \$491,822 were granted to Mr. Hale under our 2013 Plan as a component of the automatic annual equity compensation for services performed as a non-employee member of our board of directors. The exercise price of these awards of \$8.88 per share is equal to the closing price of our common stock on the date of grant. The share amounts for the option awards were determined by dividing the award values by \$7.03, which is the fair value of the option exercisable into our common stock on the date of grant, estimated using a Black-Scholes pricing model. The assumptions used in the Black-Scholes pricing model include a volatility of 100.0%, a risk free interest rate of 1.84%, a dividend yield of 0.00%, and an expected term of 6.00 years. The option awards vest in equal annual installments over three years beginning February 13, 2014 with a term of 10 years.

Mr. Nall: For the first option award granted on July 31, 2013 in the table above, all shares are vested and exercisable. For the second option award granted on July 31, 2013 in the table above, 14,028 shares are vested and exercisable, while 66,667 shares are unvested but exercisable as of December 31, 2014, with 2,083 shares vesting each month from January 2015 until 100% of the option shares are vested, subject to continuing service. For the first option award granted on June 12, 2014 in the table above, 1,562 of the unvested option awards granted will vest each month from January 2015 except each December of 2015, 2016, and 2017, when 1,504 will vest each month, subject to continuing service, until 100% of the option shares are vested. For the second option award granted on June 12, 2014 in the table above, 59 of the unvested option awards granted will vest each month of December of 2015, 2016, and 2017, subject to continuing service.

Mr. Kachioff: For each of the two unvested option awards granted on August 9, 2011 in the table above, 62 of the unvested option shares will vest each month from January 2015, subject to continuing service, until 100% of the option shares are vested. 396 of the unvested option awards granted on July 31, 2013 in the table above will vest each month from January 2015, subject to continuing service, until 100% of the option shares are vested. 1,041 of the unvested option awards granted on May 16, 2014 in the table above will vest each month from January 2015, subject to continuing service, until 100% of the option shares are vested.

Mr. Trivedi: For the first option award granted on March 24, 2014 in the table above, 10,750 of the unvested option awards will vest in March 2015, 895 will vest in each month of April and May 2015, and 895 will vest each month from January 2016, subject to continuing service, until 100% of the option shares are vested. For the second option award granted on March 24, 2014 in the table above, 104 of the unvested option awards granted will vest in June 2015, and 895 will vest each month from July 2015 until 100% of the option shares are vested, subject to continuing service.

Mr. Hale: 520 of the unvested option awards granted on July 31, 2013 in the table above will vest each month from January 2015, subject to continuing service, until 100% of the option shares are vested. 23,333 of the unvested option awards granted on February 13, 2014 in the table above will vest in each February 2015 and 2016, and 23,334 will vest in February 2017, subject to continuing service.

- (2) The scheduled vesting dates, after December 31, 2014, of these unvested restricted shares are as follows:

Mr. Nall: 297 of the unvested RSUs granted on August 8, 2013 in the table above will vest each month from January 2015, subject to continuing service, until 100% of the restricted shares are vested. For the 44,496 unvested performance RSU's granted on June 12, 2014 in the table above, 11,125 will vest upon achievement of a minimum revenue target for 2015, 6,674 will vest upon achievement of a maximum EBITDA loss for 2015, 8,899 will vest upon achievement of a financial plan for 2015, 8,899 will vest upon achievement of a minimum value of strategic agreements for 2015, and 8,899 will vest upon achievement of implementing four new diagnostic test panels for 2015. The table above excludes 11,904 vested RSUs held by Mr. Nall that have not settled with a market value of \$29,522 based on the closing price of our common stock of \$2.48 on December 31, 2014.

Mr. Kachioff: 223 of the unvested RSUs granted on August 8, 2013 in the table above will vest each month from January 2015, subject to continuing service, until 100% of the restricted shares are vested. The table above excludes 8,928 vested RSUs held by Mr. Kachioff that have not settled with a market value of \$22,141 based on the closing price of our common stock of \$2.48 on December 31, 2014.

Mr. Hale: 297 of the unvested RSUs granted on August 8, 2013 in the table above will vest each month from January 2015, subject to continuing service, until 100% of the restricted shares are vested. The table above excludes 75,770 vested RSUs held by Mr. Hale that have not settled with a market value of \$187,910 based on the closing price of our common stock of \$2.48 on December 31, 2014.

- (3) The market value is equal to the product of approximately \$2.48, which is the closing price of our common stock on December 31, 2014, and the number of unvested RSUs.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

Our employment agreement with Mr. Nall provides that in the event of termination of his employment by us without cause or his resignation for good reason, the vesting of any of his outstanding unvested stock options and RSUs which would have vested over the following 12 months will accelerate (unless the applicable stock option or RSU agreement provides for more favorable acceleration terms). Also, in the event of a change of control, the vesting of 50% of any of Mr. Nall's outstanding unvested stock options and RSUs will accelerate on the date of the change of control and the remaining unvested stock options and RSUs will vest on the earliest of (i) the date of the termination of his employment by us without cause, (ii) the date of his resignation for good reason, or (iii) the first anniversary of the change of control (unless the applicable stock option or RSU agreement provides for more favorable acceleration terms). (For example, the foregoing would not apply to Mr. Nall's initial stock options grant, which would fully accelerate upon a change in control.) Our employment agreement with Mr. Nall further provides that if he has a separation from service as a result of his discharge by us without cause or his resignation with good reason then, provided that he gives us an effective waiver and release of claims, he will be entitled to 12 months' salary and up to 12 months of COBRA premiums (or substantially equivalent health insurance coverage).

Our employment agreement with Mr. Kachioff provides that if his continuous service is terminated without cause or he resigns with good reason then, provided that he gives us an effective waiver and release of claims, he will be entitled to six months' salary plus up to six months of COBRA premiums. However, if he is terminated without cause or he resigns with good reason within three months before or 12 months after a change in control, then, provided that he gives us an effective waiver and release of claims, he will be entitled to 12 months' salary plus up to 12 months of COBRA premiums. Additionally, all of his then-outstanding stock options will fully vest.

Our employment agreement with Mr. Hale provided that his stock option for 10,204 shares of common stock will fully vest in the event of a change in control (or upon the completion of our initial public offering). Because Mr. Hale early-exercised the stock option in November 2011, the same vesting and acceleration provisions now apply to the lapsing of our right to repurchase the exercised shares. The Executive Chairman Agreement also provided that Mr. Hale's time-based RSU award for 428,597 shares of our preferred stock (equivalent to 10,204 shares of common stock) will fully vest and settle upon a change in control (or upon the completion of our initial public offering) during the period of his continuous service; he would receive a prorated portion of such shares if the change in control or initial public offering occurred within 10 years after January 1, 2011 but after the involuntary termination of his continuous service. The proration would be based upon the number of months he provided continuous service to us divided by 48; but the RSUs would be deemed vested in full upon his termination without cause, provided that he gives us an effective waiver and release of claims. The Executive Chairman Agreement also entitled Mr. Hale to a performance-based RSU award, which is divided into three equal tranches, each representing shares of our preferred stock equal to 0.5% of our fully-diluted equity capitalization, and each to settle upon a change in control (or upon the completion of our initial public offering) occurring within 10 years after January 1, 2011. The tranches were associated with achievement of a specified commercial milestone, a specified funding milestone, and specified leadership milestones. The Executive Chairman Agreement provides that if a change in control (or initial public offering) occurs during the time of his continuous service but before the performance requirements are achieved, he will be entitled to receive 0.5% of our fully-diluted equity capitalization as of immediately before such event for each of the three tranches. Because Mr. Hale's time-based and performance-based RSUs under the Executive Chairman Agreement both vested upon the closing of our initial public offering on February 10, 2014, Mr. Hale would receive no additional payments thereunder if a change in control occurs after the closing of our initial public offering.

The common stock RSUs granted to five of our non-employee directors under the 2007 Plan provide for acceleration of vesting in the event of a change in control or the director's involuntary removal from the board of directors by our shareholders without cause.

A total of 13,095 stock options granted to five of our non-employee directors under the 2007 Plan were amended in February 2012 to provide for acceleration of vesting in the event of the director's involuntary removal from the board of directors by our shareholders without cause, provided that the director gives us an effective waiver and release of claims.

In October 2010, 390,000 preferred stock RSUs (equivalent to 9,285 shares of common stock) were granted to Dr. Royston, which vest only upon a change in control or the effectiveness of an underwriting agreement for an initial public offering within 10 years. Since Dr. Royston was still serving on the board at the closing of our initial public offering in February 2014, 9,285 shares of common stock vested then as settlement of the RSU's and became issuable subsequent to the expiration of the 180 day IPO lock up period.

The vesting of all stock options and RSUs awarded under our 2013 Plan will accelerate fully in the event that the optionee's continuous service is terminated without cause, or the optionee resigns for good reason, within 10 days before or 12 months after a change in control. In addition, the vesting of all stock options and RSUs awarded in August 2013 to Mr. Hale, Mr. Nall, and Mr. Kachioff under our 2013 Plan will, if the optionee's continuous service persists through the first anniversary of a change in control, accelerate fully upon such first anniversary.

Employee Stock Plans

We have two equity incentive plans: the 2007 Plan, and the 2013 Plan. Each plan is described separately below, followed by a description of certain federal income tax consequences with respect to plans of these types.

2007 Equity Incentive Plan

The following is a summary of the material terms of our 2007 Plan, as amended to date. This description is not complete. For more information, we refer you to the full text of the 2007 Plan.

The purposes of the 2007 Plan are: (i) to secure and retain the services of eligible employees, board members, consultants and other advisors to serve our company and its affiliates, (ii) to provide incentives for such persons to exert maximum efforts for the success of our company and its affiliates and (iii) to provide a means by which they can benefit from increases in the value of our common stock.

The 2007 Plan authorizes the grant of the following types of awards: (i) nonstatutory stock options, or NSOs; (ii) incentive stock options, or ISOs; (iii) restricted stock awards; (iv) restricted stock unit awards, or RSUs; (v) stock appreciation rights, or SARs; (vi) performance stock awards; and (vii) other stock awards. Awards may be granted to employees, directors, consultants and other service providers of our company and its affiliates. However, ISOs may not be granted to non-employees.

We have authorized a total of 178,571 shares of common stock for issuance pursuant to all awards granted under the 2007 Plan. The number of shares issued or reserved pursuant to the 2007 Plan (or pursuant to outstanding awards) is subject to adjustment as a result of mergers, consolidations, reorganizations, stock splits, reverse stock splits, stock dividends and other changes in our common stock. Shares subject to awards that have been terminated, expired unexercised, forfeited, settled in cash or cancelled in accordance with the cancellation and regrant procedures under the 2007 Plan will again become available for issuance under the 2007 Plan. Shares of common stock used to pay the exercise price of awards will also again become available for issuance under the 2007 Plan. If Proposal 3 is approved by our stockholders, certain shares of common stock underlying awards outstanding under the 2007 Plan may become available for the issuance pursuant to stock awards under the Amended and Restated 2013 Plan, as further described in Proposal 3 above, rather than becoming available for issuance again under the 2007 Plan.

However, shares in the following categories may not again be made available for issuance as awards under the 2007 Plan: (i) shares of common stock not issued or delivered as a result of the net settlement of outstanding awards, (ii) shares of common stock used to pay the exercise price of NSOs or ISOs, and (iii) shares of common stock used to pay withholding taxes related to awards.

As of December 31, 2014, 102,805 shares had been issued under the 2007 Plan, 92,570 shares underlay outstanding awards, and 86,001 other shares remained available to be subjected to further awards. If Proposal 3 is approved by our stockholders, the shares remaining available to be subjected to further awards under the 2007 Plan will become available for awards under the Amended and Restated 2013 Plan and cease to be available for issuance under the 2007 Plan, as further described in Proposal 3 above.

Administration . Our board of directors administers the 2007 Plan, subject to the board's authority to delegate some or all of such administration to the Compensation Committee.

Performance Criteria . Vesting of any awards granted under the 2007 Plan may be made subject to the satisfaction of one or more performance goals established by the board of directors, in addition to or instead of time-vesting. The performance goals may vary from participant to participant, group to group, and period to period. Performance goals may be weighted for different factors and measures.

Transferability . Unless otherwise determined by the board of directors, awards granted under the 2007 Plan are generally not transferable other than by will or by the laws of descent and distribution.

Corporate Transaction . In the event we are acquired in a corporate transaction, as defined in the 2007 Plan, unless otherwise provided in a written agreement between us and the holder of an outstanding 2007 Plan award, the award will be assumed by the successor company or a similar award will be substituted by the successor company. If the successor company does not agree to assume or substitute the award, the vesting of the award will accelerate and the award will become exercisable in full.

Effectiveness of the 2007 Plan; Amendment and Termination . The 2007 Plan became effective on March 6, 2007. The 2007 Plan will remain available for the grant of awards until the day before the tenth anniversary of the effective date. The board may amend, alter or discontinue the 2007 Plan in any respect at any time, subject to certain exceptions, but no amendment may adversely affect the rights of a participant under any awards previously granted, without his or her consent, except that stockholder approval will be needed if required by applicable law. If Proposal 3 is approved, we may no longer grant awards under the 2007 Plan.

The 2007 Plan permits us to reprice any stock option granted under the plan without the approval of our stockholders.

2013 Equity Incentive Plan

The following is a summary of the material terms of our 2013 Plan. This description is not complete. For more information, we refer you to the full text of the 2013 Plan. Our board of directors approved an amendment and restatement of the 2013 Plan, which is described above in Proposal 3.

The purposes of the 2013 Plan are: (i) to enable us to attract and retain the types of qualified employees, officers, directors, consultants and other service providers who will contribute to our long range success; (ii) to align the interests of employees, officers, directors, consultants and other service providers with those of our stockholders; and (iii) to promote the success of our business.

The 2013 Plan authorizes the grant of the following types of awards: NSOs, ISOs, SARs, restricted stock, RSUs, and performance compensation awards. Awards may be granted to employees, officers, non-employee board members, consultants and other service providers of our company and its affiliates. However, ISOs may be granted only to employees, including officers.

We have authorized a total of 403,571 shares of common stock for issuance pursuant to all awards granted under the 2013 Plan, subject to an increase of 800,000 shares upon the completion of our initial public offering and subject to additional increases every January 1 beginning January 1, 2015 equal to the lesser of (i) 5% of our outstanding common stock on such January 1 and (ii) a number of shares determined by our board in its discretion for use on such particular January 1. The number of shares issued or reserved pursuant to the 2013 Plan, or pursuant to outstanding awards, is subject to adjustment as a result of mergers, consolidations, reorganizations, stock splits, reverse stock splits, stock dividends and other changes in our common stock. Shares subject to awards that have been cancelled, expired unexercised, or forfeited do not count as shares issued under the 2013 Plan, and therefore will again to that extent become available for issuance under the 2013 Plan. However, shares in the following categories may not again be made available for issuance as awards under the 2013 Plan: (i) shares of common stock not issued or delivered as a result of the net settlement of outstanding NSOs or ISOs, (ii) shares of common stock used to pay the exercise price of NSOs or ISOs, (iii) shares of common stock used to pay withholding taxes related to awards, or (iv) shares of common stock corresponding to the value of stock-designated SARs which are settled in cash.

In no event will any participant be granted under the 2013 Plan in any one calendar year (i) NSOs, ISOs or SARs pursuant to which, in the case of NSOs or ISOs, the aggregate number of shares of common stock that may be acquired thereunder, or, in the case of SARs, the aggregate number of shares of common stock covered thereby, exceeds 357,142 shares, or (ii) any other types of awards covering in the aggregate over 35,714 shares of common stock. Also, the maximum number of shares of common stock subject to performance stock awards, other than NSOs, ISOs and SARs, payable to any one participant under the 2013 Plan in any one performance period is 71,428 shares of common stock or, in the event such performance stock award is paid in cash, the equivalent cash value thereof on the first or last day of the performance period to which such award relates, as determined by the Compensation Committee. The maximum amount that can be paid in any calendar year to any participant pursuant to a performance cash bonus award under the 2013 Plan is \$1,000,000. In addition, the maximum number of shares of common stock that may be issued during the life of the 2013 Plan under ISOs is 392,857 shares. If an award is settled in cash, the number of shares of common stock on which the award is based will count toward the applicable individual share limit.

As of December 31, 2014, 1,027,846 shares had been issued under the 2013 Plan and underlay outstanding awards, and 175,725 other shares remained available to be subjected to further awards.

Administration. The 2013 Plan is administered by our Compensation Committee. The Compensation Committee has the discretion to determine the individuals to whom awards may be granted under the 2013 Plan, the number of shares of our common stock subject to each award, the type of award, the manner in which such awards will vest and the other conditions applicable to awards. The Compensation Committee is authorized to interpret the 2013 Plan, to establish, amend and rescind any rules and regulations relating to the 2013 Plan and to make any other determinations that it deems necessary or desirable for the administration of the 2013 Plan. All decisions, determinations and interpretations by the Compensation Committee, and any rules and regulations under the 2013 Plan and the terms and conditions of or operation of any award, are final and binding on all participants. Notwithstanding the foregoing, the board of directors also has authority to take action expressly or implicitly in the capacity of the administrator of the 2013 Plan, and the board also may delegate, to the extent allowed under Delaware law, its authority to one or more of our officers with respect to awards that do not involve covered employees within the meaning of Internal Revenue Code Section 162(m) or “insiders” within the meaning of Section 16 of the Exchange Act.

Stock Options. The Compensation Committee will determine the exercise price and other terms for each option and whether the options will be NSOs or ISOs. The exercise price per share of each option will not be less than 100% of the fair market value of our common stock on the date of grant (or 110% of fair market value in the case of an ISO granted to a 10% stockholder), which, unless otherwise determined by the Committee, will be deemed to be the closing price of a share of our common stock on its principal exchange on the grant date. ISOs may be granted only to employees and are subject to certain other restrictions. To the extent an option intended to be an ISO does not qualify as an ISO, it will be treated as an NSO. A participant may exercise an option by written notice and payment of the exercise price in cash, or in the discretion of the Compensation Committee, in the form of an irrevocable commitment by a broker to pay over the net proceeds from a sale of the shares issuable under an option, the delivery of previously owned shares and/or withholding of shares deliverable upon exercise, net-exercise, or any combination of these methods, or in any other form of legal consideration that may be acceptable to the Compensation Committee. The maximum term of any option granted under the 2013 Plan is 10 years from the grant date (or five years in the case of an ISO granted to a 10% stockholder). The 2013 Plan

does not permit us to reprice any stock option granted under the plan without the approval of our stockholders. The 2013 Plan authorizes us to, but does not require us to, withhold from participants shares of common stock having a fair market value equal to our withholding obligation with respect to exercised NSOs.

Stock Appreciation Rights . The Compensation Committee may grant SARs independent of or in connection with an option. The Compensation Committee will determine the other terms applicable to SARs. The exercise price per share of each SAR will not be less than 100% of the fair market value of our common stock on the grant date, which, unless otherwise determined by the Committee, will be deemed to be the closing price of a share of our common stock on its principal exchange on the grant date. The price will be subject to adjustment for recapitalization or other changes in our common stock. The maximum term of any SAR granted under the 2013 Plan will be 10 years from the grant date. Generally, each SAR will entitle a participant upon exercise to an amount equal to:

- the excess of the fair market value on the exercise date of one share of our common stock over the exercise price, multiplied by
- the number of shares of common stock covered by the SAR.

Payment may be made in shares of our common stock, in cash or partly in common stock and partly in cash, all as determined by the Compensation Committee.

Restricted Stock and Restricted Stock Units . The Compensation Committee will have the authority to award restricted common stock and/or RSUs under the 2013 Plan. Restricted stock awards consist of shares of stock that are transferred to a participant subject to service and/or other restrictions that may result in forfeiture if specified conditions are not satisfied. Unless the Compensation Committee determines otherwise at the time the restricted stock award is granted, holders of restricted stock will have the right to vote the shares. RSUs confer the right to receive shares of our common stock, cash or a combination of shares and cash, at a future date upon or following the attainment of service and/or other conditions specified by the Compensation Committee. The Compensation Committee will determine the restrictions and conditions applicable to each award of restricted stock or RSUs, which may include performance-based conditions. The 2013 Plan authorizes us to, but does not require us to, withhold from participants shares of common stock having a fair market value equal to our withholding obligation with respect to restricted stock and/or settled RSUs.

Performance Compensation Awards . The Compensation Committee may award performance stock awards under the 2013 Plan. Performance stock awards are awards, denominated in shares of our common stock, cash or a combination thereof, which are earned during a specified performance period subject to the attainment of performance criteria, as established by the Compensation Committee. The Compensation Committee will determine the restrictions and conditions applicable to each stock award.

Performance Criteria . Vesting of awards granted under the 2013 Plan may be subject to a requirement of continuous service and/or the satisfaction of one or more performance goals established by the Compensation Committee. The performance goals may vary from participant to participant, group to group, and period to period. Performance goals may be weighted for different factors and measures.

Transferability . Unless otherwise determined by the Compensation Committee, awards granted under the 2013 Plan will generally not be transferable other than by will or by the laws of descent and distribution.

Change in Control . Unless otherwise provided in an award agreement, in the event of a participant's termination of continuous service without cause or for good reason, but excluding termination as a result of resignation in the absence of good reason, during the 10 day period before a change in control or during the 12 month period following a change in control, all options and SARs will become immediately exercisable with respect to 100% of the shares subject to such options or SARs, and/or the restricted period will expire immediately with respect to 100% of the shares of restricted stock or RSUs as of the date of the participant's termination of continuous service.

With respect to performance compensation awards, in the event of a change in control, all incomplete performance periods in respect of such award in effect on the date the change in control occurs will end on the date of such change and the Compensation Committee will (i) determine the extent to which performance goals with respect to each such performance period have been met based upon such audited or unaudited financial information then available as it deems relevant and (ii) cause to be paid to the applicable participant partial or full awards with respect to performance goals for each such performance period based upon the Compensation Committee's determination of the degree of attainment of performance goals or, if not determinable, assuming that the applicable "target" levels of performance have been attained, or on such other basis determined by the Compensation Committee.

In addition, in the event of an anticipated change in control, the Compensation Committee may in its discretion and upon at least 10 days' advance notice to the affected persons, cancel upon or immediately before the change in control any outstanding awards and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such awards based upon the value per share of common stock received or to be received or deemed received by our other stockholders in the event. In the case of any option or SAR

with an exercise price that equals or exceeds the price paid for a share of common stock in connection with the change in control, the Compensation Committee may cancel the option or SAR without the payment of consideration therefor.

Effectiveness of the 2013 Plan; Amendment and Termination . The 2013 Plan was adopted and approved by our board of directors on July 31, 2013 and approved by our stockholders on August 6, 2013. The 2013 Plan will remain available for the grant of awards until the tenth anniversary of the effective date. The board may amend, alter or discontinue the 2013 Plan in any respect at any time, but no amendment may impair the rights of a participant under any awards previously granted, without his or her consent, except that stockholder approval will be needed for any amendment that would increase the maximum number of shares available for awards (other than the increase that occurs every January 1), reduce the exercise price of outstanding options or SARs, or if otherwise required by applicable law or stock market requirements.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Other than compensation arrangements for named executive officers and directors, we describe below each transaction and series of similar transactions, since January 1, 2014, to which we were a party or will be a party, in which the amount exceeds \$120,000 (or, if less, 1% of the average of our total assets amount at December 31, 2014) and in which any related person had or will have a direct or indirect material interest.

Compensation arrangements for our named executive officers and directors are described in the section entitled “ *Executive Compensation* .”

Claire K. T. Reiss

From time to time, Claire K. T. Reiss, who at all times described in this section was our controlling stockholder and was also a director of Biocept, individually and through entities affiliated with her has loaned us operating funds through various convertible and non-convertible debt instruments. These entities consist of Reisung Enterprises, Inc., of which Mrs. Reiss is the owner and president, and family trusts of which Mrs. Reiss is the trustee. Mrs. Reiss resigned from the board of directors on August 14, 2013.

In February 2011, we executed a note and warrant purchase agreement with Mrs. Reiss’s trusts. In exchange for a series of loans, we issued secured convertible promissory notes and warrants to purchase shares of our preferred stock to the trusts. The aggregate borrowing amount allowable under the February 2011 note and warrant purchase agreement was initially \$5.0 million and was subsequently raised to \$6.0 million, then \$12.0 million and then \$15.0 million, and the funding period was extended first to February 2012 and then to December 2012. The notes bore interest at 8%, payable at maturity. Under this note and warrant purchase agreement, we issued notes payable of \$1.25 million and \$10.0 million to Mrs. Reiss’ family trusts and Reisung Enterprises, Inc. during 2012 and 2011, respectively. The notes matured during 2012, and all principal of these notes was unpaid at December 31, 2012. In June 2013, Mrs. Reiss’ family trusts and Reisung Enterprises, Inc. converted the entire principal amount of \$11.25 million and accrued interest of \$1.7 million due on these notes into 24,002,689 shares of Series A preferred stock. The family trusts and Reisung Enterprises, Inc. retained the 4,166,667 preferred stock warrants they received under the 2011 note and warrant purchase agreement. Such warrants terminated unexercised upon the closing of our initial public offering.

In January 2012, we executed a note and warrant purchase agreement with several shareholders, including Mrs. Reiss’ family trusts. The aggregate borrowing amount allowable under the January 2012 note and warrant purchase agreement was initially \$3.35 million and was subsequently raised to \$8.35 million, and the funding period was extended to December 2012. The notes bore interest at 10%, payable at maturity. Under this note and warrant purchase agreement, we issued notes payable to Mrs. Reiss’ family trusts and Reisung Enterprises, Inc. for an aggregate principal amount of \$5.8 million during 2012. The notes matured during 2012, and all principal and accrued interest on these notes was unpaid at December 31, 2012. In June 2013, Mrs. Reiss’ family trusts and Reisung Enterprises, Inc. converted the entire principal amount of \$5.8 million and accrued interest of \$627,000 due on these notes into 11,921,156 shares of Series A preferred stock. The family trusts and Reisung Enterprises, Inc. retained the 2,151,852 preferred stock warrants they received under the 2012 note and warrant purchase agreement; such warrants terminated unexercised upon the closing of our initial public offering. The number of warrants exercisable under this series of warrant agreements was determined by dividing the warrant coverage amount of 20% by the exercise price. The exercise price of the warrants was \$0.54.

As of June 2013, we executed a note and warrant purchase agreement with several shareholders, including a family trust affiliated with Mrs. Reiss and Reisung Enterprises, Inc., to reflect certain prior and possible future borrowings under a series of notes, totaling up to \$7.0 million. We had borrowed \$0.72 million under this arrangement from Mrs. Reiss’ family trust before December 31, 2012 and we borrowed another \$1.8 million under it from her family trust and Reisung Enterprises, Inc. in 2013. The maturity date of each note was May 31, 2014 and could have been extended for two successive six month periods. Each note bore interest at 8.0% per annum, payable at maturity. The principal amount of and accrued interest on each note would automatically convert into common

stock upon the closing of an underwritten initial public offering resulting in at least \$8.0 million of gross proceeds to us, at a conversion price equal to the price per share of our common stock sold in our initial public offering. The number of shares underlying the associated common stock warrants was determined by dividing the warrant coverage amount, which was 50% of the loan principal, by the exercise price, which was set at the price per share of our common stock sold in our initial public offering. As of December 31, 2013, the aggregate amount of principal and accrued interest outstanding for amounts we borrowed from Mrs. Reiss and entities affiliated with her under this arrangement was \$2,682,328. In connection with the closing of our initial public offering on February 10, 2014, the aggregate amount outstanding related to this arrangement of \$2,704,839 converted at \$10.00 per share into a total of 270,484 shares of common stock, and the exercise price of the associated warrants was fixed at \$10.00 per share for an aggregate of 125,250 shares of common stock. The warrants became exercisable for a five year period beginning on the closing of our initial public offering.

In July 2013, we and one of Mrs. Reiss' family trusts amended a \$1.4 million promissory note which we had issued to the trust in 2008 to provide that the entire principal amount of and accrued interest on such note would automatically convert, upon the closing of an initial public offering, into shares of our common stock at a price per share equal to the offering price per share to the public in such offering. As of December 31, 2013, the aggregate amount of principal and accrued interest outstanding on such note was \$1,628,871. In connection with the closing of our initial public offering on February 10, 2014, the \$1,633,982 aggregate amount outstanding related to this arrangement converted at \$10.00 per share into a total of 163,399 shares of common stock.

As compensation for guaranteeing our Line of Credit, which had an initial credit availability of \$1.5 million with two other guarantors and finally approximately \$2.6 million with four other guarantors, a family trust affiliated with Mrs. Reiss received common stock warrants from us. The number of shares underlying the common stock warrants was determined by dividing the warrant coverage amount, which was 50% of the fair market value of the collateral provided by the family trust to secure the trust's guaranty obligations to UBS Bank USA, by the exercise price, which was set at the price per share of our common stock sold in our initial public offering. At the closing of our initial public offering on February 10, 2014, the fair market value of the collateral provided by the family trust under this arrangement was \$1,176,042, and the exercise price of the associated warrants was fixed at \$10.00 per share for an aggregate of 58,802 shares of common stock. The warrants became exercisable for a two year period beginning on the closing of our initial public offering.

STOCKHOLDERS SHARING THE SAME ADDRESS

SEC rules permit companies, brokers, banks or other agents to deliver a single copy of a proxy statement and annual report to households at which two or more stockholders reside. Stockholders sharing an address who have been previously notified by their broker, bank or other agent and have consented to householding will receive only one copy of our proxy statement and annual report.

If you would like to opt out of this practice for future mailings and receive separate proxy statements and annual reports for each stockholder sharing the same address, please contact your broker, bank or other agent. You may also obtain a separate proxy statement or annual report without charge by contacting us at Biocept, Inc., 5810 Nancy Ridge Drive, San Diego, California 92121, Attention: William Kachioff; or by telephone to (858) 320- 8200. OTHER MATTERS

We do not know of any business other than that described in this Proxy Statement that will be presented for consideration or action by the stockholders at the Annual Meeting. If, however, any other business is properly brought before the Annual Meeting, shares represented by proxies will be voted in accordance with the best judgment of the persons named in the proxies or their substitutes.

2. Subject to adjustment in accordance with Section 11, no Participant shall be granted, during any one year period, Options to purchase Common Stock and Stock Appreciation Rights with respect to more than 2,000,000 shares of Common Stock in the aggregate or any other Awards with respect to more than 1,000,000 shares of Common Stock in the aggregate. If an Award is to be settled in cash, the number of shares of Common Stock on which the Award is based shall count toward the individual share limit set forth in this Section 4.
3. **Reversion of Shares to the Share Reserve.** Any shares of Common Stock subject to an Award or a 2007 Plan Award that is canceled, forfeited or expires before exercise or realization, either in full or in part, shall to that extent again become available for issuance under the Plan. (For this purpose, repurchase of Restrict Stock at a nominal repurchase price is deemed a forfeiture.) Notwithstanding anything to the contrary contained herein: shares subject to an Award or a 2007 Plan Award shall not again be made available for issuance or delivery under the Plan if such shares are (a) shares used to satisfy the exercise or purchase price of such Award or 2007 Plan Award, including shares used to effect a “net exercise,” in payment of an Option exercise price requirement, (b) shares delivered to or withheld by the Company to satisfy any tax withholding obligation in connection with an Award or a 2007 Plan Award, (c) shares covered by a stock-settled Stock Appreciation Right that were not issued upon the settlement of the Award, or (d) shares repurchased by the Company on the open market with the proceeds of the exercise or purchase price of a stock Award or a 2007 Plan Award.
4. **Minimum Vesting Requirements .** No Option or Stock Appreciation Right (including an Option or Stock Appreciation Right that is a Performance Compensation Award or otherwise subject to vesting based on performance goals) will vest until at least twelve months following the date of grant of such Award; *provided, however*, that up to 5% of the Share Reserve (as defined in Section 4.1) may be subject to Options and Stock Appreciation Rights (including Options and Stock Appreciation rights that are Performance Compensation Awards or otherwise subject to vesting based on performance goals) that do not meet such vesting requirements.

5. ELIGIBILITY .

1. **Eligibility for Specific Awards .** Incentive Stock Options may be granted only to Employees. Awards other than Incentive Stock Options may be granted to Employees, Consultants and Directors.

5.2 Ten Percent Stockholders . A Ten Percent Stockholder shall not be granted an Incentive Stock Option unless the Option Exercise Price is at least 110% of the Fair Market Value of the Common Stock at the Grant Date and the Option is not exercisable after the expiration of five years from the Grant Date.

6. OPTION PROVISIONS . Each Option granted under the Plan shall be evidenced by an Award Agreement, and shall be voided if the Award Agreement is not executed and delivered by the Participant within 30 days after the Grant Date. Each Option so granted shall be subject to the conditions set forth in this Section 6, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement. All Options shall be separately designated Incentive Stock Options or Non-qualified Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for shares of Common Stock purchased on exercise of each type of Option. Notwithstanding the foregoing, the Company shall have no liability to any Participant or any other person if an Option designated as an Incentive Stock Option fails to qualify as such at any time or if an Option (or other Award) is determined to constitute “nonqualified deferred compensation” within the meaning of Section 409A and the terms of such Option (or other Award) do not satisfy the requirements of Section 409A. The provisions of separate Options need not be identical, but each Option shall include (through incorporation of provisions hereof by reference in the Option or otherwise) the substance of each of the following provisions:

1. **Term .** Subject to the provisions of Section 5.2 regarding Ten Percent Stockholders and a requirement that no Incentive Stock Option shall be exercisable after the expiration of 10 years from the Grant Date, the term of an Incentive Stock Option granted under the Plan shall be determined by the Committee. The term of a Non-qualified Stock Option granted under the Plan shall be determined by the Committee; *provided, however*, no Non-qualified Stock Option shall be exercisable after the expiration of 10 years from the Grant Date.
2. **Exercise Price of An Incentive Stock Option .** Subject to the provisions of Section 5.2 regarding Ten Percent Stockholders, the Option Exercise Price of each Incentive Stock Option shall be not less than 100% of the Fair Market Value on the Grant Date of the Common Stock subject to the Option. Notwithstanding the foregoing, an Incentive Stock Option may be granted with an Option Exercise Price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 424(a) of the Code and Section 409A.

3. **Exercise Price of a Non-qualified Stock Option** . The Option Exercise Price of each Non-qualified Stock Option shall be not less than 100% of the Fair Market Value on the Grant Date of the Common Stock subject to the Option. Notwithstanding the foregoing, a Non-qualified Stock Option may be granted with an Option Exercise Price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 409A.
4. **Consideration** . The Option Exercise Price of Common Stock acquired pursuant to an Option shall be paid, to the extent permitted by applicable statutes and regulations, either (a) in cash or by bank check on the day the Option is exercised or (b) in the discretion (exercised either generally or only for the particular instance) of the Committee, upon such terms as the Committee shall approve, the Option Exercise Price may be paid on the day the Option is exercised: (i) by delivery to the Company of other Common Stock, duly endorsed for transfer to the Company, with a Fair Market Value on the date of delivery equal to the Option Exercise Price (or portion thereof) due for the number of shares being acquired, or by means of attestation whereby the Participant identifies for delivery specific shares of Common Stock that have an aggregate Fair Market Value on the date of attestation equal to the Option Exercise Price (or portion thereof) and receives a number of shares of Common Stock equal to the difference between the number of shares thereby purchased and the number of identified attestation shares of Common Stock; (ii) a “cashless” same-day-sale exercise program established with a broker; (iii) by reduction in the number of shares of Common Stock otherwise deliverable upon exercise of such Option with a Fair Market Value equal to the aggregate Option Exercise Price at the time of exercise; (iv) any combination of the foregoing methods; or (v) in any other form of legal consideration that may be acceptable to the Committee. Unless otherwise specifically provided in the Option, the exercise price of Common Stock acquired pursuant to an Option that is (with Committee approval) paid by delivery (or attestation) to the Company of other Common Stock acquired, directly or indirectly from the Company, shall be paid only by shares of the Common Stock of the Company that have been held for more than six months (or such longer or shorter period of time required to avoid a charge to earnings for financial accounting purposes). Notwithstanding the foregoing, during any time the Common Stock is publicly traded an exercise by a Director or Officer that involves or may involve a direct or indirect extension of credit or arrangement of an extension of credit by the Company, directly or indirectly, in violation of Section 402(a) of the Sarbanes-Oxley Act of 2002 shall be prohibited with respect to any Award under this Plan.
5. **Transferability of An Incentive Stock Option** . An Incentive Stock Option shall not be transferable except by will or by the laws of descent and distribution or pursuant to qualified domestic relations orders under Applicable Laws and shall be exercisable during the lifetime of the Optionholder only by the Optionholder.
6. **Transferability of a Non-qualified Stock Option** . A Non-qualified Stock Option may, in the sole discretion of the Committee, be transferable to a Permitted Transferee, upon approval by the Committee to the extent provided in the Award Agreement. No such transfer which is a “prohibited transfer for value” (within the meaning of the General Instructions to Securities Act Form S-8) shall be allowed. If the Non-qualified Stock Option does not provide for transferability, then the Non-qualified Stock Option shall not be transferable except by will or by the laws of descent and distribution or pursuant to qualified domestic relations orders under Applicable Laws and shall be exercisable during the lifetime of the Optionholder only by the Optionholder.
7. **Vesting of Options** . Subject to Section 4.4, each Option may, but need not, vest and therefore become exercisable in periodic installments that may, but need not, be equal. The Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Committee may deem appropriate and in accordance with Section 4.4. The vesting provisions of individual Options may vary.
8. **Termination of Continuous Service** . Unless otherwise provided in an Award Agreement or in an employment agreement the terms of which have been approved by the Committee, in the event an Optionholder’s Continuous Service terminates (other than upon the Optionholder’s death or Disability), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination) but only within such period of time ending on the earlier of (a) the date three months following the termination of the Optionholder’s Continuous Service or (b) the expiration of the term of the Option as set forth in the Award Agreement; *provided that* , if the termination of Continuous Service is by the Company for Cause, all outstanding Options (whether or not vested) shall immediately terminate and cease to be exercisable. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified in the Award Agreement, the Option shall terminate.

9. **Extension of Termination Date** . An Optionholder's Award Agreement may also provide that if the exercise of the Option following the termination of the Optionholder's Continuous Service for any reason would be prohibited at any time because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act or any other state or federal securities law or the rules of any securities exchange or interdealer quotation system, then the Option shall terminate on the earlier of (a) the expiration of the term of the Option in accordance with Section 6.1 or (b) the expiration of a period after termination of the Participant's Continuous Service that is three months after the end of the period during which the exercise of the Option would be in violation of such registration or other securities law requirements.
10. **Disability of Optionholder** . Unless otherwise provided in an Award Agreement, in the event that an Optionholder's Continuous Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination), but only within such period of time ending on the earlier of (a) the date 12 months following such termination or (b) the expiration of the term of the Option as set forth in the Award Agreement. If, after termination of Continuous Service, the Optionholder does not exercise his or her Option within the time specified herein or in the Award Agreement, the Option shall terminate.
11. **Death of Optionholder** . Unless otherwise provided in an Award Agreement, in the event an Optionholder's Continuous Service terminates as a result of the Optionholder's death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only within the period ending on the earlier of (a) the date 12 months following the date of death or (b) the expiration of the term of such Option as set forth in the Award Agreement. If, after the Optionholder's death, the Option is not exercised within the time specified herein or in the Award Agreement, the Option shall terminate.
12. **Incentive Stock Option \$100,000 Limitation** . To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and its Affiliates) exceeds \$100,000, the Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Non-qualified Stock Options.
13. **Fractions** . No Option may be exercised for a fraction of a share of Common Stock.

7. PROVISIONS OF AWARDS OTHER THAN OPTIONS .

1. **Stock Appreciation Rights** .
 1. **General** . Each Stock Appreciation Right granted under the Plan shall be evidenced by an Award Agreement, and shall be voided if the Award Agreement is not executed and delivered by the Participant within 30 days after the Grant Date. Each Stock Appreciation Right so granted shall be subject to the conditions set forth in this Section 7.1, and to such other conditions (including as to transferability and ability to be pledged or otherwise encumbered) not inconsistent with the Plan as may be reflected in the applicable Award Agreement. Stock Appreciation Rights may be granted alone (“ *Free Standing Rights* ”) or in tandem with an Option granted under the Plan (“ *Related Rights* ”).
 2. **Grant Requirements** . Any Related Right that relates to a Non-qualified Stock Option may be granted at the same time the Option is granted or at any time thereafter but before the exercise or expiration of the Option. Any Related Right that relates to an Incentive Stock Option must be granted at the same time the Incentive Stock Option is granted.
 3. **Term of Stock Appreciation Rights** . The term of a Stock Appreciation Right granted under the Plan shall be determined by the Committee; *provided, however* , no Stock Appreciation Right shall be exercisable later than the tenth anniversary of its Grant Date.
 4. **Vesting of Stock Appreciation Rights** . Subject to Section 4.4, each Stock Appreciation Right may, but need not, vest and therefore become exercisable in periodic installments that may, but need not, be equal. The Stock Appreciation Right may be subject to such other terms and conditions on the time or times when it may be exercised as the Committee may deem appropriate in accordance with Section 4.4. The vesting provisions of individual Stock Appreciation Rights may vary.

5. **Exercise and Payment** . Upon exercise of a Stock Appreciation Right, the holder shall be entitled to receive from the Company an amount equal to the number of shares of Common Stock subject to the Stock Appreciation Right that is being exercised multiplied by the excess of (i) the Fair Market Value of a share of Common Stock on the date the Award is exercised, over (ii) the exercise price specified in the Stock Appreciation Right or related Option. Payment with respect to the exercise of a Stock Appreciation Right shall be made as of and as soon as practicable after the date of exercise. Payment shall be made in the form of shares of Common Stock, cash or a combination thereof, as determined by the Committee. The Award Agreement may, in the Committee's discretion, provide that a Stock Appreciation Right shall be paid out immediately upon it vesting; and in such case "exercise" shall be deemed to occur automatically upon vesting.
 6. **Exercise Price** . The exercise price of a Free Standing Stock Appreciation Right shall be determined by the Committee, but shall not be less than 100% of the Fair Market Value of one share of Common Stock on the Grant Date of such Stock Appreciation Right. However, a Stock Appreciation Right may be granted with an exercise price lower than that set forth in the preceding sentence if such Stock Appreciation Right is granted pursuant to an assumption or substitution for another stock appreciation right in a manner satisfying the provisions of Section 409A. A Related Right granted simultaneously with or after the grant of an Option and in conjunction therewith or in the alternative thereto shall have the same exercise price as the related Option, shall be transferable only upon the same terms and conditions as the related Option, and shall be exercisable only to the same extent as the related Option; *provided, however* , that a Stock Appreciation Right, by its terms, shall be exercisable only when the Fair Market Value per share of Common Stock subject to the Stock Appreciation Right and related Option exceeds the exercise price per share thereof and no Stock Appreciation Rights may be granted in tandem with an Option unless the Committee determines that the requirements of Section 7.1(b) are satisfied.
 7. **Reduction in the Underlying Option Shares** . Upon any exercise of a Related Right, the number of shares of Common Stock for which any related Option shall be exercisable shall be reduced by the number of shares for which the Stock Appreciation Right has been exercised. The number of shares of Common Stock for which a Related Right shall be exercisable shall be reduced upon any exercise of any related Option by the number of shares of Common Stock for which such Option has been exercised.
 8. **Fractions** . No Stock Appreciation Right may be exercised for a fraction of a share of Common Stock.
2. **Restricted Awards** .
1. **General** . A Restricted Award is an Award of actual shares of Common Stock ("**Restricted Stock** ") or hypothetical Common Stock units ("**Restricted Stock Units** ") having a value equal to the Fair Market Value of an identical number of shares of Common Stock, which may, but need not, provide that such Restricted Award may not be sold, assigned, transferred or otherwise disposed of, pledged or hypothecated as collateral for a loan or as security for the performance of any obligation or for any other purpose for such period (the "**Restricted Period** ") as the Committee shall determine. Each Restricted Award granted under the Plan shall be evidenced by an Award Agreement, and shall be voided if the Award Agreement is not executed and delivered by the Participant within 30 days after the Grant Date. Each Restricted Award so granted shall be subject to the conditions set forth in this Section 7.2, and to such other conditions not inconsistent with the Plan as may be reflected in the applicable Award Agreement.
 2. **Restricted Stock and Restricted Stock Units**
 1. Each Participant granted Restricted Stock shall execute and deliver to the Company an Award Agreement with respect to the Restricted Stock setting forth the restrictions and other terms and conditions applicable to such Restricted Stock. If the Committee determines that the Restricted Stock shall be held by the Company or in escrow rather than delivered to the Participant pending the release of the applicable restrictions, the Committee may require the Participant to additionally execute and deliver to the Company (A) an escrow agreement satisfactory to the Committee, if applicable and (B) the appropriate blank stock power with respect to the Restricted Stock covered by such agreement. If a Participant fails to execute an agreement evidencing an Award of Restricted Stock and, if applicable, an escrow agreement and stock power, the Award shall be null and void. Subject to the restrictions set forth in the Award, the Participant generally shall have the rights and privileges of a stockholder as to such Restricted Stock, including the right to vote such Restricted Stock and the right to receive dividends; *provided that* , any cash dividends and stock dividends with respect to the Restricted Stock shall be withheld by the Company for the Participant's account, and interest may be credited on the amount of the cash dividends withheld at a rate and subject to such terms as determined by the Committee. The cash dividends or stock dividends so withheld by the Committee and attributable to any particular share of Restricted Stock (and earnings thereon, if applicable) shall be distributed to the Participant in cash or, at the discretion of the Committee, in shares of Common Stock having a Fair Market Value equal to the amount of such dividends, if applicable, upon the release of restrictions on such share and, if such share

is forfeited, the Participant shall have no right to such dividends. The consideration for Restricted Stock shall be, as determined by the Committee in its discretion and set forth in the Restricted Award, given in the form of cash, past services rendered to the Company or its Affiliate, and/or (if allowed by Applicable Laws) services to be rendered to the Company or its Affiliate during the Restricted Period.

2. The terms and conditions of a grant of Restricted Stock Units shall be reflected in an Award Agreement. No shares of Common Stock shall be issued at the time a Restricted Stock Unit is granted, and the Company will not be required to set aside a fund for the payment of any such Award. A Participant shall have no voting rights with respect to any Restricted Stock Units granted hereunder.

3. **Restrictions**

1. Restricted Stock awarded to a Participant shall be subject to the following restrictions until the expiration of the Restricted Period, and to such other terms and conditions as may be set forth in the applicable Award Agreement: (A) if an escrow arrangement is used, the Participant shall not be entitled to delivery of the stock certificate; (B) the shares shall be subject to the restrictions on transferability set forth in the Award Agreement; (C) the shares shall be subject to forfeiture to the extent provided in the applicable Award Agreement; and (D) to the extent such shares are forfeited, the stock certificates shall be returned to the Company, and all rights of the Participant to such shares and as a stockholder with respect to such shares shall terminate without further obligation on the part of the Company.
 1. If applicable state law requires a Participant to pay to the Company in cash at least the par value per share of Restricted Stock in connection with purchase of the Restricted Stock, the Participant shall pay to the Company in cash an amount equal to the par value per share times the number of shares of Restricted Stock; and all reference herein to forfeiture of Restricted Stock shall instead be read as references to repurchase of such Restricted Stock for a cash amount equal to such par value per share times the number of shares so repurchased. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Committee and set forth in the Award Agreement.
 2. Restricted Stock Units awarded to any Participant shall be subject to (A) forfeiture until the expiration of the Restricted Period, and satisfaction of any applicable Performance Goals during such period, to the extent provided in the applicable Award Agreement, and to the extent such Restricted Stock Units are forfeited, all rights of the Participant to such Restricted Stock Units shall terminate without further obligation on the part of the Company and (B) such other terms and conditions (including as to transferability and ability to be pledge or otherwise encumbered) as may be set forth in the applicable Award Agreement. No transfer which is a “prohibited transfer for value” (within the meaning of the General Instructions to Securities Act Form S-8) shall be allowed.
 3. Subject to the provisions of the Plan, including Section 12, the Committee shall have the authority to remove any or all of the restrictions on the Restricted Stock and Restricted Stock Units whenever it may determine that, by reason of changes in Applicable Laws or other changes in circumstances arising after the date the Restricted Stock or Restricted Stock Units are granted, such action is appropriate.
4. **Restricted Period** . With respect to Restricted Awards, the Restricted Period shall commence on the Grant Date and end or lapse at the time or times set forth on a schedule established by the Committee in the applicable Award Agreement.
5. **Delivery of Restricted Stock and Settlement of Restricted Stock Units** . Upon the expiration of the Restricted Period with respect to any shares of Restricted Stock, the restrictions set forth in Section 7.2(c) and the applicable Award Agreement shall be of no further force or effect with respect to such shares, except as set forth in the applicable Award Agreement. If an escrow arrangement is used, upon such expiration, the Company shall as soon as practicable deliver to the Participant, or his or her beneficiary, without charge, the stock certificate evidencing the shares of Restricted Stock which have not then been forfeited and with respect to which the Restricted Period has expired (to the nearest full share) and any cash dividends or stock dividends credited to the Participant’s account with respect to such Restricted Stock and the interest thereon, if any. Upon the expiration of the Restricted Period with respect to any outstanding Restricted Stock Units, the Company shall as soon as practicable deliver to the Participant, or his or her beneficiary, without charge, one share of Common Stock for each such outstanding Restricted Stock Unit (“*Vested Unit*”); *provided, however* , that, if explicitly provided in the applicable Award Agreement, the Committee may, in its sole discretion, elect to pay cash or part cash and part Common Stock in lieu of delivering only shares of Common Stock for Vested Units. If a cash payment is made in lieu of delivering shares of Common Stock, the amount of such payment shall be equal to the Fair Market Value of the Common Stock as of the date on which the Restricted Period lapsed with respect to each Vested Unit.

6. **Stock Restrictions** . Each certificate representing Restricted Stock awarded under the Plan shall bear a legend in such form as the Company deems appropriate. Any new, substituted or additional securities or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to the Participant's Restricted Stock by reason of any stock dividend, stock split, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Company's receipt of consideration shall be issued subject to (i) the same vesting requirements applicable to the Participant's unvested shares of Restricted Stock and (ii) such escrow arrangements as the Committee shall deem appropriate.
3. **Performance Compensation Awards** .
 1. **General** . The Committee shall have the authority, at the time of grant of any Award (other than, to the extent that such Options and Stock Appreciation Rights are deemed to constitute "performance-based compensation" under Section 162(m) even in the absence of such designation, any Options and Stock Appreciation Rights granted with an exercise price equal to or greater than the Fair Market Value per share of Common Stock on the Grant Date), to designate such Award as a Performance Compensation Award in order to qualify such Award as "performance-based compensation" under Section 162(m). In addition, the Committee shall have the authority to make an Award of a cash bonus to any Participant and designate such Award as a Performance Compensation Award in order to qualify such Award as "performance-based compensation" under Section 162(m).
 2. **Eligibility** . The Committee will, in its sole discretion, designate within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m)) which Participants will be eligible to receive Performance Compensation Awards in respect of such Performance Period. However, designation of a Participant eligible to receive an Award hereunder for a Performance Period shall not in any manner entitle the Participant to receive payment in respect of any Performance Compensation Award for such Performance Period. The determination as to whether or not such Participant becomes entitled to payment in respect of any Performance Compensation Award shall be decided solely in accordance with the provisions of this Section 7.3. Moreover, designation of a Participant eligible to receive an Award hereunder for a particular Performance Period shall not require designation of such Participant eligible to receive an Award hereunder in any subsequent Performance Period and designation of one person as a Participant eligible to receive an Award hereunder shall not require designation of any other person as a Participant eligible to receive an Award hereunder in such period or in any other period.
 3. **Discretion of Committee with Respect to Performance Compensation Awards** . With regard to a particular Performance Period, the Committee shall have full discretion to select the length of such Performance Period (provided any such Performance Period shall be not less than one fiscal quarter in duration), the type(s) of Performance Compensation Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goal(s) that is (are) to apply to the Company and the Performance Formula. Within the first 90 days of a Performance Period (or, if longer or shorter, within the maximum period allowed under Section 162(m)), the Committee shall, with regard to the Performance Compensation Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence of this Section 7.3(c) and record the same in writing.
 4. **Payment of Performance Compensation Awards**
 1. **Condition to Receipt of Payment** . Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company on the last day of a Performance Period to be eligible for payment in respect of a Performance Compensation Award for such Performance Period.
 2. **Limitation** . A Participant shall be eligible to receive payment in respect of a Performance Compensation Award only to the extent that: (A) the Performance Goals for such period are achieved; and (B) the Performance Formula as applied against such Performance Goals determines that all or some portion of such Participant's Performance Compensation Award has been earned for the Performance Period.
 3. **Certification** . Following the completion of a Performance Period, the Committee shall review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, calculate and certify in writing the amount of the Performance Compensation Awards earned for the period based upon the Performance Formula. The Committee shall then determine the actual size of each Participant's Performance Compensation Award for the Performance Period and, in so doing, may apply Negative Discretion in accordance with Section 7.3(d)(iv) hereof, if and when it deems appropriate.

4. **Use of Discretion** . In determining the actual size of an individual Performance Compensation Award for a Performance Period, the Committee may reduce or eliminate the amount of the Performance Compensation Award earned under the Performance Formula in the Performance Period through the use of Negative Discretion if, in its sole judgment, such reduction or elimination is appropriate. The Committee shall not have the discretion to (A) grant or provide payment in respect of Performance Compensation Awards for a Performance Period if the Performance Goals for such Performance Period have not been attained or (B) increase a Performance Compensation Award above the maximum amount payable under Section 7.3(d)(vi) of the Plan.
5. **Timing of Award Payments** . Performance Compensation Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following completion of the certifications required by this Section 7.3 but in no event later than 2 1/2 months following the end of the fiscal year during which the Performance Period is completed.
6. **Maximum Award Payable** . Notwithstanding any provision contained in this Plan to the contrary, the maximum number of shares of Common Stock subject to Awards (other than Options and Stock Appreciation Rights) which are Performance Compensation Awards payable to any one Participant under the Plan for a Performance Period is 2,000,000 shares of Common Stock or, in the event such Performance Compensation Award is paid in cash, the equivalent cash value thereof on the first or last day of the Performance Period to which such Award relates, as determined by the Committee. The maximum amount that can be paid in any calendar year to any Participant pursuant to a cash bonus Award described in the last sentence of Section 7.3(a) shall be \$2,000,000.

8. SHOW-STOPPER CONDITIONS .

1. **Securities Law Compliance** . Each Award Agreement shall provide (and such provision shall control over any other provision of the Plan or the Award Agreement which would be to the contrary) that no shares of Common Stock shall be purchased, sold, issued or delivered thereunder unless and until (a) any then applicable requirements of state or federal laws and regulatory agencies have been fully complied with to the satisfaction of the Company and its counsel and (b) if required to do so by the Company, the Participant has executed and delivered to the Company a letter of investment intent in such form and containing such provisions as the Committee may require. The Company shall use reasonable efforts to seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Awards and to issue and sell shares of Common Stock upon exercise of the Awards; *provided, however* , that this undertaking shall not require the Company to register under the Securities Act the Plan, any Award or any Common Stock issued or issuable pursuant to any such Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Awards unless and until such authority is obtained.
2. **Withholding Obligations** . Each Award Agreement shall provide (and such provision shall control over any other provision of the Plan or the Award Agreement which would be to the contrary) that no shares of Common Stock shall be purchased, sold, issued or delivered thereunder unless and until any then Applicable Laws for the payment of employee-side withholding taxes in connection therewith have been satisfied by (a) a cash payment by the Participant to the Company of 100% of such amount, or (b) as may be allowed by the following sentence. To the extent (if any) provided by the terms of an Award Agreement and subject to the discretion of the Committee, the Participant may satisfy the preceding sentence's requirement for payment of any federal, state or local tax withholding obligation relating to the exercise or acquisition of Common Stock under an Award by any of the following means (if so expressly allowed) or by a combination of such means expressly allowed, in any event totaling in value 100% of such amount: (a) authorizing the Company to withhold cash from any cash compensation to be paid to the Participant, provided both the Company and the Participant actually and reasonably believe cash compensation sufficiently large will become payable to the Participant within 45 days; (b) tendering a cash payment; (c) authorizing the Company to withhold shares of Common Stock from the shares of Common Stock otherwise issuable to the Participant as a result of the exercise or acquisition of Common Stock under the Award, provided, however, that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by Applicable Law; or (d) delivering to the Company previously owned and unencumbered shares of Common Stock of the Company. Common Stock so withheld or delivered would be valued at its Fair Market Value as of the date of measurement of the amount of income subject to withholding.

9. **USE OF PROCEEDS FROM STOCK** . Proceeds from the sale of Common Stock pursuant to Awards, or upon exercise thereof, shall constitute general funds of the Company.

10. **MISCELLANEOUS** .

1. **Acceleration of Exercisability and Vesting** . The Committee shall have the power to accelerate the time at which an Award may first be exercised or the time during which an Award or any part thereof will vest (or restrictions lapse), notwithstanding the provisions in the Award stating the time at which it may first be exercised or the time during which it will vest (or restrictions lapse); provided that if such action is taken in connection with a Change in Control, such action shall be made only in accordance with the provisions of Sections 11 and 12.
2. **Stockholder Rights** . Except as provided in the Plan or an Award Agreement, no Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Award unless and until such Participant has satisfied all requirements for exercise of the Award pursuant to its terms and no adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions of other rights for which the record date is before the date such Common Stock certificate is issued, except as provided in Section 11 hereof.
3. **No Employment or Other Service Rights** . Nothing in the Plan or any instrument executed or Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Award was granted (or in any other capacity) or shall affect the right of the Company or an Affiliate to terminate (a) the employment of an Employee or the service of a Consultant, in either case with or without notice and with or without Cause or (b) the service of a Director pursuant to the Bylaws of the Company or Applicable Laws.
4. **Freedom to Approve Acquisitions, Etc** . The grant of Awards shall in no way affect the right of the Company to effect a Change in Control or a Business Combination or to otherwise adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets; the Board and the Company shall incur no liability to Participants by approving or effecting such a transaction.
5. **Transfer; Approved Leave of Absence** . For purposes of the Plan, no termination of employment or of Continuous Service by an Employee shall be deemed to result from either (a) a transfer to the employment of the Company from an Affiliate or from the Company to an Affiliate, or from one Affiliate to another, or (b) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the Employee's right to reemployment is guaranteed either by a statute or by contract or under the express written terms of the policy pursuant to which the leave of absence was granted or if the Committee otherwise so provides in writing, in either case, except to the extent inconsistent with Section 409A if the applicable Award is subject thereto.

11. **ADJUSTMENTS UPON CHANGES IN STOCK** . In the event of changes in the outstanding Common Stock or in the capital structure of the Company by reason of any stock or extraordinary cash dividend, stock split, reverse stock split, an extraordinary corporate transaction such as any recapitalization, reorganization, merger by which the Company is (either by direct merger or reverse triangular merger) acquired, consolidation, combination, exchange, or other relevant change in capitalization occurring after the Grant Date of any Award, Awards granted under the Plan and any Award Agreements, the exercise price of Options and Stock Appreciation Rights, the maximum number of shares of Common Stock subject to all Awards stated in Section 4, the maximum number of shares of Common Stock which can be issued pursuant to Incentive Stock Options stated in Section 4 and the maximum number of shares of Common Stock with respect to which any one person may be granted Awards during any period stated in Section 4 and Section 7.3(d)(vi) will be equitably adjusted or substituted, as to the number, price or kind of a share of Common Stock or other consideration subject to such Awards to the extent necessary to preserve as near as may be (but not to increase) the economic intent of such Award consistent with the purpose of such transaction. In the case of adjustments made pursuant to this Section 11, unless the Committee specifically determines that such adjustment is in the best interests of the Company, the Committee shall, in the case of Incentive Stock Options, seek to ensure that any adjustments under this Section 11 will not constitute a modification, extension or renewal of the Incentive Stock Options within the meaning of Section 424(h)(3) of the Code and in the case of Non-qualified Stock Options, seek to ensure that any adjustments under this Section 11 will not constitute a modification of such Non-qualified Stock Options within the meaning of Section 409A. Any adjustments made under this Section 11 shall be made in a manner which does not adversely affect the exemption provided pursuant to Rule 16b-3. Further, with respect to Awards intended to qualify as "performance-based compensation" under Section 162(m), any adjustments or substitutions will not cause the Company to be denied a tax deduction on account of Section 162(m). The Company shall give each Participant notice of an adjustment hereunder and, upon notice, such adjustment shall be conclusive and binding for all purposes. By way of example, and without limitation: if the Company is acquired by merger for cash, all Options exercisable after such merger shall entitle the Optionholder to receive, upon exercise, cash (equal to the per-share cash merger price) and nothing else.

12. EFFECT OF CHANGE IN CONTROL .

1. **Double Trigger: Foreshortening** . Notwithstanding any provision of the Plan to the contrary:
 1. In the event of a Participant's termination of Continuous Service without Cause or for Good Reason (but excluding termination as a result of resignation in the absence of Good Reason) during the 10-day period before a Change in Control or during the 12-month period following a Change in Control, notwithstanding any provision of the Plan or any applicable Award Agreement to the contrary, all Options and Stock Appreciation Rights shall become immediately exercisable with respect to 100% of the shares subject to such Options or Stock Appreciation Rights, and/or the Restricted Period shall expire immediately with respect to 100% of the shares of Restricted Stock or Restricted Stock Units as of the date of the Participant's termination of Continuous Service.
 2. With respect to Performance Compensation Awards, in the event of a Change in Control, all incomplete Performance Periods in respect of such Award in effect on the date the Change in Control occurs shall end on the date of such change and the Committee shall (i) determine the extent to which Performance Goals with respect to each such Performance Period have been met based upon such audited or unaudited financial information then available as it deems relevant and (ii) cause to be paid to the applicable Participant partial or full Awards with respect to Performance Goals for each such Performance Period based upon the Committee's determination of the degree of attainment of Performance Goals or, if not determinable, assuming that the applicable "target" levels of performance have been attained, or on such other basis determined by the Committee.

To the extent practicable, any actions taken by the Committee under the immediately preceding clauses (a) and (b) shall occur in a manner and at a time which allows affected Participants the ability to participate in the Change in Control with respect to the shares of Common Stock subject to their Awards.

2. **Acceleration and Termination** . In addition, in the event of a Change in Control in which the surviving corporation or acquiring corporation (or its parent company) does not assume or continue outstanding Awards or substitute similar stock awards for such outstanding Awards, then the Committee may in its discretion and upon at least 10 days' advance notice to the affected persons, accelerate the vesting (and exercisability, as applicable) of outstanding Awards in full or in part to a date prior to the effective time of the Change in Control and, to the extent not exercised (if applicable) at or prior to the effective time of the Change in Control, cancel all outstanding Awards upon or immediately before the Change in Control (but subject to the condition that the Change in Control actually occur) and pay to the holders of such cancelled Awards, in cash or stock, or any combination thereof, the value of such Awards (including, at the discretion of the Committee, any unvested portion of the Award) immediately prior to cancellation based upon the value per share of Common Stock received or to be received or deemed received by other stockholders of the Company in the event. In the case of any Option or Stock Appreciation Right with an exercise price that equals or exceeds the price paid for a share of Common Stock in connection with the Change in Control, the Committee may cancel the Option or Stock Appreciation Right without the payment of consideration therefor.
3. **Variations** . The Committee may in its discretion treat differently any Awards or Participants in connection with a Change in Control, either in the terms of the initial Award Agreements or in any actions taken by the Committee after the Grant Date.
4. **Successors** . The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to all or substantially all of the assets and business of the Company and its Affiliates, taken as a whole.

13. AMENDMENT OF THE PLAN AND AWARDS .

1. **Amendment of Plan** . The Board at any time, and from time to time, may amend or terminate the Plan. However, except as provided in Section 11 relating to adjustments upon changes in Common Stock and Section 13.3, no amendment shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy any Applicable Laws. At the time of such amendment, the Board shall determine, upon advice from counsel, whether such amendment will be contingent on stockholder approval. All provided, that that if the only Applicable Law which stockholder approval is necessary to satisfy pertains to Incentive Stock Options but not to any other Awards, such amendment shall be effective immediately as to all types of Awards other than Incentive Stock Options upon Board approval; but shall additionally become effective as to Incentive Stock Options upon stockholder approval and not before.

2. **Stockholder Approval** . The Board may, in its sole discretion, submit any other amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of Section 162(m) and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to certain executive officers.
3. **Contemplated Amendments** . It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible Employees, Consultants and Directors with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Stock Options or to the nonqualified deferred compensation provisions of Section 409A and/or to bring the Plan and/or Awards granted under it into compliance therewith.
4. **No Impairment of Rights** . Rights under any Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless (a) the Company requests the consent of the Participant and (b) the Participant consents in writing.
5. **Amendment of Awards** . The Committee at any time, and from time to time, may amend the terms of any one or more Awards; *provided, however* , that the Committee may not affect any amendment which would otherwise constitute an impairment of the rights under any Award unless (a) the Company requests the consent of the Participant and (b) the Participant consents in writing.

14. GENERAL PROVISIONS .

1. **Forfeiture Events** . The Committee may specify in an Award Agreement that the Participant's rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain events, in addition to applicable vesting conditions of an Award. Such events may include, without limitation, breach of non-competition, non-solicitation, confidentiality, or other restrictive covenants that are valid under Applicable Laws and are contained in the Award Agreement or otherwise applicable to the Participant, a termination of the Participant's Continuous Service for Cause, or other conduct by the Participant that is or is intended to be detrimental to the business or reputation of the Company and/or its Affiliates.
2. **Clawback** . Notwithstanding any other provisions in this Plan, any Award which is subject to recovery under any law, government regulation or securities exchange listing requirement, will be subject to such deductions and clawback as may be required to be made pursuant to such law, government regulation or securities exchange listing requirement (or any policy adopted by the Company pursuant to any such law, government regulation or securities exchange listing requirement).
3. **Other Compensation Arrangements** . Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.
4. **Sub-plans** . The Committee may from time to time establish sub-plans under the Plan for purposes of satisfying blue sky, securities, tax or other laws of various jurisdictions in which the Company intends to grant Awards. Any sub-plans shall contain such limitations and other terms and conditions as the Committee determines are necessary or desirable. All sub-plans shall be deemed a part of the Plan, but each sub-plan shall apply only to the Participants in the jurisdiction for which the sub-plan was designed.
5. **Unfunded Plan** . The Plan shall be unfunded. Neither the Company, the Board nor the Committee shall be required to establish any special or separate fund or to segregate any assets to assure the performance of its obligations under the Plan.
6. **Benefits Not Alienable** . Other than as provided above or in an Award Agreement, benefits under this Plan or the Award Agreement may not be sold, assigned, transferred or otherwise disposed of or alienated, whether voluntarily or involuntarily, nor be pledged or hypothecated as collateral for a loan or as security for the performance of any obligation or for any other purpose. Any unauthorized attempt at assignment, transfer, pledge or other disposition shall be without effect.
7. **Delivery** . Upon exercise of a right granted under this Plan, the Company shall issue Common Stock or pay any amounts due within a reasonable period of time thereafter. Subject to any statutory or regulatory obligations the Company may otherwise have, for purposes of this Plan, 20 days shall be considered a reasonable period of time.
8. **No Fractional Shares** . No fractional shares of Common Stock shall be issued or delivered pursuant to the Plan. The Committee shall determine whether cash, additional Awards or other securities or property shall be issued or paid in lieu of fractional shares of Common Stock or whether any fractional shares should be rounded, forfeited or otherwise eliminated.

9. **Other Provisions** . The Award Agreements authorized under the Plan may contain such other provisions not inconsistent with this Plan, including, without limitation, restrictions upon the exercise of the Awards, as the Committee may deem advisable.
10. **Section 409A** . (a) The Plan is intended to comply with the requirements of Section 409A to the extent subject thereto, and, accordingly, to the maximum extent permitted, the Plan shall be interpreted and administered to be in compliance therewith. Any payments described in the Plan or any Award Agreement that are due within the “short-term deferral period” as defined in Section 409A shall not be treated as deferred compensation unless Applicable Laws require otherwise. Notwithstanding anything to the contrary in the Plan or any Award Agreement, to the extent required to avoid accelerated taxation and tax penalties under Section 409A, amounts that would otherwise be payable and benefits that would otherwise be provided pursuant to the Plan or any Award Agreement during the six month period immediately following the Participant’s termination of Continuous Service shall instead be paid in one lump sum on the first payroll date after the six-month anniversary of the Participant’s separation from service (or the Participant’s death, if earlier).
 1. Unless the Committee expresses a conscious and knowing intention to the contrary in the particular instance, all Award Agreements shall be deemed to be intended either to be exempt from the application of or to comply with the requirements of Section 409A to the extent subject thereto, and, accordingly, to the maximum extent permitted, each Award Agreement shall be interpreted and administered and each action of the Committee with respect thereto shall be interpreted such that grant, payment, settlement or deferral will not be subject to a penalty, tax or interest applicable under or as a result of Section 409A.
 2. Notwithstanding the foregoing, neither the Company nor the Committee shall have any obligation to take any action to prevent the assessment of any excise tax or penalty on any Participant under Section 409A and neither the Company nor the Committee will have any liability to, or obligation to indemnify or reimburse, any Participant for such tax or penalty.
11. **Disqualifying Dispositions** . Any Participant who shall make a “disposition” (as defined in Section 424 of the Code) of all or any portion of shares of Common Stock acquired upon exercise of an Incentive Stock Option within two years from the Grant Date of such Incentive Stock Option or within one year after the issuance of the shares of Common Stock acquired upon exercise of such Incentive Stock Option (a “*Disqualifying Disposition*”) shall be required to immediately advise the Company in writing as to the occurrence of the sale and the price realized upon the sale of such shares of Common Stock.
12. **Section 16** . It is the intent of the Company that the Plan satisfy, and be interpreted in a manner that satisfies, the applicable requirements of Rule 16b-3 so that Participants will be entitled to the benefit of Rule 16b-3, or any other rule promulgated under Section 16 of the Exchange Act, so as not to become subject to short-swing liability under Section 16 of the Exchange Act. Accordingly, if the operation of any provision of the Plan would conflict with the intent expressed in this Section 14.12, such provision to the extent possible shall be interpreted and/or deemed amended so as to avoid such conflict.
13. **Section 162(m)** . To the extent the Committee issues any Award that is intended to be exempt from the deduction limitation of Section 162(m), the Committee may, without stockholder or Participant approval, amend the Plan or the relevant Award Agreement retroactively or prospectively to the extent it determines necessary in order to comply with any subsequent clarification of Section 162(m) required to preserve the Company’s federal income tax deduction for compensation paid pursuant to any such Award.
14. **Expenses** . The costs of administering the Plan shall be paid by the Company.
15. **Annual Reports** . During the term of this Plan, to the extent required by Applicable Law the Company shall furnish to each Participant who does not otherwise receive such materials, copies of all reports, proxy statements and other communications that the Company distributes generally to its stockholders.
16. **Severability** . If any of the provisions of the Plan or any Award Agreement is held to be invalid, illegal or unenforceable, whether in whole or in part, such provision shall be deemed modified to the extent, but only to the extent, of such invalidity, illegality or unenforceability and the remaining provisions shall not be affected thereby.
17. **Plan Headings** . The headings in the Plan are for purposes of convenience only and are not intended to define or limit the construction of the provisions hereof.
18. **Non-Uniform Treatment** . The Committee’s determinations under the Plan and in connection with any respective Award Agreements need not be uniform and may be made by it selectively among persons who are eligible to receive, or actually receive, Awards. Without limiting the generality of the foregoing, the Committee shall be entitled to make non-uniform and selective determinations, amendments and adjustments, and to enter into non-uniform and selective Award Agreements.

15. **EFFECTIVE DATE OF PLAN** . The Plan shall become effective as of the Effective Date, but no Award shall be exercised (or, in the case of a stock Award, shall be granted) unless and until the Plan has been approved by the stockholders of the Company, which approval shall be within 12 months before or after the date the Plan is adopted by the Board.

16. **TERMINATION OR SUSPENSION OF THE PLAN** . The Committee may suspend or terminate the Plan at any time. No Incentive Stock Options may be granted after the tenth anniversary of April 28, 2015, the date the Plan, as amended and restated, was adopted by the Board. No Awards may be granted under the Plan while the Plan is suspended or after it is terminated , but Awards granted prior to any suspension or termination may extend beyond such suspension or termination.

17. **CHOICE OF LAW** . The law of the State of Delaware shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to such state's conflict of law rules.
