Varonis Announces Dates and Cities for Customer Event Series

Varonis user group events to focus on data security in hybrid environments, compliance with the GDPR and other regulations, and protecting your data from ransomware and insider threats

NEW YORK, March 20, 2018 (GLOBE NEWSWIRE) -- Varonis Systems, Inc. (NASDAQ:VRNS), a pioneer in data security and analytics, will kick off Connect! 2018, its annual series of customer events. The series of one-day events begins in April and runs through May, taking place in 22 cities across North America and Europe.

Varonis customers can learn more and receive an invitation to attend a Connect! 2018 event by sending an email to events@varonis.com.

Now in its seventh year, Varonis Connect! events provide a mix of educational sessions, insights to help customers harness the full benefit from their Varonis products, and networking opportunities for security and IT professionals and leaders to share best practices and success stories. Varonis engineering and product teams will be on hand to provide attendees with personalized consultations.

About Varonis
Varonis is a pioneer in data security and analytics, fighting a different battle than conventional cybersecurity companies. Varonis focuses on protecting enterprise data: sensitive files and emails; confidential customer, patient and employee data; financial records; strategic and product plans; and other intellectual property. The Varonis Data Security Platform detects insider threats and cyberattacks by analyzing data, account activity and user behavior; prevents and limits disaster by locking down sensitive and stale data; and efficiently sustains a secure state with automation. With a focus on data security, Varonis serves a variety of use cases, including governance, compliance, classification and threat analytics. Varonis started operations in 2005 and, as of December 31, 2017, had approximately 6,250 customers worldwide - comprised of industry leaders in many sectors including financial services, healthcare, public, industrial, insurance, energy and utilities, consumer and retail, education, media and entertainment and technology.
