

Reporting Ethics Concerns

At Core-Mark, integrity is one of our core values and has always been an important part of our culture. Our company's leaders and employees have nurtured our commitment to integrity over the years. As a result, Core-Mark is a highly respected leader in our industry.

Every one of us is responsible for protecting and maintaining our Company's integrity. We must conduct business fairly and honestly and in a manner consistent with federal, state, provincial and local laws and the Core-Mark Code of Conduct. These standards apply to all employees. Each of us has a personal responsibility to understand Core-Mark's policies and report situations where our core values are not being followed.

As a result, we have made available a financial reporting hotline where employees or external constituents can anonymously communicate their concerns to the Audit Committee. Specifically, accounting complaints may be made in one of three ways:

1. By calling the Core-Mark Financial Compliance Line at (877) 314-1738. Once a person calls this number, they will be given a PIN designed to protect their identity and the confidentiality of their complaint throughout the complaint handling process.
2. By using our online reporting portal: www.reportlineweb.com/CoreMark, or
3. In writing to the Audit Committee Chairman, marked as an urgent matter for consideration by the Audit Committee, and sent to the following address:
Audit Committee Chairman
c/o Core-Mark Holding Company, Inc.
395 Oyster Point Blvd., Suite 415
South San Francisco, CA 94080

Additional procedures regarding handling of reported concerns can be found in our Whistleblower Policy posted on the Investor Relations/Corporate Governance page of our Website.
