PROXY STATEMENT Annual General Meeting of Shareholders to be held on August 4, 2015

This proxy statement and the accompanying form of proxy is furnished to shareholders of Tecnoglass Inc. in connection with the solicitation of proxies by our board of directors for use in voting at our annual general meeting of shareholders to be held at the offices of Graubard Miller, our United States securities counsel, located at The Chrysler Building, 405 Lexington Avenue, 11th Floor, New York, New York 10174, on Tuesday, August 4, 2015, at 11:00 a.m., and at any and all postponements or adjournments.

This proxy statement, the accompanying notice of annual general meeting of shareholders, the proxy and the annual report to shareholders for the year ended December 31, 2014 are being mailed on or about July 1, 2015 to shareholders of record on June 30, 2015. We are bearing all costs of this solicitation.

What matters am I voting on?

You are being asked to vote on the following matters:

- (1) To elect two Class B directors to serve for the ensuing three-year period until their successors are elected and qualified;
- (2) Any other business that may properly come before the meeting and any and all postponements or adjournments.

Who is entitled to vote?

Holders of our ordinary shares as of the close of business on June 30, 2015, the record date, are entitled to vote at the meeting. As of the record date, we had issued and outstanding 25,301,132 ordinary shares, our only class of voting securities outstanding. Each holder of our ordinary shares is entitled to one vote for each share held on the record date.

How do I vote?

If you are a record holder of your shares, you may vote your ordinary shares at the annual general meeting by:

- signing and returning the enclosed proxy card, which is discussed in greater detail below; or
- attending the annual general meeting and voting in person.

If your shares are held in the name of your broker, bank or another nominee, you should contact your broker, bank or such other nominee to ensure that votes related to the shares you beneficially own are properly counted.

If you would like to attend the meeting and vote in person and your shares are held in the name of your broker, bank or another nominee, you must obtain a legal proxy from the broker, bank or other nominee to attend the meeting. That is the only way we can be sure that the broker, bank or nominee has not already voted your shares.

What is the effect of giving a proxy?

Proxies in the form enclosed are solicited by and on behalf of our board of directors. The persons named in the proxy have been designated as proxies by our board of directors. If you sign and return the proxy in accordance with the procedures set forth in this proxy statement, the persons designated as proxies by our board of directors will vote your shares at the meeting as specified in your proxy.

If you sign and return your proxy in accordance with the procedures set forth in this proxy statement but you do not provide any instructions as to how your shares should be voted, your shares will be voted FOR the election of the Class B director nominees (Proposal 1).

If you give your proxy, your shares also will be voted in the discretion of the proxies named on the proxy card with respect to any other matters properly brought before the meeting and any postponements or adjournments. If any other matters are properly brought before the meeting, the persons named in the proxy will vote the proxies in accordance with their best judgment.

May I change my vote after I return my proxy card?

If you are a record owner of your shares and you give a proxy, you may revoke your proxy at any time before it is exercised by:

- sending another proxy card with a later date;
- notifying our corporate secretary in writing before the annual general meeting that you have revoked your proxy; or
- attending the annual general meeting, revoking your proxy, and voting in person.

Please note that your attendance at the meeting will not alone serve to revoke your proxy.

If your shares are held in the name of your broker, bank or another nominee, you should contact your broker, bank or such other nominee for information on how to revoke your voting instructions.

What is a quorum?

A quorum is the minimum number of shares required to be present at the annual general meeting for the meeting to be properly held under our Third Amended and Restated Memorandum and Articles of Association and the Companies Law (2013 Revision) of the Cayman Islands. The presence, in person, by proxy or, if a corporation or other non-natural person, by its duly authorized representative or proxy, of the holders of a majority of our ordinary shares constitutes a quorum. Proxies that are marked “abstain” and proxies relating to “street name” shares that are returned to us but marked by brokers as “not voted” will be treated as shares present for purposes of determining the presence of a quorum on all matters. The latter will not be treated as shares voting on the matter as to which authority to vote is withheld from the broker. If a shareholder does not give the broker voting instructions, under applicable self-regulatory organization rules, its broker may not vote its shares on “non-routine” proposals, such as the election of Class B directors.

How many votes are needed for approval of each matter?

The election of a director. Directors are elected by ordinary resolution which will require the affirmative vote of the holders of a majority of ordinary shares present (in person or by proxy or, if a corporation or other non-natural person, by its duly authorized representative) who, being entitled to vote on such proposal at the annual general meeting, vote. Abstentions are deemed voted on the director proposal. Therefore, they have the same effect as a vote against any particular nominee. Broker non-votes, while considered present for the purposes of establishing a quorum, will have no effect on such proposal.

If you hold your shares through a broker, bank, or other financial institution, your broker will not be permitted to vote on your behalf in the election of our Class B directors. Please communicate your voting instructions to your broker, bank, or other financial institution before the meeting so that your vote will be counted.

Our board of directors is divided into three classes with only one class of directors being elected in each year and each class serving a three-year term. Unless authority is withheld or the shares are subject to a broker non-vote, the proxies solicited by the board of directors will be voted “FOR” the election of these nominees. Director Independence

Our ordinary shares are listed on the NASDAQ Capital Market and therefore, we adhere to the NASDAQ listing standards in determining whether a director is independent. Our board of directors consults with its counsel to ensure that the board's determinations are consistent with those rules and all relevant securities and other laws and regulations regarding the independence of directors.

The NASDAQ listing standards define an "independent director" as a person, other than an executive officer of a company or any other individual having a relationship which, in the opinion of the issuer's board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Consistent with these considerations, we have affirmatively determined that Messrs. Weil, Azout, Vilariño, Torres and Ms. Byorum qualify as independent directors. Our independent directors have regularly scheduled meetings at which only independent directors are present.

Board of Directors Meetings and Committees

Our board of directors held three meetings in 2014 and acted by written consent six times. We held our 2014 annual general meeting of shareholders on August 12, 2014, which was attended by four of our directors. No director attended fewer than 75% of the meetings of the board and of the committees thereof upon which he served in 2014.

We do not have any formal policy regarding director attendance at annual general meetings of shareholders; however, we will attempt to schedule our annual general meetings so that all of our directors can attend. In addition, we expect our directors to attend all board and committee meetings and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities.

Leadership Structure

Our board of directors has determined to keep separate the positions of board chairman and chief executive officer at this time. This permits our chief executive officer to concentrate his efforts primarily on managing the Company's business operations and development, while our chairman can focus on, among other things, communications and relations between our board of directors and senior management, consideration by our board of directors of the Company's strategies and policies and our chief executive officer evaluation processes.

Risk Oversight

Our board of directors' primary function is one of oversight. Our board of directors as a whole has responsibility for risk oversight and reviews management's risk assessment and risk management policies and procedures. Our audit committee discusses with our management major financial risk exposures and reports its findings to our board of directors in connection with our board of directors' risk oversight review. Our compensation committee is responsible for creating incentives that encourage behavior consistent with our business strategy, without encouraging undue risk-taking.

Code of Ethics

In March 2012, we adopted a code of ethics that applies to all of our executive officers, directors and employees. The code of ethics codifies the business and ethical principles that govern all aspects of our business. We will provide, without charge, upon request, copies of our code of ethics. Requests for copies of our code of ethics should be sent in writing to TG Inc., Avenida Circunvalar a 100 mts de la Via 40, Barrio Las Flores, Barranquilla, Colombia, Attn: Corporate Secretary.

Corporate Governance

Audit Committee

We have a standing audit committee of the board of directors, which consists of Martha L. Byorum, Samuel R. Azout and Julio Torres, with Martha L. Byorum serving as chairman. Each of the members of the audit committee is independent under the applicable NASDAQ listing standards.

The audit committee held five meetings in 2014. The audit committee has a written charter, a copy of which was filed with our Definitive Proxy Statement on Schedule 14A filed with the SEC on December 4, 2013. The purpose of the audit committee is to appoint, retain, set compensation of, and supervise our independent accountants, review the results and scope of the audit and other accounting related services and review our accounting practices and systems of internal accounting and disclosure controls. The audit committee's duties, which are specified in the audit committee charter, include, but are not limited to:

- reviewing and discussing with management and the independent auditor the annual audited financial statements, and recommending to the board whether the audited financial statements should be included in our Form 10-K;
- discussing with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of our financial statements;
- discussing with management major risk assessment and risk management policies;
- monitoring the independence of the independent auditor;
- verifying the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law;
- reviewing and approving all related-party transactions;
- inquiring and discussing with management our compliance with applicable laws and regulations;
- pre-approving all audit services and permitted non-audit services to be performed by our independent auditor, including the fees and terms of the services to be performed;
- appointing or replacing the independent auditor;
- determining the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work; and
- establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or reports which raise material issues regarding its financial statements or accounting policies.

Financial Experts on Audit Committee

The audit committee will at all times be composed exclusively of “independent directors,” as defined for audit committee members under the NASDAQ listing standards and the rules and regulations of the Securities and Exchange Commission, who are “financially literate,” as defined under NASDAQ’s listing standards. NASDAQ’s listing standards define “financially literate” as being able to read and understand fundamental financial statements, including a company’s balance sheet, income statement and cash flow statement. The board of directors has determined that Martha Byorum satisfies NASDAQ’s definition of financial sophistication and also qualifies as an “audit committee financial expert” as defined under rules and regulations of the Securities and Exchange Commission.

Audit Committee Report

Our audit committee is responsible for supervising our independent accountants, reviewing the results and scope of the audit and other accounting related services and reviewing our accounting practices and systems of internal accounting and disclosure controls, among other things. These responsibilities include reviewing and discussing with management and the independent auditor the annual audited financial statements. The audit committee does not itself prepare financial statements or perform audits, and its members are not auditors or certifiers of our financial statements.

In fulfilling its oversight responsibility of appointing and reviewing the services performed by our independent registered public accounting firm, the audit committee carefully reviews the policies and procedures for the engagement of the independent registered public accounting firm, including the scope of the audit, audit fees, auditor independence matters and the extent to which the independent registered public accounting firm may be retained to perform non-audit related services.

The audit committee has reviewed and discussed the audited financial statements for the year ended December 31, 2014 with our management and PricewaterhouseCoopers Ltda. (“PwC”), our independent registered public accounting firm. The audit committee has also discussed with PwC the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board (United States) in Rule 3200T regarding “Communication with Audit Committees.”

The audit committee has also received and reviewed the written disclosures and the letter from PwC required by applicable requirements of the Public Company Accounting Oversight Board regarding PwC’s communications with the audit committee concerning independence, and has discussed with PwC its independence from the Company.

Based on the reviews and discussions referred to above, the audit committee recommended to the board that the financial statements referred to above be included in our annual report on Form 10-K for the year ended December 31, 2014.

Nominating Committee

We have a standing nominating committee, which consists of A. Lorne Weil, Martha L. Byorum, Samuel R. Azout and Juan Carlos Vilariño, with A. Lorne Weil serving as chairperson. Each member of the nominating committee is an “independent director” as defined under NASDAQ listing standards. Pursuant to its written charter, a copy of which was filed with our Definitive Proxy Statement on Schedule 14A filed with the SEC on December 4, 2013, our nominating committee is responsible for overseeing the selection of persons to be nominated to serve on our board of directors. The nominating committee did not meet in 2014, but acted by unanimous written consent one time.

Guidelines for Selecting Director Nominees

The nominating committee considers persons identified by its members, management, shareholders, investment bankers and others. Currently, the guidelines for selecting nominees, which are specified in the nominating committee charter, generally provide that persons to be nominated:

- should have demonstrated notable or significant achievements in business, education or public service;
- should possess the requisite intelligence, education and experience to make a significant contribution to the board of directors and bring a range of skills, diverse perspectives and backgrounds to its deliberations; and
- should have the highest ethical standards, a strong sense of professionalism and intense dedication to serving the interests of the shareholders.

The nominating committee will consider a number of qualifications relating to management and leadership experience, background and integrity and professionalism in evaluating a person's candidacy for membership on the board of directors. The nominating committee may require certain skills or attributes, such as financial or accounting experience, to meet specific board needs that arise from time to time and will also consider the overall experience and makeup of its members to obtain a broad and diverse mix of board members. The nominating committee does not distinguish among nominees recommended by shareholders and other persons.

Compensation Committee

In December 2013, we established a standing compensation committee consisting of Julio Torres, Samuel R. Azout and Juan Carlos Vilariño, with Julio Torres serving as chairperson. The compensation committee did not hold any meetings in 2014. The compensation committee's duties, which are specified in our compensation committee charter, a copy of which was filed with our Definitive Proxy Statement on Schedule 14A filed with the SEC on December 4, 2013, include, but are not limited to:

- reviewing and approving on an annual basis the corporate goals and objectives relevant to our Chief Executive Officer's compensation, evaluating our Chief Executive Officer's performance in light of such goals and objectives and determining and approving the remuneration (if any) of our Chief Executive Officer's based on such evaluation;
- reviewing and approving the compensation of all of our other executive officers;
- reviewing our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;
- assisting management in complying with our proxy statement and annual report disclosure requirements;

- if required, producing a report on executive compensation to be included in our annual proxy statement; and

The compensation committee may consider reports on the performance of executive officers and recommendations about such executive officers compensation made to the committee by other members of senior management. While the compensation committee has the authority to retain the services of compensation consultants or other advisors to assist in carrying out its duties, the committee did not engage such services in the last fiscal year, and has not engaged any such consultant, this fiscal year to date.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers, directors and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and ten percent shareholders are required by regulation to furnish us with copies of all Section 16(a) reports they file. Based solely on a review of such reports received by us and written representations from certain reporting persons that no Form 5s were required for those persons, we believe that, during the fiscal year ended December 31, 2014, all reports required to be filed by our officers, directors and persons who own more than ten percent of a registered class of our equity securities were filed on a timely basis.

EXECUTIVE OFFICER AND DIRECTOR COMPENSATION

Overview

Our policies with respect to the compensation of our executive officers are administered by our board in consultation with our compensation committee. Our compensation policies are intended to provide for compensation that is sufficient to attract, motivate and retain executives of outstanding ability and potential and to establish an appropriate relationship between executive compensation and the creation of shareholder value. To meet these goals, the compensation committee is charged with recommending executive compensation packages to our board.

Prior to consummation of the merger in December 2013, none of our executive officers or directors received compensation for services rendered to us. No compensation or fees of any kind, including finders, consulting or other similar fees, were paid to any of our initial shareholders, including our officers and directors, or any of their respective affiliates, prior to, or for any services they rendered in order to effectuate, the consummation of our initial business combination.

Energy Holding Corporation, the sole shareholder of Tecno Corporation, whose shareholders are all of the former shareholders of TG and ES, received 20,567,141 ordinary shares in consideration of all of the outstanding and issued ordinary shares of Tecno Corporation.

Pursuant to the agreement and plan of reorganization, we issued to Energy Holding Corp. an aggregate of 500,000 ordinary shares based on its achievement of specified EBITDA targets set forth in such agreement for the fiscal year ended December 31, 2014.

Energy Holding Corporation also has the contractual right to receive an additional 3,000,000 ordinary shares, to be released upon the attainment of specified share price targets or targets based on our EBITDA in the fiscal years ending December 31, 2015 or 2016. The following table sets forth the targets and the number of earnout shares issuable to Tecno Corporation shareholders upon the achievement of such targets:

	Ordinary Share Price Target	EBITDA Target		Number of Earnout Shares	
		Minimum	Maximum	Minimum	Maximum
Fiscal year ending 12/31/15 . .	\$13.00 per share	\$35,000,000	\$40,000,000	875,000	1,000,000

In the event neither the ordinary share target nor the minimum EBITDA target is met in a particular year, but a subsequent year's share price or EBITDA target is met, Energy Holding Corporation will earn the earnout shares for the previous year as if the prior year's target had been met.

Joaquin Fernandez and Alberto Velilla Becerra are directors of Energy Holding Corporation. Jose Daes and Christian Daes are shareholders of Energy Holding Corporation.

Related Party Policy

Our Code of Ethics requires us to avoid, wherever possible, all related party transactions that could result in actual or potential conflicts of interests, except under guidelines approved by the board of directors (or the audit committee). Related-party transactions are defined as transactions in which (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year, (2) we or any of our subsidiaries are a participant, and (3) any (a) executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of our ordinary shares, or (c) immediate family member, of the persons referred to in clauses (a) and (b), has or will have a direct or indirect material interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). A conflict of interest situation can arise when a person takes actions or has interests that may make it difficult to perform his or her work objectively and effectively. Conflicts of interest may also arise if a person, or a member of his or her family, receives improper personal benefits as a result of his or her position.

Our audit committee, pursuant to its written charter, is responsible for reviewing and approving related-party transactions to the extent we enter into such transactions. The audit committee will consider all relevant factors when determining whether to approve a related party transaction, including whether the related party transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction. No director may participate in the approval of any transaction in which he is a related party, but that director is required to provide the audit committee with all material information concerning the transaction. Additionally, we require each of our directors and executive officers to complete an annual directors' and officers' questionnaire that elicits information about related party transactions.

These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Effective December 30, 2014, PwC acts as our independent registered public accounting firm. We expect that representatives of PwC will be present at the annual general meeting of shareholders and that they will be available to respond to appropriate questions submitted by shareholders at the meeting. PwC will have the opportunity to make a statement if they desire to do so.

Prior to December 30, 2014, the firm of Marcum LLP (“Marcum”) acted as our independent registered public accounting firm. Prior to our merger with Tecno Corporation, Crowe Horwath S.A. acted as the independent registered public accounting firm for Tecnoglass and ES.

Change in Accountants

Marcum’s report on our consolidated financial statements for the fiscal year ended December 31, 2013 did not contain an adverse opinion or a disclaimer of opinion, and was not qualified or modified as to uncertainty, audit scope, or accounting principles. As disclosed in Item 9A of our Annual Report on Form 10-K for the fiscal year ended December 31, 2013, our management and board of directors identified certain matters that constituted material weaknesses in our internal control over financial reporting, and such weaknesses were advised by Marcum.

During the fiscal year ended December 31, 2013 and the subsequent interim period preceding Marcum’s dismissal, there were no disagreements within the meaning of Item 304(a) of Regulation S-K, with Marcum on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Marcum, would have caused Marcum to make reference to the subject matter of the disagreements in connection with its report on our consolidated financial statements.

Except for the material weaknesses in our internal control over financial reporting as described above, during the fiscal year ended December 31, 2013 and the subsequent interim period preceding Marcum’s dismissal, there were no “reportable events” (as described in paragraph 304(a)(1)(v) of Regulation S-K).

Audit Fees

During 2014, we paid \$0.1 million to PwC and \$1.2 million to Marcum for audit fees. During 2013, we paid \$137,000 to Crowe Horwath CO S.A for audit fees.

Audit-Related Fees

We paid no audit-related fees to our independent registered public accounting firms during the years ended December 31, 2014 and 2013.

Tax Fees

We paid no tax fees to our independent registered public accounting firms during the years ended December 31, 2014 and 2013.

All Other Fees

We paid no other fees to our independent registered public accounting firms during the years ended December 31, 2014 and 2013.

Pre-Approval Policies and Procedures

In accordance with Section 10A(i) of the Securities Exchange Act of 1934, before we engage our independent registered public accountants to render audit or non-audit services, the engagement is approved by our audit committee. Our audit committee approved all of the fees incurred by us pre- and post-merger for services rendered by PwC and Marcum. For services provided by Crowe prior to the merger for TG and ES when they were still private companies, no audit committee approval was obtained or necessary for the fees incurred for such services; however, the audit committee approved all fees incurred by us post-merger for services rendered by Crowe in connection with its limited engagement described above. All future services provided to us and our subsidiaries by our independent registered public accounting firm will be approved by our audit committee.
