Details regarding admission to the meeting and the business that will be conducted are described in the accompanying Notice of Annual General Meeting and Proxy Statement.

Rules adopted by the U.S. Securities and Exchange Commission (“SEC”) allow companies to make materials available to security holders using either the “notice and access” or “full set delivery” options. This year, we have elected to mail proxy materials and our Annual Report on Form 10-K for the fiscal year ended March 31, 2015, filed with the SEC on June 1, 2015, to our shareholders using the “full set delivery” option. However, in the future, we may take advantage of the “notice and access” option.

Whether or not you plan to attend the meeting, your vote is important, and we encourage you to review the proxy materials and vote as soon as possible using the instructions provided in the Notice. All voters may sign, date and mail the proxy card in the envelope provided. If you hold your shares in street name, you may also vote your shares over the Internet or via a toll-free (in the United States) telephone number contained in the voting instructions included with your proxy materials. Instructions regarding the methods of voting are contained in the Notice or proxy card.

Thank you for your continued support of Quotient. We look forward to seeing you on October 29, 2015.

PROXY STATEMENT FOR ANNUAL GENERAL MEETING OF SHAREHOLDERS

The Board of Directors of QUOTIENT LIMITED (“Quotient,” the “Company,” or “we”) is soliciting proxies for use at the 2015 Annual General Meeting of Shareholders to be held on October 29, 2015 (the “Annual Meeting”), and at any adjournment or postponement of the Annual Meeting. A notice of the Annual Meeting will be distributed to shareholders who hold ordinary shares of Quotient as of August 28, 2015, the record date for the Annual Meeting, on or about September 18, 2015. Quotient Limited is a limited liability no par value company incorporated under the laws of Jersey, Channel Islands.

GENERAL INFORMATION

What am I voting on?

You will be voting on the following proposals at our Annual Meeting:

- to re-elect 8 directors;
- to re-appoint Ernst & Young LLP as the Company’s auditors, ratify their appointment as independent registered public accounting firm and to authorize the directors to determine the fees to be paid to the auditors; and
- to transact such other business as may properly come before the Annual Meeting.

What are the recommendations of the Board?

All shares represented by a properly executed proxy will be voted unless the proxy is revoked and, if a choice is specified, your shares will be voted in accordance with that choice. If no choice is specified but the proxy card is signed, the proxy holders will vote your shares according to the recommendations of the Board, which are included in the discussion of each matter later in this proxy statement. The Board recommends that you vote:

FOR the re-election of each of the nominees as directors; and

FOR the re-appointment of Ernst & Young LLP as our auditors, ratification as our independent registered public accounting firm and the authorization of the directors to determine the fees to be paid to the auditors;

In addition, the proxy holders may vote in their discretion with respect to any other matter that properly comes before the Annual Meeting.

Who is entitled to vote?

For each proposal to be voted on, each shareholder is entitled to one vote for each ordinary share, no par value (“Ordinary Share”) owned at the close of business on August 28, 2015, the record date for the Annual Meeting. As of the close of business on July 27, 2015, there were 17,029,851 ordinary shares outstanding.

How do I vote by proxy in lieu of attending the annual meeting?

If you are a shareholder of record, you may vote by proxy by completing, dating and signing your proxy card and mailing it in the envelope provided. You must sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as officer of a corporation, guardian, executor, trustee or custodian), you must indicate your name and title or capacity.

If you vote via the Internet or by telephone, your vote must be received by 11:59 p.m., Eastern Standard Time, on October 28, 2015. If you vote by Internet or telephone, you should not return your proxy card.

You may also vote in person at the Annual Meeting or you may be represented by another person at the Annual Meeting by executing a proxy designating that person.

[Table of Contents](#)

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in “street name.” The street name holder will provide you with instructions that you must follow in order to have your shares voted.

If you hold your shares in street name and you wish to vote in person at the Annual Meeting, you must obtain a proxy issued in your name from the street name holder.

May I change my mind after submitting a proxy?

If you are a shareholder of record, you may revoke your proxy before it is exercised by:

- Written notice to Roland Boyd, care of Quotient Limited, Pentlands Science Park, Bush Loan, Penicuik, Midlothian, EH26 OPZ, United Kingdom; or
- Voting in person at the Annual Meeting.

If you are a beneficial owner of shares held in street name, you may submit new voting instructions by contacting your brokerage firm, bank or other holder of record.

What are broker non-votes?

A broker non-vote occurs when the broker that holds your shares in street name is not entitled to vote on a matter without instruction from you and you do not give any instruction. Unless instructed otherwise by you, brokers will not have discretionary authority to vote on any matter other than Resolution 8, which is considered to be “routine” for these purposes. It is important that you cast your vote for your shares to be represented on all matters.

What is the required vote?

To be approved, Resolutions 1 to 9 require a simple majority of the votes cast at the Annual Meeting in favor of each Resolution. If a director does not receive a majority of the vote for his or her re-election, then that director will not be re-elected to the Board and the Board may fill the vacancy with a different person, or the Board may reduce the number of directors to eliminate the vacancy. Votes that are withheld with respect to the election of directors and abstentions on the other matters are not counted as votes cast.

What will constitute the quorum for the Annual Meeting?

A quorum will consist of one or more shareholders present in person or by proxy who hold or represent shares of not less than a majority of the total voting rights of all of the shareholders entitled to vote at the Annual Meeting.

How can I attend the Annual Meeting?

If you plan to attend the Annual Meeting, you will not be admitted without proof that you own Quotient shares.

- **Record Shareholders.** If you are a record shareholder (i.e., a person who owns shares registered directly in his or her name with Continental Stock Transfer & Trust Company, Quotient’s transfer agent) and plan to attend the Annual Meeting, please indicate this when voting by marking the attendance box on the proxy card.
- **Owners of Shares Held in Street Name.** Beneficial owners of Quotient ordinary shares held in street name by a broker, bank or other nominee will need proof of ownership to be admitted to the Annual Meeting. A recent brokerage statement or letters from the broker, bank or other nominee are examples of proof of ownership. If your shares are held in street name and you want to vote in person at the Annual Meeting, you must obtain a written proxy from the broker, bank or other nominee holding your shares.

Can I access these proxy materials on the Internet?

This proxy statement and our 2015 Annual Report on Form 10-K are available at <http://investors.quotientbd.com>.

Can I get electronic access to the proxy materials?

You may choose to receive future proxy materials by email. Choosing to receive your future proxy materials by email will lower our costs of delivery and is beneficial for the environment. If you choose to receive our future proxy materials by email, you will receive an email next year with instructions containing a link to view those proxy materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it or for so long as the email address provided by you is valid.

Who pays for this proxy solicitation and how much did it cost?

We will pay the cost for soliciting proxies for the Annual Meeting. Quotient will distribute proxy materials and follow-up reminders by mail and electronic means. We have engaged Okapi Partners LLC (“Okapi”) at 437 Madison Avenue, New York, New York 10022 to assist with the solicitation of proxies. We will pay Okapi an aggregate fee, including reasonable out-of-pocket expenses, of up to \$10,000, depending on the level of services actually provided. Certain Quotient employees, officers, and directors may also solicit proxies by mail, telephone, or personal visits. They will not receive any additional compensation for their services.

We will reimburse brokers, banks, and other nominees for their expenses in forwarding proxy materials to beneficial owners.

MEETINGS OF THE BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

During the fiscal year ended March 31, 2015, the Board held 14 in person or telephonic meetings. The audit committee met nine times during our fiscal year ended March 31, 2015. Attendance at board and audit committee meetings exceeded 90% and no director attended less than 80% of the aggregate number of such board and committee meetings for meetings that they were eligible to attend. The remuneration committee met once during the fiscal year ended March 31, 2015. The nominating and corporate governance committee was established as part of the process leading up to our initial public offering in April 2014, but did not formally meet during the fiscal year ended March 31, 2015. The strategy and regulatory committee was established during the year ended March 31, 2015, but did not formally meet during the fiscal year ended March 31, 2015.

Our Board currently has four committees, as described below. Each committee has a separate written charter that is available on Quotient's website at www.quotientbd.com.

Our business and affairs are managed under the direction of our Board of Directors. Our Board of Directors is currently composed of eight directors. At each annual meeting of our shareholders, each of our directors must "retire," and, if they wish to continue to serve as a director, they become subject to re-election to the Board of Directors by our shareholders.

We are subject to the listing standards of NASDAQ, which require that, subject to specified exceptions and permitted phase-in periods, each member of a listed company's audit, remuneration and nominating and corporate governance committees be independent. In addition, the listing standards of NASDAQ require that audit committee members satisfy independence criteria set forth in Rule 10A-3 under the Exchange Act and that the remuneration committee members satisfy independence criteria set forth in Rule 5605(d) of NASDAQ rules. The listing standards of NASDAQ further provide that a director will only qualify as an "independent director" if, in the opinion of that company's Board of Directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In addition, the listing standards of NASDAQ require that a majority of the members of a listed company's board of directors be independent. Our Board of Directors has determined that Messrs. Bologna, Hallsworth, McDonough, von Prondzynski, Shroff and Wilkerson and Ms. O'Connor are independent directors under the applicable NASDAQ listing rules. In making these determinations, our Board of Directors considered the relationships that each such non-employee director has with our company and all other facts and circumstances that our Board of Directors deemed relevant in determining their independence, including beneficial ownership of our ordinary shares.

Messrs. Shroff and Wilkerson are currently not independent as defined in the applicable Exchange Act rules related to audit committee composition.

Audit Committee

Our audit committee is composed of Messrs. Bologna, Hallsworth, McDonough and Ms. O'Connor, with Mr. Hallsworth serving as chairman of the committee. Our Board of Directors has determined that all these committee members meet the independence requirements of Rule 10A-3 under the Exchange Act and the applicable listing standards of NASDAQ. Our Board of Directors has determined that Mr. Hallsworth is an "audit committee financial expert" within the meaning of SEC regulations and applicable listing standards of NASDAQ. The audit committee met nine times during the year ended March 31, 2015. The audit committee's responsibilities include:

- appointing, approving the compensation of, and assessing the qualifications, performance and independence of our independent registered public accounting firm;
- pre-approving audit and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;
- reviewing the internal audit plan with the independent registered public accounting firm and members of management responsible for preparing our financial statements;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures as well as critical accounting policies and practices used by us;
- reviewing the adequacy of our internal control over financial reporting;
- establishing policies and procedures for the receipt and retention of accounting-related complaints and concerns;
- reviewing and discussing with management and our independent registered public accounting firm our audited financial statements to be included in our Annual Report on Form 10-K;

[Table of Contents](#)

- monitoring our compliance with legal and regulatory requirements as they relate to our financial statements and accounting matters;
- preparing the audit committee report required by the rules of the SEC to be included in our annual proxy statement;
- reviewing and assessing the adequacy of the committee charter and submitting any changes to our Board of Directors for approval;
- viewing all related party transactions for potential conflict of interest situations and approving all such transactions; and
- reviewing and discussing with management and our independent registered public accounting firm our earnings releases and scripts.

Remuneration Committee

Our remuneration committee is composed of Messrs. Bologna, Hallsworth, McDonough, von Prondzynski and Shroff, with Mr. von Prondzynski serving as chairman of the committee. Our Board of Directors has determined that all these committee members are independent as defined under the applicable listing standards of NASDAQ. The remuneration committee met once during the fiscal year ended March 31, 2015. The remuneration committee's responsibilities include:

- reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer;
- evaluating the performance of our chief executive officer in light of such corporate goals and objectives and determining and approving the compensation of our chief executive officer;
- reviewing and approving the compensation of our other executive officers;
- appointing, compensating and overseeing the work of any compensation consultant, legal counsel or other advisor retained by the remuneration committee;
- conducting the independence assessment outlined in the rules of NASDAQ with respect to any compensation consultant, legal counsel or other advisor retained by the remuneration committee;
- producing a remuneration committee report on executive compensation as required by the rules of the SEC to be included in our annual proxy statement;
- annually reviewing and reassessing the adequacy of the committee charter in its compliance with the listing requirements of NASDAQ;
- reviewing and establishing our overall management compensation philosophy and policy;
- overseeing and administering our compensation and equity-based plans;
- reviewing and approving our policies and procedures for the grant of equity-based awards; and
- reviewing and making recommendations to our Board of Directors with respect to director compensation.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is composed of Ms. O'Connor and Messrs. von Prondzynski and Shroff, with Ms. O'Connor serving as chair of the committee. Our Board of Directors has determined that these committee members are independent as defined under the applicable listing standards of NASDAQ. The committee did not formally meet during the fiscal year ended March 31, 2015. The nominating and corporate governance committee's responsibilities include:

- establishing a policy under which our shareholders may recommend a candidate to the nominating and corporate governance committee for consideration for nomination as a director;
- identifying individuals qualified to become members of our Board of Directors, consistent with criteria approved by our Board of Directors;
- recommending to our Board of Directors the persons to be nominated for election as directors and to each of the committees of our Board of Directors;
- developing and recommending to our Board of Directors a set of corporate governance principles;
- articulating to each director what is expected, including reference to the corporate governance principles and directors' duties and responsibilities;
- reviewing and recommending to our Board of Directors practices and policies with respect to directors;

[Table of Contents](#)

- recommending to our Board of Directors qualified individuals to serve as members of the committees of our Board of Directors;
- reviewing and assessing the adequacy of the committee charter and submitting any changes to our Board of Directors for approval;
- overseeing the systems and processes established by us to ensure compliance with our Code of Business Conduct and Ethics; and
- performing an evaluation of the performance of the committee.

Strategy and Regulatory Committee

Our strategy and regulatory committee is composed of Messrs. Cowan, McDonough, von Prondzynski and Shroff, with Mr. Shroff serving as chairman of the committee. The committee was established during the year ended March 31, 2015, but did not formally meet. The strategy and regulatory committee's responsibilities include:

- reviewing and recommending to our Board of Directors the Company's long-term strategy, including strategic decisions with regard to the entry and exit of specific business lines, acquisitions and divestitures, joint ventures and investments, as well as the financing of related transactions;
- overseeing the Company's research and development activities, including the review of strategic goals, objectives, progress and direction of specific product programs, as well as the allocation of Company resources to specific product programs;
- overseeing the Company's technology position and strategic initiatives relative to emerging technologies, new therapeutic concepts and changes to health care market requirements;
- overseeing the Company's intellectual property portfolio, including the acquisition and development of new technologies; and
- overseeing the Company's regulatory affairs and health and safety compliance.

BOARD PRACTICES

To help our shareholders better understand our Board practices, we are including the following description of current practices. The nominating and corporate governance committee periodically reviews these practices.

Size of the Board

The Board currently consists of the eight directors named above. Our Memorandum and Articles of Association provides that our Board must consist of a minimum of two directors. The exact number of members on our Board will be determined from time to time by our full Board.

Leadership Structure

The Company's Chief Executive Officer, Mr. Cowan, also serves as the Chairman of the Board. The Board believes that this leadership structure is optimal for the Company at this time because Mr. Cowan's extensive experience and, together with his founding of and significant equity interest in the Company, provides Quotient with strong and consistent leadership.

The Board has not adopted a policy regarding the separation of the position of Chairman of the Board from the Chief Executive Officer. The Board recognizes that there may be circumstances in the future that would lead it to separate the positions, but believes that the absence of a policy requiring either the separation or combination of the positions provides the Board with the flexibility to determine the leadership structure that is in the best interests of the Company and its shareholders at the time. Mr. von Prondzynski serves as the Company's lead independent director, and in such capacity acts as a liaison between the non-employee directors and the Company's management, chairs the executive sessions of non-management directors and consults with the Chairman of the Board regarding agendas for Board meetings and other matters pertinent to the Company and the Board.

Director Independence

The Board believes that a substantial majority of its members should be independent, non-employee directors. Only one member of the Board, Mr. Cowan, who serves as our Chief Executive Officer, is an employee of Quotient. The non-employee directors of the Company are Messrs. Bologna, Hallsworth, McDonough, von Prondzynski, Shroff and Wilkerson and Ms. O'Connor. Messrs. Bologna, Hallsworth, McDonough, von Prondzynski, Shroff and Wilkerson and Ms. O'Connor are independent directors under the applicable NASDAQ listing rules. Messrs. Shroff and Wilkerson are currently not independent as defined in the applicable Exchange Act rules related to audit committee composition.

Audit Committee Financial Expert

The Board has determined that all of the members of the audit committee are financially literate and that Mr. Hallsworth is an "audit committee financial expert" within the meaning of SEC regulations and applicable listing standards of NASDAQ.

Evaluation of Board Performance

The nominating and corporate governance committee coordinates an annual evaluation process by which the directors evaluate the Board's and its committees' performance and procedures. This self-evaluation leads to a full Board discussion of the results. The committees of the Board each conduct an annual evaluation of their committee's performance and procedures.

Nomination of Directors

The nominating and corporate governance committee recommends individuals for membership on the Board. In making its recommendations, the nominating and corporate governance committee considers an individual's independence based on NASDAQ independence requirements and the criteria determined by the Board.

The nominating and corporate governance committee considers not only a candidate's qualities, performance and professional responsibilities, but also the composition of the Board and the challenges and needs of the Board at that time. The Board as a whole is constituted to be strong in its diversity and collective knowledge of accounting and finance, management and leadership, vision and strategy, business operations, business judgment, crisis management, risk assessment, industry knowledge, corporate governance and global markets.

The culture of the Board enables the Board to operate swiftly and effectively in making key decisions and when facing major challenges. Board meetings are conducted in an environment of trust, confidentiality, open dialogue, mutual respect and constructive commentary.

[Table of Contents](#)

The nominating and corporate governance committee views diversity in its broadest sense, which includes gender, ethnicity, education, experience and leadership qualities. The nominating and corporate governance committee will use the same process and criteria for evaluating all nominees, regardless of who submits the nominee for consideration.

Shareholders are encouraged to submit the name of any candidate they believe to be qualified to serve on the Board, together with background information on the candidate, to the chair of the nominating and corporate governance committee. In accordance with procedures set forth in our Memorandum and Articles of Association, shareholders may propose, and the nominating and corporate governance committee will consider, nominees for election to the Board at the next annual general meeting by giving timely written notice to the Company Secretary, which must be received at our registered office no later than the close of business on the date that is 90 days before the first anniversary of the last annual general meeting of the Company, or July 31, 2016, and no earlier than the date that is 120 days before the first anniversary of the last annual general meeting of the Company, or July 1, 2016. The notice periods may change in accordance with the procedures set out in our Memorandum and Articles of Association. Any such notice must include the name of the nominee, a biographical sketch and resume, contact information and such other background materials on such nominee as the nominating and corporate governance committee may request.

Executive Sessions

Non-employee directors meet together as a group during each Board meeting, without the Chief Executive Officer or any other employees in attendance. Mr. von Prondzynski, as our Board's lead independent director, presides over each executive session of the Board. There is also an executive session during each committee meeting at which committee members meet without the Chief Executive Officer or any other employees in attendance. In addition, as required under NASDAQ listing standards, independent directors must meet together as a group at least twice a year.

Board's Role in Risk Oversight

The Board takes an active role in risk oversight related to the Company both as a full Board and through its committees. While the Company's management is responsible for day-to-day management of the various risks facing the Company, the Board is responsible for monitoring management's actions and decisions. The Board, as apprised by the audit committee, determines that appropriate risk management and mitigation procedures are in place and that senior management takes the appropriate steps to manage all major risks.

Attendance at Shareholder Meetings

The Board does not have a formal policy regarding director attendance at shareholder meetings. However, all directors are expected to attend.

Governance Principles

The Board maintains a formal statement of Corporate Governance Guidelines that sets forth the corporate governance practices for Quotient. The Corporate Governance Guidelines are available on our website at www.quotientbd.com. Click on the tab "Investors" and then the caption "Corporate Governance."

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer and principal financial officer. A current copy of the code is posted on the investor section of our website, www.quotientbd.com. We intend to disclose any amendment to the code, or any waivers of its requirements, on our website.

Communications with the Board of Directors

The Board believes that it is in the best interests of the Company and its shareholders to provide to every shareholder the ability to communicate with the Board as a whole, or with an individual director, through an established process for shareholder communication. The shareholder communication policy is posted on Quotient's website at www.quotientbd.com. Click on the tab "Investors" and then the caption "Corporate Governance."

To assist our audit committee in making this determination, the policy sets forth certain categories of transactions that are deemed not to involve a direct or indirect material interest on behalf of the related person. If, after applying these categorical standards and weighing all of the facts and circumstances, our audit committee determines that the related person would have a direct or indirect material interest in the transaction, the audit committee must review and either approve or reject the transaction in accordance with the terms of the policy. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

This Compensation Discussion and Analysis explains our executive compensation program as it relates to our “named executive officers,” whose compensation information is presented in the following tables and discussion in accordance with the SEC rules:

Name	Position
Paul Cowan	Chairman & Chief Executive Officer
Jeremy Stackawitz	President
Edward Farrell	President
Stephen Unger	Chief Financial Officer
Roland Boyd	Group Financial Controller & Treasurer

Our mission is to become the global leader for the development, manufacture and sale of transfusion diagnostics (blood grouping and serological disease screening), leveraging our proprietary MosaiQ™ technology platform. We will also seek to expand the utility of MosaiQ™ in the transfusion diagnostics market (e.g., nucleic acid testing of donated blood – molecular disease screening) and elsewhere in the broader diagnostics market (e.g., clinical chemistry).

The total addressable market for MosaiQ™ in transfusion diagnostics is \$3.4 billion, with approximately one-third of the market represented by patient testing (blood grouping) and two-thirds of the market represented by donor testing (blood grouping, serological disease screening and molecular disease screening). We will commercialize MosaiQ™ in the donor testing market in North America, Europe and certain markets in the Asia/Pacific region. Our partner Ortho-Clinical Diagnostics (“OCD”) will commercialize MosaiQ™ in the patient testing market worldwide and the donor testing market in geographic territories we do not address. OCD’s commercial rights are limited solely to transfusion diagnostics, specifically blood grouping and serological disease screening.

To achieve our mission, we must recruit, retain and motivate exceptional leaders with the ability to deliver superior results for our shareholders. Our executive compensation program is instrumental in achieving this objective.

Our executive compensation program is designed to focus executive behavior on achievement of both our annual and long-term objectives and strategy as well as align the interests of management to those of our shareholders. Consequently, our executive compensation plan is comprised of four principal elements – salary, benefits, long-term equity interest and cash bonuses based on annual individual and corporate performance. Consistent with the Company’s strategic goals, we have designed and implemented a performance-based award that aligns equity compensation with outstanding returns to our shareholders over several years.

Notwithstanding a very challenging new issuance market at the time of our initial public offering in April 2014, we have succeeded in raising \$92 million in gross proceeds through issuances of preference shares, ordinary shares and warrants since April 1, 2014. Additionally, we issued warrants at the time of our initial public offering that we expect to result in up to \$36 million of new equity being raised through October 2015. In the period from our initial public offering to March 31, 2015, we delivered a 151% return to investors who acquired ordinary shares and warrants in our initial public offering, based on the increases in the closing price of our ordinary shares and warrants on March 31, 2015. We also delivered a 79% return to the investors who participated in our private placement of ordinary shares in November 2014, based on the increase in the closing price of our ordinary shares on March 31, 2015.

Executive compensation is discussed in greater detail below. The remuneration committee will continue to evaluate our overall compensation structure and awards to ensure they are: (i) reflective of the performance of our executive officers and the Company; and (ii) consistent with our compensation objectives.

Roles of the Remuneration Committee

General

It is the responsibility of the remuneration committee to administer the Company’s compensation practices, to ensure they are competitive, financially prudent and include incentives designed to appropriately drive performance. To achieve this, the remuneration committee periodically reviews commercially available, industry specific compensation data for: (i) companies in the global diagnostics industry; (ii) companies addressing the donor testing market; and (iii) companies in the European biotechnology industry, as a general guide for establishing its compensation practices and structures. The remuneration committee, along with the Board, also reviews and approves corporate objectives used in our executive compensation program to confirm that appropriate goals have been established and tracks performance against

[Table of Contents](#)

them. On an annual basis the remuneration committee reviews tally sheets reflecting each named executive officer's compensation history with respect to each element of compensation.

The remuneration committee conducts an annual review of performance and compensation during the first quarter of each fiscal year for the purpose of determining the compensation of names executive officers other than the Chairman and Chief Executive Officer (CEO). As part of this review, the CEO submits recommendations to the remuneration committee relating to the compensation of those officers. Following a review of these recommendations, the remuneration committee approves the compensation of these named executive officers, with such modifications to the CEO's recommendations as the remuneration committee considers appropriate.

The remuneration committee's review of the CEO's compensation is subject to separate procedures. With input from members of the entire Board, other than the CEO, the Lead Independent Director and the remuneration committee (which is chaired by the Lead Independent Director) evaluate the CEO's performance and reviews the evaluation with him. Based on that evaluation and review, the remuneration committee then determines the CEO's compensation. The CEO is excused from meetings of the remuneration committee during voting or deliberations regarding his compensation.

Peer Group Companies

The remuneration committee seeks to identify an executive compensation peer group of approximately fifteen to twenty companies that may compete with the Company for executive talent ("Peer Group Companies"). The remuneration committee has focused on creating a peer group that:

- Represented companies working in the global diagnostics industry, companies addressing the donor collection market or companies in the European biotechnology industry;
- Contains a mix of pre-commercial development companies and some commercial stage companies;
- Captures comparable companies in terms of employee numbers and market capitalization; or
- Have achieved or expect to achieve a growth profile comparable to that expected for the Company.

Based on the above criteria, the following companies were included in the peer group:

The remuneration committee retained Towers Watson as its independent compensation consultant. Towers Watson does not perform any other consulting work or other services for the Company, reports directly to the remuneration committee and takes direction from the Chairman of the remuneration committee. The remuneration committee has assessed the independence of Towers Watson pursuant to the rules prescribed by the SEC and has concluded that no conflict of interest existed in the financial year ended March 31, 2015 or currently exists that would prevent Towers Watson from serving as an independent consultant to the remuneration committee.

Fiscal 2015 Business Performance

In the year ended March 31, 2015 (fiscal 2015), we continued our multi-year strategic plan focused on developing and bringing to market our proprietary diagnostics platform for blood grouping and serological disease screening, MosaiQ™. In parallel, we continued the transformation of our conventional reagent business as a provider of high value-added products for blood grouping, focused specifically on our key original equipment manufacturer ("OEM") customers and our U.S. direct business. Our overriding objective during fiscal 2015 was to secure the long-term funding of the Company to achieve our corporate goals, through a combination of new equity issuance and revenue or investment from commercial partnerships.

Although tempered by the availability and timing of funding to the Company, we believe significant progress has been achieved on the MosaiQ™ project, with events having an adverse impact on development timelines being managed and delays mitigated. Assay development has progressed positively, with transfer to final production due in third quarter of calendar 2015, following completion of the conversion of our Eysins, Switzerland consumable manufacturing facility. Design and de-risking of the manufacturing system was also completed successfully during fiscal 2015, with installation of the first full MosaiQ™ consumable manufacturing system forecast to be completed by the end of the third quarter of calendar 2015. Work with our partner, Stratec Biomedical AG, on instrument development has progressed positively with the first engineering prototypes having been built and delivered to the Company during fiscal 2015. Results using these engineering prototypes have met or exceeded our expectations in terms of assay and system performance. We have actively engaged with key regulators in the United States and Europe as we prepare to make regulatory submissions for MosaiQ™ in calendar 2016. During fiscal 2015, MosaiQ™ was presented in greater detail to prospective customers, where it was received positively.

Our conventional reagent business continued to perform strongly. We believe our key achievements included:

- Achieving record product sales revenue during fiscal 2015;
- Recording U.S. direct sales growth of 18.3%;
- Continued strong cost control, with our key cost categories being in line with or below our expectations;
- Filing of the biologics license application ("BLA") for 14 rare antisera products for a key OEM client;
- Filing for U.S. Food and Drug Administration ("FDA") approval of seven new products to be offered by the Company directly in the United States, with all of these products subsequently being licensed for sale in the United States by the FDA;
- Advancing other planned new product introductions through development;
- Successful completion of audits by the U.S. FDA and UL (for CE-marking);
- Continued improvement in our key operational and performance metrics; and
- Advancing planning for the building of the new Edinburgh facility.

During fiscal 2015, the Company successfully completed its initial public offering, and a private placement of equity, raising gross proceeds of \$67 million (with up to \$35 million of equity proceeds expected to be received in connection with the exercise of the warrants issued at the time of the Company's initial public offering). In addition, we negotiated and entered into a distribution agreement with OCD to distribute MosaiQ™ in the patient testing market worldwide and the donor testing market in geographies not covered by Quotient. Under the terms of the OCD agreement, we raised an additional \$25 million of funding (in the form of ordinary shares and preference shares) and agreed \$59 million of future milestone payments linked to regulatory approval and commercial launch of MosaiQ™.

In the period to March 31, 2015, we delivered: (i) return to investors who acquired ordinary shares and warrants in our initial public offering 191% (based on the increase in the closing prices of our ordinary shares and warrants on March 31, 2015); and (ii) a return of 79% to the investors who acquired ordinary shares in our November 2014 private placement (based on the increase in the closing price of our ordinary shares on March 31, 2015).

Fiscal 2015 Executive Compensation Program

Our executive compensation program is generally designed to focus executive behavior on the achievement of both our annual objectives and long-term strategy, as well as align the interests of management to those of our shareholders. To that end, our fiscal 2015 Executive Compensation Program consisted of four primary elements: salary, benefits, long-term equity interests and an annual cash bonus opportunity that is based upon individual and corporate performance.

Based on our assessment of the performance of the named executive officers and our compensation philosophy as described in this Compensation Discussion and Analysis, and to recognize the high level of performance of these individuals and their importance to the Company, we took the following actions regarding fiscal 2015 compensation:

- Increased the base salaries of Messrs. Cowan, Stackawitz, Farrell, Unger and Boyd to \$472,500, \$336,000, \$320,000, \$300,000 and \$216,000, respectively,
- Paid 100% of target bonus to Messrs. Cowan, Stackawitz, Farrell, Unger and Boyd. In addition, we paid a supplemental bonus of \$250,000 to Mr. Unger during fiscal 2015 in connection with completion of the Company's initial public offering in April 2014; and
- Granted annual equity awards with time-based vesting terms to Messrs. Cowan, Stackawitz, Farrell, Unger and Boyd consisting of share option awards covering 90,000, 60,000, 79,000, 50,800 and 25,000, respectively, with an exercise price of \$8.00 per share option.

The amounts and mix attributable to the foregoing compensation were determined in a manner similar to the way in which we anticipate determining the amounts and mix of elements of compensation in Fiscal 2016. See "Fiscal 2016 Executive Compensation Program". Our executive compensation is discussed in greater detail in the sections that follow. The Remuneration Committee will continue to evaluate our overall compensation structure and awards to ensure they are reflective of the performance of our executive officers and our Company and consistent with our compensation objectives.

Fiscal 2016 Executive Compensation Program

Overview and Objectives

On May 15, 2015, we adopted the Fiscal 2016 Executive Compensation Program for our named executive officers. The Fiscal 2016 Executive Compensation Program for our named executive officers is designed to achieve the following objectives:

- Focus executive behavior on achievement of our annual and long-term strategic objectives,
- Provide a competitive compensation package that enables the Company to attract and retain, on a long-term basis, talented executives,
- Provide a total compensation structure that the remuneration committee believes is at least comparable with the Peer Group Companies for which we would compete for talent and which consists of a mix of base salary, equity and cash incentives, and
- Align the interests of management and shareholders by providing management with long-term incentives through equity ownership.

[Table of Contents](#)

The Fiscal 2016 Executive Compensation Program has four principal elements, namely base salary, benefits, short-term incentives and long-term incentives. A brief description of each element and their purpose at the Company is described below:

Compensation Element	Description	Purpose
Base salary	Fixed cash compensation based on role, job scope, experience, qualification and performance	To compensate for individual technical and leadership competences required for a specific role and to provide economic security. Notice periods for named executive officers vary between six and 12 months. There are no change-of-control provisions providing for enhanced severance terms.
Benefits	Competitive health, life assurance, disability and retirement benefits	To promote health and wellness in the workforce and to provide competitive retirement planning and saving opportunities. Benefits include private health coverage, life insurance, a defined contribution pension scheme and provision of a company car. There are no enhanced benefits for named executive officers.
Short-term incentive	Annual cash incentive opportunity payable based on achievement of corporate, business unit and individual objectives	To incentivize management to meet and exceed annual performance metrics and deliver on commitments to shareholders.
Long-term incentive	Annual equity award comprised of share options	To incentivize executive officers to increase shareholder value, reward long-term corporate performance and promote employee commitment through share ownership.
	Multi-year performance-based grant of Restricted Share Units (“MRSU’s”)	To align management compensation to achievement of our multi-year strategic plan.

Our objective is to target total direct compensation for our named executive officers, including the annualized value of the MRSUs proposed to be granted in 2015, as follows: Base Salary & Benefits – 30%; Short-term Incentive – 15%; and Long-Term Incentive 55% (Annual Equity Award – 15%; and MRSUs – 40%).

All elements of compensation are considered to be at risk with the exception of base salary, particularly the MRSUs which will have no value unless our market price of our ordinary shares exceeds a volume weighted average price of \$60 over any 20 trading day period between April 1, 2018 and December 31, 2018.

The amounts and mix attributable to base salary, short-term incentives and long-term incentives are determined by reference to market norms. Our aim is to align individual compensation with the objectives of the Fiscal 2016 Executive Compensation Program. While executive compensation mix is evaluated on an annual basis, we do not adhere to a rigid formula when determining the actual mix of compensation elements. Instead, our current policy is to balance the short-term and long-term focus of our compensation elements to reward short-term performance while emphasizing long-term value creation. These objectives are achieved by placing considerable weight on long-term, equity-based compensation while offering cash and short-term compensation to attract and retain executive talent.

Determining Executive Compensation

The primary objective of our compensation philosophy is to design and support total remuneration packages aligned with strong business performance and long-term value creation for our shareholders. Our executive compensation plan in particular is currently designed with specific emphasis on accountability for the performance of the MosaiQ™ development program in the short-term and shareholder return over the longer term. This alignment is created through several mechanisms:

Compensation Mechanism	Methodology	
Pay Positioning	To attract and retain the best executives, all components of executive compensation are targeted at the market's 50 th percentile.	
Performance Target Setting	We set ambitious but achievable goals for ourselves and for the Company aligned with our commitment to building long-term sustainable value for our shareholders.	
Compensation Elements	Base Salary	Sets baseline pay level.
	Annual Incentive Plan	Annual incentive payment that rewards performance relative to annual financial goals and/or MosaiQ™ development goals.
	Options	Long-term incentive with 10-year term that has no intrinsic value unless value is created for shareholders. The exercise price for options is equal to the current market value of Quotient ordinary shares at the time of grant.
	MRSUs	A multi-year award vesting between April 1, 2018 and December 31, 2018 that has no intrinsic value unless the Company's ordinary shares exceeds a volume weighted average share price of at least \$60 over any 20 trading day period between April 1, 2018 and December 31, 2018.
Compensation Mix	Our compensation mix is weighted toward variable pay elements and long-term incentive pay elements.	

By applying the above methodologies, named executive officers are compensated at the market median when we meet our performance targets, deliver on the expectations we communicate to our shareholders and drive share price appreciation. Should our performance exceed expectations, our executives will be compensated above target, and vice versa. The significant weighting of long-term incentives ensures that the primary focus of our named executives is sustained long-term performance, while our short-term incentives motivate consistent annual achievement.

- (2) The option exercise prices are lower than the fair market value of the underlying securities. As part of the preparation for our initial public offering, the Board reviewed the fair value of our ordinary shares at the various dates in recent years when option and share awards were granted. This review resulted in certain instances in the Board concluding that the fair value of the underlying securities was higher than the option exercise prices determined at the time. The resulting increase in compensation expense has been reflected in our financial statements.

The following description of each of our share incentive plans is qualified by reference to the full text of those plans, which are incorporated by reference as exhibits to our Annual Report on Form 10-K.

2013 Enterprise Management Incentive Plan

We adopted the 2013 Enterprise Management Incentive Plan, or the 2013 Plan, to enhance our ability to attract, retain and motivate employees expected to make important contributions to our company by providing them with equity ownership opportunities and performance-based incentives. All of our employees were eligible to be granted share options under the 2013 Plan. The 2013 Plan was administered by our Board of Directors. Subject to certain conditions, the 2013 Plan permits grants of enterprise management incentive options, or EMI options, under the terms of Schedule 5 to the UK Income Tax (Earnings and Pensions) Act 2003 (or ITEPA) for UK-based employees.

Share options granted pursuant to the 2013 Enterprise Management Incentive Plan may be exercised upon the occurrence of certain events, including among other events, (i) in a sale of any shares of our share capital, which confers more than 50% of the total voting rights of all our issued shares; (ii) in the sale of all or substantially all of the undertakings of our company and our subsidiaries, and (iii) in the event of a listing of our shares on any "Recognized Investment Exchange" as defined in Section 841(a) of the Corporation Taxes Act 2009. In the event our shares are listed, an option may be exercised, in three equal installments, on the first, second and third anniversaries of the date of the grant. Options must be exercised during an employee's term of employment or service or within 40 days of termination of employment or service (or within one year in the case of termination on account of a participant's death). The options lapse after specified periods upon the occurrence of applicable events, including, forty days after (i) the sale of any shares of our share capital which confers more than 50% of the total voting rights of all our issued shares or (ii) the sale of all or substantially all of the undertakings of our company and our subsidiaries.

The maximum term of an option award is ten years.

Each option grant was documented through an option agreement. The exercise price per share of all options was determined by our Board of Directors at the time of the grant.

Awards are non-transferable and our Board of Directors retains discretion to amend, modify or terminate any outstanding award. Awards may be accelerated to become immediately exercisable in full or in part upon approval of our Board of Directors.

In the event of certain changes in our capitalization, the number of shares available for issuance under the 2013 Plan, as well as the exercise price per share of each outstanding option, may be appropriately adjusted by our Board of Directors. The 2013 Plan provides for certain exchange rights in the event of change in control and provides for conditional exercise in connection with a court-ordered reorganization of our company or our amalgamation with any other company or companies.

As of March 31, 2015, there were 634,568 ordinary shares issuable upon the exercise of outstanding options, at a weighted-average exercise price of \$3.07 per ordinary share.

2014 Stock Incentive Plan

Our Board of Directors and our shareholders have approved the 2014 Stock Incentive Plan, or the 2014 Plan. The 2014 Plan provides us flexibility with respect to our ability to attract and retain the services of qualified employees, officers, directors, consultants and other service providers upon whose judgment, initiative and efforts the successful conduct and development of our business depends, and to provide additional incentives to such persons to devote their effort and skill to the advancement and betterment of our company, by providing them an opportunity to participate in the ownership of our company and thereby have an interest in its success and increased value.

We have reserved an aggregate of 1,500,000 ordinary shares for issuance under the 2014 Plan. This number is subject to adjustment in the event of a recapitalization, share split, share consolidation, reclassification, share dividend or other change in our capital structure. To the extent that an award terminates, or expires for any reason, then any shares subject to the award may be used again for new grants. However, shares which are (i) not issued or delivered as a result of the net settlement of outstanding share appreciation rights, or SARs, or options, (ii) used to pay the exercise price related to outstanding options, (iii) used to pay withholding taxes related to outstanding options or SARs or (iv) repurchased on the open market with the proceeds from an option exercise, will not be available for re-grant under the 2014 Plan.

The number of ordinary shares reserved for issuance will automatically increase on April 1 of each year, from April 1, 2015 through April 1, 2023, by the lesser of 1% of the total number of our ordinary shares outstanding on March 31 of the preceding year, 200,000 shares or such smaller amount as determined by our Board of Directors. The maximum number of shares that may be issued upon the exercise of incentive stock options under the 2014 Plan is 3,000,000 shares.

[Table of Contents](#)

The 2014 Plan permits us to make grants of (i) incentive stock options pursuant to Section 422 of the Code and (ii) non-qualified stock options. Incentive share options may only be issued to our employees. Non-qualified share options may be issued to our employees, directors, consultants and other service providers. The option exercise price of each option granted pursuant to the 2014 Plan will be determined by our remuneration committee and may not be less than 100% of the fair market value of the ordinary shares on the date of grant, subject to certain exceptions. The term of each option will be fixed by the our remuneration committee and may not exceed ten years from the date of grant. All option grants under the 2014 Plan are made pursuant to a written option agreement.

The 2014 Plan permits us to sell or make grants of restricted shares. Restricted shares may be sold or granted to our employees, directors, consultants and other service providers (or of any current or future parent or subsidiary of our company). Restricted shares issued under the 2014 Plan is sold or granted pursuant to a written restricted shares purchase agreement.

The 2014 Plan also permits us to issue SARs. SARs may be issued to our employees, directors, consultants and other service providers. The base price per share of ordinary shares covered by each SAR may not be less than 100% of the fair market value of the ordinary shares on the date of grant, subject to certain exceptions. SAR grants under the 2014 Plan are made pursuant to a written SAR agreement.

Further, the 2014 Plan permits us to issue restricted share units, or RSUs. RSUs may be issued to our employees, directors, consultants and other service providers. RSU grants under the 2014 Plan are made pursuant to a written RSU agreement.

The 2014 Plan is administered by our remuneration committee, which has the authority to control and manage the operation and administration of the 2014 Plan. In particular, the remuneration committee has the authority to determine the persons to whom, and the time or times at which, incentive share options, nonqualified share options, restricted shares, SARs or RSUs shall be granted, the number of shares to be represented by each option agreement or covered by each restricted share purchase agreement, SAR agreement or RSU agreement and the exercise price of such options and the base price of such SARs. In addition, our remuneration committee has the authority to accelerate the exercisability or vesting of any award, and to determine the specific terms, conditions and restrictions of each award. The remuneration committee will be composed exclusively of individuals intended to be, to the extent provided by Rule 16b-3 of the Exchange Act, independent directors and will, at such times as we are subject to Section 162(m) of the Internal Revenue Code, qualify as outside directors for purposes of Section 162(m) of the Internal Revenue Code.

Unless provided otherwise within each written option agreement, restricted share purchase agreement, SAR agreement or RSU agreement as the case may be, the vesting of all options, restricted share, SARs and RSUs granted under the 2014 Plan shall accelerate automatically in the event of a “change in control” (as defined in the 2014 Plan) effective as of immediately prior to the consummation of the change in control unless such equity awards are to be assumed by the acquiring or successor entity (or parent thereof) or equity awards of comparable value are to be issued in exchange therefor or the equity awards granted under the 2014 Plan are to be replaced by the acquiring entity with other incentives under a new incentive program containing such terms and provisions as our remuneration committee in its discretion may consider equitable.

Our Board of Directors may from time to time alter, amend, suspend or terminate the 2014 Plan in such respects as our Board of Directors may deem advisable, provided that no such alteration, amendment, suspension or termination shall be made which shall substantially affect or impair the rights of any participant under any awards previously granted without such participant’s consent.

No awards may be granted under the 2014 Plan after the date that is ten years from the date the 2014 Plan was approved by our shareholders.

As of March 31, 2015, there were 573,550 ordinary shares issuable upon the exercise of outstanding options, at a weighted-average exercise price of \$8.35 per ordinary share and 50,000 RSUs outstanding under the plan.

Share Ownership Guidelines

At its July 30, 2015 Board meeting, the Company intends to adopt guidelines to encourage ownership of shares of the Company by directors and named executive officers. Under these guidelines, directors and named executive officers have five years from the adoption of the guidelines (or if later, the date of employment, election or promotion, whichever applies) to achieve an ownership target as follows:

Award	Ownership Target: Base Salary Multiple
Non-Employee Directors	Share value equal to or greater than three times annual retainer
CEO	Share value equal to or greater than six times base salary
Named executive officers (other than CEO)	Share value equal to or greater than two times base salary

[Table of Contents](#)

Shares that count toward satisfaction of the ownership targets include:

- Shares directly owned – individual, immediate family or trust (including without limitation shares purchased on the open market or acquired upon exercise of share options);
- Vested restricted shares, restricted share units or deferred share units; and
- “In the money” vested share options.

Shares that do not count towards the ownership targets include:

- Unvested share options, restricted shares, restricted share units or deferred share units;
- “Out of the money” vested share options; and
- Performance restricted shares or performance equity units not yet vested.

Defined Contribution Pension Plan

We operate a defined contribution pension plan for our employees. No executive officers (other than Edward Farrell and Roland Boyd) and no directors participate in this plan. The assets of the plan are held separately from us in an independently administered fund. Pension costs during the years ended March 31, 2015, 2014 and 2013 amounted to \$510,000, \$349,000 and \$263,000 respectively.

REPORT OF THE AUDIT COMMITTEE

The information contained in this report shall not be deemed to be “soliciting material” or “filed” or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The audit committee currently consists of Messrs. Bologna, Hallsworth, McDonough and Ms. O’Connor, with Mr. Hallsworth serving as chairman of the committee. Our Board of Directors has determined that Messrs. Hallsworth, Bologna and McDonough and Ms. O’Connor meet the independence requirements of Rule 10A-3 under the Exchange Act and the applicable listing standards of NASDAQ. Our Board of Directors has determined that Mr. Hallsworth is an “audit committee financial expert” within the meaning of SEC regulations and applicable listing standards of NASDAQ.

The audit committee operates under a written charter adopted by the Board, which is evaluated annually. The charter of the audit committee is available on Quotient’s website at www.quotientbd.com. Click on the tab “Investors” and then the caption “Corporate Governance.”

The audit committee selects, evaluates and, where deemed appropriate, replaces Quotient’s independent registered public accountants. The audit committee also pre-approves all audit services, engagement fees and terms, and all permitted non-audit engagements, except for certain de minimus amounts.

Management is responsible for Quotient’s internal controls and the financial reporting process. Quotient’s independent registered public accountants are responsible for performing an audit of Quotient’s consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). The audit committee’s responsibility is to monitor and oversee these processes.

In this context, the audit committee has reviewed Quotient’s audited financial statements for the fiscal year ended March 31, 2015 and has met and held discussions with management and Ernst & Young LLP (“E&Y”), the Company’s independent registered public accountants. Management represented to the audit committee that Quotient’s consolidated financial statements for fiscal 2015 were prepared in accordance with accounting principles generally accepted in the United States of America, and the audit committee discussed the consolidated financial statements with E&Y. The audit committee also discussed with E&Y the matters required to be discussed by Statement on Auditing Standards No. 16, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380) as adopted by the Public Accounting Oversight Board in Rule 3200T.

The audit committee received the written disclosures and letter from E&Y required by the applicable requirements of the Public Company Accounting Oversight Board regarding E&Y’s communications with the audit committee concerning its independence, and the audit committee discussed with E&Y the accounting firm’s independence.

Based upon the audit committee’s discussions with management and E&Y and the audit committee’s review of the representation of management and the report of E&Y to the audit committee, the audit committee recommended to the Board that the audited consolidated financial statements be included in Quotient’s Annual Report on Form 10-K for the fiscal year ended March 31, 2015, filed with the SEC.

The audit committee also considered whether non-audit services provided by E&Y were compatible with maintaining their independence and concluded that such non-audit services did not affect their independence.

Respectfully submitted,

Frederick Hallsworth, Chair
Thomas Bologna
Brian McDonough
Sarah O’Connor

Independent Registered Public Accountants’ Fees

Review of the Company’s Audited Financial Statements for the Fiscal Years ended March 31, 2015, 2014 and 2013

The audit committee approves Ernst & Young LLP’s and its affiliates audit and non-audit services in advance as required under Sarbanes-Oxley and SEC rules. Before the commencement of each fiscal year, the audit committee appoints the independent auditor to perform audit services that we expect to be performed for the fiscal year and appoints the auditor to perform audit-related, tax and other permitted non-audit services. In addition, our audit committee approves the terms of the engagement letter to be entered into by us with the independent auditor. The audit committee has also delegated to its chairman the authority, from time to time, to pre-approve audit-related and non-audit

services not prohibited by law to be performed our independent auditors and associated fees, provided that the chairman shall report any decisions to pre-approve such audit-related and non-audit services and fees to our full audit committee at its next regular meeting.

The table below sets forth the fees paid to Ernst & Young LLP over the past three years in connection with its work for us. All such audit, audit-related and tax services were pre-approved by the audit committee, which concluded that the provision of such services by Ernst & Young LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

Fees billed by Ernst & Young LLP in for the fiscal years ended March 31, 2015, 2014 and 2013 were as follows:

Fees	2015	2014	2013
Audit fees (1)	\$ 130,000	\$ 125,000	\$ 52,720
Audit-related fees	100,000	—	—
Tax fees	20,000	11,000	11,000
All other fees (2)	22,500	729,040	1,040
Total fees	\$ 272,500	\$ 865,040	\$ 64,760

- (1) Fees billed for audit services in 2015, 2014 and 2013 consisted of audit of our annual financial statements, statutory audits; and services related to SEC matters.
- (2) Other fees billed in 2015 consisted of services related to the filing of an S-1 registration statement related to our November 2014 private placement of ordinary shares and pre-funded warrants. Other fees billed in 2014 consisted of services relating to our initial public offering.

APPOINTMENT OF AND PAYMENT TO AUDITORS (RESOLUTION 9)

The audit committee of our Board has appointed E&Y as our auditors. As required by law, shareholders are requested to re-appoint E&Y as the Company's auditors for the period ending with the annual general meeting of the Company to be held in 2016. Shareholders are also requested to authorize the directors to determine the fees to be paid to the auditors. Shareholders are also requested to ratify the appointment of E&Y as the Company's independent registered public accounting firm for purposes of United States securities law reporting for the fiscal year ending March 31, 2016.

A representative of E&Y will be present at the Annual Meeting with the opportunity to make a statement if the firm desires and to respond to appropriate questions.

The Board of Directors recommends a vote "FOR" the re-appointment of Ernst & Young LLP as our auditors, to ratify their appointment as our independent registered public accounting firm and to authorize the directors to determine the fees to be paid to the auditors.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information relating to the beneficial ownership of our ordinary shares as of June 30, 2015 for:

- each person, or group of affiliated persons, known by us to beneficially own more than 5% of our outstanding ordinary shares;
- each of our directors;
- each of our executive officers; and
- all directors and executive officers as a group.

Beneficial ownership is determined in accordance with SEC rules. In general, under these rules a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise has or shares voting power or investment power with respect to such security. A person is also deemed to be a beneficial owner of a security if that person has the right to acquire beneficial ownership of such security within 60 days June 30, 2015. Except as otherwise indicated, and subject to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all ordinary shares held by that person.

Ordinary shares that a person has the right to acquire within 60 days of June 30, 2015 are deemed outstanding for purposes of computing the percentage ownership of such person's holdings, but are not deemed outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group. The beneficial ownership percentage of each shareholder is calculated on the basis of 17,028,915 ordinary shares outstanding as of June 30, 2015.

Except as indicated in footnotes to this table, we believe that the shareholders named in this table have sole voting and investment power with respect to all ordinary shares shown to be beneficially owned by them, based on information provided to us by such shareholders.

Unless otherwise indicated below, the address for each beneficial owner listed is c/o Quotient Limited, P.O. Box 1075, Elizabeth House, 9 Castle Street, St Helier, JE4 2QP, Jersey, Channel Islands.
