## MTBC Announces Joint Webinar with Physicians Trust

SOMERSET, N.J., Nov. 17, 2017 (GLOBE NEWSWIRE) -- [MTBC](#) (NASDAQ: MTBC) (NASDAQ: MTBCP), a leading provider of proprietary, cloud-based healthcare IT solutions and services, announced today their upcoming free webinar on "Getting the most out of your EHR and enhancing your Revenue Cycle" with Physicians Trust, a channel partner of MTBC.

MTBC and Physicians Trust entered into a working relationship on June 6, 2017 to support the growth of their respective companies while cross-marketing their services and collaborating on potential service offerings. The webinar will be co-hosted by Stephen D. Rhodes, CEO of Physicians Trust. Mr. Rhodes will be joined by Karl Johnson, MTBC SVP, Sales and Marketing, who has been advising hospitals and practices on the changing healthcare landscape for more than two decades. The webinar targets physicians and practice administrators who believe they are not getting the revenue they deserve.

"Our relationship with Physicians Trust enables MTBC to offer physicians a higher level of service than a standalone billing company, they will be able to support the efficient delivery of our revenue cycle management services," said Karl Johnson of MTBC. He went on to say, "Physicians Trust is a perfect partner for MTBC, we share a common target market and our core competencies complement each other without overlapping."

"In this webinar we will demonstrate to EHR users how to maximize the abilities of their EHR software and allowing them to improve their revenue cycle," said Stephen Rhodes of Physicians Trust. He continued, "By providing clients an integrated EHR and billing solution, practices can increase their revenue, become more efficient and reduce expenses."

The webinar will be held on December 14, 2017 at 2:00 PM Eastern Time. To register for the free webinar, please email [kjohnson@mtbc.com](mailto:kjohnson@mtbc.com).

### **About MTBC**

MTBC is a healthcare information technology company that provides a fully integrated suite of proprietary web-based and mobile health solutions, together with related business services, to healthcare providers throughout the United States.
