Civeo Reports Third Quarter 2017 Results

HOUSTON, Oct. 26, 2017 (GLOBE NEWSWIRE) -- Civeo Corporation (NYSE:CVEO) today reported financial and operating results for the third quarter ended September 30, 2017.

Highlights include:

- | Delivered third quarter revenues of \$97.5 million
- | Generated \$31.1 million in operating cash flow and \$29.6 million in free cash flow
- | Awarded a five-year catering contract to operate a 450 room oil sands operator-owned facility in Canada with expected revenues totaling approximately C\$32 million over the contract
- | Repaid \$4.2 million of debt in the third quarter, making \$52 million of total debt repayments year-to-date. Total debt including \$23 million in foreign exchange adjustments was reduced to \$328 million as of September 30, 2017, down from \$357 million at the end of 2016. Total cash balance at September 30, 2017 was \$54 million

"During the third quarter, we delivered healthy top line results, and generated strong operating cash flow and free cash flow to delever our balance sheet. Our Canadian segment performed well with improved occupancy at our lodges coupled with the recent catering contract award which is consistent with our strategy of enhancing our operations while expanding the revenue profile of our catering business. Our U.S. segment continues to benefit from greater U.S. drilling activity in the Bakken, Rockies and Texas. In Australia, market conditions have led to an increased met coal price during the quarter. With approximately 80% of our Australia rooms located in the Bowen Basin servicing met coal mines, we are optimistic if met coal prices stabilize, this could lead to increased customer activity levels," said Bradley J. Dodson, President and Chief Executive Officer.

Mr. Dodson continued, "As market conditions continue to evolve, we remain focused on enhancing the quality of our operations, maintaining financial discipline while delevering our balance sheet, delivering strong operational results across all segments and generating free cash flow."

Third Quarter 2017 Results

In the third quarter of 2017, Civeo generated revenues of \$97.5 million and reported a net loss of \$22.3 million, or \$0.17 per share. The loss included a \$4.4 million pre-tax loss (\$2.7 million after-tax, or \$0.02 per diluted share) resulting from the impairment of open camp assets and land positions in the Company's Canadian segment. During the third quarter of 2017, Civeo generated operating cash flow of \$31.1 million, Adjusted EBITDA of \$16.1 million, and free cash flow of \$29.6 million. During the third quarter of 2017, Adjusted EBITDA was negatively impacted by certain items totaling approximately \$1.6 million. These items include cost overruns associated with a Canadian build-for-sale contract as well as an unforeseen contract cancellation in the U.S. Third quarter earnings were also negatively impacted by higher-than-expected stock-based compensation expense as a result of the increase in our stock price during the quarter.

(EBITDA is a non-GAAP financial measure that is defined as net income plus interest, taxes, depreciation and amortization, and Adjusted EBITDA is defined as EBITDA adjusted to exclude impairment charges, the costs directly associated with Civeo's redomiciliation to Canada and certain other costs. Free cash flow is a non-GAAP financial measure that is defined as net cash flows provided by operating activities less capital expenditures plus proceeds from asset sales. Please see the reconciliations to GAAP measures at the end of this news release.)

By comparison, in the third quarter of 2016, Civeo generated revenues of \$104.2 million and reported a net loss of \$42.1 million, or \$0.39 per share. The loss included a \$39.4 million pre-tax loss (\$28.8 million after-tax, or \$0.27 per diluted share) resulting from the impairment of fixed assets, a write-down of inventory and severance costs associated with the termination of certain executives. During the third quarter of 2016, Civeo generated operating cash flow of \$13.7 million, Adjusted EBITDA of \$25.4 million and free cash flow of \$10.7 million.

Business Segment Results

(Unless otherwise noted, the following discussion compares the quarterly results for the third quarter of 2017 to the results for the third quarter of 2016. The Adjusted EBITDA amounts discussed below exclude the fixed asset impairment and redomiciliation-related expenses noted above.)

Canada

During the third quarter of 2017, the Canadian segment generated revenues of \$63.8 million, operating loss of \$11.7 million and Adjusted EBITDA of \$15.6 million, compared to revenues of \$73.5 million, operating loss of \$44.7 million and Adjusted EBITDA of \$19.6 million in the third quarter of 2016. The third quarter of 2017 results reflect the impact of a strengthened Canadian dollar relative to the U.S. dollar, which increased revenues by \$2.7 million. On a constant currency basis, revenues decreased primarily due to the Canadian outperformance in the 2016 quarter related to the Ft. McMurray fires and the McClelland Lake Lodge contract renewal at reduced pricing, resulting in lower average daily rate and total rentable rooms. This was offset by an increase in average lodge occupancy as compared to the third quarter of 2016. The Canadian segment was also negatively impacted by \$1.1 million of cost overruns related to a build-for-sale contract for a customer in northern British Columbia.

Australia

The financial results of the Australian segment for the third quarter of 2017 were slightly down compared to the third quarter in 2016. Revenue was \$27.5 million, operating loss was \$3.7 million and Adjusted EBITDA was \$9.7 million in the third quarter of 2017, compared to revenues of \$27.7 million, operating loss of \$1.9 million and Adjusted EBITDA of \$11.0 million in the third quarter of 2016, respectively.

The third quarter of 2017 results reflect the impact of a strengthened Australian dollar relative to the U.S. dollar, which increased revenues by \$1.1 million. On a constant currency basis, the Australian segment experienced a 4% period-over-period decline in revenues due to increased occupancy at villages in the Bowen Basin more than offset by lower rates resulting from the impact of a contract termination payment in 2016.

U.S.

The U.S. segment generated revenues of \$6.1 million, operating loss of \$3.9 million and an Adjusted EBITDA loss of \$1.9 million in the third quarter of 2017, compared to revenues of \$3.0 million, operating loss of \$3.3 million and an Adjusted EBITDA loss of \$1.3 million in the third quarter of 2016, respectively. The revenue increase was primarily due to the increased drilling activity in the Bakken, Rockies and Texas markets and higher revenues recognized from the offshore business.

Income Taxes

Civeo recognized an income tax benefit of \$4.0 million, which resulted in an effective tax rate of 15.3% in the third quarter of 2017. During the third quarter of 2016, Civeo recognized an income tax benefit of \$11.7 million, which resulted in an effective tax rate of 21.8%.

Financial Condition

As of September 30, 2017, Civeo had total liquidity of approximately \$159.9 million, consisting of \$105.9 million available under its revolving credit facilities and \$54.0 million of cash on hand.

Civeo's total debt outstanding on September 30, 2017 was \$327.8 million, a \$7.6 million increase over the second quarter of 2017. The increase resulted from the strengthening Canadian dollar, partially offset by a \$4.2 million repayment during the quarter.

During the third quarter of 2017, Civeo invested \$2.0 million in capital expenditures, down from \$5.4 million during the third quarter of 2016, which were impacted by investments in an enterprise information system.

Fourth Quarter and Full Year 2017 Guidance

For the fourth quarter of 2017, Civeo expects revenues of \$95 million to \$99 million and Adjusted EBITDA of \$13 million to \$16 million. For the full year of 2017, Civeo expects revenues to \$376 million to \$380 million and Adjusted EBITDA of \$63 million to \$66 million. Civeo expects capital expenditures of approximately \$12 to \$15 million for the full year 2017.

(1) The term EBITDA is defined as net income (loss) plus interest, taxes, depreciation and amortization. The term Adjusted EBITDA is defined as EBITDA adjusted to exclude impairment charges and certain costs associated with Civeo's redomiciliation. EBITDA and Adjusted EBITDA are not measures of financial performance under generally accepted accounting principles and should not be considered in isolation from or as a substitute for net income or cash flow measures prepared in accordance with generally accepted accounting principles or as a measure of profitability or liquidity. Additionally, EBITDA and Adjusted EBITDA may not be comparable to other similarly titled measures of other companies. Civeo has included EBITDA and Adjusted EBITDA as supplemental disclosures because its management believes that EBITDA and Adjusted EBITDA provide useful information regarding its ability to service debt and to fund capital expenditures and provide investors a helpful measure for comparing the Civeo's operating performance with the performance of other companies that have different financing and capital structures or tax rates. Civeo uses EBITDA and Adjusted EBITDA to compare and to monitor the performance of its business segments to other comparable public companies and as a benchmark for the award of incentive compensation under its annual incentive compensation plan.

The following table sets forth a reconciliation of EBITDA and Adjusted EBITDA to net loss, which is the most directly comparable measure of financial performance calculated under generally accepted accounting principles (in thousands) (unaudited):

Adjusted EBITDA	\$ 16,110	\$ 25,375	\$ 49,904	\$ 68,998

(a) Relates to the impairment of assets in Canada and the United States. During the third quarter 2017, we recorded a pre-tax loss of \$4.4 million (\$3.2 million after-tax, or \$0.02 per diluted share), which is included in Impairment expense on the unaudited statements of operations. During the third quarter 2016, we recorded a pre-tax loss of \$38.6 million (\$28.2 million after-tax, or \$0.26 per diluted share), of which \$0.9 million is included in Cost of sales and \$37.7 million is included in Impairment expense on the unaudited statements of operations. During the first quarter 2016, we recorded a pre-tax loss of \$8.4 million (\$8.4 million after-tax, or \$0.08 per diluted share), which is included in Impairment expense on the unaudited statements of operations.

(b) Relates to costs incurred associated with Civeo's redomiciliation to Canada. The \$1.3 million of costs in 2016 (\$1.2 million after-tax, or \$0.01, per diluted share), which are primarily corporate in nature, are included in Selling, general and administrative costs on the unaudited statements of operations.

(c) Relates to severance costs associated with the termination of executives. The \$0.9 million expense (\$0.6 million after-tax, or \$0.01 per diluted share), which is related to our Canadian segment, is included in Selling, general and administrative expenses on the unaudited statements of operations.

(2) The term Free Cash Flow is defined as net cash flows provided by operating activities less capital expenditures plus proceeds from asset sales. Free Cash Flow is not a measure of financial performance under generally accepted accounting principles and should not be considered in isolation from or as a substitute for cash flow measures prepared in accordance with generally accepted accounting principles or as a measure of profitability or liquidity. Additionally, Free Cash Flow may not be comparable to other similarly titled measures of other companies. Civeo has included Free Cash Flow as a supplemental disclosure because its management believes that Free Cash Flow provides useful information regarding the cash flow generating ability of its business relative to its capital expenditure and debt service obligations. Civeo uses Free Cash Flow to compare and to understand, manage, make operating decisions and evaluate Civeo's business. It is also used as a benchmark for the award of incentive compensation under its Free Cash Flow plan.

The following table sets forth a reconciliation of Free Cash Flow to Net Cash Flows Provided by Operating Activities, which is the most directly comparable measure of financial performance calculated under generally accepted accounting principles (in thousands) (unaudited):
