## Quantenna and SoftAtHome Partner to Extend Smart Home Wi-Fi

### Combination of Leading CPE Wi-Fi Software and Silicon Enable Seamless Wi-Fi with Dual-Band Mesh and Repeater Solutions for Service Providers

AMSTERDAM, The Netherlands, Sept. 15, 2017 (GLOBE NEWSWIRE) -- [IBC2017](#) - [Quantenna Communications](#), Inc. (Nasdaq:QTNA), the innovator and global leader of high performance Wi-Fi solutions, and SoftAtHome, the leading software provider of operator CPE devices enabling convergent services for the digital home, today announced that SoftAtHome Smart Wi-Fi runs on the QV860 chipset from Quantenna. By adding this key chipset, SoftAtHome allows for a better Wi-Fi experience by extending coverage, increasing capacity and delivering faster speeds to all Wi-Fi devices throughout the home.

Already embedded in leading service provider gateways and set-top boxes, the Quantenna 802.11ac Wi-Fi will enable SoftAtHome to offer a high-performance mesh and repeater solution to service providers and OEM partners. Any OEM product based on a QV860 chipset can now easily be associated with any other SoftAtHome powered repeater or existing operator's CPE. Quantenna's 802.11ac Wave 2 QV860 chipset is part of a complete mesh and repeater portfolio, ranging from 4 streams single band to 12 stream tri-band, that can be used in compact and high capacity mesh and repeaters solutions.

SoftAtHome Smart Wi-Fi (SSW) is the solution of choice for operators to increase Wi-Fi Quality of Experience at home. SSW provides a comprehensive, high-performance and secured Smart-Wi-Fi solution for the whole home with advanced services such as auto-configuration, network mapping, best Wi-Fi channel selection, client roaming management, band steering as well as IPTV and Video support.

"By partnering with SoftAtHome, the CPE software leader, we excel in maximizing seamless and uninterrupted Wi-Fi experiences," said Lionel Bonnot, Senior Vice President of Marketing and Business Development, Quantenna. "Together, we allow service providers to offer customers multiple options for deploying distributed Wi-Fi networks and most importantly, making it possible to do more in every room of the home."

"Customers are expecting a solution to deliver the best Wi-Fi experience at home," said David Viret-Lange, CEO, SoftAtHome. "Combining SoftAtHome's Smart Wi-Fi solution, with Quantenna's QV860 is a powerful solution for a smart Wi-Fi repeater reaching the next level in terms of an in home Wi-Fi experience."

#### About Quantenna

[Quantenna](#) (Nasdaq:QTNA) is the global leader and innovator of high performance Wi-Fi solutions. Founded in 2006, Quantenna has demonstrated its leadership in Wi-Fi technologies with many industry firsts into the market. Quantenna continues to innovate with the mission to perfect Wi-Fi by establishing benchmarks for speed, range, efficiency and reliability. Quantenna takes a multidimensional approach, from silicon, system to software, to assess Wi-Fi networks and provides total solutions for service providers worldwide.
