Our Board of Directors set January 20, 2015 as the record date for the annual meeting. This means that only stockholders of record at the close of business on January 20, 2015 will be entitled to notice of, and to vote at, the annual meeting or any adjournment or postponement thereof.

Your vote is very important to us. Whether or not you plan to attend the annual meeting in person, your shares should be represented and voted. PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by the board of directors of Bidel Inc., also referred to in this Proxy Statement as the “Company,” “Bidel,” “we” or “us,” of proxies to be voted at our 2015 Annual Meeting of Stockholders, or the Annual Meeting, to be held on Tuesday, March 17, 2015 at our corporate headquarters at 100 Saw Mill Road, Danbury, Connecticut 06810 at 9:00 a.m., local time, and at any adjournment or adjournments thereof. Stockholders of record of our common stock, \$.01 par value per share, as of the close of business on January 20, 2015, will be entitled to notice of and to vote at the Annual Meeting and any adjournment or adjournments thereof. As of that date, there were 24,060,514 shares of our common stock issued and outstanding and entitled to vote. Each share of common stock is entitled to one vote on any matter presented at the Annual Meeting.

If proxies in the accompanying form are properly executed and returned, the shares of common stock represented thereby will be voted in the manner specified therein. If not otherwise specified, the shares of common stock represented by the proxies will be voted: (i) FOR, as applicable, the election of the two nominees named below as directors; (ii) FOR the ratification of the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2015; and (iii) in the discretion of the persons named in the enclosed form of proxy, on any other proposals which may properly come before the Annual Meeting or any adjournment or adjournments thereof. Any stockholder who has submitted a proxy may revoke it at any time before it is voted by written notice addressed to and received by our corporate secretary, by submitting a duly executed proxy bearing a later date, or by electing to vote in person at the Annual Meeting. The mere presence at the Annual Meeting of the person appointing a proxy does not, however, revoke the appointment.

Voting Procedures

Q: What shares owned by me may be voted?

A: You may only vote the shares of our common stock owned by you as of the close of business on January 20, 2015, which is the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. These shares include the following:

- shares of common stock held directly in your name as the stockholder of record; and
- shares of common stock held for you, as the beneficial owner, through a broker, bank or other nominee.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: Most of our stockholders hold their shares through a broker, bank or other nominee, rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered, with respect to those shares, the stockholder of record, and these

proxy materials are being sent directly to you on our behalf. As the stockholder of record, you have the right to grant your voting proxy to the persons specified on the enclosed proxy card or to vote in person at the Annual Meeting. The persons named in the proxy card will vote the shares you own in accordance with your instructions on the proxy card you mail. If you return the card, but do not give any instructions on a particular matter described in this Proxy Statement, the persons named in the proxy card will vote the shares you own in accordance with the recommendations of our board of directors. We have enclosed a proxy card for you to use.

If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in “street name,” and the proxy materials are being sent to you by your broker or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker or nominee how to vote. If you do not give instructions to your bank or brokerage firm, it will still be able to vote your shares with respect to certain “discretionary” items, but will not be allowed to vote your shares with respect to certain “non-discretionary” items. Of the proposals to be considered at the Annual Meeting, only the ratification of the appointment of our independent registered public accounting firm is a discretionary item. Accordingly, your bank or brokerage firm may exercise its discretionary authority with respect to the ratification of the appointment of our independent registered public accounting firm. “Broker non-votes” occur when nominees holding shares for beneficial owners do not vote those shares on a particular proposal because the nominees do not have discretionary authority to do so and have not received voting instructions with respect to the proposal from the beneficial owners. The election of directors is a non-discretionary item. Therefore, if you do not provide instructions regarding how you would like your shares to be voted on these matters, your bank or brokerage firm will not be able to vote on your behalf, resulting in broker non-votes for these matters.

You are also invited to attend the Annual Meeting, but since you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you receive a proxy from your broker or representative. Your broker or representative has enclosed a voting instruction card for you to use. If you wish to attend the Annual Meeting and vote in person, please mark the box on the voting instruction

card received from your broker or representative and return it to the broker or representative so that you receive a legal proxy to vote at the Annual Meeting.

Q: How may I vote my shares at the Annual Meeting?

A: You may vote shares held directly in your name as the stockholder of record in person at the Annual Meeting. If you choose to vote in person at the Annual Meeting, please bring the enclosed proxy card and proof of identification with you to the Annual Meeting. You may vote shares that you beneficially own if you receive and present at the Annual Meeting a proxy from your broker or nominee, together with proof of identification. Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

Q: How may I vote my shares without attending the Annual Meeting?

A: Whether you hold shares directly as the stockholder of record or as the beneficial owner in street name, you may direct your vote without attending the Annual Meeting. You may vote by granting a proxy or, for shares held in street name, by submitting voting instructions to your broker or nominee. Whether you are a stockholder of record or a beneficial owner, you may vote without attending the Annual Meeting by marking, dating and signing your proxy card and mailing in the enclosed, self-addressed, postage prepaid envelope. No postage is required if the proxy is mailed in the United States. In addition, beneficial owners may vote without attending the Annual Meeting as follows:

- *By Internet* — If you have Internet access, you may submit your proxy from any location in the world by following the “Internet Voting” instructions enclosed with your proxy card.
- *By Telephone* — You may submit your proxy by following the “Telephone Voting” instructions enclosed with your proxy card.

Shares of common stock that are represented by a properly executed proxy, if such proxy is received in time and not revoked, will be voted at the Annual Meeting according to the instructions indicated in the proxy. In the case of stockholders of record, if no instructions are indicated, the shares will be voted FOR approval of the proposals listed on the proxy card. In the case of beneficial owners, if no instructions are indicated, their broker or representative may vote only on those proposals for which they have discretionary authority to vote. Discretionary authority is provided in the proxy as to any matters not specifically referred to in the proxy. Our board of directors is not aware of any other matters that are likely to be brought before the Annual Meeting. If other matters are properly brought before the Annual Meeting, including a proposal to adjourn the Annual Meeting to permit the solicitation of additional proxies in the event that one or more proposals have not been approved by a sufficient number of votes at the time of the Annual Meeting, the persons named in the enclosed proxy will vote on such matters in their own discretion.

If you are a beneficial owner of common stock, please refer to the voting instruction card included by your broker or nominee for applicable voting procedures.

Q: How may I revoke a proxy or an Internet or telephone vote?

A: A stockholder executing a proxy card may revoke the proxy at any time before it is exercised by giving written notice revoking the proxy to our corporate secretary, by subsequently filing another proxy bearing a later date, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not automatically revoke a stockholder’s prior proxy. All written notices of revocation or other communications with respect to revocation of proxies should be addressed to Bidel Inc., 100 Saw Mill Road, Danbury, Connecticut 06810, Attention: Corporate Secretary. If you own your shares in street name, your bank or brokerage firm should provide you with appropriate instructions for changing your vote.

Q: How does our board of directors recommend that I vote on the proposal to elect the nominees to our board of directors?

A: Our board of directors unanimously recommends that stockholders vote FOR this proposal at the Annual Meeting.

Q: How does our board of directors recommend that I vote on the proposal to ratify the appointment of BDO USA, LLP as our registered independent public accounting firm for the fiscal year ending September 30, 2015?

A: Our board of directors unanimously recommends that stockholders vote FOR this proposal at the Annual Meeting.

Q: What is the quorum required for the Annual Meeting?

A: Holders of record of the common stock on January 20, 2015 are entitled to notice of, and to vote at, the Annual Meeting or any adjournment or postponement of the Annual Meeting. As of the record date, 24,060,514 shares of common stock were outstanding. The presence, in person, by remote communication, if applicable, or by proxy duly authorized, of the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business at the Annual Meeting. Shares

of our common stock represented in person or by proxy, including broker non-votes and shares that abstain or do not vote with respect to one or more of the matters to be voted upon, will be counted for the purpose of determining whether a quorum exists.

Q: How are votes counted?

A: Each holder of common stock is entitled to one vote at the Annual Meeting on each matter to come before the Annual Meeting, including the election of directors, for each share held by such stockholder as of the record date. Votes cast in person at the Annual Meeting or by proxy, Internet vote or telephone

3

vote will be tabulated by the inspector of election appointed for the Annual Meeting, who will determine whether a quorum is present.

Q: What vote is required on the proposal to elect the nominees to our board of directors?

A: Individual director nominees are elected by a plurality of the votes of the shares present in person, by remote communication, if applicable, or represented by proxy at the Annual Meeting and entitled to vote generally on the election of directors. Accordingly, the directorships to be filled at the Annual Meeting will be filled by the nominees receiving the highest number of votes. In the election of directors, votes may be cast for or withheld with respect to any or all nominees. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

Q: What vote is required to ratify the appointment of BDO USA, LLP as our independent registered public accounting firm?

A: The appointment of BDO USA, LLP as our independent registered public accounting firm will be ratified if we receive the affirmative vote of a majority of shares present in person, by remote communication, if applicable, or represented by proxy at the Annual Meeting and entitled to vote generally. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

Q: What does it mean if I receive more than one proxy or voting instruction card?

A: This means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Q: Where can I find the voting results of the Annual Meeting?

A: We will announce preliminary voting results at the Annual Meeting and publish final results in a current report on Form 8-K within four business days of the Annual Meeting.

CORPORATE GOVERNANCE

Our board of directors believes that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. This section describes the key corporate governance guidelines and practices that we have adopted. The current charters governing the audit committee, the compensation committee, the nominating and governance committee and science and technology committee, the code of business conduct and ethics, as well as our corporate governance guidelines, are posted on the corporate governance page of our website at www.biodel.com. You may also obtain a copy of any of these documents without charge by writing to Bidel Inc., 100 Saw Mill Road, Danbury, Connecticut 06810, Attention: Corporate Secretary.

Corporate Governance Guidelines

Our board of directors has adopted corporate governance guidelines to assist in the exercise of its duties and responsibilities and to serve our best interests and those of our stockholders. These guidelines, which provide a framework for the conduct of our board of directors’ business, provide that:

- our board of directors’ principal responsibility is to oversee our management;
- a majority of the members of our board of directors shall be independent directors as defined by NASDAQ listing standards and

applicable SEC rules;

- the independent members of our board of directors regularly meet in executive session; and
- we adopt written corporate governance guidelines and a written code of business conduct and ethics for all of our officers, employees and directors.

Board Meetings and Attendance

Our board of directors held seven meetings during the fiscal year ended September 30, 2014. During our 2014 fiscal year, each director attended at least 75% of the aggregate of the total number of meetings of our board of directors and the total number of meetings held by each committee of our board of directors on which such director served during the period for which such director served.

Director Attendance at Annual Meeting of Stockholders

Resolutions adopted by our board of directors provide that directors are expected to attend the Annual Meeting. All of our board of directors attended our 2014 annual meeting of stockholders.

Board Leadership Structure and Board's Role in Risk Oversight

The positions of our chairman of the board and chief executive officer were separated beginning in March 2010. Separating these positions allows our chief executive officer to focus on our day-to-day business, while allowing the chairman of the board to lead the board of directors in its fundamental role of providing advice to and independent oversight of management. Our board of directors recognizes the time, effort and energy that the chief executive officer must devote to his position in the current business environment, as well as the commitment required to serve as our chairman, particularly as the board of directors' oversight responsibilities continue to grow. Our board of directors also believes that this structure ensures a greater role for the independent directors in the oversight of our company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of our board of directors. Our board of directors believes its administration of its risk oversight function has not affected its leadership structure.

Although our bylaws do not require our chairman and chief executive officer positions to be separate, our board of directors believes that having separate positions is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. Our board of directors is actively involved in oversight of risks that could affect us. This oversight is conducted primarily by our full board of directors, which has responsibility for general oversight of risks.

Our board of directors satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within our company. Our board of directors believes that full and open communication between management and the board of directors is essential for effective risk management and oversight.

Board Determination of Independence

Under applicable NASDAQ rules, a director will only qualify as an "independent director" if, in the opinion of our board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our board of directors has determined that none of Ms. Brown, Dr. Ginsberg, Dr. Lieberman, Dr. Lorber, Dr. Pereira or Mr. Scoon has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under Rule 5605(a)(2) of the NASDAQ Marketplace Rules.

Board Committees

Our board of directors has established four standing committees — audit, compensation, nominating and governance and science and technology. Each committee operates under a charter that has been approved by our board of directors. Our board of directors has determined that all of the members of each of the four standing committees are independent as defined under the rules of the NASDAQ Stock Market, including, in the case of all members of the audit committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act.

Audit Committee

Our audit committee consists of Mr. Scoon, the chair of the committee, Dr. Lieberman and Dr. Pereira. Generally speaking, the committee's responsibilities are to:

- oversee the accounting and financial reporting processes of the company and audits of the financial statements of the company;
- assist our board of directors in oversight and monitoring of the company's financial statements, compliance with legal and regulatory requirements, independent auditors and internal accounting and financial controls;
- provide to the board of directors such additional information and materials as it may deem necessary to make the board of directors aware of significant financial matters that require the attention of the board of directors;
- provide an avenue of communication among the independent auditors, management and the board of directors;
- appoint, evaluate, retain and terminate, when necessary, the company's independent auditor;
- set the compensation of the company's independent auditor and pre-approve all audit services to be provided to the company;
- review and discuss with the company's management and independent auditor the company's audited financial statements;
- recommend to the board of directors that the company's audited financial statements be included in the company's Annual Report on Form 10-K;

14

-
- prepare an annual committee report for inclusion where necessary in the proxy statement of the company relating to its annual meeting of stockholders;
 - coordinate the board of directors' oversight of the company's internal control over financial reporting, disclosure controls and procedures and code of conduct;
 - establish procedures for treatment of complaints received by the company regarding accounting, internal accounting controls or auditing matters;
 - review the company's policies and procedures for reviewing and approving or ratifying "related person transactions" (defined as transactions required to be disclosed pursuant to Item 404 of Regulation S-K), including the company's Related Person Transaction Policy, and recommend any changes to the board of directors; and
 - discuss the company's policies, practices, procedures and controls related to the management of its surplus funds.

Our board of directors has determined that each of Mr. Scoon and Dr. Lieberman is an "audit committee financial expert" as defined by applicable SEC rules. Our audit committee met six times in our 2014 fiscal year.

Compensation Committee

Our compensation committee consists of Ms. Brown, chair of the committee, and Dr. Pereira and Mr. Scoon. The compensation committee charter provides that the compensation committee may form and delegate authority to subcommittees, when appropriate. Generally speaking, the committee's responsibilities are to:

- oversee the discharge of the responsibilities of the board of directors relating to the compensation of the company's executive officers, including the establishment of goals against which the performance of our executive officers is measured;
- administer the company's equity-based plans;
- review and approve, or, in the case of the company's chief executive officer, recommend for approval by the board of directors, the compensation of the company's executive officers;
- review and make recommendations to the board of directors with respect to director compensation;
- review and make recommendations to the board of directors with respect to incentive-compensation and equity-based plans that are subject to approval by the board of directors;
- exercise all rights, authority and functions of the board of directors under all of the company's stock option, stock incentive, employee stock purchase and other equity-based plans; and

- prepare reports on executive compensation, including without limitation, a Compensation Discussion and Analysis, for inclusion in the company's Annual Report on Form 10-K and proxy statement, as necessary.

Our compensation committee met two times in our 2014 fiscal year. The processes and procedures followed by our compensation committee in considering and determining executive and director compensation are described below under the headings “— Executive and Director Compensation Processes”.

Nominating and Governance Committee

Our nominating and governance committee consists of Dr. Lieberman, the chair of the committee, Ms. Brown and Drs. Ginsberg and Lorber. Generally speaking, the committee's responsibilities are to:

- recommend to the board of directors the persons to be nominated for election as directors at any meeting of stockholders and the persons (if any) to be elected by the board of directors to fill any vacancies of the board of directors;

15

-
- develop and recommend to the board of directors a set of corporate governance guidelines applicable to the company;
 - oversee the evaluation of the board of directors and its committees;
 - establish criteria for the selection of new directors to serve on the board of directors, taking into account at a minimum all applicable laws, rules, regulations and listing standards, a potential candidate's experience, areas of expertise and other factors relative to the overall composition of the board of directors;
 - develop and recommend to the board of directors a set of Corporate Governance Guidelines applicable to the company;
 - review the board of directors' leadership structure to assess whether it is appropriate given the specific characteristics or circumstances of the company; and
 - oversee a review by the board of directors on succession planning for senior executives, which shall include transitional leadership in the event of an unplanned vacancy.

Our nominating and governance committee met one time in our 2014 fiscal year. The processes and procedures followed by our nominating and governance committee in identifying and evaluating director candidates are described below under the heading “— Director Nomination Process”.

Science and Technology Committee

Our board of directors established the science and technology committee in December 2012. The committee consists of Dr. Ginsberg, the chair of the committee, and Drs. Lorber and Pereira. The committee's purpose is to assist our board of directors in the oversight of, and to make recommendations with respect to, matters involving our science and technology programs, including major internal projects, interactions with academic and independent research organizations and the potential acquisition of technologies. Generally speaking, the committee's responsibilities are to:

- review and make recommendations to the board of directors with respect to technology-related issues of importance to company;
- assess the company's progress in achieving its research and development and growth objectives, as well as the company's material planning processes in support of these objectives; and
- review, as directed by the board of directors, and make recommendations to the board of directors with respect to the company's material investments in, or allocation of resources to, science and technology, including potential acquisitions, alliances, collaborations, equity investments, contracts and grants.

Our science and technology committee met three times in our 2014 fiscal year.

Executive and Director Compensation Processes

The compensation committee has implemented an annual performance review for our executive officers under which annual performance for each executive is measured at the end of each fiscal year. Individual goals focus on contributions that facilitate the achievement of corporate goals, such as the achievement of specific research, clinical, regulatory, and operational milestones. During the fourth calendar quarter of each

year, we evaluate individual and corporate performance against the goals for the most recently completed fiscal year. Our chief executive officer meets with the compensation committee and makes initial compensation recommendations with respect to the executive officers who report to him. These recommendations contemplate each executive officer's job performance, strengths and weaknesses, and advancement potential. Based on this input, the compensation committee makes its own assessment and approves or recommends to our board of directors for approval the annual salary increases, stock option and restricted stock unit awards and bonuses, if any, for such executive officers. With respect to our chief executive officer's compensation, the compensation committee makes a recommendation to our board of directors based on the same factors used to evaluate other executive officers.

Our compensation committee also reviews and recommends for approval by our board of directors the compensation that is paid to our directors.

The compensation committee has the authority to retain compensation consultants and other outside advisors to assist in the evaluation of executive officer compensation. In our 2013 fiscal year, our compensation committee engaged an independent consulting firm, Radford, to inform the committee's assessment of our compensation practices. Our compensation committee did not retain a consultant during the 2014 fiscal year. During the 2013 fiscal year, Radford assisted the compensation committee in the establishment of a company peer group against which our compensation practices could be measured. Based on Radford's recommendations, companies considered for inclusion in the peer group were screened using the following selection criteria: biotechnology companies (including drug delivery companies), in middle to late stages of product development; companies with levels of research and development expenditures similar to our own; market capitalization under \$200 million; and companies with up to 100 employees. The compensation committee has selected the following twenty companies to constitute the peer group when assessing our compensation practices: Heron Therapeutics, Inc. (formerly A.P. Pharma, Inc.), Alexza Pharmaceuticals, Antherea Pharmaceuticals, Inc., Aradigm Corporation, BioCryst Pharmaceuticals, Inc., BioDelivery Sciences International, Inc., BioSante Pharmaceuticals, Inc., Cell Therapeutics, Inc., Cytokinetics, Incorporated, CytRx, Corp., Discovery Laboratories, Inc., GenVec, Inc., Idera Pharmaceuticals, Inc., MediciNova, Inc., NovaBay Pharmaceuticals, Inc., Repros Therapeutics Inc., StemCells, Inc., Sunesis Pharmaceuticals, Inc., Transzyme Pharma Inc. and Zalicus Inc.

Director Nomination Process

The process followed by the nominating and governance committee to identify and evaluate director candidates includes requests to the members of our board of directors and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the nominating and governance committee and our board of directors.

While we do not have a formal diversity policy for board membership, we look for potential candidates that help ensure that the board of directors has the benefit of a wide range of attributes, including cultural, gender, ethnic and age diversity and experience in industries beyond healthcare. We also look for financial oversight experience, financial community experience and a good reputation within the financial community; business management experience and the potential to succeed top management in the event board intervention is necessary on an unexpected basis; business contacts, business knowledge and influence that may be useful to our businesses; and knowledge about our industry and technologies.

Our board of directors does not currently prescribe any minimum qualifications for director candidates; however, the nominating and governance committee will take into account a potential candidate's experience, areas of expertise and other factors relevant to the overall composition of our board of directors.

Stockholders may recommend individuals to the nominating and governance committee for consideration as potential director candidates by submitting the names of the candidate(s), together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to nominating and governance committee, Attn: Corporate Secretary, Biodel Inc., 100 Saw Mill Road, Danbury, Connecticut 06810. Assuming that appropriate biographical and background material has been provided on a timely basis, the nominating and governance committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Communications with the Independent Directors

Our board of directors will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Our corporate secretary is primarily responsible for monitoring and responding to communications from stockholders and for providing copies to our chairman or board of directors or to the individual director so designated on a periodic basis, as he considers appropriate.

Unless any communication is marked confidential and is addressed to a particular board member, our corporate secretary, prior to forwarding any correspondence, will review such correspondence and, in his discretion, will not forward items if they are deemed to be of a commercial, irrelevant or frivolous nature or otherwise inappropriate for consideration by our board of directors.

Interested parties may send written communications to the attention of our corporate secretary at the following address: Biondi Inc., 100 Saw Mill Road, Danbury, Connecticut 06810.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics that applies to our officers, directors and employees. Our code of business conduct and ethics is available on our website at <http://www.biondi.com>. We intend to disclose any amendments to the code, or waivers to its requirements, on our website.

DIRECTOR COMPENSATION

We pay each of our non-employee directors \$30,000 annually, or \$60,000 annually in the case of our chairman. In addition, non-employee directors receive the following committee-related fees annually: (1) \$7,500 for participating on the audit committee or \$15,000 for chairing the committee; (2) \$5,000 for participating on the compensation committee or \$15,000 for chairing the committee; (3) \$2,500 for participating on the nominating and governance committee or \$5,000 for chairing the committee; and (4) \$2,500 for participating on the science and technology committee or \$5,000 for chairing the committee.

Upon appointment, non-employee directors receive a one-time grant of an option to purchase 6,250 shares of common stock. These options vest pro rata monthly over one year. Annually, non-employee directors receive an option to purchase 10,000 shares of common stock, which also vest pro rata monthly over one year. The exercise price of these options is the fair market value on the date of grant. Each such option expires seven years after the date of grant under our 2010 Stock Incentive Plan and, if vested (and not otherwise expired), may be exercised for a period of thirty-six (36) months following a director's departure from our board.

We reimburse our non-employee directors for reasonable expenses incurred in connection with attending board and committee meetings.

The following table sets forth information for the fiscal year ended September 30, 2014 with respect to the compensation of our directors.

EXECUTIVE COMPENSATION

Summary Compensation

The compensation committee of our board of directors oversees our executive compensation program. On an annual basis the compensation committee reviews and approves compensation decisions relating to our executive officers or makes recommendations to our board of directors for approval. The compensation committee focuses primarily on setting compensation at levels the committee believes are competitive with those of other similar companies in our industry and measuring our success in achieving previously established performance goals. Our compensation committee currently consists of Ms. Brown, the chair of the committee, Dr. Pereira and Mr. Scoon.

In our 2013 fiscal year, the compensation committee engaged an independent consulting firm, Radford, to inform the committee's assessment of our compensation practices. Our compensation committee did not retain a consultant during the 2014 fiscal year. During the 2013 fiscal year, Radford assisted the compensation committee in the establishment of a company peer group against which our compensation practices could be measured. Based on Radford's recommendations, companies considered for inclusion in the peer group were screened using the following selection criteria: biotechnology companies (including drug delivery companies), in middle to late stages of product development; companies with levels of research and development expenditures similar to our own; market capitalization under \$200 million; and companies with up to 100 employees. The compensation committee has selected the following twenty companies to constitute the peer group when assessing our compensation practices: Heron Therapeutics, Inc. (formerly A.P. In determining and recommending appropriate cash compensation, long-term incentives and total compensation for our executive officers for our 2014 and 2015 fiscal years, the compensation committee has considered the prior recommendations of Radford and the compensation practices among the companies listed above.

The following table contains, for the fiscal years presented, information about the compensation of each of our chief executive officer and our two other most highly compensated executive officers for our fiscal year ended September 30, 2014. We refer to these executive officers in this Proxy Statement as our named executive officers.

The restricted stock units vest in full on September 30, 2015. We paid the bonuses for the fiscal year ended September 30, 2014 to each of our other named executive officers in cash in December 2014. We paid the bonuses for the fiscal year ended September 30, 2013 in cash in December 2013.

Base Salaries

Our compensation committee and board of directors review base salaries at least annually. The compensation committee may recommend adjustments to base salaries from time to time to realign them with market levels after taking into account individual responsibilities, performance and experience. We use base salary to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our named executive officers. The annual base salaries of our named executive officers for our 2014 fiscal year are reflected in the summary compensation table above. The following table sets forth the annual base salaries of our named executive officers for our 2015 fiscal year.

| <u>Name</u> | <u>Salary</u> |
|--------------------|---------------|
| Dr. Errol De Souza | \$506,482 |
| Dr. Alan Krasner | \$350,200 |
| Mr. Paul Bavier | \$300,000 |

Discretionary Annual Cash Bonuses

During the early part of each fiscal year, our compensation committee reviews and approves or recommends to our board of directors for approval company performance goals against which the performance of our chief executive officer and our other named executive officers will be evaluated at the end of the fiscal year. The evaluation of our chief executive officer’s performance is based entirely on our corporate performance goals. The target bonus for our chief executive officer is 50% of base salary. For our other named executive officers, the target bonus is 35% of the individual’s base salary, with the corporate and individual performance goals accounting for 70% and 30%, respectively, of the named executive officers’ performance assessment for the year. In December 2014, on the recommendation of the compensation committee our board of directors established our overall achievement level be at 80% of our corporate performance goals for the 2014 fiscal year.

Other Compensation

In fiscal year 2013, we reimbursed Dr. De Souza and Dr. Krasner for \$10,000 and \$8,124, respectively, of their documented commuting expenses, including payments for temporary living quarters closer to our facilities. In our 2014 fiscal year, none of our executive officers were reimbursed for commuting or temporary living expenses. In our 2015 fiscal year, none of our executive officers are being reimbursed for commuting or temporary living expenses.

Potential Payments Upon Termination and Change of Control

Drs. De Souza and Krasner and Mr. Bavier are each entitled to receive termination benefits that are not available to our employees generally. These benefits are provided pursuant to an employment agreement, in the case of Dr. De Souza, and a change of control and severance agreement in the case of Dr. Krasner and Mr. Bavier. In addition, our equity plans provide for certain acceleration of unvested equity awards upon our change of control.

Equity Awards

Under our employment agreement with Dr. De Souza, our change of control agreements with Dr. Krasner and Mr. Bavier, and our restricted stock unit agreements, all unvested equity awards immediately vest upon the occurrence of a “double trigger” in the event of a change of control. In other words, the change of control does not itself trigger benefits; rather, benefits immediate vesting occurs only if the executive’s employment is terminated during a specified period after the change of control. Under our severance agreements and certain

change of control, respectively.

Employment Agreement with Dr. De Souza

In connection with his appointment, Dr. De Souza signed an employment agreement, dated March 26, 2010 (the “De Souza Employment Agreement”), setting forth the terms of his employment. The De Souza Employment Agreement provides for an initial term of employment for the period from March 29, 2010 to March 28, 2014 and it continues for successive one-year terms unless the agreement is terminated by either party on 120 days prior written notice in accordance with the terms of the agreement. The De Souza Employment Agreement provides for an annual salary of \$450,000 and eligibility for a target bonus of 50% of the annual salary, which bonus may be increased in the sole judgment of our compensation committee. In addition, Dr. De Souza was granted options to purchase 175,000 shares of our common stock pursuant to the 2010 Stock Incentive Plan. We agreed to pay Dr. De Souza’s reasonable and documented temporary housing and related expenses of up to \$5,000 per month for a period of up to 18 months following the date of the De Souza Employment Agreement.

We may terminate the De Souza Employment Agreement with or without cause. Dr. De Souza will not be entitled to severance benefits if we terminate his employment for cause, as defined in the De Souza Employment Agreement, or if he terminates his employment without good reason. If we terminate Dr. De Souza’s employment without cause, or he terminates his employment with the company for good reason, he is entitled to:

- two times his then current base salary, plus two times his target annual bonus for the fiscal year in which he is terminated, plus the pro rata amount of his target annual bonus for the fiscal year in which he is terminated to be paid in equal installments over a 24 month period;
- COBRA benefits until the earlier of the end of the 24th month after the date his employment with us ends or the date his COBRA coverage expires;
- 24 months of acceleration of his outstanding equity compensation awards; and
- full vesting of his outstanding equity compensation awards, if we terminate his employment without cause, or he terminates his employment with us for good reason within 12 months following a change in control, as defined in the De Souza Employment Agreement.

Pursuant to the terms of the De Souza Employment Agreement, if we terminate Dr. De Souza’s employment without cause, or he terminates his employment with us for good reason, he agrees not to compete with us for 24 months following the termination of his employment with us. If we terminate his employment for cause or if he terminates his employment without good reason, he agrees not to compete with us for 12 months.

In order to receive the severance benefits described above, Dr. De Souza must deliver a general release of claims to us.

Employment Agreement with Mr. Gemignani

In connection with his appointment as our Chief Financial Officer, Mr. Gemignani signed an employment agreement, dated August 21, 2014 (the “Gemignani Employment Agreement”), setting forth the terms of his employment. The Gemignani Employment Agreement provides for an annual base salary of \$330,000 and eligibility for a target bonus of up to 35% of the annual base salary, which bonus may be increased or decreased in the sole judgment of the compensation committee. In addition, Mr. Gemignani was granted options to purchase 160,000 shares of the Company’s common stock pursuant to the Company’s 2010 Stock Incentive Plan. These options will vest over a four-year period, with 25% vesting on the first anniversary of the grant date, and 25% thereafter on the second, third and fourth anniversaries.

The Company may terminate the Gemignani Employment Agreement with or without cause. Mr. Gemignani will not be entitled to severance benefits if the Company terminates his employment for cause, as defined in the Gemignani Employment Agreement, or if he terminates his employment without

good reason, as defined in the Gemignani Employment Agreement. If the Company terminates Mr. Gemignani’s employment without cause, or he terminates his employment with us for good reason, he is entitled to:

- a cash payment equal to the sum of 12 months of his then current base salary, or, in the event the termination occurs within 12 months following a change in control, as defined under the Company’s 2010 Stock Incentive Plan, 18 months of his then current base salary, plus one and a half times the amount of his target annual bonus for the fiscal year in which he is terminated;
- COBRA benefits until the earlier of the end of the 12th month after the date his employment with the Company ends or the date his COBRA coverage expires; and
- 12 months accelerated vesting of his outstanding equity compensation awards, or, in the event the termination occurs within 12 months

following a change in control, full vesting of his outstanding equity awards.

Pursuant to the terms of the Gemignani Employment Agreement, if the Company terminates Mr. Gemignani's employment with or without cause, or he terminates his employment for good reason, he agrees not to compete with the Company for 12 months following the termination of his employment with the Company, or, in the event the termination occurs within 12 months following a change in control, for 18 months following the termination of his employment. If Mr. Gemignani resigns without good reason, he agrees not to compete with the Company for six months.

In order to receive the severance benefits described above, Mr. Gemignani must deliver a general release of claims to the Company.

Change of Control Agreement and Severance Agreement with Dr. Krasner and Mr. Bavier

Pursuant to our change of control agreement with Dr. Krasner and Mr. Bavier, each executive is entitled to the following upon termination of employment with us occurring within two years of a change of control, unless such termination is by the executive for other than good reason or by us for cause:

- annual base salary earned through the termination date;
- in the event the executive satisfied the performance criteria for an annual bonus prior to termination, a portion of the annual bonus based on the number of days worked during the year;
- if the performance criteria were not fully satisfied, but our board of directors determines that criteria could have been satisfied had the executive remained employed for the full fiscal year, an amount equal to the average bonus paid to the executive over the last three fiscal years, portioned based on the number of days worked during the year, or the average annual bonus;
- any accrued paid time-off;
- annual base salary for a period of 18 months following the date of termination;
- health insurance and, under certain circumstances, life, disability and other insurance benefits for a period of 18 months or until the executive qualifies for similar benefits from another employer;
- 150% of the average annual bonus (paid in addition to the bonus described immediately above);
- acceleration of all outstanding options; and
- extension of the exercisability of options.

All severance payments under the change of control agreement shall be made in a lump sum within ten days of the "Date of Termination" as defined in the change of control agreement (subject to any requirements of later payment under tax laws), except that any bonus payments shall be made when the executive's bonus would have been paid if he were still employed by us, and the continuing payments of such executive's base salary shall be paid at normal payroll intervals during the 18-month severance period, on the dates and in the amounts such executive would have received if he were still employed by us.

Under the change of control agreement, if we terminate Dr. Krasner or Mr. Bavier for cause or if either executive terminates his employment with us without good reason, then the executive is not entitled to severance payments or other benefits.

In order to receive the above termination benefits that are not otherwise accrued as of the date of termination, the executive must release us from any and all claims. In addition, the executive must not solicit any of our employees during the period that he receives his annual base salary.

Pursuant to the terms of the change of control agreement, the term "change of control" is generally defined as the following:

(a) the acquisition by any person or group of beneficial ownership of more than 50% of the outstanding shares of our common stock, or, if there are then outstanding any of our other voting securities, such acquisition of more than 50% of the combined voting power of our then outstanding voting securities entitled to vote generally in the election of directors, except for any of the following acquisitions of beneficial ownership of our common stock or our other voting securities: (i) by us or any employee benefit plan (or related trust) sponsored or maintained by us or any entity controlled by us; (ii) by Solomon S. Steiner; or (iii) by any person or entity during the lifetime of Solomon S. Steiner if the shares acquired were beneficially owned by Solomon S. Steiner immediately prior to their acquisition and the acquisition is a transfer to a trust, partnership, corporation or other entity in which Solomon S. Steiner owns a majority of the beneficial interests;

(b) we sell all or substantially all of our assets (or consummate any transaction having a similar effect) or we merge or consolidate with another entity or complete a reorganization unless the holders of our voting securities outstanding immediately prior to the transaction own immediately after the transaction in approximately the same proportions 50% or more of the combined voting power of the voting securities of the entity purchasing the assets or surviving the merger or consolidation or the voting securities of its parent company, or, in the case of a reorganization, 50% or more of the combined voting power of our voting securities; Notwithstanding the foregoing, any purchase or redemption of outstanding shares of our common stock or other voting securities by us resulting in an increase in the percentage of outstanding shares or other voting securities beneficially owned by any person or group shall be deemed to constitute a reorganization; however, no increase in the percentage of outstanding shares or other voting securities beneficially owned by Solomon S. Steiner or any person or entities referred to in (a)(i) or (iii) above resulting from any redemption of shares or other voting securities by us shall result in a change of control;

(c) we are liquidated; or

(d) our board of directors (if we continue to own our business) or the board of directors or comparable governing body of any successor owner of our business (as a result of a transaction which is not itself a change of control) consists of a majority of directors or members who are not incumbent directors.

In addition, the following terms have the following meanings:

- “cause” is generally defined to mean:
 - the executive’s refusal to carry out any material duties or any directions or instructions of our board of directors or senior management which are reasonably consistent with those duties;
 - failure to perform satisfactorily any duties or any directions or instructions of our board of directors or senior management for ten days following written notice of the same;
 - violation of a local, state or federal law involving the commission of a crime, other than minor traffic violations, or any other criminal act involving moral turpitude;
 - gross negligence, willful misconduct, or the breach by the executive of his duty to us involving self-dealing or personal profit;
 - current abuse by the executive of alcohol or controlled substances; deception, fraud, misrepresentation or dishonesty by the executive; or any incident materially compromising the executive’s reputation or ability to represent us with investors, customers or the public; or

25

-
- any other material violation of any provision of the change of control agreement for ten days following written notice of the same.
 - “good reason” is generally defined to mean:
 - a failure to grant the executive’s salary, bonus, and right to participate in fringe benefit programs that are otherwise afforded under the change of control agreement, other than an isolated and inadvertent failure not taken in bad faith that we remedy promptly upon receiving written notice of the same;
 - a material diminution in the executive’s position, authority, duties or responsibilities;
 - our requiring the executive to be based at any office or location that is more than fifty miles from the location of the executive’s assigned worksite and the executive’s residence immediately prior to the change of control;
 - our failure to require any successor to our business (whether by purchase of assets, merger or consolidation) to assume our obligations under the change of control agreement; or
 - any other material violation of the change of control agreement by us.

Pursuant to our severance agreement with Dr. Krasner and Mr. Bavier, each is entitled to the following upon termination of employment with us, unless such termination is by the executive for other than good reason or by us for cause:

- annual base salary earned through the termination date;
- in the event the executive satisfied the performance criteria for an annual bonus prior to termination, a portion of the annual bonus based on the number of days worked during the year;
- if the performance criteria were not fully satisfied, but our board of directors determines that criteria could have been satisfied had the

executive remained employed for the full fiscal year, the average annual bonus;

- any accrued paid time-off;
- annual base salary for a period of 18 months following the date of termination;
- health insurance and, under certain circumstances, life, disability and other insurance benefits for a period of 18 months or until the executive qualifies for similar benefits from another employer;
- 150% of the average annual bonus (paid in addition to the bonus described immediately above);
- acceleration of all outstanding options; and
- extension of the exercisability of options.

All severance payments under the severance agreement shall be made in a lump sum within ten days of the “Date of Termination” as defined in the severance agreement, except that any bonus payments shall be made when the executive’s bonus would have been paid if he were still employed by us, and the continuing payments of such executive’s base salary shall be paid at normal payroll intervals during the 18-month severance period, on the dates and in the amounts such executive would have received if he were still employed by us.

The definitions of “good reason” and “cause” are generally the same under the executive’s severance agreement as under his change of control agreement.

Under the agreement, if we terminate the executive for cause or the executive terminates his employment with us without good reason, the executive is not entitled to severance payments or other benefits. In the event the severance agreement entitles the executive to identical benefits under his change of control agreement, we will not duplicate coverage and each executive will be only be entitled to such compensation payments and other benefits as available under one of the agreements.

In order to receive the above termination benefits that are not otherwise accrued as of the date of termination, Dr. Krasner and Mr. Bavier must release us from any and all claims. In addition, none of the executives may solicit any of our employees during the period that he is receiving his annual base salary.
