DTS Play-Fi Launches Whole-Home TV Audio Streaming

Software update allows real-time audio streaming from select DTS Play-Fi enabled products to all DTS Play-Fi speakers throughout the home

CALABASAS, Calif.--(BUSINESS WIRE)-- [DTS](#), a global leader in high-definition audio solutions and a wholly owned subsidiary of [Xperi Corporation](#) (Nasdaq: XPER) ("Xperi"), is pleased to announce whole-home TV audio streaming, now available for select sound bars and all-in-one speakers. The free software update enables users to broadcast audio from any connected source, such as a TV, to other DTS Play-Fi speakers in the home.

The new whole-home TV audio feature synchronizes speakers to each other and to the video source, creating lip-synch accurate multi-room playback without an echo. The update is currently available for the following DTS Play-Fi-enabled products:

- | Klipsch Gate receiver
- | Klipsch PowerGate amplifier
- | Klipsch RSB-8 sound bar
- | Klipsch RSB-14 sound bar
- | Klipsch RW-1 speaker
- | Klipsch The Capitol Three speaker
- | Klipsch The Three speaker
- | McIntosh MB50 streaming audio player
- | Onkyo Smart Speaker G3
- | Paradigm PW LINK pre-amplifier
- | Phorus PS10 speaker
- | Pioneer Elite Smart Speaker F4
- | Polk S6 speaker

"We are excited to add whole-home TV audio streaming to the DTS Play-Fi ecosystem, allowing consumers to broadcast audio from their TV to other speakers without an echo or compromised video synchronization," said Dannie Lau, general manager, DTS Play-Fi, at Xperi. "Whether you're hosting a Big Game watch party, or just listening to your favorite show while cooking, DTS Play-Fi provides a no-compromise whole-home experience for TV listening. Additional DTS Play-Fi partners will incorporate the technology into their DTS Play-Fi enabled products this year, giving consumers even more flexibility when selecting their home theater products."

DTS Play-Fi technology enables lossless multi-room wireless audio streaming on any supported product from the world's most popular music services including Amazon Music, Deezer, iHeartRadio, Juke, KKBox, Napster, Pandora, Qobuz, QQ Music, SiriusXM, Spotify and TIDAL, thousands of Internet radio stations, as well as personal music libraries. In addition, DTS Play-Fi features advance streaming functionality like wireless surround sound, stereo pairing, music station presets, and audio/video synchronization.

The DTS Play-Fi ecosystem features the largest collection of products in the whole-home wireless audio space, with more than 200 interoperable speakers, sound bars, set-top boxes, and A/V receivers from the top names in premium audio including Aerix, Anthem, Arcam, Definitive Technology, DISH TV, Elite, Integra, Fusion Research, Klipsch, MartinLogan, McIntosh, Onkyo, Paradigm, Phorus, Pioneer, Polk Audio, Rotel, Sonus faber, Soundcast, SVS Sound, THIEL Audio and Wren Sound.
