## Nubia Z17S Smartphone to Feature Integrated DTS Headphone:X Audio Technology

*Cutting-edge technology will deliver a premium mobile audio experience*

CALABASAS, Calif.--(BUSINESS WIRE)-- [DTS](#), a global leader in high-definition audio solutions and a wholly owned subsidiary of [Xperi Corporation](#) (Nasdaq:XPRI) ("Xperi"), is pleased to announce the integration of DTS Headphone:X technology in the new Nubia Z17S smartphone to deliver a premium immersive audio entertainment experience to consumers.

DTS Headphone:X technology offers an immersive 3D sound experience and includes six custom-tuned headphone models, including two original models designed for new Nubia headphones. DTS Headphone:X technology gives consumers an unparalleled sound experience while enjoying the games, movies and music they love.

"We are thrilled to drive the latest in audio technology in conjunction with the world's most innovative smartphones, including the Nubia Z17S," said Christopher Lang, general manager, China, at Xperi. "As we continue to integrate DTS Headphone:X technology into a growing number of devices around the world, we are fulfilling our commitment to deliver a premium, immersive sound experience to a wide range of consumers."

The Nubia Z17S will be available in China beginning October 19, 2017.
