WisdomTree Cross-Lists New ETF on Bolsa Mexicana de Valores

New ETF Designed to Help Mexican Investors Diversify Market Exposure

NEW YORK, June 08, 2017 (GLOBE NEWSWIRE) -- WisdomTree Investments, Inc. (Nasdaq:WETF), an exchange-traded fund ("ETF") and exchange-traded product ("ETP") sponsor and asset manager, today announced that the WisdomTree Global ex-Mexico Equity Fund (XMX) has been listed on the Mexican Stock Exchange, Bolsa Mexicana de Valores (BMV), S.A.B. de C.V.

XMX is designed to provide institutional investors with global equity exposure, while removing Mexico and other country exposure restricted by The National Commission for the Pension System (CON SAR).

"We are pleased to cross-list XMX on the Bolsa Mexicana de Valores, a strategy tailored specifically for the Mexican market. We believe XMX can have an important place as a core equity position for Mexican investors, helping them achieve broad market exposure and diversification in the cost-efficient ETF structure," said Jonathan Steinberg, WisdomTree CEO and President.

XMX is listed in the special international section of the BMV, the Sistema Internacional de Cotizaciones ("SIC"). SIC makes it possible for certain institutional investors to trade foreign securities in Mexico. Securities listed on the SIC are not publicly offered in Mexico.
