MACOM to Showcase Industry Leading RF and Microwave Product Portfolio at EDICON China 2017

- | *Join MACOM Experts at Five Workshops and Panels*
- | *MAGb GaN on Si Product Portfolio for Basestation Applications*
- | *Family of High Linearity Power Amplifiers for SATCOM and Test & Measurement Applications*

SHANGHAI--(BUSINESS WIRE)-- [MACOM Technology Solutions Inc.](#) ("MACOM"), today announced that it will be showcasing its RF product portfolio of GaN on Si Devices, diodes, power amplifiers and MMICs at the upcoming Electronic Design Innovation Conference in Shanghai, China from April 25th-27th.

Visit Booth #333 at the Shanghai Convention and Exhibition Center to meet with our RF experts and learn how MACOM can help solve your unique application design challenges. MACOM will be showcasing its RF product portfolio including:

- | GaN on Si for Solid-State Cooking Applications
- | 300W GaN on Si for RF Energy Applications
- | High Power Diode Switch Family
- | Family of Silicon Schottky Quad Diodes
- | High-performance DC to 100 GHz MMICs

Connect with one of our MACOM experts at the following workshops and panels:

- | April 25th at 1:50 PM: Design of a High Efficiency GaN on Si 3-Way Doherty Amplifier for Basestation Applications Workshop - Xin Liu
- | April 25th at 1:30 PM: Microwave Journal RFEA Panel- Mark Murphy
- | April 26th at 1:45 PM: Microwave Journal Wireless Infrastructure Panel - Michael Meng
- | April 26th at 2:50 PM: Designs of GaN on Silicon Doherty Pas for Commercial Basestation Application Workshop - Xin Liu

Members of MACOM's product management, engineering and applications teams will be available at EDICON to answer any inquiries or questions. To make an appointment with one of our experts, contact your local sales representative. For more information on MACOM's broad RF and Microwave portfolio visit: www.macom.cn

Additional Information and Resources:

Electronic Design Innovation Conference: www.ediconchina.com

Exhibition Hall: Shanghai Convention and Exhibition Center of International Sourcing

Address: No. 2739 West Guangfu Road, Putuo District, Shanghai, 200062, China

- Tuesday, April 25: 10:00 AM - 5:30 PM
- Wednesday, April 26: 10:00 AM - 5:30 PM
- Thursday, April 27^t: 10:00 AM - 1:00 PM

ABOUT MACOM:

MACOM is a new breed of analog semiconductor company — one that delivers a unique combination of high growth, diversification and high profitability. We are enabling a better-connected and safer world by delivering breakthrough semiconductor technologies for optical, wireless and satellite networks that satisfy society's insatiable demand for information.

Today, MACOM powers the infrastructure that millions of lives and livelihoods depend on every minute to communicate, transact business, travel, stay informed and be entertained. Our technology increases the speed and coverage of the mobile Internet and enables fiber optic networks to carry previously unimaginable volumes of traffic to businesses, homes and data centers.

Keeping us all safe, MACOM technology enables next-generation radars for air traffic control and weather forecasting, as well as mission success on the modern networked battlefield.

MACOM is the partner of choice to the world's leading communications infrastructure and aerospace and defense companies, helping solve their most complex challenges in areas including network capacity, signal coverage, energy efficiency, and field reliability, through its best-in-class team and broad portfolio of RF, microwave, millimeterwave and lightwave semiconductor products.

MACOM is a pillar of the semiconductor industry, thriving for more than 60 years of daring to change the world for the better through bold technological strokes that deliver true competitive advantage to customers and superior value to investors.

Headquartered in Lowell, Massachusetts, MACOM is certified to the ISO9001 international quality standard and ISO14001 environmental management standard. MACOM has design centers and sales offices throughout North America, Europe, Asia and Australia.

MACOM, M/A-COM, M/A-COM Technology Solutions, M/A-COM Tech, Partners in RF & Microwave, The First Name in Microwave and related logos are trademarks of MACOM. All other trademarks are the property of their respective owners.
