MACOM to Showcase Industry Leading RF and Microwave Portfolio at EDI CON USA in Boston, Massachusetts

LOWELL, Mass.--(BUSINESS WIRE)-- MACOM Technology Solutions Inc. ("MACOM"), a leading supplier of high-performance analog RF, microwave, millimeterwave, and lightwave semiconductor products, will showcase its industry leading GaN on Silicon portfolio and other high-performance MMIC and Diode products at EDI CON USA, Booth #402, September 11th - 13th, Hynes Convention Center, in Boston, Massachusetts.

Visit MACOM at Booth #402 to speak with our experts and learn more about:

- | **Enabling Basestations:** Cutting-edge GaN 60 W average Power Doherty module
- | **RF Energy:** MACOM's Beta Toolkit enabling RF energy applications
- | **MACOM's High Power GaN on Si Portfolio:** Delivering performance and reliability for rugged Aerospace and Defense Applications
- | **The Trusted Name in High-Performance Diodes:** Industry-leading diode design and application-specific solutions
- | **Hi-Rel and Component Devices:** The latest screened products for mission critical space and aerospace applications

Come listen to MACOM's experts at 2 panel sessions at EDI CON, USA-

Panel Sessions:

Day: Tuesday, September 12th, 2017

Session Time: 4:30 PM - 5:30 PM

Location: Exhibit Floor

Topic: The Ferrari of amplifiers - How can we maneuver around the current challenges facing high-performance GaN?

Presenter: Tim Boles

Day: Wednesday, September 13th, 2017

Session Time: 2:30 PM - 4:00 PM

Location: Room 109

Topic: Solid-State RF Energy in 2017 - How far have applications come and what still needs to be attained?

Presenter: Michael Ziehl

Members of MACOM's product management, engineering and applications teams will be at the show to answer any inquiries or questions. To make an appointment to see MACOM's expansive portfolio, please contact your local sales representative.

Show Information:

Hynes Convention Center

Tuesday: 12:00 PM - 7:00 PM

Wednesday: 9:00 AM- 5:00 PM

ABOUT MACOM:

MACOM enables a better-connected and safer world by delivering breakthrough semiconductor technologies for optical, wireless and satellite networks that satisfy society's insatiable demand for information.

Today, MACOM powers the infrastructure that millions of lives and livelihoods depend on every minute to communicate,

transact business, travel, stay informed and be entertained. Our technology increases the speed and coverage of the mobile Internet and enables fiber optic networks to carry previously unimaginable volumes of traffic to businesses, homes and datacenters.

Keeping us all safe, MACOM technology enables next-generation radars for air traffic control and weather forecasting, as well as mission success on the modern networked battlefield.

MACOM is the partner of choice to the world's leading communications infrastructure, aerospace and defense companies, helping solve their most complex challenges in areas including network capacity, signal coverage, energy efficiency and field reliability, through its best-in-class team and broad portfolio of analog RF, microwave, millimeterwave and photonic semiconductor products.

MACOM is a pillar of the semiconductor industry, thriving for more than 60 years of daring to change the world for the better, through bold technological strokes that deliver true competitive advantage to customers and superior value to investors.

Headquartered in Lowell, Massachusetts, MACOM is certified to the ISO9001 international quality standard and ISO14001 environmental management standard. MACOM has design centers and sales offices throughout North America, Europe, Asia and Australia.

MACOM, M/A-COM, M/A-COM Technology Solutions, M/A-COM Tech, Partners in RF & Microwave, The First Name in Microwave and related logos are trademarks of MACOM. All other trademarks are the property of their respective owners.
