Georgeson will provide advice relating to the content of solicitation materials, solicit banks, brokers, institutional investors, and hedge funds to determine voting instructions, monitor voting, and deliver executed proxies to our voting tabulator. Our employees also may solicit proxies by telephone or in person. However, they will not receive additional compensation for soliciting proxies. The Company may request banks, brokers, and other custodians, nominees, and fiduciaries to forward copies of these proxy materials to the beneficial holders and to request instructions for the execution of proxies. The Company may reimburse these persons for their related expenses. Proxies are solicited to provide all record holders of the Company’s common stock an opportunity to vote on the matters to be presented at the Annual Meeting, even if they cannot attend the meeting in person.

**P ROPOSAL 2 -
RATIFICATION OF APPOINTMENT OF
RSM US LLP AS THE COMPANY'S INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM FOR 2017**

The audit committee has appointed RSM US LLP as the Company's independent registered public accounting firm for 2017 . The board of directors is asking stockholders to ratify this appointment. Securities and Exchange Commission ("SEC") regulations and the Nasdaq listing requirements require the Company's independent registered public accounting firm to be engaged, retained and supervised by the audit committee. However, the board of directors considers the selection of an independent registered public accounting firm to be an important matter to stockholders. Accordingly, the board of directors considers a proposal for stockholders to ratify this appointment to be an opportunity for stockholders to provide input to the audit committee and the board of directors on a key corporate governance issue.

Representatives of RSM US LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement. They will also be available to respond to appropriate questions. For additional information regarding our independent registered public accounting firm, see "Independent Public Accountants."

The board of directors recommends a vote "FOR" the ratification of RSM US LLP as the Company's independent registered public accounting firm for 2017.

Director Independence

Our board of directors will review at least annually the independence of each director. During these reviews, the board will consider transactions and relationships between each director (and his or her immediate family and affiliates) and our company and its management to determine whether any such transactions or relationships are inconsistent with a determination that the director is independent. This review will be based primarily on responses of the directors to questions in a directors' and officers' questionnaire regarding employment, business, familial, compensation and other relationships with the Company and our management. Our board of directors has determined that each of Ira Zecher, Starlette Johnson, Saed Mohseni and Randall DeWitt are independent within the meaning of the Nasdaq Marketplace Rules. As required by the Nasdaq Global Select Market, a majority of our directors are independent and our independent directors meet in regularly scheduled executive sessions at which only independent directors are present.

Corporate Governance

We believe that good corporate governance is important to ensure that, as a public company, we will be managed for the long-term benefit of our stockholders. We and our board of directors have been reviewing the corporate governance policies and practices of other public companies, as well as those suggested by various authorities in corporate governance. We have also considered the provisions of the Sarbanes-Oxley Act and the rules of the SEC and the Nasdaq Global Select Market.

Based on this review, we have established and adopted, charters for the audit committee, compensation committee and nominating and corporate governance committee, as well as a code of business conduct and ethics applicable to all of our directors, officers and employees.

Our committee charters, code of business conduct and ethics and corporate governance guidelines are available on our website (www.chuys.com) in the Investors section. Copies of these documents are also available upon written request to our Corporate Secretary. We will post information regarding any amendment to, or waiver from, our code of business conduct and ethics on our website in the Investors section.

The board of directors periodically reviews its corporate governance policies and practices. Based on these reviews, the board of directors may adopt changes to policies and practices that are in our best interests and as appropriate to comply with any new SEC or Nasdaq Marketplace Rules.

Board Leadership Structure and Board's Role in Risk Oversight

John Zapp serves as our Non-Executive Chairman of our board of directors. We support separating the positions of Chief Executive Officer and Chairman to allow our Chief Executive Officer to focus on our day-to-day business, while allowing the Chairman to lead our board of directors in its fundamental role of providing advice to, and oversight of, management. Our board of directors recognizes the time, effort and energy that the Chief Executive Officer is required to devote to his position in the current business environment, as well as the commitment required to serve as Chairman, particularly as our board of directors' oversight responsibilities continue to grow. Our board of directors also believes that this structure ensures a greater role for the non-management directors in the oversight of our company and establishing priorities and procedures for the work of our board of directors.

While our amended and restated bylaws do not require that our Chairman and Chief Executive Officer positions be separate, our board of directors believes that having separate positions and having non-employee directors serve as Chairman is the appropriate leadership structure for us at this time and demonstrates our commitment to good corporate governance.

Risk is inherent with every business and we face a number of risks as outlined in Item 1A. "Risk Factors" included in the Company's Annual Report on Form 10-K filed on March 10, 2017. Management is responsible for the day-to-day management of risks we face, while our board of directors, as a whole and through our audit committee, is responsible for overseeing our management and operations, including overseeing its risk assessment and risk management functions. Our board of directors has delegated responsibility for reviewing our policies with respect to risk assessment and risk management to our audit committee through its charter. Our board of directors has determined that this oversight responsibility can be most efficiently performed by our audit committee as part of its overall responsibility for providing independent, objective oversight with respect to our accounting and financial reporting functions, internal and external audit functions and systems of internal controls over financial reporting and legal, ethical and regulatory compliance. Our audit committee will regularly report to our board of directors with respect to its oversight of these areas.

Board Meetings

The board of directors held five meetings during 2016 . Each director serving on the board of directors in 2016 attended at least 75% of the total number of meetings of the board of directors and committees on which they served. Under our corporate governance guidelines, each director is expected to devote the time necessary to appropriately discharge his responsibilities and to rigorously prepare for, attend and participate in all board of directors meetings and meetings of committees on which he serves.

Annual Meetings of Stockholders

The Company's directors are encouraged to attend our Annual Meeting of stockholders, but we do not currently have a policy relating to directors' attendance at these meetings. Each director serving on the board of directors in 2016 attended our 2016 Annual Meeting of Stockholders.

Board Committees

Our board of directors has three standing committees: an audit committee, a compensation committee and a nominating and corporate governance committee. The composition and responsibilities of each committee are described below. Members will serve on these committees until their resignation or until otherwise determined by our board of directors.

Audit Committee

Our audit committee is a standing committee of our board of directors. The audit committee met five times in 2016 . According to our audit committee charter, the functions of our audit committee include, but are not limited to:

All of our audit committee members are independent as defined by Section 10A(m)(3) of the Securities Exchange Act of 1934 (the "Exchange Act") and the Nasdaq Marketplace Rules. Our audit committee charter also requires us to have at least one audit committee financial expert. Our board of directors has determined that Ira Zecher is an audit committee financial expert.

Our board of directors has adopted a written charter under which the audit committee operates. A copy of the charter, which satisfies the applicable standards of the SEC and the Nasdaq Global Select Market, is available on our website. The audit committee has the authority to engage independent counsel and other advisors as the committee deems necessary to carry out its duties.

- reviewing and recommending to our board of directors the salaries and benefits for our executive officers;
- recommending overall employee compensation policies; and
- administering our equity compensation plans.

Our compensation committee currently consists of Saed Mohseni, Ira Zecher and Starlette Johnson, with Saed Mohseni serving as chairman. All members of our compensation committee are independent as defined by Section 10(c) of the Exchange Act, Rule 10C of the Exchange Act Rules and the Nasdaq Marketplace Rules.

Our board of directors has adopted a written charter under which the compensation committee operates. A copy of the charter, which satisfies the applicable standards of the SEC and the Nasdaq Global Select Market, is available on our website. The compensation committee has the sole authority to retain and terminate compensation consultants to assist in the evaluation of director or executive officer compensation and the sole authority to approve the fees and other retention terms of such compensation consultants. The compensation committee may also retain independent counsel and other independent advisors to assist it in carrying out its responsibilities. The compensation committee may also, in its discretion, delegate specific duties and responsibilities to a subcommittee or an individual committee member, to the extent permitted by applicable law.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is a standing committee of our board of directors. The nominating and corporate governance committee met four times in 2016 . The functions of our nominating and corporate governance committee include:

- identifying individuals qualified to serve as members of our board of directors;
- recommending to our board nominees for our Annual Meetings of stockholders;
- evaluating our board's performance;
- developing and recommending to our board corporate governance guidelines; and
- providing oversight with respect to corporate governance and ethical conduct.

Our nominating and corporate governance committee consists of Starlette Johnson, Saed Mohseni and Ira Zecher, with Starlette Johnson serving as the committee chairman. All members of our nominating and corporate governance committee are independent as defined by the Nasdaq Marketplace rules.

Our board of directors has adopted a written charter under which the nominating and corporate governance committee will operate. A copy of the charter, which satisfies the applicable standards of the SEC and the Nasdaq Global Select Market, is available on our website. The nominating and corporate governance committee has the sole authority to retain and terminate any search firm to assist in the identification of director candidates and the sole authority to set the fees and other retention terms of such search firms. The committee may also retain independent counsel and other independent advisors to assist it in carrying out its responsibilities.

Other Committees

Executive Compensation

Introduction

This compensation discussion provides an overview of our executive compensation program, together with a description of the material factors underlying the decisions that resulted in the compensation provided to our Chief Executive Officer and our two other highest paid executive officers during fiscal year 2016 (collectively, the “named executive officers”), as presented in the tables which follow this discussion. This discussion contains statements regarding our performance targets and goals. These targets and goals are disclosed in the limited context of our compensation program and should not be understood to be statements of management’s expectations or estimates of financial results or other guidance. We specifically caution investors not to apply these statements to other contexts.

Objective of Compensation Policy

The objective of our compensation policy is to provide a total compensation package to each named executive officer that will enable us to:

- attract, motivate and retain outstanding individuals;
- reward named executive officers for performance; and
- align the financial interests of each named executive officer with the interests of our stockholders to encourage each named executive officer to contribute to our long-term performance and success.

Overall, our compensation program is designed to reward both individual and company performance. A significant portion of each of our named executive officers’ annual compensation is comprised of discretionary and performance-based bonuses. We intend to continue to use long-term incentive awards to reward long-term company and individual performance and to promote retention through delayed vesting of awards.

Administration

Our compensation committee, which is comprised exclusively of independent directors, oversees our executive compensation program and is responsible for approving or recommending to the board the nature and amount of the compensation paid to, and any employment and related agreements entered into with, our named executive officers. The committee also administers our equity compensation plans and awards. Additionally, we are subject to Section 162(m) of the Code, and the members of our compensation committee qualify as outside directors under Section 162(m) of the Code to enable us to maintain the deductibility of compensation we pay.

Process for Setting Total Compensation

At the first meeting of each new fiscal year, our compensation committee sets annual base salaries, determines the amount of discretionary and performance-based bonuses for the prior year and sets performance criteria for our performance-based bonuses for the following year. In making these compensation decisions, our compensation committee considers the recommendations of our Chief Executive Officer, particularly with respect to salary adjustments, discretionary and performance-based bonus targets and awards and equity incentive awards of our other named executive officers. Our compensation committee meets with our Chief Executive Officer at least annually to discuss and review his recommendations for compensation of our executive officers, excluding himself. When making individual compensation decisions for our named executive officers, the compensation committee takes many factors into account, including the officer’s experience, responsibilities, management abilities and job performance, our performance as a whole, current market conditions and competitive pay levels for similar positions at comparable companies. These factors are considered by the compensation committee in a subjective manner without any specific formula or weighting.

During its annual review process, our compensation committee has set compensation for each named executive officer at a level we believe is appropriate considering each named executive officer’s annual review, level of responsibility, the awards and compensation paid to the named executive officer in past years and progress toward or attainment of previously set personal and corporate goals and objectives, including attainment of financial performance goals and such other factors as the compensation committee has deemed appropriate and in our best interests and the best interests of our stockholders. The compensation committee has given different weight at different times to different factors for each named executive officer. Our performance criteria are discussed more fully below under the heading “—Bonus

Compensation—Performance-Based Bonus.” Other than with respect to our performance-based bonuses, the compensation committee has not relied on predetermined formulas or a limited set of criteria when it evaluates the performance of our named executive officers.

The charter of the compensation committee authorizes the committee to engage independent consultants at the expense of the Company.

Elements of Compensation

Our compensation program for named executive officers consists of the following elements of compensation, each described in greater depth below:

- Base salaries.
- Discretionary and performance-based bonuses.
- Equity-based incentive compensation.
- Severance and change-in-control benefits.
- Perquisites.
- General benefits.
- Employment agreements.

We may, from time to time, enter into written agreements to reflect the terms and conditions of employment of a particular named executive officer, whether at the time of hire or thereafter. We consider entering into these agreements when it serves as a meaningful recruitment and retention mechanism. We currently have employment agreements in place with each of our named executive officers. See “Employment Agreements” for additional information regarding our executive officer’s employment agreements.

Base Salary

NAME	2016 SALARY (\$)
Steve Hislop	\$ 606,561
Jon Howie	302,848
Sharon Russell	210,575

We pay base salaries to attract, recruit and retain qualified employees. Our compensation committee reviews and sets base salaries of our named executive officers annually. These salary levels are and will continue to be set based on the named executive officer’s experience and performance with previous employers and negotiations with individual named executive officers. The compensation committee may increase base salaries each year based on its subjective assessment of our company’s and the individual executive officer’s performance and each named executive officer’s experience, length of service and changes in responsibilities. The weight given such factors by the compensation committee may vary from one named executive officer to another.

Bonus Compensation

NAME	PERFORMANCE-BASED BONUS				
	DISCRETIONARY AWARD (\$)	THRESHOLD AWARD (\$)	TARGET AWARD (\$)	MAXIMUM AWARD (\$)	ACTUAL AWARD (\$)
Steve Hislop	\$ 1,000	\$ —	\$ 303,281	\$ 606,561	\$ 365,648
Jon Howie	1,000	—	151,424	302,848	182,564
Sharon Russell	1,000	—	63,172	126,344	76,163

Performance-Based Bonus

In line with our strategy of rewarding performance, our executive compensation program includes performance-based bonuses to named executive officers under our cash bonus plan, which complies with Section 162(m) of the Code. Our compensation committee establishes annual target performance-based bonuses for each named executive officer during the first quarter of the year.

The target and maximum performance-based bonuses have been set at levels our compensation committee believes will provide a meaningful incentive to achieve company and individual goals and contribute to our financial performance. In 2016, the target and maximum performance-based bonus were set at 50% and 100%, respectively, of annual base salary for our Chief Executive Officer and Chief Financial Officer and 30% and 60%, respectively, of annual base salary for our other named executive officer. No bonus is paid if actual Company Adjusted EBITDA is 90% or less of budget Company Adjusted EBITDA. To the extent that actual Company Adjusted EBITDA exceeds 90% of budget Company Adjusted EBITDA, the plan provides that we will pay a bonus based on where performance falls on a linear basis between 90% and 100% of budget Company Adjusted EBITDA and between 100% and 110% of budget Company Adjusted EBITDA. In each circumstance, the compensation committee retains discretion to adjust the amount paid under the plan based on individual and company circumstances. If our budgeted Company Adjusted EBITDA is achieved, each individual will earn 100% of their target bonus.

This performance bonus is determined based primarily on the extent to which we achieve our budget Company Adjusted EBITDA goal. Company Adjusted EBITDA is our earnings before interest, taxes, depreciation and amortization plus any loss on sales of asset (less any gain on a sale of assets); stock-based compensation; and certain non-cash and other adjustments. For each 1.0% that actual Company Adjusted EBITDA is above or below budget Company Adjusted EBITDA, the percentage of the target they receive will increase or decrease by 10%, respectively, of the Company Adjusted EBITDA portion of their target bonus. For example, if actual Company Adjusted EBITDA is 1% above budget Company Adjusted EBITDA, the named executive officers will receive 1.1 times their target bonus. The maximum a named executive officer may receive for Company Adjusted EBITDA performance is 2.0 times their target bonus. We use our Company Adjusted EBITDA, together with financial measures prepared in accordance with GAAP, such as revenue, net income and cash flows from operations, to assess our historical and prospective operating performance and to enhance our understanding of our core operating performance. We also use our Company Adjusted EBITDA internally to evaluate the performance of our personnel and also as a benchmark to evaluate our operating performance or compare our performance to that of our competitors. The use of Company Adjusted EBITDA as a performance measure permits a comparative assessment of our operating performance relative to our performance based on our GAAP results, while isolating the effects of some items that vary from period to period without any correlation to core operating performance or that vary widely among similar companies.

Target, maximum and actual performance-based bonuses for 2016 for each of the named executive officers are shown in the table above and the actual paid performance-based bonus is shown in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table.

Discretionary Bonus

Historically, each of our named executive officers has received a \$1,000 holiday bonus each December. The discretionary bonuses awarded to our named executive officers in 2016 are set forth in the “Bonus” column of the Summary Compensation Table.

Equity Compensation

We pay equity-based compensation to our named executive officers because it links our long-term results achieved for our stockholders and the rewards provided to named executive officers, thereby ensuring that such officers have a continuing stake in our long-term success.

Historically, we have granted equity awards to our named executive officers in conjunction with significant transactions and in conjunction with a named executive officer’s initial hire or promotion to an executive position. Additionally, we have granted equity awards to our named executive officers annually to further align the interests of our executives with those of our stockholders. We have provided this equity compensation to reward performance as well as to promote retention through delayed vesting. However, we believe that by weighting total compensation in favor of discretionary and performance-based bonuses, we have appropriately rewarded individual achievement while at the same time

providing incentives to promote Company performance. In addition to stock options and deferred shares (referred to herein as restricted stock units), the 2012 Omnibus Equity Incentive Plan (the "2012 Plan") provides for the issuance of share appreciation rights, restricted shares, performance shares and other share based awards. In the future, we may consider granting other forms of equity to our named executive officers. For additional information regarding our 2012 Plan, see "—2012 Omnibus Equity Incentive Plan" below.

We adopted the 2012 Plan as insufficient shares were available under the 2006 Stock Option Plan (the "2006 Plan"), which was adopted in November 2006, in order to provide an incentive to employees selected by the board of directors for participation. In connection with the adoption of the 2012 Plan, we terminated the 2006 Plan, and no further awards will be granted under the 2006 Plan. The termination of the 2006 Plan did not affect awards outstanding under the 2006 Plan at the time of its termination and the terms of the 2006 Plan will continue to govern outstanding awards granted under the 2006 Plan. The outstanding options under the 2006 Plan were fully vested as of December 25, 2016.

We will make future grants of equity awards to the current named executive officers and other employees under the 2012 Plan. We will make these grants to the current named executive officers and other employees because we believe that we should provide our employees an opportunity to share in our success provided they continue to contribute to our success.

In the first quarter of 2014, the compensation committee determined it would grant restricted stock units in addition to stock options as part of the Company's equity compensation package. Restricted stock units held by each of the named executive officers (and certain of our other salaried employees) vest ratably over a period of four years, subject to the applicable named executive officer remaining employed through each vesting date. In the future, the compensation committee may grant stock options, restricted stock units or a combination of both.

Severance and Change-in-Control Benefits

We currently have employment agreements in place with all of our named executive officers that provide termination or severance benefits. We agreed to pay termination or severance benefits in the event of an executive's termination by us without cause as a retention incentive. We believe this level of severance benefit provides our executives with the assurance of security if their employment is terminated for reasons beyond their control. For additional information on the severance benefits provided under the employment agreements with our executive officers see "—Employment Agreements."

Under the 2012 Plan, a named executive officer's awards granted under that plan will immediately vest in the event a change in control (as defined in the 2012 Plan) occurs and the officer's employment is terminated without cause within 24 months following the change in control.

The amount each named executive would be entitled to receive in the event of a termination is reported below under the heading "—Potential Payments upon Termination or Change in Control."

Perquisites

In 2016, the aggregate incremental cost to us of the perquisites received by each of the named executive officers did not exceed \$10,000 and, accordingly, this benefit is not included in the Summary Compensation Table below. We provide the named executive officers with complimentary dining privileges at our restaurants. We view complimentary dining privileges as a meaningful benefit to our named executive officers as it is important for named executive officers to experience our products and services in order to better perform their duties for us.

General Benefits

We provide a limited number of personal benefits to our named executive officers. Our named executive officers participate in our health and benefit plans, and are entitled to vacation and paid time off based on our general vacation policies.

The following are standard benefits offered to all of our eligible employees, including the named executive officers.

Retirement Benefits. We maintain a tax-qualified 401(k) savings plan. Employees are eligible after one year of service and may defer up to the maximum amount allowable by the IRS.

Medical, Dental, Life Insurance and Disability Coverage. Active employee benefits such as medical, dental, life insurance and disability coverage are available to all eligible employees, including our named executive officers.

Moving Costs . We will reimburse out-of-pocket moving expenses for eligible executive officers in conjunction with their hiring.

Other Paid Time Off Benefits . We also provide vacation and other paid holidays to all employees, including the named executive officers, which we believe are appropriate for a company of our size and in our industry.

Employment Agreements

We have entered into employment agreements with Messrs. Hislop and Howie and Mrs. Russell. The employment agreements do not provide for fixed terms.

The employment agreements provide that Messrs. Hislop and Howie and Mrs. Russell, will receive an annual base salary of at least \$366,608, \$250,000 and \$167,094, respectively. Mr. Hislop and Mr. Howie are each eligible to receive a target annual bonus of 50% of their annual base salary, based upon the achievement of goals and objectives determined by our compensation committee with a minimum and maximum bonus of 0% and 100% of their annual base salary, respectively. Mrs. Russell is eligible to receive a target annual bonus of 30% of her annual base salary, based upon the achievement of goals and objectives determined by our compensation committee with a minimum and maximum bonus of 0% and 60% of her annual base salary respectively. The employment agreements provide that each executive will be eligible to participate in employee plans, including 401(k), medical and dental plans, made available to our other senior executives generally.

Each employment agreement provides for severance benefits if the executive's employment is terminated without cause (as defined in the employment agreement), subject to the executive's compliance with certain confidentiality, non-compete, non-solicitation and non-disparagement obligations and the execution of a general release of claims. In the event Mr. Hislop's employment is terminated without cause, he is entitled to continue to receive his base salary for two years following the termination of his employment. In the event Mr. Howie or Mrs. Russell is terminated, each is entitled to continue to receive one year's base salary following their termination. In the event of termination, all of our executive officers are entitled to continue to receive the amount that the Company was subsidizing for the executive and his or her dependents' medical and dental insurance coverage during the same period the executive is entitled to continue to receive his or her base salary after his termination.

Tax and Accounting Considerations

U.S. federal income tax generally limits the tax deductibility of compensation we pay to our executive officers to \$1.0 million in the year the compensation becomes taxable to the executive officers. There is an exception to the limit on deductibility for performance-based compensation that meets certain requirements. Although deductibility of compensation is preferred, tax deductibility is not a primary objective of our compensation programs. Rather, we seek to maintain flexibility in how we compensate our executive officers so as to meet a broader set of corporate and strategic goals and the needs of stockholders, and as such, we may be limited in our ability to deduct amounts of compensation from time to time. Accounting rules require us to expense the cost of our stock option and restricted stock unit awards. Because of option and restricted stock unit expensing and the impact of dilution on our stockholders, we pay close attention to, among other factors, the type of equity awards we grant and the number and value of the shares underlying such awards.

2012 Omnibus Equity Incentive Plan

The purposes of the 2012 Plan are to provide additional incentives to our management, employees, directors, independent contractors and consultants, to strengthen their commitment, motivate them to faithfully and diligently perform their responsibilities and to attract and retain competent and dedicated persons whose contributions are essential to the success of our business and whose efforts will impact our long-term growth and profitability. To accomplish such purposes, the 2012 Plan provides for the issuance of stock options, share appreciation rights, restricted shares, restricted stock units, performance shares and other share-based awards, which we refer to as plan awards.

Summary of 2012 Plan Terms

We reserved a total of 1,250,000 shares of common stock that are available for issuance under the 2012 Plan. The maximum aggregate awards that may be granted during any fiscal year to any individual will be 200,000 shares, and in the case of options to acquire shares, with a per share exercise price equal to the grant date fair market value of a share. If the shares underlying any plan award are forfeited, cancelled, exchanged or surrendered or if a plan award otherwise terminates or expires without a distribution of shares, the shares will again become available under the 2012 Plan provided that shares surrendered or withheld as payment of either the exercise price of an award (including shares otherwise underlying an award of a share appreciation right that are retained by us to account for the grant price of such share appreciation right) and/or withholding taxes in respect of an award will no longer be available for grant under the 2012 Plan, and notwithstanding that a share appreciation right is settled by the delivery of a net number of shares of the full number of shares underlying such share appreciation right will not be available for subsequent awards under the 2012 Plan. In addition, awards are paid or settled in cash, the number of shares with respect to which such payment or settlement is made will again be available for grants of awards under the 2012 Plan and shares underlying awards that can only be settled in cash will not be counted against the aggregate number of shares available for awards under the 2012 Plan.

The 2012 Plan is administered by our compensation committee (the "Plan Administrator"). The Plan Administrator may construe and interpret the 2012 Plan and may adopt, alter and repeal rules and make all other determinations necessary or desirable to administer the 2012 Plan.

The Plan Administrator may select the employees, directors, independent contractors and consultants who will receive plan awards, determine the terms and conditions of those awards, including but not limited to the exercise price, the number of shares of common stock subject to awards, the term of the awards, and the vesting schedule applicable to awards. Unless otherwise determined by the Plan Administrator, all awards that vest solely on a requirement of continued employment or service may not become fully vested prior to the second anniversary of the date upon which the award is granted.

We may issue stock options under the 2012 Plan. All stock options granted under the 2012 Plan are intended to be non-qualified stock options and are not intended to qualify as incentive stock options within the meaning of Section 422 of the Code. The option exercise price of all stock options granted under the 2012 Plan will be determined by the Plan Administrator, but in no event will the exercise price be less than 100% of the fair market value of the common stock on the date of grant. The term of all stock options granted under the 2012 Plan will be determined by the Plan Administrator, but may not exceed ten years from the date of grant. Each stock option will be exercisable at such time and subject to such terms and conditions as determined by the Plan Administrator in the applicable stock option agreement. Other than equitable adjustments made in connection to a change in capitalization, under no circumstances will an exercise price be reduced following the date of the grant of an option, nor will an option be cancelled in exchange for a replacement option with a lower exercise price without stockholder approval.

Unless the applicable stock option agreement provides otherwise, in the event of an optionee's termination of employment or service for any reason other than for cause, disability or death, such optionee's stock options (to the extent exercisable at the time of such termination) generally will remain exercisable until 30 days after such termination and then expire. Unless the applicable stock option agreement provides otherwise, in the event of an optionee's termination of employment or service due to, disability or death, such optionee's stock options (to the extent exercisable at the time of such termination) generally will remain exercisable until one year after such termination and will then expire. For certain employees, a demotion in position will result in a loss of unvested options. If termination was for any other reason other than for cause, stock options that were not exercisable on the date of termination will expire at the close of business on the date of such termination. In the event of an optionee's termination of employment or service for cause, such optionee's outstanding stock options will expire at the commencement of business on the date of such termination. The Plan Administrator may waive the vesting requirements based on such factors as the Plan Administrator deems appropriate.

Share appreciation rights ("SARs") may be granted under the 2012 Plan either alone or in conjunction with all or part of any stock option granted under the 2012 Plan. A free-standing SAR granted under the 2012 Plan entitles its holder to receive, at the time of exercise, the number of shares, or alternate form of payment determined by the Plan Administrator, equal in value to the excess of the fair market value (at the date of exercise) over a specified price fixed

by the Plan Administrator (which shall be no less than fair market value at the date of grant). A SAR granted in conjunction with all or part of an option under the 2012 Plan entitles its holder to receive, upon surrendering of the related option, the number of shares, or alternate form of payment determined by the Plan Administrator, equal in value to the excess of the fair market value (at the date of exercise) over the exercise price of the related stock option. The term of all SARs granted under the 2012 Plan will be determined by the Plan Administrator, but may not exceed ten years from the date of grant. In the event of a participant's termination of employment or service, free-standing SARs will be exercisable at such times and subject to such terms and conditions determined by the Plan Administrator, while SARs granted in conjunction with all or part of an option will be exercisable at such times and subject to terms and conditions applicable to the related option. Other than equitable adjustments made in connection to a change in capitalization, under no circumstances will an exercise price be reduced following the date of the grant of a SAR, nor will a SAR be cancelled in exchange for a replacement SAR with a lower exercise price without stockholder approval.

Restricted shares, restricted stock units and performance shares may be granted under the 2012 Plan. The Plan Administrator will determine the number of shares to be awarded, the purchase price, vesting schedule and performance objectives, if any, applicable to the grant of restricted shares, restricted stock units and performance shares. Participants with restricted shares and performance shares generally have all of the rights of a stockholder and restricted stock units generally do not have the rights of a stockholder. However, during the restricted period, restricted stock units may be paid dividends on the number of shares covered by the restricted stock units if the applicable award agreement so provides. If the performance goals and other restrictions are not satisfied, the restricted shares, restricted stock units and/or performance shares will be forfeited in accordance with the terms of the grant. Subject to the provisions of the 2012 Plan and applicable award agreement, the Plan Administrator has sole discretion to provide for the lapse of restrictions in installments or the acceleration or waiver of restrictions (in whole or part) under certain circumstances, based upon such factors including, but not limited to, the attainment of certain performance goals, a participant's termination of employment or service or a participant's death or disability.

The 2012 Plan also authorizes grants of other share-based awards, such as unrestricted shares, restricted stock units, dividend equivalents or performance units. The Plan Administrator will determine the terms and conditions of such awards, consistent with the terms of the 2012 Plan, at the date of grant or thereafter, including any performance goals and performance periods.

In the case of awards subject to performance goals, such goal may be based on one or more of the following criteria: (a) earnings, including one or more of operating income, earnings before or after taxes, earnings before or after interest, depreciation, amortization, adjusted EBITDA, economic earnings, or extraordinary or special items or book value per share (which may exclude nonrecurring items); (b) pre-tax income or after-tax income; (c) earnings per share (basic or diluted); (d) operating profit; (e) revenue, revenue growth or rate of revenue growth; (f) return on assets (gross or net), return on investment, return on capital, or return on equity; (g) returns on sales or revenues; (h) operating expenses; (i) share price appreciation; (j) cash flow, free cash flow, cash flow return on investment (discounted or otherwise), net cash provided by operations, or cash flow in excess of cost of capital; (k) implementation or completion of critical projects or processes; (l) cumulative earnings per share growth; (m) operating margin or profit margin; (n) cost targets, reductions and savings, productivity and efficiencies; (o) strategic business criteria, consisting of one or more objectives based on meeting specified market penetration, geographic business expansion, customer satisfaction, employee satisfaction, human resources management, supervision of litigation, information technology, and goals relating to acquisitions, divestitures, joint ventures and similar transactions, and budget comparisons; (p) personal professional objectives, including any of the foregoing performance goals, the implementation of policies and plans, the negotiation of transactions, the development of long term business goals, formation of joint ventures, research or development collaborations, and the completion of other corporate transactions; and (q) any combination of, or a specified increase in, any of the foregoing. Where applicable, a performance goal may be expressed in terms of attaining a specified level of the particular criteria or the attainment of a percentage increase or decrease in the particular criteria, and may be applied to one or more of the company or a company affiliate, or a division or strategic business unit of the company, or may be applied to the performance of the company relative to a market index, a group of other companies or a combination thereof, all as determined by the Administrator. The performance goals may include a threshold level of performance below which no payment may be made (or no vesting may occur), levels of performance at which specified payments may be made (or specified vesting may occur), and a maximum level of performance above which no additional payment shall be made (or at which full vesting may occur). Each of the foregoing performance goals will determine in accordance with generally accepted accounting principles, as applicable, and may be subject to certification

by the committee; provided, that the committee shall have the authority to make equitable adjustments to the performance goals, to the extent permitted under Section 162(m) of the Code, in recognition of unusual or non-recurring events affecting the company or any company affiliate thereof or the financial statements of the company or any company affiliate thereof, in response to changes in applicable laws or regulations, or to account for items of gain, loss or expense determined to be extraordinary or unusual in nature or infrequent in occurrence or related to the disposal of a segment of a business or related to a change in accounting principles.

In the event of a merger, amalgamation, consolidation, recapitalization, reorganization, stock dividend, stock split or other change in corporate structure affecting the common stock, an equitable substitution or proportionate adjustment shall be made, as may be determined by the Plan Administrator, in (a) the aggregate number of shares of common stock reserved for issuance under the 2012 Plan and the maximum number of shares of common stock that may be subject to awards granted to any participant in any calendar year, (b) the kind, number and exercise price subject to outstanding stock options and SARs granted under the 2012 Plan, and (c) the kind, number and purchase price of shares of common stock subject to outstanding awards of restricted shares, restricted stock units, performance shares or other share-based awards granted under the 2012 Plan. In addition, the Plan Administrator, in its discretion, may terminate all outstanding awards for the payment of cash or in-kind consideration. However, no adjustment or payment may cause any award under the 2012 Plan that is or becomes subject to Section 409A of the Code to fail to comply with the requirements of that section.

Unless otherwise determined by the Plan Administrator and evidenced in an award agreement, in the event that a change in control occurs and a participant's employment or service is terminated without cause on or after the effective date of the change in control but prior to 24 months following the change in control, then any unvested or unexercisable portion of any award carrying a right to exercise shall become fully vested and exercisable, and the restrictions, deferral limitations, payment conditions and forfeiture conditions applicable to an award granted under the 2012 Plan will lapse and such unvested awards will be deemed fully vested and any performance conditions imposed with respect to such awards will be deemed to be fully achieved at the target level. Under the 2012 Plan, the term change in control generally means: (a) any person other than the company, any company affiliate or subsidiary, becomes the beneficial owner, directly or indirectly, of securities representing 50% or more of our then-outstanding voting power (excluding shares purchased directly from us or our affiliates); (b) a change in the majority of the membership of our board of directors other than directors approved by two-thirds of the directors (other than directors assuming office in conjunction with an election contest) who constituted the board of directors at the time our IPO was consummated, or whose election was previously so approved; (c) the consummation of a merger, amalgamation or consolidation of us or any of our subsidiaries with any other corporation, other than a merger or amalgamation immediately following which our board of directors immediately prior to the merger or amalgamation constitute at least a majority of the directors of the company surviving or continuing after the merger or amalgamation or, if the surviving company is a subsidiary, the ultimate parent thereof; or (d) our stockholders approve a plan of complete liquidation or dissolution of our company or there is consummated an agreement for the sale or disposition of all or substantially all of our assets, other than (1) a sale of such assets to an entity, at least 50% of the voting power of which is held by our stockholders following the transaction in substantially the same proportions as their ownership of the company immediately prior to the transaction or (2) a sale or disposition of such assets immediately following which our board of directors immediately prior to such sale constitute at least a majority of the board of directors of the entity to which the assets are sold or disposed, or, if that entity is a subsidiary, the ultimate parent thereof.

Until such time as the awards are fully vested and/or exercisable in accordance with the 2012 Plan, awards may not be sold, assigned, mortgaged, hypothecated, transferred, charged, pledged, encumbrance, gifted, transferred in trust (voting or other) or disposed in any other manner, except with the prior written consent of the administrator, which consent may be granted or withheld in the sole discretion of the Plan Administrator.

The 2012 Plan provides our board of directors with authority to suspend or terminate the 2012 Plan or any award, or revise and amend the 2012 Plan. However, stockholder approval is required for any amendment to the extent it is required to comply with applicable law or stock exchange listing requirements. The 2012 Plan will automatically terminate on the tenth anniversary of the effective date (although awards granted before that time will remain outstanding in accordance with their terms).

The award agreements for the 2012 Plan provide the board of directors and the Plan Administrator with the sole discretion to cancel or require repayments of awards in the event an award recipient engages in certain conduct deemed harmful to the Company.

2006 Stock Option Plan

In connection with the adoption of the 2012 Plan the board of directors terminated the 2006 Plan effective as of July 27, 2012, and no further awards may be granted under the 2006 Plan after such date. However, the termination of the 2006 Plan did not affect awards outstanding under the 2006 Plan at the time of its termination and the terms of the 2006 Plan continue to govern outstanding awards granted under the 2006 Plan. The options granted under the 2006 Plan expire 10 years after the date of grant. The outstanding options under the 2006 Plan were fully vested as of December 25, 2016.

Potential Payments upon Termination or Change in Control

Termination of Employment

We currently have employment agreements in place with Messrs. Hislop and Howie and Mrs. Russell that would entitle them to severance payments upon termination of employment. Assuming the employment of our executive officers was terminated by us without cause on December 23, 2016, Messrs. Hislop and Howie and Mrs. Russell would be entitled to \$1,213,122, \$302,848 and \$210,575, respectively. For information on the severance benefits the executives are entitled to in the event of a termination of employment, under their employment agreements entered into on November 16, 2011, see "Executive Compensation—Employment Agreements" above.

Change-in-Control

Under the 2012 Plan, a named executive officer's awards granted under that plan will immediately vest in the event that a change in control (as defined in the 2012 Plan or a "2012 Change in Control") occurs and the officer's employment is terminated without cause within 24 months following the change in control.

If a 2012 Change in Control occurred and the employment of Messrs. Hislop and Howie and Mrs. Russell was terminated on December 23, 2016 Messrs. Hislop and Howie and Mrs. Russell would have received \$1,157,270, \$697,980 and \$394,840, respectively, related to accelerated vesting of equity awards outstanding under the 2012 Plan.

As of December 23, 2016, the closing price of our common stock on the most recent trading day, was \$32.95 per share.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The following is a summary of transactions that occurred on or were in effect after December 27, 2015 to which we have been a party in which the amount involved exceeded \$120,000 and in which any of our executive officers, directors or beneficial holders of more than 5% of our capital stock had or will have a direct or indirect material interest.

Default License Letter Agreements

We entered into letter agreements in November 2006 with respect to the properties that we lease from Young/Zapp GP, LLC ("Young/Zapp") and its subsidiaries, an entity owned 47.5% by each of our Founders and 5.0% by Sharon Russell, and its subsidiaries. Pursuant to these letter agreements, if we default under our lease agreements with Young/Zapp and terminate possession of the lease location, Young/Zapp may operate a Tex-Mex or Mexican food restaurant in that location. However, they may not use our trademarks or trade names or confusingly similar trademarks or tradenames. The approximate dollar value of this agreement was not determinable.

Intellectual Property

We entered into a recipe license agreement with MY/ZP IP Group, Ltd ("MY/ZP IP") in November 2006 to allow the use of certain of our recipes by MY/ZP IP at Shady Grove, Inc. ("Shady Grove"), a restaurant owned by our Founders who are also directors of our Company. Shady Grove is a restaurant that serves American and Southwestern cuisine, such as hamburgers, sandwiches, fries, queso, cheese sticks and chili, and for which we provide management and administrative services pursuant to a management agreement with Three Star Management, Ltd. The approximate dollar value of this agreement was not determinable.

Management Agreement

We entered into a management agreement in November 2006 with Three Star Management, Ltd. to provide management services, such as administrative, accounting and human resources support, to Shady Grove. In consideration of the services we provide to Shady Grove, Three Star Management, Ltd. agreed to pay us a monthly fee of \$10,000, a pro rata share of the wages and expenses incurred to provide the services and the reimbursement of reasonable out-of-pocket expenses. Due to a reduction in management services we provide, we agreed to reduce the fee to a \$10,000 quarterly payment.

Management System License Agreement

In November 2006, we entered into a management system license agreement with MY/ZP IP to allow the use of certain of our handbooks, personnel training materials and other materials relating to our business know-how and personnel management know-how by Shady Grove and in any other endeavors of MY/ZP IP, subject to certain conditions. The approximate dollar value of this agreement was not determinable.

Cross-Marketing License Agreement

In November 2006, we entered into a cross-marketing license agreement with MY/ZP IP to allow Shady Grove to market our brand at Shady Grove and allow us to market Shady Grove at our locations. Some cross-promotional activities include selling merchandise and co-branding our website and menus. The approximate dollar value of this agreement was not determinable.

Parade Sponsorship Agreement

We entered into a parade sponsorship agreement in November 2006 with MY/ZP IP to obtain the right to sponsor, manage and operate the "Chuy's Children Giving To Children Parade" and to use MY/ZP IP's trademark in connection with the parade. In addition, we granted MY/ZP IP a limited license to use the Chuy's name in their trademark "Chuy's Children Giving To Children Parade." The approximate dollar value of this agreement was not determinable.

Leases

On December 1, 2016, we entered through our subsidiary Chuy's Opco, Inc. into a sublease with Young Zapp Graceland, Ltd. for additional office space next to the Company's current office space. Young Zapp Graceland, Ltd. is owned by John Zapp and Michael Young, directors of the Company, and Sharon Russell, an executive officer of the Company. The audit committee and the disinterested directors of the board approved the transaction after determining that the transaction was in the ordinary course of the Company's business and was on terms as favorable as would have been obtained by the Company in a comparable arm's length transaction with an independent, unrelated third party. The sublease began on January 1, 2017 and has a five-year term with an option to extend for an additional five years. The Company will be required to pay rent of \$17,292 per month during the first year. This monthly rent amount increases approximately \$500 each year. The sublease is a triple net lease and the Company will be responsible for the taxes, insurance and maintenance costs related to the property.

In addition to our corporate office, we also lease our North Lamar, River Oaks, Highway 183, Round Rock, Shenandoah and Arbor Trails properties from subsidiaries of Young/Zapp. In 2016, we paid Young/Zapp \$133,962, \$290,418, \$431,029, \$553,091, \$544,044, \$300,309, and \$398,325, which includes rent and a percentage of gross sales in excess of our base rent, with respect to our headquarters, North Lamar, River Oaks, Hwy 183, Round Rock, Shenandoah and Arbor Trails locations, respectively.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. Each indemnification agreement provides that, subject to limited exceptions, and among other things, we will indemnify the director or executive officer to the fullest extent permitted by law for claims arising in his or her capacity as our director or officer and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Related Party Transactions Policy

- any of our directors, director nominees or executive officers;
- any beneficial owner of more than 5% of our outstanding stock; and
- any immediate family member of any of the foregoing.

Our audit committee reviews any financial transaction, arrangement or relationship that:

- would cast doubt on the independence of a director;
- would present the appearance of a conflict of interest between us and the related party; or
- is otherwise prohibited by law, rule or regulation.

The audit committee reviews each such transaction, arrangement or relationship to determine whether a related party has, has had or expects to have a direct or indirect material interest. Following its review, the audit committee will take such action as it deems necessary and appropriate under the circumstances, including approving, disapproving, ratifying, cancelling or recommending to management how to proceed if it determines a related party has a direct or indirect material interest in a transaction, arrangement or relationship with us. Any member of the audit committee who is a related party with respect to a transaction under review will not be permitted to participate in the discussions or evaluations of the transaction; however, the audit committee member will provide all material information concerning the transaction to the audit committee. The audit committee will report its action with respect to any related party transaction to the board of directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Compliance with Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's executive officers and directors and persons who own more than 10% of a registered class of its equity securities to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% stockholders are required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms furnished to the Company, the Company believes that during 2016, all Section 16(a) filing requirements applicable to its officers, directors and greater than 10% stockholders were in compliance with Section 16(a) except for one late Form 4 that reported five transactions that were not reported on a timely basis for Mr. Hatcher.
