Regions Bank introduces new card management tool that give customers more security and control over card usage

Regions LockIt lets customers turn on/off card transaction authorizations on eligible cards through the Regions Mobile App

BIRMINGHAM, Ala.--(BUSINESS WIRE)-- [Regions Bank](#) has introduced an innovative service that gives customers more control over how and when their Regions' debit, credit and prepaid cards are used. [Regions LockIt](#) lets users turn on/off authorizations for certain types of transactions on their Regions personal CheckCards, Credit Cards and Now Prepaid Cards in real time, providing additional fraud mitigation and convenient spending control tools through the Regions Mobile App.

This innovative feature provides customers [with another tool to manage the safety and security of their finances](#), through a best-in-class service that can be activated and used with each eligible Regions Consumer Card in a customer's portfolio. Features of the service include the ability to:

- | Set controls over authorizations for online, in-store or ATM transactions.
- | Turn off authorizations when a card is misplaced or left inadvertently or when a customer has concerns about other potential compromises; then turn authorizations back on once the card is recovered.
- | Receive a real-time alert from the Regions Mobile App when LockIt blocks a transaction, and view a repository of all blocked transactions.

"Making life better for our customers can be as simple as making it easier for them to safeguard and manage their own finances," said Scott Peters, head of Regions Consumer Services. "LockIt gives Regions customers more security, flexibility and convenience to ensure their cards are used how they want, when they want."

LockIt was implemented using First Performance Global, an innovative technology platform that captures card transaction data in real time.

"We are very excited to see the immediate benefits to Regions customers from our work together on LockIt," said Bill Hernandez, Chief Executive Officer with First Performance Global. "Working together, we've been able to bring an innovative and powerful tool to their card holders, place control and alerts in their hands and provide the company a strong foundation for meeting present and future business needs."

LockIt is available with no additional card registration and no fees to customers and can be accessed through the Regions Mobile App, available for download in the Android and Apple app stores.

About Regions Financial Corporation

Regions Financial Corporation (NYSE:RF), with \$123 billion in assets, is a member of the S&P 500 Index and is one of the nation's largest full-service providers of consumer and commercial banking, wealth management, mortgage, and insurance products and services.
