## **EMCORE Corporation to Report Fiscal 2016 Fourth Quarter and Year-End Results on Wednesday, December 7, 2016**

ALHAMBRA, Calif., Dec. 02, 2016 (GLOBE NEWSWIRE) -- EMCORE Corporation (NASDAQ:EMKR), a leading provider of Indium Phosphide (InP) optical chips, components, subsystems and systems for the broadband and specialty fiber optics market, will announce its fiscal 2016 fourth quarter and full year results for the year ended September 30, 2016 on Wednesday, December 7, 2016 before markets open. A conference call discussing the results will begin at 8:00 A.M. EST.

### **Conference Call Information**

The company will host a conference call to discuss these results at 8:00 A.M. EST (5:00 A.M. PST) on Wednesday, December 7, 2016. Chief Executive Officer, Jeff Rittichier and Chief Financial Officer, Jikun Kim will provide an overview of the results, discuss current business conditions and conduct a question and answer session.

The call will be available, live, to interested parties by dialing 866-428-9517. For international callers, please dial +1 224-357-2194. The conference passcode number is 23621117. The call will be webcast live via the Company's website at <http://www.emcore.com>. Please go to the site beforehand to register and download any necessary software. A webcast will be available for replay beginning Wednesday, December 7, 2016 following the conclusion of the call on the Company's website.

### **About EMCORE**

EMCORE Corporation designs and manufactures Indium Phosphide (InP) optical chips, components, subsystems and systems for the broadband and specialty fiber optics market. EMCORE was the pioneer in linear fiber optic transmission technology, and today is a leader in optical components, as well as a provider of complete end-to-end solutions for high-speed communications network infrastructures, enabling systems and service providers to meet growing demand for bandwidth and connectivity. EMCORE's advanced optical technologies are designed for cable television (CATV) and fiber-to-the-premise (FTTP) networks, telecommunications and data centers, satellite communications, aerospace and defense, wireless networks, and broadcast and professional audio/video systems. With its world-class InP semiconductor wafer fabrication facility, EMCORE has fully vertically-integrated manufacturing capability and also provides contract design, foundry and component packaging services. EMCORE is headquartered in Alhambra, California with InP wafer fabrication operations in Alhambra, and ISO 9001 certified manufacturing in Alhambra CA, and Langfang and Beijing, China.
