EMCORE Corporation to Present at Upcoming Investor Conferences

ALHAMBRA, Calif., May 05, 2017 (GLOBE NEWSWIRE) -- EMCORE Corporation (NASDAQ:EMKR), a leading provider of advanced *Mixed-Signal Optics* products that provide the foundation for today's high-speed communication network infrastructures and leading-edge defense systems, today announced that management of EMCORE Corporation will present at the following investor conferences:

- | Jefferies 2017 Global Technology Conference at 9:00 AM EDT on Wednesday, May 10, 2017 in Miami, FL.
- | 18th Annual B. Riley & Co. Institutional Investor Conference at 12:30 PM PDT on Thursday, May 25, 2017 in Santa Monica, CA.

A live webcast and replay webcast for each presentation will be available at <http://investor.emcore.com>

About EMCORE

EMCORE Corporation is a leading provider of advanced *Mixed-Signal Optics* products that provide the foundation for today's high-speed communication network infrastructures and leading-edge defense systems. Our optical chips, components, subsystems and systems enable broadband and wireless providers to continually enhance their network capacity, speed and coverage to advance the free flow of information that empowers the lives of millions of people daily. The *Mixed-Signal Optics* technology at the heart of our broadband transmission products is shared with our fiber optic gyros and military communications links to provide the aerospace and defense markets state-of-the-art systems that keep us safe in an increasingly unpredictable world. EMCORE's performance-leading optical components and systems serve a broad array of applications including cable television, fiber-to-the-premise networks, telecommunications, wireless infrastructure, satellite RF fiber links, navigation systems and military communications. EMCORE has fully vertically-integrated manufacturing capability through its world-class Indium Phosphide (InP) wafer fabrication facility at our headquarters in Alhambra, California and is ISO 9001 certified in Alhambra, and at our facilities in Warminster, Pennsylvania and China.
