Organization

Committee Members

Recognizing that the Company is a "controlled company" under the rules of NASDAQ, Committee membership may consist of both independent and non-independent directors. If the Company's "controlled" status changes, the Committee shall then be comprised of the number of independent directors then consistent with NASDAQ rules.

The members and Chair of the Committee shall be appointed by the full Board on an annual basis and may be re-appointed or replaced at the Board's discretion at any time. All Committee members shall be familiar with corporate governance issues and best practices and will undertake to keep current on developments in this field while serving on the Committee.

Committee Meetings

The Chair of the Committee shall be responsible for calling meetings of the Committee, developing the meeting agenda, providing pre-reading materials to Committee members relative to agenda items and chairing the meetings.

The Committee shall meet at least twice a year. Meetings may be in person or by conference call. A majority of the Committee members must be in attendance for a quorum. The Committee may also act by unanimous written consent. The Committee shall make regular reports to the Board on the Committee's activities.

Professional Advisors

The Committee shall have sole authority to retain and terminate any search firm used to identify candidates for the Board, including the sole authority to approve such firm's fees and other retention terms. The Committee shall also have the authority

to retain other professional advisors, when necessary or appropriate. The Company shall provide funding to cover the professional fees of any such advisors that have been approved by the Committee.

Responsibilities

Nomination

The Committee's role and duties in Board nomination extend only to those Board candidates who will be presented to the stockholders for election at the Annual Meeting. Where a third party has the right to nominate one or more directors to the Company's Board, the selection and nomination of such directors need not be subject to the Committee's process.

Director Criteria and Qualifications

The Committee shall develop criteria and qualifications for Board nominees to be used in reviewing and selecting director candidates, including policies with respect to Board and committee member independence, terms, tenure, and compliance with applicable regulatory requirements. Director qualifications shall be set out in the Company's Corporate Governance Guidelines.

The Committee shall present the director criteria and qualifications to the full Board for discussion and approval. Once approved, these will be used by the Committee in recruiting directors, in reviewing any director candidates submitted by stockholders, and in reviewing incumbent directors for re-nomination. The Committee will review the director criteria and qualifications regularly and recommend any revisions or updates to the Board, as appropriate.

Nominating Process

The Committee shall develop a formal nominating process to be used in identifying, recruiting, evaluating, and recommending director candidates. The nominating process shall be set out in the Company's Corporate Governance Guidelines. The Committee will review and refine the process, as appropriate.

Director Nominations

The Committee shall identify, recruit, and recommend candidates for the Board and shall also be responsible for reviewing and evaluating any candidates recommended by stockholders using the nominating process outlined in the Corporate Governance Guidelines. The Committee's recommendations shall be submitted to a vote of the full Board. Candidates approved by a majority of the Board will be presented to stockholders for election at the Annual Meeting.

The Committee may also make recommendations to fill any Board vacancies that arise between Annual Meetings with respect to any Board seats subject to a vote of the stockholders. Such recommendations will also be subject to a vote of the majority of the Board. Board members appointed in this way will be required to stand for election by stockholders at the next Annual Meeting.

Board Committee Appointments

The Committee shall review and recommend to the Board annually the members and chairmen of each Board committee. Such committee appointments shall be subject to approval of the majority of the full Board.

In making its recommendations, the Committee shall take into account the criteria for committee membership as outlined in each committee's charter. Where independence or other regulatory requirements must be met for membership on a particular Board committee, the Committee shall satisfy itself that its recommendations would comply with such requirements.

There is no limitation on the re-appointment of a Board member to serve as a member or chairman of any committee. The Committee may also make recommendations to the Board to replace any committee chairmen or members or to add any members to a Board committee at any time during the year.

Corporate Governance

The Committee is responsible for overseeing the Company's corporate governance policies and practices, including compliance with the corporate governance rules of NASDAQ. The Committee shall keep abreast of best practices, regulatory changes and other developments in the area of corporate governance and shall update the full Board, as appropriate, on these issues.

Corporate Governance Guidelines and Policies

The Committee shall develop a set of Corporate Governance Guidelines for the Company in accordance with NASDAQ rules and present these to the Board for discussion and approval. The Corporate Governance Guidelines shall address, among other things: director qualifications, director responsibilities, director access to management and independent advisors, director orientation and continuing education, management succession, and the annual performance evaluation of the Board.

Once approved, the Committee shall ensure that the Corporate Governance Guidelines are posted on the Company's website and kept current. The Committee shall review the Corporate Governance Guidelines regularly and recommend changes or updates to them, whenever appropriate.

Board Committees

The Committee shall work with the chairmen of each Board committee to ensure that the charter and membership of the committee is in compliance with all applicable regulatory requirements, including the rules of NASDAQ. The Committee shall also review and make recommendations to the Board for any changes to the Board's committee structure or to the charters of any Board committees. The Committee shall ensure the Board committee charters are posted on the Company's website. The Committee's role in the appointment of members and chairmen of the Board committees is outlined above.

Corporate Governance Disclosure

The Committee is responsible for reviewing and overseeing the preparation of any disclosure relative to the Company's corporate governance practices and descriptions of the Board committees provided in the Company's annual proxy statement and/or other materials distributed to stockholders.

Board and Committee Assessment

The Committee is responsible for developing and leading an annual self-assessment of the Board's performance and an annual self-assessment of the Committee's own performance. In addition, the Committee will work with the chairmen of the other Board committees to design and coordinate the annual self-assessments of each Board committee. The Committee shall report to the full Board on the results of the Board and committee assessments each year and make any appropriate recommendations to further enhance Board or committee performance.

Director Orientation and Continuing Education

In conjunction with the Chief Executive Officer and management, the Committee shall develop, implement and regularly review and update the orientation program for new Board members so that they can quickly become sufficiently knowledgeable about the Company and its issues to contribute meaningfully to Board discussions and decision making. The Committee will also work with the CEO, management, and other members of the Board to develop and/or recommend continuing education sessions or programs for directors that are practical and useful.

Other Matters

The Committee shall also fulfill any other responsibilities that may be assigned to the Committee by the Board from time to time.

Charter Modifications/Updating

The Committee shall review this Charter regularly and may recommend to the Board from time to time any proposed changes to the charter and to any other documents related to the responsibilities of the Corporate Governance and Nominating Committee, including the Corporate Governance Guidelines.
