Statement from Zynga's Chief Executive Officer Frank Gibeau

"We had a great first half of the year, beating our Q2 guidance on the top and bottom line and posting our best revenue and bookings performance in four years. Our forever franchises continue to flourish, and today we have the strongest mobile portfolio in company history.

We're also pleased with our mobile momentum, and in Q2, we delivered our highest mobile user pay revenue and bookings. Our mobile audience has also increased, up 28% year-over-year, now at 19 million average mobile DAUs. Our operating cash flow is the best we've generated in five years and, this past quarter, we reached profitability, achieving net income of \$5.1 million," said Frank Gibeau, CEO of Zynga.

Cautionary Statements/Non-GAAP Financial Measures

The preliminary financial results set forth in this press release are estimates based on information currently available to us.

 Zynga Q2 2017 Earnings Highlights

Zynga Q2 2017 Earnings Highlights

While we believe these estimates are meaningful, they could differ from the actual amounts that we ultimately report in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2017. We assume no obligation and do not intend to update these estimates prior to filing our Quarterly Report on Form 10-Q for the quarter ended June 30, 2017.

We have provided in this press release certain non-GAAP financial measures to supplement our consolidated financial statements prepared in accordance with GAAP (our "GAAP financial statements"). Management uses non-GAAP financial measures internally in analyzing our financial results to assess operational performance and liquidity. Our non-GAAP financial measures may be different from non-GAAP financial measures used by other companies.

The presentation of our non-GAAP financial measures is not intended to be considered in isolation or as a substitute for our GAAP financial statements. We believe that both management and investors benefit from referring to our non-GAAP financial measures in assessing our performance and when planning, forecasting and analyzing future periods. We believe our non-GAAP financial measures are useful to investors because they allow for greater transparency with respect to key financial measures we use in making operating decisions and because our investors and analysts use them to help assess the health of our business.

We have provided reconciliations of our non-GAAP financial measures used in this press release to the most directly comparable GAAP financial measures in the following tables. Because of the following limitations of our non-GAAP financial measures, you should consider the non-GAAP financial measures presented in this press release with our GAAP financial statements.

Key limitations of our non-GAAP financial measures include:

- 1 Bookings does not reflect that we defer and recognize online game revenue and revenue from certain advertising transactions over the estimated average life of durable virtual goods or as virtual goods are consumed.
