INTL FCStone Financial Launches Agency Commercial Mortgage-Backed Securities Trading

Asset-Backed Securities trading now open to securities rated in all investment grade categories

NEW YORK, NY -- (Marketwired) -- 02/27/17 -- [INTL FCStone Inc.](#) (NASDAQ: INTL) today announced that the [Broker-Dealer Rates Group](#) of its wholly owned subsidiary, INTL FCStone Financial Inc. ("the Company"), has entered the U.S. agency commercial mortgage-backed ("Agency CMBS") market. The Company also disclosed today that it has expanded its asset-back securities ("ABS") trading to all investment grade categories.

The launch of the Agency CMBS offering further enhances INTL FCStone Financial's trading services for mortgage products, which the Company recently bolstered through the establishment of its Securitized Product Group. Anthony Di Ciollo, Senior Managing Director, Head of Securitized Trading at the Broker-Dealer Rates Group of INTL FCStone Financial Inc., commented on today's news, "We are proud to now provide our institutional clients with agency commercial mortgage-backed securities trading services. The launch of our Agency CMBS offering furthers our initiative to provide insight, execution efficiency and liquidity to the underserved Mortgage market. We believe our narrow focus and deep expertise creates significant value, and we look forward to tailoring our Agency CMBS services to the unique needs of our client base."
