Renewable Energy Group to Present at Upcoming Investor Conferences

AMES, Iowa, May 09, 2017 (GLOBE NEWSWIRE) -- Renewable Energy Group, Inc. (NASDAQ:REGI) today announced that the Company will attend the following investor conferences:

- | On Tuesday, May 16, 2017, the Company will attend the Oppenheimer Emerging Growth Conference at the InterContinental New York Barclay Hotel. The format of the conference is one-on-one meetings only. The Company will participate in one-on-one meetings throughout the day. Attendance at the conference is by invitation only for clients of Oppenheimer & Co. Interested investors should contact your Oppenheimer sales representative to secure a meeting time.
- | On Thursday, May 18, 2017, at 3:30 PM EDT, the REG management team is scheduled to present at the 12th Annual BMO Capital Markets Farm to Market Conference at the Grand Hyatt New York Hotel. The presentation will be webcast live on the Investor Relations section of the Company's website at <http://investor.regi.com/>. The Company will also host investor meetings throughout the day. Attendance at the conference is by invitation only for clients of BMO Capital Markets. Interested investors should contact your BMO sales representative to secure a meeting time.
- | On Wednesday, May 31, 2017, the REG management team will participate in the "Industrial Biotechnology - Rolling Up Our Sleeves on Next Gen Chemicals and Fuels" panel presentation at the Cowen and Company 45th Annual TMT Conference at the Lotte New York Palace in New York City. The Company will also host investor meetings throughout the day. Attendance at the conference is by invitation only for clients of Cowen and Company. Please contact your Cowen sales representative for conference registration information and to schedule a meeting with the Company.

About Renewable Energy Group

Renewable Energy Group, Inc. (NASDAQ:REGI) is a leading provider of cleaner, lower carbon intensity products and services. We are an international producer of biomass-based diesel, a developer of renewable chemicals and are North America's largest producer of advanced biofuel. REG utilizes an integrated procurement, distribution, and logistics network to convert natural fats, oils, greases, and sugars into lower carbon intensity products. With 14 active biorefineries, a feedstock processing facility, research and development capabilities and a diverse and growing intellectual property portfolio, REG is committed to being a long-term leader in bio-based fuel and chemicals.
