## Renewable Energy Group to Host 2017 Analyst and Investor Meeting on Tuesday, June 13

AMES, Iowa, May 16, 2017 (GLOBE NEWSWIRE) -- Renewable Energy Group, Inc. (NASDAQ:REGI) today announced that it will host its 2017 Analyst and Investor Meeting on Tuesday, June 13, 2017 from 9:00 a.m. to noon EDT at the Nasdaq Marketsite in New York City, NY.

REG will conduct a series of presentations to update analysts and investors on the Company's key strategic initiatives, products, markets, long-term goals and regulatory matters. The program will include formal presentations, question and answer sessions, and opportunities for informal interaction with REG leaders.

Attendance at the event is by invitation only. For information and registration, please email [Todd.Robinson@regi.com](mailto:Todd.Robinson@regi.com) or call +1 (515) 239-8048.

Webcast and Supplemental Information: Beginning at 9:00 a.m. EDT, a live audio webcast of the formal presentations will be accessible via the Investor Relations section of the Company's website at [www.regi.com](http://www.regi.com) and will be archived for a year.

The meeting will include a discussion of non-GAAP (Generally Accepted Accounting Principles) financial measures. Information reconciling these non-GAAP financial measures to REG's financial results prepared in accordance with GAAP, as well as other financial and statistical information to be discussed, will be posted on REG's Investor Relations web site at <http://investor.regi.com/events.cfm> prior to commencement of the meeting.

### **About Renewable Energy Group**

Renewable Energy Group, Inc. (NASDAQ:REGI) is a leading provider of cleaner, lower carbon intensity products and services. We are an international producer of biomass-based diesel, a developer of renewable chemicals and are North America's largest producer of advanced biofuel. REG utilizes an integrated procurement, distribution, and logistics network to convert natural fats, oils, greases, and sugars into lower carbon intensity products. With 14 active biorefineries, a feedstock processing facility, research and development capabilities and a diverse and growing intellectual property portfolio, REG is committed to being a long-term leader in bio-based fuel and chemicals.
