(September 19, 2008) -- Pennsylvania American Water customers in the Nazareth service area no longer have to boil their water before use. Results of water quality testing have confirmed that water quality meets drinking water standards, and that there is no further need to boil your water prior to use for consumption.

This notice applies to customers in the following areas:

- Easton (Forks and Palmer townships)
- Nazareth
- Upper Nazareth
- Palmer
- Pen Argyl
- Plainfield Township
- Saylorburg
- Stockertown
- Tatamy
- Wind Gap
- Bushkill Township
- Forks Township

The company issued the boil advisory on September 17, 2008 following an equipment malfunction at its water treatment plant that serves the area.

Pennsylvania American Water thanks its customers for their patience and cooperation during this event. For more information, contact Pennsylvania American Water's customer service center at 1-800-565-7292.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
