PENNSYLVANIA AMERICAN WATER LIFTS VOLUNTARY CONSERVATION FOR CUSTOMERS IN DROUGHT-IMPACTED COUNTIES

State lifts drought watches in all counties

HERSHEY, Pa. (May 18, 2017) – Pennsylvania American Water announced today that voluntary water conservation efforts are no longer necessary for customers in its service areas impacted by drought watches issued previously by the Pennsylvania Department of Environmental Protection’s (DEP). This week, DEP lifted all drought watches and warnings that had been declared last year due to below normal rainfall.

Conservation efforts are no long necessary for Pennsylvania American Water customers in the following counties.

- Armstrong
- Berks
- Bucks
- Centre
- Chester
- Clarion
- Clearfield
- Clinton
- Cumberland
- Dauphin
- Indiana
- Jefferson
- Lancaster
- Lackawanna
- Lawrence
- Lebanon
- Luzerne
- McKean
- Montgomery
- Northampton
- Northumberland
- Pike
- Schuylkill
- Union
- Wayne
- York

“We appreciate our customers’ assistance in following the drought restrictions,” said Christopher Abruzzo, director of Water Quality and Environmental Compliance for Pennsylvania American Water. “We constantly monitor our sources and continue to remind customers that saving water is good not only for the environment, but also for the pocketbook.”

Pennsylvania American Water, a subsidiary of American Water (NYSE: AWK), is the largest investor-owned water utility in the state, providing high-quality and reliable water and/or wastewater services to approximately 2.3 million people. With a history dating back to 1886, American Water is the largest and most geographically diverse U.S. publicly-traded water and wastewater utility company. The company employs more than 6,800 dedicated professionals who provide regulated and market-based drinking water,
