PENNSYLVANIA AMERICAN WATER ANNOUNCES NEW SUPERINTENDENT OF MILTON SERVICE AREA

MILTON Pa. (June 5, 2018) – Pennsylvania American Water announced today that Jeremy Resseguie has been promoted to operations superintendent of the company’s Milton service area.

As the new operations superintendent for the area, Resseguie will oversee all aspects of the Milton operations including distribution, collection and water treatment. He will also have oversight of the Berwick, Frackville, Wildcat, McEwensville water and McEwensville wastewater locations.

A resident of Middleburg, Resseguie joined Pennsylvania American Water in 2005 as an operator at the company’s Milton Water Treatment Plant, later serving as production supervisor, and most recently senior supervisor, operations. He holds a Bachelor of Science degree in biology from Shippensburg University and holds a Certified Class A Plant Operator license.

Pennsylvania American Water, a subsidiary of American Water (NYSE: AWK), is the largest investor-owned water utility in the state, providing high-quality and reliable water and/or wastewater services to approximately 2.4 million people. With a history dating back to 1886, American Water is the largest and most geographically diverse U.S. publicly traded water and wastewater utility company. The company employs more than 6,900 dedicated professionals who provide regulated and market-based drinking water, wastewater and other related services to an estimated 15 million people in 46 states and Ontario, Canada. American Water provides safe, clean, affordable and reliable water services to our customers to make sure we keep their lives flowing. For more information, visit amwater.com and follow American Water on Twitter, Facebook and LinkedIn.
