

AMSC to Present at 10th Annual Needham & Company Growth Stock Conference

Presentation to be Webcast Live at 11 a.m. ET on January 9, 2008

DEVENS, Mass.--(BUSINESS WIRE)--Jan. 3, 2008--American Superconductor Corporation (NASDAQ: AMSC), a leading energy technologies company, announced today that the company will be presenting at the 10th Annual Needham & Company Growth Stock Conference in New York City on Wednesday, January 9, 2008 at 11:00 a.m. ET.

Founder and Chief Executive Officer Greg Yurek will discuss AMSC's business strategy and recent accomplishments at the conference. Those interested in listening to the live or archived broadcast via the Internet should log on to the "Investors" section of AMSC's website, www.amsc.com/investors.

[About American Superconductor \(NASDAQ: AMSC\)](#)

AMSC is a leading energy technologies company offering an array of solutions based on two proprietary technologies: programmable power electronic converters and high temperature superconductor (HTS) wires. The company's products, services and system-level solutions enable cleaner, more efficient and more reliable generation, delivery and use of electric power. AMSC is a leader in alternative energy, offering grid interconnection solutions as well as licensed wind energy designs and electrical systems. As the world's principal supplier of HTS wire, the company is enabling a new generation of compact, high-power electrical products, including power cables, grid-level surge protectors, Secure Super Grids™ technology, motors, generators, and advanced transportation and defense systems. AMSC also provides utility and industrial customers worldwide with voltage regulation systems that dramatically enhance power grid capacity, reliability and security, as well as industrial productivity. The company's technologies are protected by a broad and deep intellectual property portfolio consisting of hundreds of patents and licenses worldwide. More information is available at www.amsc.com.
