

AMSC to Present at Deutsche Bank Small and Mid Cap Conference on February 16

Presentation to be Webcast Live at 9:20 a.m. Eastern Time

DEVENS, Mass., Feb 08, 2011 (BUSINESS WIRE) --

American Superconductor Corporation (NASDAQ: AMSC), a global power technologies company, announced today that the company will be presenting at the Deutsche Bank Small and Mid Cap Conference in Naples, Florida on February 16, 2011 at 9:20 a.m. ET.

Founder and Chief Executive Officer Greg Yurek will discuss AMSC's growth strategies and market opportunities at the conference. Those interested in listening to the live or archived broadcast via the Internet should log on to the "[Investors](#)" section of the AMSC website, www.amsc.com/investors.

[About American Superconductor \(NASDAQ: AMSC\)](#)

AMSC offers an array of proprietary technologies and solutions spanning the electric power infrastructure - from generation to delivery to end use. The company is a leader in [renewable energy](#), providing proven, megawatt-scale wind turbine designs and electrical control systems. The company also offers a host of [Smart Grid](#) technologies for power grid operators that enhance the reliability, efficiency and capacity of the grid, and seamlessly integrate renewable energy sources into the power infrastructure. These include superconductor power cable systems, grid-level surge protectors and power electronics-based voltage stabilization systems. AMSC's technologies are protected by a broad and deep intellectual property portfolio consisting of hundreds of patents and licenses worldwide. More information is available at www.amsc.com.
