

AMSC to Webcast Analysts' Meeting on May 25

Presentations to be Webcast Live Beginning at 9:00 a.m. ET

DEVENS, Mass., May 18, 2010 (BUSINESS WIRE) --American Superconductor Corporation (NASDAQ: AMSC), a global power technologies company, today announced that the company will host an analysts' meeting at the American Wind Energy Association's WINDPOWER 2010 Conference & Exhibition in Dallas, Texas. The analysts' meeting will begin at 8:00 a.m. CT (9:00 a.m. ET) on Tuesday, May 25 and will include presentations on AMSC's market drivers, power technologies and business strategy. Presenters at the event will include:

- AMSC founder and Chief Executive Officer Greg Yurek
- AMSC Senior Vice President of Global Sales and Business Development Tim Poor
- Emerging Energy Research Senior Analyst Caitlin Pollock

Those interested in listening to the live or archived broadcast with slides via the Internet should log on to the "Investors" section of AMSC's website, www.amsc.com/investors.

[About American Superconductor \(NASDAQ: AMSC\)](#)

AMSC offers an array of proprietary technologies and solutions spanning the electric power infrastructure - from generation to delivery to end use. The company is a leader in [renewable energy](#), providing proven, megawatt-scale wind turbine designs and electrical control systems. The company also offers a host of [Smart Grid](#) technologies for power grid operators that enhance the reliability, efficiency and capacity of the grid, and seamlessly integrate renewable energy sources into the power infrastructure. These include superconductor power cable systems, grid-level surge protectors and power electronics-based voltage stabilization systems. AMSC's technologies are protected by a broad and deep intellectual property portfolio consisting of hundreds of patents and licenses worldwide. More information is available at www.amsc.com.
