

CA Technologies Named a Leader in Gartner Magic Quadrant for Project Portfolio Management, Worldwide

CA Recognized for Ability to Execute and Completeness of Vision in 2017 Gartner Magic Quadrant

NEW YORK--(BUSINESS WIRE)-- CA Technologies (NASDAQ:CA) today announced it has been positioned by Gartner, Inc. in the Leaders quadrant of the "Magic Quadrant for Project Portfolio Management, Worldwide."* The report evaluated [CA Project & Portfolio Management \(CA PPM\)](#), and positioned CA Technologies highest in the Leaders quadrant for Ability to Execute.

According to the report, "Leaders can provide comprehensive, resilient and high-performance PPM functionality to the project-execution-level customer as well as to the portfolio-level customer. Additionally, leaders recognize the market need for different types of PPM products matching well with the proliferation of different project and work environments of their prospective customers. As such, leaders are acquiring and building out a thoughtful inventory of different PPM products supporting the varied types of customers looking for software in the PPM space."

"In order to lead, companies must anticipate their customer's needs and deliver on those needs faster than the competition," said Angela Tucci, general manager, Agile Management, CA Technologies. "[CA Project & Portfolio Management](#) provides our customers the ability to quickly correlate financial and business investments with value delivery, giving them the ability to anticipate, react and invest faster than their competition to meet market needs."

With CA PPM, companies can track and prioritize market and customer needs and make better decisions on how to invest limited resources to better optimize enterprise, IT, service and product portfolios. Available via the cloud, on-premises, and hosted delivery models, CA PPM improves business leaders' ability to prioritize strategic initiatives and resources.

CA Technologies was one of three vendors placed in the Leaders quadrant. A recognized leader in PPM, in November 2016 CA Technologies was named as a Leader in Gartner's "Magic Quadrant for Integrated IT Portfolio Analysis Applications."**

CA's Agile Management solutions are being demonstrated at the Gartner PPM & IT Governance Summit 2017, June 5-7 in Orlando, Florida and June 12-13 in London, England.
