

CACI Awarded Prime Position on \$476 Million Multiple-Award Contract to Provide Information Services Support

Telecommunications and IT Solutions Will Benefit a Range of Federal Agencies

ARLINGTON, Va.--(BUSINESS WIRE)-- CACI International Inc (NYSE:CACI) announced today that it has been selected as one of nine prime contractors to provide a wide range of telecommunications and information technology solutions for the Department of Defense (DoD) and other federal agencies via the U.S. Government Omnibus Network Enterprise (USG ONE) contract. With a ceiling value of \$476 million, this five-year (one base and four option years) indefinite delivery/indefinite quantity contract represents new work for CACI and draws upon the company's enterprise IT core capability.

CACI's selection to support the ONE contract is consistent with its ability to rapidly respond to task order requests on large contract vehicles. The company will leverage its strong capabilities in all of the ONE task areas to improve communications capabilities and cut costs for federal agencies.

According to Dan Allen, CACI President of U.S. Operations, "CACI's award of the Omnibus Network Enterprise contract reflects our proven record of performance in providing task order support and surge capabilities on large contracts. Our enterprise IT solutions and world-class telecommunications and information services continue to deliver effectiveness and efficiency for multiple federal clients."

CACI President and CEO Paul Cofoni said, "As the government looks to industry to help meet its goals for efficiency and reduced cost, the ONE contract is an excellent opportunity for CACI to provide high-value solutions for the most critical and well funded requirements. This award demonstrates the success of our strategy to focus on solutions that enable federal agencies to achieve cost savings while sustaining mission readiness."

Celebrating our 50th year in business, CACI sustains an exceptional record of success by providing professional services and IT solutions needed to prevail in the areas of defense, intelligence, homeland security, and IT modernization and government transformation. We deliver enterprise IT and network services; data, information, and knowledge management services; business system solutions; logistics and material readiness; C4ISR solutions; cyber solutions; integrated security and intelligence solutions; and program management and SETA support services. CACI solutions help federal clients provide for national security, improve communications and collaboration, secure information systems and networks, enhance data collection and analysis, and increase efficiency and mission effectiveness. A member of the Fortune 1000 Largest Companies and the Russell 2000 index, CACI provides dynamic careers for approximately 14,400 employees working in over 120 offices in the U.S. and Europe.
