Dear Stockholder:

You are cordially invited to attend CombiMatrix Corporation's 2016 Annual Meeting of Stockholders (the "Annual Meeting") to be held on June 16, 2016. The meeting will be held at the offices of Dorsey & Whitney LLP, 600 Anton Boulevard, Suite 2000, Costa Mesa, California 92626 beginning at 1:00 p.m. local time. The formal meeting notice and proxy statement for the Annual Meeting are attached and describe the matters to be presented at the Annual Meeting.

Whether or not you plan to attend the Annual Meeting, it is important that your shares be represented and voted at the meeting. Therefore, you are urged to complete, sign, date and promptly return the enclosed proxy card in the enclosed postage-paid envelope. Returning your completed proxy card will ensure your representation at the Annual Meeting. If you later decide to attend the Annual Meeting and wish to change your vote, you may do so simply by voting in person at the meeting. Due to voting rules that may prevent your bank or broker from voting your uninstructed shares on a discretionary basis in the election of directors and other non-routine matters, it is important that you cast your vote.

We look forward to seeing you at the Annual Meeting.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Mark McDonough', followed by a long, thin horizontal line extending across the page.

If you vote by telephone, you do not need to vote over the Internet or return a proxy card.

Voting by Mail. You can vote by marking, dating and signing it, and returning it in the postage-paid envelope provided. Please promptly mail your proxy card to ensure that it is received prior to the closing of the polls at the Annual Meeting.

Voting in Person at the Meeting. If you attend the Annual Meeting and plan to vote in person, we will provide you with a ballot at the Annual Meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the Annual Meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in street name. As a beneficial owner, if you wish to vote at the Annual Meeting, you will need to bring to the Annual Meeting a legal proxy from your broker or other nominee authorizing you to vote those shares.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the Annual Meeting. To do this, you must:

- enter a new vote over the Internet or by telephone, or by signing and returning a replacement proxy card;
- provide written notice of the revocation to our Corporate Secretary at our principal executive office, 310 Goddard, Suite 150, Irvine, CA 92618 ; or
- attend the Annual Meeting and vote in person.

Quorum and Voting Requirements

Stockholders of record at the close of business on April 25, 2016 (the “Record Date”), are entitled to receive notice and vote at the meeting. On the Record Date, there were 1,333,684 issued and outstanding shares of our Common Stock, no issued and outstanding shares of Series A stock, no issued and outstanding shares of Series B Stock, no issued and outstanding shares of Series C Stock, no issued and outstanding shares of Series D Stock, no issued and outstanding shares of Series E Stock and 6,155 issued and outstanding shares of Series F Stock. Each holder of Common Stock voting at the meeting, either in person or by proxy, may cast one vote per share of Common Stock held on the Record Date on all matters to be voted on at the meeting. The Series A Stock, Series B Stock, Series C Stock, Series D Stock, Series E Stock and Series F Stock may not vote. Stockholders may not cumulate votes in the election of directors.

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote constitutes a quorum for the transaction of business at the Annual Meeting. Assuming that a quorum is present:

- (1) a plurality of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors will be required to elect Board nominees;
- (2) the approval of the amendment and restatement of our 2006 Stock Incentive Plan to increase the number of shares of common stock available for grant thereunder by 300,000 shares, from 200,000 shares to 500,000 shares, and to effect various other changes thereunder, will be approved if a majority of the total votes cast on the proposal in person or by proxy are voted in favor of such approval;
- (3) the compensation of our named executive officers will be approved on an advisory basis if a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote at the Annual Meeting are voted in favor of such approval;
- (4) the ratification of the appointment of Haskell & White LLP as our independent registered accounting firm for 2016 will be approved if a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote at the Annual Meeting are voted in favor of such ratification; and
- (5) the approval of an adjournment of the Annual Meeting, if necessary and appropriate, to solicit additional proxies if there are insufficient votes at the time of the Annual Meeting to approve any of the proposals, will be approved if a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote at the Annual Meeting are voted in favor of such approval.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the election inspectors appointed for the meeting, who will determine whether a quorum is present. The election inspectors will treat abstentions and broker non-votes (i.e., shares held by a broker or nominee that are represented at the Annual Meeting, but with respect to which such broker or nominee is not instructed to vote on a particular proposal and does not have discretionary voting power) as shares that are present for purposes of determining the presence of a quorum. With regard to Proposal One, broker non-votes and votes marked “withheld” will not be counted towards the tabulations of votes cast on such proposal presented to the stockholders, will not have the effect of negative votes and will not affect the outcome of the election of the directors. With regard to Proposal Two, abstentions and broker non-votes will not be counted for purposes of determining whether the proposals have been approved, and will not have the same effect as negative votes. With regard to Proposals Three, Four and Five, abstentions will be counted towards the tabulations of votes cast on such proposal presented to the stockholders and will have the same effect as negative votes, whereas broker non-votes will not be counted for purposes of determining whether such proposal has been approved and will not have the effect of negative votes.

If your shares are held by a bank or broker in street name, it is important that you cast your vote if you want it to count in the election of directors and other non-routine matters as determined by the New York Stock Exchange (the “NYSE”). Voting rules may prevent your bank or broker from voting your uninstructed shares on a discretionary basis in the election of directors and other non-routine matters. Accordingly, if your shares are held by a bank or broker in street name and you do not instruct your bank or broker how to vote in the election of directors or any other non-routine matters, no votes will be cast on your behalf.

Voting of Proxies

When a proxy is properly executed and returned, the shares it represents will be voted at the Annual Meeting as directed. If no specification is indicated, the shares will be voted:

- (1) “for” the election of each Board nominee set forth in this proxy statement unless the authority to vote for such directors is withheld;
- (2) “for” the approval of the amendment and restatement of our 2006 Stock Incentive Plan to increase the number of shares of common stock available for grant thereunder by 300,000 shares, from 200,000 shares to 500,000 shares, and to effect various other changes thereunder;
- (3) “for” the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement;

- (4) “for” the ratification of the Audit Committee’s appointment of Haskell & White LLP as our independent registered accounting firm for 2016;
- (5) “for” the approval of an adjournment of the Annual Meeting, if necessary and appropriate, to solicit additional proxies if there are insufficient votes at the time of the Annual Meeting to approve any of the proposals; and
- (6) at the discretion of your proxies on any other matter that may be properly brought before the Annual Meeting.

Voting Results

Voting results will be announced at the Annual Meeting and published in a Current Report on Form 8-K that will be filed with the Securities and Exchange Commission within four business days after the Annual Meeting.

Householding of Proxy Materials

We are sending only one annual report and proxy statement to certain street-name stockholders who share a single address, unless we received contrary instructions from any stockholder at that address. This practice, known as “householding,” is designed to reduce our printing and postage costs. However, if you are residing at such an address and wish to receive a separate annual report on Form 10-K or proxy statement in the future, you may telephone our Corporate Secretary at (949) 753-0624 or write to him at CombiMatrix Corporation, 310 Goddard, Suite 150, Irvine, California 92618. If you are receiving multiple copies of our annual report on Form 10-K and proxy statement, you may request householding by contacting the Corporate Secretary in the same manner.

Proxy Solicitation

We will bear the cost of this solicitation. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for reasonable expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies also may be solicited by our directors, officers or employees, personally, by telephone, facsimile, Internet or other means, without additional compensation. We may retain a proxy solicitor to assist in the distribution of proxies and proxy solicitation materials, and in the solicitation of proxies. Generally, the fee for such services is approximately \$20,000 plus expenses. If we do elect to retain a proxy solicitor, we will pay the proxy solicitor reasonable and customary fees. Except as described above, we do not presently intend to solicit proxies other than by mail.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be held on June 16, 2016 : The notice of annual meeting of stockholders, this proxy statement, and our annual report on Form 10-K for 2015 are available at <http://investor.combimatrix.com/annuals.cfm>.

She lectures extensively on these topics and has consulted for major laboratories and laboratory associations throughout the U.S. Ms. White worked with HCFA and the U.S. Office of the Inspector General to develop the first OIG Model Compliance Program. She is a member of the board of directors of bioTheranostics, part of the worldwide bioMerieux group, and is a longstanding member of the California Clinical Lab Association, where for the last eight years she has chaired the state and federal contractor committees that work with the Medicare Administrative Contractors and the Department of Health and Human Services. Ms. White was previously vice president - finance of Laboratory Corporation of America, one of the largest clinical reference laboratories in the U.S., and its predecessor National Health Laboratories, where she led the software development of several accounts receivable, inventory, cost accounting and financial management systems for the laboratory industry. Ms. White has a BA in finance and an MBA from Florida International University. We believe Ms. White’s qualifications to serve on our Board include her significant executive experience with the strategic, financial, and operational requirements of health care organizations, particularly in the area of billing and reimbursement.

Directors and officers are elected on an annual basis. The term of each director's service expires at our next annual meeting of stockholders and at such time as his or her successor is duly elected and qualified. Officers serve at the discretion of the Board.

There are no family relationships between any of our director nominees or executive officers and any other of our director nominees or executive officers.

BOARD OF DIRECTORS

Overview

Our Bylaws provide that the size of our Board is to be determined from time to time by resolution of the Board but shall consist of at least five and no more than nine members. Our Board has fixed the exact number of directors at seven. Our Board currently consists of six members, five of whom – Dr. Gottlieb, Ms. White and Messrs. Hoffman, Jessup and Jones – our Board has determined to be independent under the rules of the NASDAQ Stock Market. Mr. Jessup serves as Chairman of the Board, and we believe that separation of the Chairman and Chief Executive Officer roles supports the independent nature of our Board. At each annual meeting of stockholders, members of our Board are elected to serve until the next annual meeting and until their successors are duly elected and qualified. If the nominees named in this proxy statement are elected, the Board will consist of six persons and there will be one vacancy on the Board.

The Board has nominated Mark McDonough, R. Judd Jessup, Robert Hoffman, Scott Gottlieb, M.D., Lâle White and Jeremy M. Jones for election at the annual meeting based on the recommendation of our Nominating and Governance Committee. The nominees have agreed to serve if elected, and management has no reason to believe that the nominees will be unavailable for service. If any nominee is unable or declines to serve as a director at the time of the Annual Meeting or any adjournment or postponement thereof, the proxies will be voted for such other nominees as may be designated by the present Board.

We are subject to a number of technological, regulatory, product, legal and other types of risks. The Board and its constituent committees are responsible for overseeing these risks, and we employ a number of procedures to help them carry out that duty. For example, Board members regularly consult with executive management about pending issues and expected challenges, and at each Board meeting directors receive updates from, and have an opportunity to interview and ask questions of, key personnel and management. Furthermore, because our Chief Executive Officer serves as a member of our Board, we believe that the Board has a direct channel and better access to insights into our performance, business and challenges.

Committees of the Board of Directors

The Board has established an Audit Committee, a Compensation Committee, and a Nominating and Governance Committee. Each committee operates pursuant to a charter that may be viewed on our website at www.combimatrix.com. The inclusion of our website address in this proxy statement does not include or incorporate by reference the information on our website into this proxy statement.

Audit Committee. Our Audit Committee oversees our accounting and financial reporting processes and is responsible for (i) retaining, evaluating and, if appropriate, recommending the termination of our independent registered public accounting firm, (ii) approving the services performed by our independent registered public accounting firm and (iii) for reviewing and evaluating our accounting principles, financial reporting practices, and system of internal accounting controls. The Audit Committee is also responsible for maintaining communication between the Board and our independent registered public accounting firm, and has established procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters. In addition, all related person transactions are reviewed and approved by the Audit Committee.

In 2015, our Audit Committee consisted of Messrs. Hoffman (the committee's Chairman) and Jones and Dr. Gottlieb until May 2015 and, thereafter, consisted of Messrs. Hoffman (the committee's Chairman) and Jones and Ms. White until April 2016. From April 2016 through the date of this proxy statement, our Audit Committee consists of Messrs. Hoffman (the committee's Chairman) and Jessup and Ms. White. The Board has determined that all members of our Audit Committee are independent under the listing standards of the NASDAQ Stock Market and the rules of the Securities and Exchange Commission, and that Mr. Hoffman qualifies as an "audit committee financial expert," as defined by the rules of the Securities and Exchange Commission.

Compensation Committee . Our Compensation Committee assists our Board in determining the compensation of our executive officers and directors. The Compensation Committee is responsible for approving the compensation package of each executive officer and recommending each executive officer's compensation to the Board. The Compensation Committee also administers our 2006 Stock Incentive Plan, as amended. The Compensation Committee may form and delegate any of its responsibilities to subcommittees when appropriate.

In 2015 and through the date of this proxy statement, our Compensation Committee consists of Messrs. Jones (the committee's Chairman) and Hoffman and Dr. Gottlieb. The Board has determined that all members of our Compensation Committee are independent under the listing standards of the NASDAQ Stock Market.

Nominating and Governance Committee . Our Nominating and Governance Committee assists our Board by identifying and recommending individuals qualified to become members of our Board (subject to legal rights, if any, of third parties to nominate or appoint directors), and establishing, evaluating and overseeing our corporate governance processes and guidelines.

In 2015 and through the date of this proxy statement, our Nominating and Governance Committee consists of Dr. Gottlieb (the committee's Chairman) and Mr. Hoffman. The Board has determined that all members of our Nominating and Governance Committee are independent under the listing standards of the NASDAQ Stock Market.

The Nominating and Governance Committee will consider candidates recommended by stockholders. To recommend director candidates, stockholders should submit their suggestions in writing to the Corporate Secretary, providing the proposed nominee's name, biographical data and other information about the proposed nominee and the nominating stockholder(s) as required by our Bylaws, together with a consent from the proposed nominee to serve on the Board if nominated and elected.

There are no specific minimum qualifications that the Nominating and Governance Committee requires to be met by a director nominee recommended for a position on the Board, nor are there any specific qualities or skills that are necessary for one or more members of our Board to possess, other than as are necessary to meet the requirements of the rules and regulations applicable to us. The Nominating and Governance Committee considers a potential candidate's experience, areas of expertise, and other factors relative to the overall composition of the Board, including the following characteristics:

- broad experience in business, finance or administration;
- the independence requirements imposed by the Securities and Exchange Commission and the NASDAQ Stock Market; and
- a background that provides a portfolio of experience and knowledge relevant to our industry.

The Nominating and Governance Committee has the following policy with regard to the consideration of any director candidates recommended by security holders for the 2017 annual meeting of stockholders (subject to legal rights, if any, of third parties to nominate or appoint directors):

- A stockholder wishing to nominate a candidate for election to the Board at the next annual meeting is required to give written notice addressed to CombiMatrix Corporation, 310 Goddard, Suite 150, Irvine, CA 92618, Attn: Corporate Secretary, of his or her intention to make such a nomination. The notice of nomination must be received by the Corporate Secretary at this address within the timeframe required by our Bylaws, in order to be considered for nomination at the next annual meeting.
- The notice of nomination should include information regarding the recommended candidate relevant to a determination of whether the recommended candidate would be barred from being considered independent under NASDAQ Stock Market's Listing Qualifications or, alternatively, a statement that the recommended candidate would not be so barred. The notice of nomination also must include the nominee's name, age, business address, residence address, principal occupation or employment, and any other information required by Section 2.10 of our Bylaws or by applicable laws or regulations. A nomination that does not comply with these requirements will not be considered.

The Nominating and Governance Committee also considers director candidates that are suggested by its members, the Board or management. The Nominating and Governance Committee may, in the future, retain a third-party executive search firm to identify candidates on terms and conditions acceptable to the Nominating and Governance Committee, in its sole discretion. The process used by the Nominating and Governance Committee for identifying and evaluating nominees for director, including nominees recommended by stockholders, involves (with or without the assistance of a retained search firm) compiling names of potentially eligible candidates, conducting background and reference checks, conducting interviews with the candidate and others (as schedules permit), meeting to consider and approve the final candidates and, as appropriate, preparing and presenting to the full Board an analysis with regard to particular recommended candidates. The Nominating and Governance Committee endeavors to identify director nominees who have the highest personal and professional integrity, have demonstrated exceptional ability and judgment, and, together with other director nominees and members, are expected to serve the long-term interest of our stockholders and contribute to our overall corporate goals. Candidates proposed by stockholders will be evaluated by the Nominating and Governance Committee using the same criteria as for all other candidates. The Nominating and Governance Committee does not have a formal policy with respect to diversity; however, the Board and the Nominating and Governance Committee believe that it is essential that the Board members represent diverse viewpoints.

Number of Meetings

The Board held a total of 9 meetings during 2015. Our Audit Committee, Compensation Committee and Nominating and Governance Committee held six, three and three meetings, respectively, during 2015. Each incumbent director attended 75% or more of the aggregate of (i) the total number Board meetings (during the period that he/she served) and (ii) the total number of Board committee meetings (during the periods that he/she served), except that Mr. Gottlieb attended 50% of the Compensation Committee meetings due to scheduling conflicts and Ms. White attended 50% of the Audit Committee meetings due to scheduling conflicts, but each received information regarding the meetings and provided input through subsequent Board of Directors and committee meetings as well as communications with management.

Board Member Attendance at Annual Stockholder Meetings

Although we do not have a formal policy regarding director attendance at annual stockholder meetings, directors are expected to attend these annual meetings absent extenuating circumstances. The directors who served in 2015 and attended our annual meeting of stockholders in 2015 were Mr. McDonough, Mr. Jessup, Mr. Hoffman, and Mr. Jones.

Director Compensation

Directors who are also our employees receive no separate compensation from us for their service as members of the Board. Prior to June 17, 2015, non-employee directors automatically received a non-discretionary initial grant of options to purchase 133 shares of our common stock upon joining the Board. On the first business day of each calendar year, each non-employee Board member then in office was automatically granted additional options to purchase 133 shares of our common stock, provided such individual had served as a non-employee Board member for at least six (6) months. All such grants were granted at an exercise price equal to the closing market price on the date of grant. Options granted since 2012 vest in four equal annual installments over a 48 month period measured from the grant date. On June 17, 2015, our stockholders approved certain changes to our 2006 Stock Incentive Plan, including the removal of the auto-grant feature for non-employee directors.

In January 2015, each of our non-employee directors received a discretionary award of restricted stock units (RSUs) for 835 shares of our common stock. 25% of the shares of common stock subject to the RSUs vest on each anniversary of the grant date over a four year period. The RSUs may vest on an accelerated basis in accordance with the terms of our 2006 Stock Incentive Plan and, in the event of death or a permanent disability, the vesting of the RSUs will accelerate by twelve months.

Prior to January 26, 2016, non-employee directors received compensation in the amount of \$1,500 per month for their service as members of the Board. The Chairman of the Board received compensation in the amount of \$2,000 per month for service as Chairman of the Board. During 2015, non-employee directors received \$1,000 for each meeting of the Board attended in person, \$1,000 for each meeting attended by telephone that was longer than one hour in length, and \$500 for each meeting attended by telephone if the meeting was one hour or less in length. On January 26, 2016, our Board and Compensation Committee approved a modification to director compensation such that per-meeting fees were eliminated, the Chairman of the Board is to receive \$30,000 per year for his services to the Company, and all other non-employee directors are to receive \$24,000 per year for their services to the Company. These fees will be paid quarterly. Also, Directors are reimbursed for expenses incurred in connection with attendance at meetings of the Board and committees of the Board and in connection with the performance of Board duties.

(2) Represents discretionary cash bonuses granted by the Compensation Committee on February 27, 2015.

The objective of our executive compensation program is to attract, motivate and retain talented executives with related technical and business expertise in the competitive diagnostic laboratory market have a demonstrated ability to effectively grow revenue and control costs. We hope to retain our executives over the long term to provide continuity from year-to-year. Consequently, we have chosen to compensate our executives with a salary and, in some cases, with stock option awards, RSU awards and bonuses in order to align the executive's interests with corporate success. In addition, since 2012, our executive stock option and RSU awards are generally granted with a four year vesting schedule in order to incentivize our executives to continue to invest their time and energy to ensure our collective success over a longer term.

In determining the total amount and mixture of the compensation for each of our named executive officers, our Compensation Committee subjectively evaluates each named executive in light of numerous factors including title and role, individual performance (including past and expected future contribution to our business objectives) and our long term business needs and goals (including the need to attract and retain key management personnel). Our Compensation Committee reviews the performance of each named executive officer annually and determines whether the named executive officer should receive an increase in base salary and/or receive an equity award based on such evaluation. In February 2014, we increased Mr. McDonough's salary in connection with his service as our President and Chief Executive Officer and also increased Mr. Burell's salary in connection with his service as our Chief Financial Officer, Treasurer and Secretary. In February 2015, we increased Mr. McDonough's salary to \$350,000 and granted cash bonuses to Messrs. McDonough and Burell of \$25,000 and \$10,000, respectively, for performance-related reasons.

Severance and Change in Control

We provide certain severance benefits such that if an executive officer of CombiMatrix is terminated for other than cause, death or disability, the executive will receive payments equal to three months' base salary plus medical and dental benefits.

Our Board of Directors adopted a Restated Executive Change of Control Severance Plan (the "Severance Plan") that affects certain of our senior management-level employees who are classified as "Section 16 Officers" of the Company. Pursuant to the Severance Plan, if a participating employee is involuntarily terminated (other than for death, disability or for cause) or resigns for "good reason" (as defined in the Severance Plan) during the two-year period following a "change of control" (as defined in the Severance Plan), then, subject to execution of a release of claims against us, the employee will be entitled to receive: (i) a cash severance payment equal to one-half times annual base salary (one times salary for the CEO), in the case of other participating employees; (ii) immediate vesting of outstanding compensatory equity awards; and (iii) payment of COBRA premiums for the participating employee and eligible dependents for a pre-determined period of time. Payment of benefits under the Severance Plan will be limited by provisions contained in Section 409A of the U.S. Internal Revenue Code, as amended (the "Code"). The Severance Plan is administered by a plan administrator, which initially is the Compensation Committee of the Board of Directors. In order to participate in the Severance Plan, an eligible employee must waive any prior retention or severance agreements. The Severance Plan automatically renews annually unless terminated upon 12 months prior written notice.

On December 2, 2015, our Board of Directors adopted a Transaction Bonus Plan (the “Transaction Bonus Plan”). The Transaction Bonus Plan provides for certain bonus payments to be made, upon the consummation of a qualifying change of control transaction, to certain employees of the Company as shall be determined from time to time by the Compensation Committee of our Board of Directors. The aggregate value of the bonuses payable under the Transaction Bonus Plan shall not exceed the greater of (i) \$1,000,000 or (ii) ten percent of the net proceeds received in connection with a qualifying change of control transaction, and the percentage of such bonus pool awarded to each eligible participant shall be determined from time to time by our Compensation Committee.

Compliance with Code Section 162(m)

Section 162(m) of the Code (“Section 162(m)”) generally disallows a tax deduction to a publicly traded company for compensation in excess of \$1 million paid to each of that company’s chief executive officer and four other most highly compensated executive officers. Qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. In the year ended December 31, 2015, none of our executive officers received compensation in excess of \$1 million.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table shows information regarding the beneficial ownership of our common stock as of March 31, 2016 by (a) each stockholder, or group of affiliated stockholders, that we know owns more than 5% of our outstanding common stock; (b) each of our named executive officers; (c) each of our directors; and (d) all of our current directors and executive officers as a group. The table is based upon information supplied by directors, executive officers and principal stockholders, and Schedules 13D and 13G filed with the Securities and Exchange Commission.

Percentage ownership in the table below is based on 1,067,788 shares of common stock outstanding as of March 31, 2016. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission, and generally includes voting power and/or investment power with respect to the securities held. Any securities not outstanding but which are subject to options or warrants exercisable within 60 days of March 31, 2016 are deemed outstanding and beneficially owned for the purpose of computing the percentage of outstanding common stock beneficially owned by the stockholder holding such options or warrants, but are not deemed outstanding for the purpose of computing the percentage of common stock beneficially owned by any other stockholder.

Unless otherwise indicated, each of the stockholders listed below has sole voting and investment power with respect to the shares beneficially owned. The address for each director or named executive officer is c/o CombiMatrix Corporation, 310 Goddard, Suite 150, Irvine, California 92618.

CERTAIN TRANSACTIONS

Since January 1, 2015, there has not been, nor has there been proposed, any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships, including those involving indebtedness not in the ordinary course of business, to which we or our subsidiaries were or are a party, or in which we or our subsidiaries were or are a participant, in which the amount involved exceeded or exceeds the lesser of \$120,000 or 1% of the average of our total assets at year-end for the last two completed fiscal years and in which any of our directors, nominees for director, executive officers, beneficial owners of more than 5% of any class of our voting securities or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest, other than as described above under the heading "Executive Compensation" and other than the transactions described below. Each of the transactions described below was reviewed and approved or ratified by our Audit Committee.

On January 9, 2015, pursuant to the authority granted under our 2006 Stock Incentive Plan, our Compensation Committee granted 11,136 restricted stock units to our Chief Executive Officer, Mark McDonough, 5,568 restricted stock units to our Chief Financial Officer, Scott Burell, and 835 restricted stock units to each of our non-employee Board members. 25% of the shares of common stock subject to the restricted stock units vest on each anniversary of the grant date over a four year period. The restricted stock units may vest on an accelerated basis in accordance with the terms of our 2006 Stock Incentive Plan and our Restated Executive Change of Control Severance Plan and, in the event of death or a permanent disability, the vesting of the restricted stock unit will accelerate by twelve months.

On February 13, 2015, we entered into a securities purchase agreement (the "Series E Purchase Agreement") with certain accredited institutional pre-existing investors (the "Investors"), including Alpha Capital Anstalt, Acuta Capital Partners (formerly Longwood Capital Partners) and Perkins Capital Management, pursuant to which we sold an aggregate of up to 102,800 shares (the "Common Shares") of common stock at a price of \$26.25 per share, an aggregate of up to 2,201,493 shares of Series E 6% Convertible Preferred Stock (the "Series E Preferred Stock") and warrants to purchase up to an aggregate of 46,676 shares of common stock at an exercise price of \$29.55 per share (the "Series E Warrants", and the transactions contemplated by the Series E Purchase Agreement, the "Series E Financing"). The Series E Preferred Stock and Series E Warrants were sold in a fixed combination consisting of one share of Series E Preferred Stock and a Series E Warrant to purchase approximately 21.1977 shares of common stock. Each fixed combination of Series E Preferred Stock and Series E Warrants was sold at a price of \$1,000.00. The Series E Preferred Stock was convertible into an aggregate of 83,871 shares of common stock at a conversion price of \$26.25 per share. The Investors agreed to be subject to a blocker that would prevent each of their respective common stock ownership at any given time from exceeding 9.99% of our outstanding common stock. The net proceeds to us from the sale and issuance of the Common Shares, Series E Preferred Stock and Series E Warrants, after deducting the offering expenses borne by us, and excluding the proceeds, if any, from the exercise of the Series E Warrants, were approximately \$4.7 million.

Each share of Series E Preferred Stock carried a 6% per annum dividend that would begin accruing six months after the closing under the Series E Purchase Agreement and would be payable only in cash, but these dividends had been waived for all time by the holders of Series E Preferred Stock, as described below. Until the volume weighted average price of our common stock on Nasdaq exceeds 200% of the conversion price of the Series E Preferred Stock for ten consecutive trading days, the Series E Preferred Stock was subject to full ratchet price based anti-dilution protection (subject to the limits imposed by General Instruction I.B.6. of Form S-3). The Series E Warrants have a 5 ½ year term and have a cashless exercise provision in the event there is no effective registration statement covering the common stock issuable upon exercise of the Series E Warrants. The Series E Warrants are not exercisable for the first six months following issuance. Subject to the beneficial ownership limitation described above, if, after the one year anniversary of the closing, the volume weighted average price of our common stock on Nasdaq exceeds 200% of the exercise price for ten consecutive trading days, then we have the right to, within one trading day thereafter, call for cancellation of up to 50% of the Series E Warrants for consideration equal to \$0.001 per share of common stock underlying the Series E Warrants. We may not exercise our call rights if, among other things, there is no effective registration statement registering the shares of common stock issuable upon exercise of the Series E Warrants or the prospectus contained in the registration statement is not available for the issuance of the shares of common stock issuable upon exercise of the Series E Warrants.

We also agreed with the Investors that while such Investor holds Series E Preferred Stock and Series E Warrants, we will not effect or enter into an agreement to effect a “Variable Rate Transaction,” which means a transaction in which we: (i) issue or sell any convertible securities either (A) at a conversion, exercise or exchange rate or other price that is based upon and/or varies with the trading prices of, or quotations for, the shares of common stock at any time after the initial issuance of such convertible securities, or (B) with a conversion, exercise or exchange price that is subject to being reset at some future date after the initial issuance of such convertible securities or upon the occurrence of specified or contingent events directly or indirectly related to our business; or (ii) enter into any agreement (including, without limitation, an equity line of credit) whereby we may sell securities at a future determined price.

We also agreed with the Investors that, except under certain permitted circumstances: (i) until the later of the date that is six months from the closing or 30 days following the date on which less than 7.5% of the Series E Preferred Stock remains outstanding, we will not issue, or enter into any agreement to issue, any shares of common stock or equivalents thereof; (ii) until the time that less than 7.5% of the Series E Warrants remain outstanding, neither we nor our subsidiaries will issue, or enter into any agreement to issue, common stock or equivalents thereof at a price below the exercise price of the Series E Warrants; (iii) until the time that less than 7.5% of the Series E Preferred Stock remains outstanding, neither we nor our subsidiaries will issue, or enter into any agreement to issue, common stock or equivalents thereof at a price below the conversion price of the Series E Preferred Stock unless all shares of common stock underlying the Series E Preferred Stock (taking into consideration the effect of the full adjustment of the anti-dilution provisions from such dilutive issuance) are permitted by General Instruction I.B.6. of Form S-3 to be issued under the registration statement; (iv) if we issue or agree to issue securities within the six months following the closing under the Series E Purchase Agreement, and subject to the preexisting rights of other security holders, the Investors shall have the right of first refusal to purchase all of the securities on the same terms, conditions and price provided for in the proposed issuance of securities; and (v) we will indemnify the Investors against certain losses resulting from our breach of any of our representations, warranties, or covenants under agreements with the Investors, as well as under certain other circumstances described in the Series E Purchase Agreement. As a result of the Repurchase Agreement described below, we no longer have any Series E Preferred Stock issued or outstanding.

Substantially concurrently with the closing of the Series E Financing, on February 13, 2015, we entered into a separate securities purchase agreement (the “Warrant Purchase Agreement”) with selected accredited institutional pre-existing investors (the “Private Placement Investors”), including Alpha Capital Anstalt, Acuta Capital Partners (formerly Longwood Capital Partners) and Perkins Capital Management, pursuant to which we will sell to the Private Placement Investors warrants to purchase up to an aggregate of 102,678 shares of Common Stock (the “Private Placement Warrants”, and the transactions contemplated by the Warrant Purchase Agreement, the “Warrant Financing”). In consideration of an aggregate of \$1,000, we agreed to sell the Private Placement Warrants, which were issued on April 29, 2015 after our stockholders approved amending our Certificate of Incorporation to increase our authorized common stock in an amount sufficient to permit the issuance of the common stock issuable upon exercise of the Private Placement Warrants.

Each Private Placement Warrant has an exercise price of \$32.505 per share of common stock (subject to adjustment for stock splits and the like), and will be exercisable at any time after the six month anniversary of entering into the Warrant Purchase Agreement and on or prior to the close of business on the five year anniversary of the initial exercise date, subject to the beneficial ownership limitation described below. If, at the time of exercise of a Private Placement Warrant, there is no effective registration statement registering for resale the shares of common stock issuable upon exercise of the Private Placement Warrant, the holder may exercise the Private Placement Warrant on a cashless basis. Subject to the beneficial ownership limitation described below, if, after the one year anniversary of the date of entering into the Warrant Purchase Agreement, the volume weighted average price of our common stock on Nasdaq exceeds 200% of the Private Placement Warrant exercise price for ten consecutive trading days, then we may, within one trading day thereafter, call for cancellation of up to 50% of the Private Placement Warrants for consideration equal to \$0.001 per share of common stock underlying the Private Placement Warrants. We may not exercise our call rights if, among other things, there is no effective registration statement registering for resale the shares of common stock issuable upon exercise of the Private Placement Warrants. Subject to limited exceptions, a holder of Private Placement Warrants will not have the right to exercise any portion of its Private Placement Warrants if the holder, together with its affiliates, would beneficially own in excess of 4.99% (which may be increased, but not above 9.99%) of the number of shares of our common stock outstanding immediately after giving effect to such exercise.

For as long as the Private Placement Investors hold any Private Placement Warrants, we will not effect or enter into an agreement to effect a “Variable Rate Transaction,” which means a transaction in which we: (i) issue or sell any convertible securities either (A) at a conversion, exercise or exchange rate or other price that is based upon and/or varies with the trading prices of, or quotations for, the shares of the common stock at any time after the initial issuance of such convertible securities, or (B) with a conversion, exercise or exchange price that is subject to being reset at some future date after the initial issuance of such convertible securities or upon the occurrence of specified or contingent events directly or indirectly related to our business; or (ii) enter into any agreement (including, without limitation, an equity line of credit) whereby we may sell securities at a future determined price. We also agreed with the Private Placement Investors that, except under certain permitted circumstances until the time that less than 7.5% of the Private Placement Warrants remain outstanding, neither we nor our subsidiaries shall issue, or enter into any agreement to issue, common stock or equivalents thereof at a price below the exercise price of the Private Placement Warrants. We also agreed that the terms of the Warrant Financing will be amended to reflect the most favorable terms obtained by us in any future equity financing.

In connection with the purchase of the Private Placement Warrants, we agreed to modify previously issued and outstanding warrants held by the Private Placement Investors that were issued on October 1, 2012, March 20, 2013, May 6, 2013 and June 28, 2013, to (i) reduce the exercise prices thereunder to \$29.55 and (ii) prohibit the exercise of such modified warrants for a period of six months after the date of the modification and (iii) extend the exercise period of such modified warrants for an additional six months.

On October 12, 2015, we entered into an Amendment No. 1 to Common Stock Purchase Warrants with each of the holders of (i) the Series E Warrants and (ii) 100,847 of the Private Placement Warrants, to reduce the exercise prices of such warrants to \$16.50 per share. In consideration for entering into such amendments of these warrants, each holder of these warrants agreed to irrevocably waive ab initio and for all time its right to receive cash dividends on its shares of our Series E Preferred Stock.

On February 27, 2015, pursuant to the authority granted under our 2006 Stock Incentive Plan, our Compensation Committee adopted a 2015 Executive Performance Bonus Plan (the “2015 Bonus Plan”), effective as of January 1, 2015, to provide certain members of our senior management the opportunity to earn incentive bonuses based on our attainment of specific financial performance objectives for 2015. Our Compensation Committee determined that our Chief Executive Officer, Mark McDonough, and our Chief Financial Officer, Scott Burell, are eligible to receive such awards under the 2015 Bonus Plan. A participant’s bonus under the 2015 Bonus Plan will consist of a cash incentive and will be based on achievement of between 89% and 150% of our 2015 net revenue target as determined by our Compensation Committee. If we achieve 89% of the target net revenue, each of the CEO’s and CFO’s cash bonus will equal \$35,000. If we achieve 90% of the target net revenue, the CEO’s and CFO’s cash bonus will equal \$77,500 and \$55,000, respectively; if we achieve 100% of the target net revenue, the CEO’s and CFO’s cash bonus will equal \$180,000 and \$127,500, respectively; if we achieve 110% of the target net revenue, the CEO’s and CFO’s cash bonus will equal \$240,000 and \$170,500, respectively; and if we achieve 150% of the target net revenue, the CEO’s and CFO’s cash bonus will equal \$270,000 and \$191,500, respectively (and bonus payments will be computed on a pro rata basis between 101% and 150% of the target achieved). In February 2016, the CEO and CFO each received a cash bonus payment of \$35,000 under the 2015 Bonus Plan for achieving 89% of our 2015 net revenue target.

On April 21, 2016, pursuant to the authority granted under our 2006 Stock Incentive Plan, our Compensation Committee adopted a 2016 Executive Performance Bonus Plan (the “2016 Bonus Plan”), effective as of January 1, 2016, to provide certain members of our senior management the opportunity to earn incentive bonuses based on our attainment of specific financial performance objectives for 2016. Our Compensation Committee determined that our Chief Executive Officer, Mark McDonough, and our Chief Financial Officer, Scott Burell, are eligible to receive such awards under the 2016 Bonus Plan. A participant’s bonus under the 2016 Bonus Plan will consist of a cash incentive and will be based on achievement of three separate components as follows: (i) 40% tied to the achievement of our 2016 revenue target as determined by our Compensation Committee; (ii) 30% tied to our 2016 gross margin target as determined by our Compensation Committee; and (iii) 30% tied to our 2016 EBITDA loss target as determined by our Compensation Committee. Also each component includes three levels of achievement in order to encourage higher levels of performance. If we achieve 90% of the 2016 target revenue, the target revenue portion of the cash bonus for our CEO and CFO will equal \$35,000 and \$20,800, respectively. If we achieve 100% of the 2016 target revenue, the target revenue portion of the cash bonus for our CEO and CFO will equal \$70,000 and \$41,600, respectively. If we achieve 110% of the 2016 target revenue, the target revenue portion of the cash bonus for our CEO and CFO will equal \$87,500 and \$52,000, respectively (and the target revenue portion of the cash bonus will be computed on a pro rata basis between 100% and 110% of the target achieved). If we achieve 100% of the 2016 gross margin target, the target gross margin portion of the cash bonus for our CEO and CFO will equal \$18,375 and \$10,920, respectively. If we achieve 105% of the 2016 gross margin target, the target gross margin portion of the cash bonus for our CEO and CFO will equal \$52,500 and \$31,200, respectively. If we achieve 110% of the 2016 gross margin target, the target gross margin portion of the cash bonus for our CEO and CFO will equal \$65,625 and \$39,000, respectively (and the target gross margin portion of the cash bonus will be computed on a pro rata basis between 105% and 110% of the target achieved). If we achieve 98% of the 2016 EBITDA loss target, the EBITDA loss target portion of the cash bonus for our CEO and CFO will equal \$18,375 and \$10,920, respectively. If we achieve 95% of the 2016 EBITDA loss target, the EBITDA loss target portion of the cash bonus for our CEO and CFO will equal \$52,500 and \$31,200, respectively. If we achieve 90% of the 2016 EBITDA loss target, the EBITDA loss target portion of the cash bonus for our CEO and CFO will equal \$65,625 and \$39,000, respectively (and the EBITDA loss target portion of the cash bonus will be computed on a pro rata basis between 95% and 90% of the target achieved). Cash bonus payments, if earned, will be paid once our auditors have completed their annual audit of our consolidated financial statements, and will be paid out within seventy-five days following December 31, 2016. In order to receive a bonus payment, the participant must be employed by us or our subsidiary at the time bonuses are computed and distributed.

On March 24, 2016, the Company completed a registered underwritten public offering (the “Offering”) of an aggregate of 8,000 units, with each unit consisting of one share of Series F Convertible Preferred Stock and 258.397875 Warrants each to purchase one share of Common Stock. Immediately after completion of the Offering through March 31, 2016, the Company issued an aggregate of 210,859 shares of Common Stock upon conversions of Series F Convertible Preferred Stock by holders thereof. As a result of these issuances, the Company has 1,067,788 shares of Common Stock issued and outstanding as of March 31, 2016. In addition, immediately after completion of the Offering, the Company repurchased all of its outstanding Series E Preferred Stock pursuant to the terms of the previously reported Series E 6% Convertible Preferred Stock Repurchase Agreement (the “Repurchase Agreement”) dated February 4, 2016. Pursuant to the terms of the Repurchase Agreement, we agreed to pay each holder \$300 per share of Series E Preferred Stock in consideration for the right to repurchase such holder’s Series E Preferred Stock at a price per share of \$1,000 (the “Repurchase Price”), which was the original price per share paid by the holders for their Series E Preferred Stock in February 2015.

One of our directors, Lâle White, is the Chief Executive Officer of XIFIN, Inc., a financial cloud computing company. We utilize XIFIN’s cloud-based billing and revenue cycle management software tools, which resulted in approximately \$182,000 of payments made by us to XIFIN during 2015.

Pursuant to our 2006 Stock Incentive Plan, Ms. White received a non-discretionary initial grant of options to purchase 133 shares of our common stock upon joining our Board on March 12, 2015. Such options were granted at an exercise price equal to the closing market price of our common stock on the date of grant. The options vest in four equal annual installments over a 48-month period measured from the grant date. Pursuant to our 2006 Stock Incentive Plan, Ms. White also received a discretionary restricted stock unit award of 835 shares of our common stock which will vest in four equal annual installments beginning March 12, 2016. The restricted stock units may vest on an accelerated basis in accordance with the terms of our 2006 Stock Incentive Plan and, in the event of death or a permanent disability, the vesting of the restricted stock unit will accelerate by twelve months. We and Ms. White also entered into our standard director indemnification agreement.

Future transactions with our officers, directors or greater than five percent stockholders will be on terms no less favorable to us than could be obtained from independent third parties, and all such transactions will be reviewed and subject to approval by members of our Audit Committee.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), requires our directors, officers, and persons that own more than 10 percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10 percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely upon our review of the copies of such forms received by us during the year ended December 31, 2015, we believe that each person who, at any time during such year, was a director, officer, or beneficial owner of more than 10% of our common stock met the filing requirements during such year.

PROPOSAL NO. 2 – APPROVAL OF THE AMENDMENT AND RESTATEMENT OF OUR 2006 STOCK INCENTIVE PLAN TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK AVAILABLE FOR GRANT THEREUNDER BY 300,000 SHARES, FROM 200,000 SHARES TO 500,000 SHARES, AND TO EFFECT VARIOUS OTHER CHANGES THEREUNDER

Overview

We are seeking stockholder approval to amend and restate our 2006 Stock Incentive Plan (as proposed to be amended, the “Plan”) to increase the number of shares of common stock available for grant thereunder by 300,000 shares, from 200,000 shares to 500,000 shares, and to effect various other changes thereunder. On April 21, 2016, subject to stockholder approval, our Board approved the amendment and restatement of the 2006 Stock Incentive Plan to increase the number of shares of common stock available for grant thereunder by 300,000 shares, from 200,000 shares to 500,000 shares, and to effect various other changes thereunder, and is seeking stockholder approval of the same. This amount of increase represents 9% of our fully-diluted capitalization and we believe it is necessary in order to attract and retain talented employees and management and will enable grants to be made to eligible recipients for an estimated four years based on the Plan’s average burn rate over the past 3 years.

In addition, we are seeking stockholder approval to amend the Plan to increase the number of shares of common stock that may be issued to any one person pursuant to stock options or separately exercisable stock appreciation rights that may qualify as performance-based compensation under Internal Revenue Code Section 162(m) within any calendar year by 30,000 shares to a maximum of 50,000 shares of common stock. We also seek approval to increase the number of shares of common stock that may be issued to any one person pursuant to direct stock issuances or restricted stock units that may qualify as performance-based compensation under Internal Revenue Code Section 162(m) within any calendar year by 30,000 shares to a maximum of 50,000 shares of common stock.

A copy of the Plan is attached to this proxy statement as Appendix A and is incorporated herein by reference. The following summary of the material terms of the Plan does not purport to be a complete description of the Plan and is qualified in its entirety by reference to the complete copy of the Plan in Appendix A.

Plan Description

Administration . Our Plan is administered by our Board or any committee designated by the Board consisting of not less than two directors. However, administration of the Plan with respect to persons subject to Section 16 of the Exchange Act is done by our Compensation Committee or another committee that qualifies under the requirements of Section 16. Subject to the terms of our Plan, the plan administrator is authorized to select eligible persons to receive awards under the Plan, determine the type, number and other terms and conditions of, and all other matters relating to, awards, prescribe award agreements (which need not be identical for each plan participant), and the rules and regulations for the administration of the Plan, construe and interpret the Plan and award agreements, and make all other decisions and determinations as the plan administrator may deem necessary or advisable for the administration of our Plan. The plan administrator may not, without prior approval of our stockholders and the consent of the affected holder, reduce the exercise price of any outstanding award under the Plan, cancel any outstanding award and grant in substitution a new award covering the same or a different number of shares, cash or other property or similar action that is treated as a re-pricing under generally accepted accounting principles.

Eligibility . The persons eligible to receive awards under our Plan are the employees, members of our Board, consultants and other independent advisers who provide services to us or any related entity. However, only our employees and employees of our subsidiaries or any parent may receive incentive stock options.

Types of Awards . Our Plan provides for the issuance of stock options, stock appreciation rights, stock awards, restricted stock unit, other share-based awards and performance awards. Performance awards may be based on the achievement of certain business criteria or goals, as determined by the plan administrator, and may consist of stock-based awards or cash bonuses.

Shares Available for Awards; Annual Per-Person Limitations . The total number of shares of common stock that may be subject to the granting of awards under our Plan at any time during the term of the Plan shall be equal to 500,000 shares. In addition, with respect to incentive stock options, no more than 500,000 shares may be issued under the Plan. Shares will become available for issuance under new awards to the extent awards previously granted under our Plan are forfeited, expire or otherwise terminate without issuance of shares. Notwithstanding anything to the contrary in the Plan, the following shares will not again become available for issuance under the Plan: (i) any shares which would have been issued upon any exercise of an option but for the fact that the exercise was paid by a cancellation of such shares, (ii) any shares withheld by us or tendered to satisfy any tax withholding obligation with respect to an option or stock appreciation right, (iii) shares covered by a stock appreciation right issued under the Plan that are not issued in connection with settlement in shares upon exercise or (iv) shares that are repurchased by us using option exercise proceeds.

Our Plan imposes individual limitations on certain awards. Under these limitations, as amended, at such time as awards granted under the Plan may qualify as “performance-based” compensation pursuant to Section 162(m), then during any fiscal year, no participant may be granted stock options or stock appreciation rights with respect to more than 50,000 shares and no participant may be granted stock, restricted stock unit or other share-based awards with respect to more than 50,000 shares, subject to adjustment upon certain changes in our capitalization. The maximum dollar value that may be paid out to any participant for any performance award with respect to awards granted in any calendar year is \$1,000,000.

In the event that any stock dividend, recapitalization, forward or reverse split, reorganization, merger, combination, share exchange or other similar corporate transaction or event affects the shares of our common stock, appropriate adjustment will be made by the plan administrator to (i) the maximum number, type and/or class of securities that may be issued under the Plan and the maximum number of shares that may be issued pursuant to incentive stock options, (ii) the number type and/or class of shares by which award limitations are measured, as described in the preceding paragraph, (iii) the number type and/or class of shares subject to or deliverable in respect of outstanding awards, (iv) the exercise price, grant price or purchase price relating to any award or the provision for payment of cash or other property in respect of any outstanding award, and (v) any other aspect of any award that the plan administrator determines to be appropriate.

Stock Options and Stock Appreciation Rights . The plan administrator is authorized to grant stock options, including both incentive stock options, which can result in potentially favorable tax treatment to the recipient, and non-qualified stock options, and stock appreciation rights (“SARs”) entitling the recipient to receive the amount by which the fair market value of a share of common stock on the date of exercise exceeds the grant price of the SAR. The exercise price per share subject to an option and the grant price of a SAR are determined by the plan administrator, but in the case of a stock option must not be less than the fair market value of a share of common stock on the date of grant, except (i) where required to satisfy legal or regulatory requirements of a foreign jurisdiction or (ii) if granted in substitution for a stock option previously granted by an acquired or merged entity. For purposes of our Plan, the term “fair market value” means the fair market value of our common stock, awards or other property as determined by the plan administrator or under procedures established by the plan administrator. Unless otherwise determined by the plan administrator, the fair market value of a share of our common stock as of any given date shall be the closing sales price per share of common stock as reported on the principal stock exchange or market on which the common stock is traded on the date as of which such value is being determined or, if there is no sale on that date, then on the last previous day on which a sale was reported. The maximum term of each option or SAR, the times at which each option or SAR will be exercisable, and provisions requiring forfeiture of unexercised options or SARs at or following termination of service generally are fixed by the plan administrator, except that no stock option may have a term exceeding ten years. Methods of exercise and settlement and other terms of the stock options and SARs are determined by the plan administrator. The plan administrator determines the methods in which the exercise price of options awarded under the Plan may be paid, which may include cash, shares, other awards or other property (including, to the extent permitted by law, loans to participants), net exercise or a cashless exercise procedure.

Restricted Stock, Restricted Stock Units and Other Stock-Based Awards . The plan administrator is authorized to grant shares of stock, including restricted stock, and restricted stock unit awards. Restricted stock is a grant of shares of common stock which may not be sold or disposed of, and which may be forfeited in the event of certain terminations of employment, prior to the end of a restricted period specified by the plan administrator. A participant granted restricted stock generally has all of the rights of a stockholder, unless otherwise determined by the plan administrator. A restricted stock unit award confers upon a participant the right to receive shares of common stock at the end of a specified period, subject to possible forfeiture of the award in the event of certain terminations of employment prior to the end of such specified period. The plan administrator is also authorized to grant other share-based awards that are denominated, payable in, or otherwise based on or related to shares of stock. The plan administrator shall determine the terms and conditions of such other share-based awards, subject to the terms of the Plan and any award agreement. However, no other share-based award shall contain a purchase right or option-like exercise feature. Prior to settlement, a restricted stock unit or other share-based award carries no voting or dividend rights or other rights associated with share ownership.

Performance Awards . The plan administrator is authorized to grant performance awards, consisting of stock-based awards and/or cash bonuses, to participants on terms and conditions established by the plan administrator. The performance criteria to be achieved during any performance period and the length of the performance period is determined by the plan administrator upon the grant of the performance award. Performance awards may be valued by reference to a designated number of shares of common stock or by reference to a designated amount of property including cash. Performance awards may be settled by delivery of cash, shares or other property, or any combination thereof, as determined by the plan administrator. Performance awards granted to persons whom the plan administrator expects will, for the year in which a deduction arises, be “covered employees” (as described below) will, if and to the extent intended by the plan administrator, be subject to provisions that should qualify such awards as “performance based compensation” not subject to the limitation on tax deductibility under Section 162(m). For purposes of Section 162(m), the term “covered employee” means our Chief Executive Officer and each other person whose compensation is required to be disclosed in our filings with the Securities and Exchange Commission by reason of that person being among our three highest compensated officers (other than the Chief Executive Officer) as of the end of a taxable year. If and to the extent required under Section 162(m), any power or authority relating to a performance award intended to qualify under Section 162(m) is to be exercised by the plan administrator and not the board of directors.

If and to the extent that the plan administrator determines that these provisions of our Plan are to be applicable to any award, one or more of the following business criteria, on a consolidated basis, and/or for our subsidiaries, or for our business or geographical units and/or a related entity, shall be used by the plan administrator in establishing performance goals for awards under our Plan: (1) earnings per share; (2) revenues or margins; (3) cash flow; (4) operating margin; (5) return on net assets, investment, capital, or equity; (6) direct contribution; (7) net income; pretax earnings; (8) earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings after interest expense and before extraordinary or special items; operating income; income before interest income or expense, unusual items and income taxes, local, state or federal and excluding budgeted and actual bonuses which might be paid under any ongoing bonus plans of the company; (9) working capital; (10) management of fixed costs or variable costs; (11) identification or consummation of investment opportunities or completion of specified projects in accordance with corporate business plans, including strategic mergers, acquisitions or divestitures; (12) total shareholder return; (13) debt reduction; (14) costs or expenses; (15) ratios (including one or more of price-to-earnings, debt-to-assets, debt-to-net assets and ratios regarding liquidity, solvency, fiscal capacity, productivity or risk); (16) unit volume; (17) value creation; (18) market share; (19) market capitalization; (20) employee retention; (21) production metrics; and (22) stock price. Any of the above goals may be determined on a relative or absolute basis or as compared to the performance of a published or special index deemed applicable by the plan administrator.

Transferability . Awards granted under our Plan generally may not be pledged or otherwise encumbered and are not transferable except by will or by the laws of descent and distribution, or to a designated beneficiary upon the participant’s death, except to the extent expressly permitted by the plan administrator in the award agreement.

Acceleration of Vesting; Corporate Transaction . The plan administrator may, in its discretion, accelerate the exercisability, the lapsing of restrictions or the expiration of deferral or vesting periods of any award, including if we undergo a “corporate transaction”, as defined in our Plan. Upon any such corporate transaction, the plan administrator also has the ability to provide for (i) termination of any award, whether or not vested in exchange for cash or property in an amount equal to the amount that would have been attained upon exercise or realization of the award, if any; (ii) replacement of the award with other rights or property, (iii) assumption of the award by the successor or survivor corporation, as appropriately adjusted; or (iv) termination of the vesting, exercise or realization of any award after a date certain in the future, which may be the effective date of the corporate transaction.

Amendment and Termination . The Board may amend, alter, suspend, discontinue or terminate our Plan without further stockholder approval, except stockholder approval must be obtained for any amendment or alteration that increases the shares reserved for issuance under the Plan or increases the classes of participants eligible under the Plan or if such approval is required by applicable law or regulation. Our Plan will terminate on the earliest of (i) the tenth anniversary of the most recent amendment and restatement of the Plan, (ii) the tenth anniversary of the date of stockholder approval of the most recent amendment and restatement of the Plan; (iii) the date that all shares under the Plan have been issued and are fully vested and (iv) the termination of all outstanding awards in connection with a change in control. Awards outstanding upon expiration of our Plan shall remain in effect until they have been exercised or terminated, or have expired.

Certain Federal Income Tax Consequences

The following is a summary of the principal U.S. federal income tax consequences generally applicable to awards made under the Plan.

Options and SARs . The grant of an option or SAR is not expected to result in any taxable income for the recipient. The holder of an incentive stock option generally will have no taxable income upon exercising the incentive stock option (except that an alternative minimum tax liability may result), and we will not be entitled to a tax deduction when an incentive stock option is exercised. Upon exercising an option other than an incentive stock option, the option holder must recognize ordinary income equal to the excess of the fair market value of the shares of our common stock acquired on the date of exercise over the exercise price, and we will generally be entitled at that time to a tax deduction for the same amount. Upon the exercise of an SAR, the amount of any cash received and the fair market value on the exercise date of any shares of our common stock received are taxable to the recipient as ordinary income, and are deductible by us.

The tax consequence upon a disposition of shares of our common stock acquired through the exercise of an option or SAR will depend on how long the shares have been held and whether the shares were acquired by exercising an incentive stock option or by exercising a non-incentive stock option or SAR. Generally, there will be no tax consequences to us in connection with the disposition of shares acquired pursuant to an option or SAR. However, we may be entitled to a tax deduction in the case of a disposition of shares acquired pursuant to an incentive stock option before the applicable incentive stock option holding periods set forth in the Code have been satisfied.

Other Awards . For other awards granted under the Plan that are payable in cash or shares of our common stock and that are either transferable or not subject to substantial risk of forfeiture, the holder of such an award must recognize ordinary income equal to the excess of (a) the cash or the fair market value of the shares of our common stock received (determined as of the date of such receipt) over (b) the amount (if any) paid for the shares of our common stock by the holder of the award. We will generally be entitled at that time to a deduction for the same amount if and to the extent that amount satisfies general rules concerning deductibility of compensation.

For an award that is payable in shares of our common stock that are restricted as to transferability and subject to substantial risk of forfeiture, unless a special election is made pursuant to Section 83(b) of the Code, the holder of the award must recognize ordinary income equal to the excess of (x) the fair market value of the shares of our common stock received (determined as of the first time the shares became transferable or not subject to substantial risk of forfeiture, whichever occurs earlier) over (y) the amount (if any) paid for the shares of our common stock by the holder. We will generally be entitled at that time to a tax deduction for the same amount if and to the extent that amount satisfies general rules concerning deductibility of compensation.

Special Rules . Special rules may apply in the case of individuals subject to Section 16 of the Exchange Act. In particular, unless a special election is made pursuant to Section 83(b) of the Code, shares of our common stock received pursuant to the exercise of an option or SAR may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized, and the amount of our tax deduction, may be determined as of the end of such period.

Deductibility of Executive Compensation Under Code Section 162(m) . Section 162(m) generally limits to \$1,000,000 the amount that a publicly-held corporation is allowed each year to deduct for the compensation paid to each of the corporation's chief executive officer and the corporation's other three most highly compensated executive officers (other than the chief financial officer). However, "qualified performance-based compensation" is not subject to the \$1,000,000 deduction limit. In general, to qualify as performance-based compensation, the following requirements need to be satisfied: (1) payments must be computed on the basis of an objective, performance-based compensation standard determined by a committee consisting solely of two or more "outside directors," (2) the material terms under which the compensation is to be paid, including the business criteria upon which the performance goals are based, and a limit on the maximum bonus amount which may be paid to any participant pursuant with respect to any performance period, must be approved by a majority of the corporation's stockholders and (3) the committee must certify that the applicable performance goals were satisfied before payment of any performance-based compensation.

The Plan has been designed to permit grants of options and SARs issued under the Plan to qualify under the performance-based compensation rules so that income attributable to the exercise of a non-incentive stock option or an SAR may be exempt from \$1,000,000 deduction limit. Grants of other awards under the Plan may also qualify for this exemption. The Plan's provisions are consistent in form with the performance-based compensation rules, so that if the committee that grants options, SARs or other awards consists exclusively of members of our board of directors who qualify as "outside directors," and the exercise price (or deemed exercise price, with respect to SARs) is not less than the fair market value of the shares of our common stock to which such grants relate, the compensation income should qualify as performance-based compensation which is deductible even if that income would be in excess of the otherwise applicable limits on deductible compensation income under Section 162(m).

Accounting Treatment

We account for stock-based compensation under Accounting Standards Codification 718, Compensation—Stock Compensation, which requires the fair value of all option grants or stock issuances made to employees or directors on or after January 1, 2007, as well as a portion of the fair value of each option and stock grant made to employees or directors prior to that date which represents the unvested portion of these share-based awards as of such implementation date, to be recognized as an expense. These amounts are expensed over the respective vesting periods of each award using the straight-line attribution method. We calculate stock option-based compensation by estimating the fair value of each option as of its date of grant using the Black-Scholes option pricing model.

New Plan Benefits

Awards under the Plan are made at the discretion of our Compensation Committee. It is not possible to determine the benefits or amounts that will be received by eligible participants under the Plan after the date of this proxy statement because no decisions have been made on the amount and type of awards to be granted under the Plan to eligible participants in the future, nor do we have any specific current plans or commitments for granting any future awards.

The following table sets forth, with respect to our named executive officers and the other indicated persons and groups, the aggregate number of shares of common stock underlying stock options and restricted stock units that have been granted under our Plan from the effective date of the Plan through March 31, 2016. As of March 31, 2016, there are 69 participants under the Plan.

PROPOSAL NO. 3 – APPROVAL ON AN ADVISORY BASIS OF THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

Overview

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) enables our stockholders to vote to approve, on a non-binding advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with applicable SEC rules.

Our goal for our executive compensation program is to attract, motivate and retain a talented team of executives who will provide leadership for our success, and thereby increase stockholder value. We believe that our executive compensation program satisfies this goal and is strongly aligned with the long-term interests of our stockholders. We urge stockholders to read the section titled “Executive Compensation” elsewhere in this proxy statement for additional details about our executive compensation programs, including information about the compensation of our named executive officers in 2015.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our named executive officers’ compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers described in this proxy statement. Accordingly, we will ask our stockholders to vote **FOR** the following resolution at the Annual Meeting:

“RESOLVED, that the stockholders of CombiMatrix Corporation approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the CombiMatrix proxy statement for the Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC.”

This say-on-pay vote is advisory, and therefore, is not binding on us, our Compensation Committee or our Board. Our Board and our Compensation Committee value the opinions of our stockholders, and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we may review and consider the results of this advisory vote in future compensation deliberations.

Under the rules of the NYSE, brokers are prohibited from giving proxies to vote on executive compensation matters unless the beneficial owner of such shares has given voting instructions on the matter. This means that if your broker is the record holder of your shares, you must give voting instructions to your broker with respect to this Proposal if you want your broker to vote your shares on this Proposal.

Vote Sought

The proposal to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement will be approved if a majority of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote at the Annual Meeting are voted in favor of the proposal.

Recommendation

Our Board recommends that stockholders vote **FOR** the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement.

Unless marked otherwise, proxies received will be voted FOR Proposal No. 3.

PROPOSAL NO. 4 – RATIFICATION OF APPOINTMENT OF HASKELL & WHITE LLP

Stockholder ratification of such selection is not required by our Bylaws or other applicable legal requirement. However, our Board is submitting the selection of Haskell & White LLP to stockholders for ratification as a matter of good corporate practice. In the event that stockholders fail to ratify the selection, our Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, our Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if our Audit Committee believes that such a change would be in our and our stockholders’ best interests.

Representatives of Haskell & White LLP are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

COMBIMATRIX CORPORATION

2006 STOCK INCENTIVE PLAN

(as amended and restated [DATE], 2016)

ARTICLE ONE

GENERAL PROVISIONS

I. PURPOSE OF THE PLAN

This CombiMatrix Corporation 2006 Stock Incentive Plan is intended to promote the interests of CombiMatrix Corporation, a Delaware corporation, by providing eligible persons in the Corporation's Service with the opportunity to acquire a proprietary interest, or otherwise increase their proprietary interest, in the Corporation as an incentive for them to remain in such Service.

Capitalized terms shall have the meanings assigned to such terms in the attached Appendix.

II. STRUCTURE OF THE PLAN

A. The Plan shall be divided into three separate equity incentive programs:

- the Discretionary Option/Stock Appreciation Right Grant Program under which eligible persons may, at the discretion of the Plan Administrator, be granted options to purchase shares of Common Stock, and
- the Stock Issuance Program under which eligible persons may, at the discretion of the Plan Administrator, be issued shares of Common Stock directly, either through the immediate purchase of such shares or as a bonus for services rendered the Corporation (or any Parent or Subsidiary).

B. The provisions of Articles One and Five shall apply to all equity incentive programs under the Plan and shall govern the interests of all persons under the Plan.

III. ADMINISTRATION OF THE PLAN

A. The Committee shall have sole and exclusive authority to administer the Discretionary Option Grant and Stock Issuance Programs with respect to Section 16 Insiders. Administration of the Discretionary Option Grant and Stock Issuance Programs with respect to all other persons eligible to participate in those programs may, at the Board's discretion, be vested in the Committee, or the Board may retain the power to administer those programs with respect to all such persons. Other than with respect to Section 16 Insiders, the Board may also appoint an Executive Officer Committee to administer the Discretionary Option Program and Stock Issuance Program, subject to the applicable limitations and requirements of the Delaware Corporate Law. However, any discretionary option grants or stock issuances to members of the Committee must be authorized and approved by a disinterested majority of the Board.

B. Members of the Committee or, if applicable, the Executive Officer Committee, shall serve for such period of time as the Board may determine and may be removed by the Board at any time.

C. The Plan Administrator shall, within the scope of its administrative functions under the Plan, have full power and authority (subject to the provisions of the Plan) to establish such rules and regulations as it may deem appropriate for proper administration of the Discretionary Option Grant and Stock Issuance Programs and to make such determinations under, and issue such interpretations of, the provisions of those programs and any outstanding options or stock issuances thereunder as it may deem necessary or advisable. Decisions of the Plan Administrator within the scope of its administrative functions under the Plan shall be final and binding on all parties who have an interest in the Discretionary Option Grant and Stock Issuance Programs under its jurisdiction or any stock option or stock issuance thereunder.

D. Service on the Committee shall constitute Service as a Board member, and members of each such committee shall accordingly be entitled to full indemnification and reimbursement as Board members for their service on such committee. No member of the Committee or, if applicable, the Executive Officer Committee, shall be liable for any act or omission made in good faith with respect to the Plan or any option grants or stock issuances under the Plan.

IV. ELIGIBILITY

A. The persons eligible to participate in the Discretionary Option Grant and Stock Issuance Programs are as follows:

- (i) Employees,
- (ii) non-employee members of the Board or the board of directors of any Parent or Subsidiary, and
- (iii) consultants and other independent advisors who provide services to the Corporation (or any Parent or Subsidiary).

B. The Plan Administrator shall, within the scope of its administrative jurisdiction under the Plan, have full authority to determine, (i) with respect to the option grants under the Discretionary Option Grant Program, which eligible persons are to receive such grants, the time or times when those grants are to be made, the number of shares to be covered by each such grant, the status of the granted option as either an Incentive Option or a Non-Statutory Option, if, and the extent to which, each option is to be exercisable at a different time or times than those times set forth in Section I.B.1. of Article Two of the Plan, the vesting schedule (if any) applicable to the option shares and the maximum term for which the option is to remain outstanding and (ii) with respect to stock issuances under the Stock Issuance Program, which eligible persons are to receive such issuances, the time or times when the issuances are to be made, the number of shares to be issued to each Participant, the vesting schedule (if any) applicable to the issued shares and the consideration for such shares.

C. The Plan Administrator shall have the absolute discretion either to grant options in accordance with the Discretionary Option/Stock Appreciation Right Grant Program or to effect stock issuances in accordance with the Stock Issuance Program.

V. STOCK SUBJECT TO THE PLAN

A. The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Corporation on the open market. Subject to adjustment by the Plan Administrator pursuant to Section V.E below, effective [DATE], 2016, the number of shares of Common Stock reserved for issuance over the term of the Plan shall not exceed 500,000 shares of Common Stock. For purposes of clarification, the shares of Common Stock subject to the Assumed Options are not included in the 500,000 shares of Common Stock reserved hereunder for issuance pursuant to this paragraph, though the shares of Common Stock subject to the Assumed Options may become available for grant under this Plan to the extent provided in Article One, Section V.D. below. (See Amendment to this Section V.A. below on page 25).

B. The maximum aggregate number of shares of Common Stock that may be issued under the Plan through Incentive Options shall be 500,000 shares of Common Stock.

C. At such time as stock option or stock appreciation rights granted under the Plan may qualify as performance-based compensation under Code Section 162(m), no one person participating in the Plan may receive stock options or separately exercisable stock appreciation rights for more than 50,000 shares of Common Stock in the aggregate per calendar year. At such time as direct stock issuances, restricted stock unit or other share-based awards granted under the Plan may qualify as performance-based compensation under Code Section 162(m), no one person participating in the Plan may receive direct stock issuances, restricted stock unit or other share-based awards for more than 50,000 shares of Common Stock in the aggregate per calendar year. In addition, the maximum dollar value payable to any one Participant with respect to awards granted under Article Five, Section VIII.B. is \$1,000,000 per calendar year.

D. Shares of Common Stock subject to outstanding options, Assumed Options or stock appreciation rights shall be available for subsequent issuance under the Plan to the extent such shares are not issued pursuant to such options, Assumed Options or stock appreciation rights prior to the expiration, termination or cancellation of such options, Assumed Options or stock appreciation rights for any reason. Shares of Common Stock subject to outstanding restricted stock unit or other share-based awards shall be available for subsequent issuance under the Plan to the extent those restricted stock unit or other share-based awards expire, terminate or are cancelled for any reason prior to the issuance of all shares of Common Stock subject to such restricted stock unit or other share-based awards. Unvested shares issued under the Plan and subsequently cancelled, forfeited or repurchased by the Corporation, at a price per share not greater than the original issue price paid per share, pursuant to the Corporation's repurchase rights under the Plan shall be added back to the number of shares of Common Stock reserved for issuance under the Plan. Notwithstanding anything to the contrary in this Section, the following shares of Common Stock will not again become available for issuance under the Plan: (i) any shares of Common Stock which would have been issued upon any exercise of an option but for the fact that the exercise was paid by a cancellation of such shares of Common Stock pursuant to Section I.A.2.ii of Article Two, (ii) any shares of Common Stock withheld by the Corporation or shares of Common Stock tendered to satisfy any tax withholding obligation with respect to an option or stock appreciation right, (iii) shares of Common Stock covered by a stock appreciation right issued under the Plan that are not issued in connection with settlement in shares of Common Stock upon exercise, or (iv) shares of Common Stock that are repurchased by the Corporation using option exercise proceeds.

E. If any change is made to the Common Stock by reason of any stock split, stock dividend, recapitalization, merger, reorganization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration, appropriate adjustments shall be made by the Plan Administrator to (i) the maximum number, type and/or class of securities issuable under the Plan, (ii) the maximum number, type and/or class of securities for which any one person may be granted (x) stock options and separately exercisable stock appreciation rights and (y) direct stock issuances, restricted stock unit and other share-based awards under the Plan per calendar year, (iii) the number, type and/or class of securities and the exercise price per share in effect under each outstanding option and stock appreciation right under the Plan, (iv) the number, kind and/or class of securities under each restricted stock unit or other share-based award, and (v) the maximum number, type and/or class of securities by which the share reserve is to increase automatically each calendar year pursuant to the provisions of Section V.B. of this Article One. Such adjustments to the outstanding awards are to be effected in a manner which shall preclude the enlargement or dilution of rights and benefits under such options. The adjustments determined by the Plan Administrator shall be final, binding and conclusive.

ARTICLE TWO

DISCRETIONARY OPTION/STOCK APPRECIATION RIGHT GRANT PROGRAM

I. OPTION TERMS

Each option shall be evidenced by one or more documents in the form approved by the Plan Administrator; provided, however, that each such document shall comply with the terms specified below. Each document evidencing an Incentive Option shall, in addition, be subject to the provisions of the Plan applicable to such options.

A. EXERCISE PRICE.

1. The exercise price per share shall be fixed by the Plan Administrator but shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date, provided, however, that the Plan Administrator may designate a purchase price below Fair Market Value on the date of grant (A) to the extent necessary or appropriate, as determined by the Plan Administrator, to satisfy applicable legal or regulatory requirements of a foreign jurisdiction or (B) if the Option is granted in substitution for a stock option previously granted by an entity that is acquired by or merged into the Corporation (or an affiliate).

2. The exercise price shall become immediately due upon exercise of the option and shall, subject to the provisions of the documents evidencing the option, be payable in one or more of the forms specified below:

(i) cash or check made payable to the Corporation, or

(ii) shares of Common Stock held for the requisite period necessary to avoid a charge to the Corporation's earnings for financial reporting purposes and valued at Fair Market Value on the Exercise Date (including the cancellation of shares of Common Stock subject to the option), or

(iii) to the extent the option is exercised for vested shares, through a special sale and remittance procedure pursuant to which the Optionee shall concurrently provide irrevocable instructions to (a) a Corporation-designated brokerage firm to effect the immediate sale of the purchased shares and remit to the Corporation, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable Federal, state and local income and employment taxes required to be withheld by the Corporation by reason of such exercise and (b) the Corporation to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale, or

(iv) to the extent permitted by the Plan Administrator, by delivering to the Optionee a number of shares of Common Stock having an aggregate Fair Market Value (determined as of the Exercise Date) equal to the excess, if positive, of the Fair Market Value of the shares of Common Stock underlying the Option being exercised on the Exercise Date, over the exercise price of the Option for such shares of Common Stock, or

(v) Any other form of legal consideration, as determined by the Plan Administrator and specifically included in the stock option agreement.

Except to the extent such sale and remittance procedure is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

B. EXERCISE AND TERM OF OPTIONS.

1. Each option shall vest and be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the option.

2. Notwithstanding any other provision of the Plan, no option shall have a term in excess of ten (10) years measured from the option grant date.

C. EFFECT OF TERMINATION OF SERVICE.

1. The following provisions shall govern the exercise of any options held by the Optionee at the time of cessation of Service or death:

(i) Termination of Service. Subject to earlier termination of the option as otherwise provided in the Plan and unless otherwise specifically provided by the Plan Administrator with respect to an option and set forth in the award agreement (either at grant or by amendment at a later time), an option shall remain exercisable, to the extent vested, after a Optionee's termination of Service only during the applicable time period determined in accordance with this Section and thereafter shall terminate and no longer be exercisable:

(A) Death or Permanent Disability. If the Optionee's Service terminates because of the death or Permanent Disability of the Optionee, the option, to the extent unexercised, vested and exercisable on the date on which the Optionee's Service terminated, may be exercised by the Optionee (or the Optionee's legal representative or estate, as applicable) at any time prior to the expiration of twelve (12) months (or such other period of time as determined by the Plan Administrator, in its discretion) after the date on which the Optionee's Service terminated, but in any event only with respect to the unexercised and vested portion of the option and not after the maximum term of the option.

(B) Termination for Misconduct. Notwithstanding any other provision of the Plan to the contrary, if the Optionee's Service is terminated for Misconduct or should the Optionee otherwise engage in Misconduct while holding one or more outstanding options, then all such options shall terminate immediately and cease to be outstanding.

(C) Other Termination of Service. If the Optionee's Service terminates for any reason, except Permanent Disability, death or Misconduct, the option, to the extent unexercised, vested and exercisable by the Optionee on the date on which the Optionee's Service terminated, may be exercised by the Optionee at any time prior to the expiration of three (3) months (or such longer or shorter period of time as determined by the Plan Administrator, in its discretion) after the date on which the Optionee's Service terminated, but in any event only with respect to the unexercised and vested portion of the option and not the maximum term of the option.

(ii) Any option held by the Optionee at the time of death and exercisable in whole or in part at that time may be subsequently exercised by the personal representative of the Optionee's estate or by the person or persons to whom the option is transferred pursuant to the Optionee's will or the laws of descent and distribution or by the Optionee's designated beneficiary or beneficiaries of that option.

(iii) During the applicable post-Service exercise period, the option may not be exercised in the aggregate for more than the number of vested shares for which the option is exercisable on the date of the Optionee's cessation of Service. Upon the expiration of the applicable exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be outstanding for any vested shares for which the option has not been exercised. However, the option shall, immediately upon the Optionee's cessation of Service, terminate and cease to be outstanding to the extent the option is not otherwise at that time exercisable for vested shares.

2. The Plan Administrator shall have complete discretion, exercisable either at the time an option is granted or at any time while the option remains outstanding, to:

(i) extend the period of time for which the option is to remain exercisable following the Optionee's cessation of Service from the limited exercise period otherwise in effect for that option to such greater period of time as the Plan Administrator shall deem appropriate, but in no event beyond the expiration of the option term and in no event to such extent to make the option subject to Section 409A (unless given the prior consent of the Optionee), and/or

(ii) permit the option to be exercised, during the applicable post-Service exercise period, not only with respect to the number of vested shares of Common Stock for which such option is exercisable at the time of the Optionee's cessation of Service but also with respect to one or more additional installments in which the Optionee would have vested had the Optionee continued in Service.

D. STOCKHOLDER RIGHTS. The holder of an option shall have no stockholder rights with respect to the shares subject to the option until such person shall have exercised the option, paid the exercise price and become a holder of record of the purchased shares.

E. REPURCHASE RIGHTS. The Plan Administrator shall have the discretion to grant options which are exercisable for unvested shares of Common Stock. Should the Optionee cease Service while holding such unvested shares, the Corporation shall have the right, but not the obligation, to repurchase any or all of those unvested shares at a price per share equal to the *lower* of (i) the exercise price paid per share or (ii) the Fair Market Value per share of Common Stock at the time of the Optionee's cessation of Service. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right.

F. LIMITED TRANSFERABILITY OF OPTIONS. During the lifetime of the Optionee, Incentive Options shall be exercisable only by the Optionee and shall not be assignable or transferable other than by will or the laws of descent and distribution following the Optionee's death. Non-Statutory Options shall be subject to the same limitation, except as otherwise determined by the Plan Administrator, including an assignment to the Optionee's Immediate Family. To the extent that a Non-Statutory Option is assigned, the assigned portion may only be exercised by the person or persons who acquire a proprietary interest in the option pursuant to the assignment. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate. Notwithstanding the foregoing, the Optionee may also designate one or more persons as the beneficiary or beneficiaries of his or her outstanding options under this Article Two, and those options shall, in accordance with such designation, automatically be transferred to such beneficiary or beneficiaries upon the Optionee's death while holding those options. Such beneficiary or beneficiaries shall take the transferred options subject to all the terms and conditions of the applicable agreement evidencing each such transferred option, including (without limitation) the limited time period during which the option may be exercised following the Optionee's death.

II. INCENTIVE OPTIONS

The terms specified below shall be applicable to all Incentive Options. Except as modified by the provisions of this Section II, all the provisions of Articles One and Two shall be applicable to Incentive Options. Options which are specifically designated as Non-Statutory Options when issued under the Plan shall not be subject to the terms of this Section II.

A. ELIGIBILITY. Incentive Options may only be granted to Employees.

B. EXERCISE PRICE. The exercise price per share shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date.

C. DOLLAR LIMITATION. The aggregate Fair Market Value of the shares of Common Stock (determined as of the respective date or dates of grant) for which one or more options granted to any Employee under the Plan (or any other option plan of the Corporation or any Parent or Subsidiary) may for the first time become exercisable as Incentive Options during any one calendar year shall not exceed the sum of One Hundred Thousand Dollars (\$100,000). To the extent the Employee holds two (2) or more such options which become exercisable for the first time in the same calendar year, the foregoing limitation on the exercisability of such options as Incentive Options shall be applied on the basis of the order in which such options are granted. To the extent that the options exceed this limit, the excess amount shall be considered Non-Statutory Options.

D. FAILURE TO QUALIFY AS INCENTIVE OPTION. To the extent that any option governed by this Plan does not qualify as an Incentive Option, by reason of the dollar limitation described in Section II.C of this Article Two or for any other reason, such option shall be exercisable as a Non-Statutory Option under the Federal tax laws.

E. 10% STOCKHOLDER. If any Employee to whom an Incentive Option is granted is a 10% Stockholder, then the exercise price per share shall not be less than one hundred ten percent (110%) of the Fair Market Value per share of Common Stock on the option grant date, and the option term shall not exceed five (5) years measured from the option grant date.

III. STOCK APPRECIATION RIGHT TERMS

The Plan Administrator may grant stock appreciation rights either in conjunction with all or part of any option or without regard to any option, in each case upon such terms and conditions as the Plan Administrator may establish in its sole discretion, not inconsistent with the provisions of the Plan. Each stock appreciation right shall be evidenced by one or more documents in the form approved by the Plan Administrator; provided, however, that each such document shall comply with the terms specified below.

A. RIGHT TO PAYMENT.

1. Each stock appreciation right shall confer on the Participant to whom it is granted a right to receive, upon exercise thereof, the excess of (A) the Fair Market Value of one share of Common Stock on the date of exercise over (B) the per share strike price of the stock appreciation right.

2. The Plan Administrator shall determine the method of settlement, form of consideration payable in settlement and method by or forms in which shares of Common Stock will be delivered or deemed to be delivered to Participants.

3. The strike price per share shall be fixed by the Plan Administrator but shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the stock appreciation right grant date.

B. EXERCISE AND TERM OF STOCK APPRECIATION RIGHTS. Each stock appreciation right shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the stock appreciation right. However, no stock appreciation right shall have a term in excess of ten (10) years measured from the stock appreciation right grant date.

C. EFFECT OF TERMINATION OF SERVICE.

1. The following provisions shall govern the exercise of any stock appreciation rights held by the Participant at the time of cessation of Service or death:

(i) Any stock appreciation right outstanding at the time of the Participant's cessation of Service for any reason shall remain exercisable for such period of time thereafter as shall be determined by the Plan Administrator and set forth in the documents evidencing the stock appreciation right, but no such stock appreciation right shall be exercisable after the expiration of the stock appreciation right term.

(ii) Any stock appreciation right held by the Participant at the time of death and exercisable in whole or in part at that time may be subsequently exercised by the personal representative of the Participant's estate or by the person or persons to whom the stock appreciation right is transferred pursuant to the Participant's will or the laws of inheritance or by the Participant's designated beneficiary or beneficiaries of that stock appreciation right.

(iii) Should the Participant's Service be terminated for Misconduct or should the Participant otherwise engage in Misconduct while holding one or more outstanding stock appreciation rights under this Article Two, then all those stock appreciation rights shall terminate immediately and cease to be outstanding.

(iv) During the applicable post-Service exercise period, the stock appreciation right may not be exercised in the aggregate for more than the number of vested shares for which the stock appreciation right is exercisable on the date of the Participant's cessation of Service. Upon the expiration of the applicable exercise period or (if earlier) upon the expiration of the stock appreciation right term, the stock appreciation right shall terminate and cease to be outstanding for any vested shares for which the stock appreciation right has not been exercised. However, the stock appreciation right shall, immediately upon the Participant's cessation of Service, terminate and cease to be outstanding to the extent the stock appreciation right is not otherwise at that time exercisable for vested shares.

2. The Plan Administrator shall have complete discretion, exercisable either at the time a stock appreciation right is granted or at any time while the stock appreciation right remains outstanding, to:

(i) extend the period of time for which the stock appreciation right is to remain exercisable following the Participant's cessation of Service from the limited exercise period otherwise in effect for that stock appreciation right to such greater period of time as the Plan Administrator shall deem appropriate, but in no event beyond the expiration of the stock appreciation right term, and/or

(ii) permit the stock appreciation right to be exercised, during the applicable post-Service exercise period, not only with respect to the number of vested shares of Common Stock for which such stock appreciation right is exercisable at the time of the Participant's cessation of Service but also with respect to one or more additional installments in which the Participant would have vested had the Participant continued in Service.

D. STOCKHOLDER RIGHTS. The holder of a stock appreciation right shall have no stockholder rights with respect to the shares subject to the stock appreciation right until such person shall have exercised the stock appreciation right, received shares of common stock in connection with such exercise and become a holder of record of the purchased shares.

E. LIMITED TRANSFERABILITY OF STOCK APPRECIATION RIGHTS. During the lifetime of the Participant, stock appreciation rights shall be exercisable only by the Participant and shall not be assignable or transferable other than by will or the laws of inheritance following the Participant's death, except that the Plan Administrator may structure one or more stock appreciation rights under the Discretionary Option/Stock Appreciation Right Grant Program so that each such stock appreciation right may be assigned in whole or in part during the Participant's lifetime to one or more members of the Participant's family or to a trust established exclusively for one or more such family members or to Participant's former spouse, to the extent such assignment is in connection with the Participant's estate plan or pursuant to a domestic relations order. The assigned portion may only be exercised by the person or persons who acquire a proprietary interest in the stock appreciation right pursuant to the assignment. The terms applicable to the assigned portion shall be the same as those in effect for the stock appreciation right immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate. Notwithstanding the foregoing, the Participant may also designate one or more persons as the beneficiary or beneficiaries of his or her outstanding stock appreciation rights under this Article Two, and those stock appreciation rights shall, in accordance with such designation, automatically be transferred to such beneficiary or beneficiaries upon the Participant's death while holding those stock appreciation rights. Such beneficiary or beneficiaries shall take the transferred stock appreciation rights subject to all the terms and conditions of the applicable agreement evidencing each such transferred stock appreciation right, including (without limitation) the limited time period during which the stock appreciation right may be exercised following the Participant's death.

IV. CANCELLATION AND REGRANT OF OPTIONS

The Plan Administrator shall have the authority to effect, from time to time, and with prior approval of the Corporation's stockholders and the consent of the affected option holders, the cancellation of any or all outstanding options under the Discretionary Option/Stock Appreciation Right Grant Program (including outstanding options incorporated from the Predecessor Plans) and to grant (i) in substitution new options or stock appreciation rights covering the same or a different number of shares of Common Stock but with an exercise price per share calculated based upon the Fair Market Value per share of Common Stock on the new grant date; (ii) stock issuances (including restricted stock unit awards); (iii) cash; or (iv) other property.

ARTICLE THREE

STOCK ISSUANCE PROGRAM

I. STOCK ISSUANCE TERMS

Shares of Common Stock may be issued under the Stock Issuance Program through direct and immediate issuances without any intervening option grants. Each such stock issuance shall be evidenced by a Stock Issuance Agreement which complies with the terms specified below. Shares of Common Stock may also be issued under the Stock Issuance Program pursuant to (i) restricted stock unit awards which entitle the recipients to receive those shares upon the attainment of designated performance goals or in one or more installments over the Participant's period of Service or (ii) other share-based awards.

A. PURCHASE PRICE.

1. The purchase price per share shall be fixed by the Plan Administrator, but shall not be less than any legal limit required under state law.

2. Shares of Common Stock may be issued under the Stock Issuance Program for any of the following items of consideration which the Plan Administrator may deem appropriate in each individual instance:

(i) cash or check made payable to the Corporation for one hundred percent of the Fair Market Value of the shares of Common Stock to be purchased,

(ii) past services rendered to the Corporation (or any Parent or Subsidiary),

(iii) services to be rendered to the Corporation (or any Parent or Subsidiary) during the vesting period, or

(iv) any other form of legal consideration that may be acceptable to the Plan Administrator.

B. VESTING PROVISIONS.

1. Shares of Common Stock issued under the Stock Issuance Program may, in the discretion of the Plan Administrator, be fully and immediately vested upon issuance or may vest in one or more installments over the Participant's period of Service or upon attainment of specified performance objectives. The elements of the vesting schedule applicable to any unvested shares of Common Stock issued under the Stock Issuance Program shall be determined by the Plan Administrator and incorporated into the Stock Issuance Agreement. Shares of Common Stock may also be issued under the Stock Issuance Program pursuant to restricted stock unit awards which shall not deliver shares of Common Stock upon grant, but shall entitle the recipients to receive those shares upon the attainment of designated performance goals or in one or more installments over the Participant's period of Service. Upon the attainment of such performance goals or Service period, fully vested shares of Common Stock shall be issued in satisfaction of those restricted stock unit awards. Shares of Common Stock may also be issued under the Stock Issuance Program pursuant to other stock-based awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, shares of Common Stock (including, without limitation, securities convertible into shares of Common Stock), as are deemed by the Plan Administrator to be consistent with the purpose of the Plan. The Plan Administrator shall determine the terms and conditions of such other share-based awards, subject to the terms of the Plan and any applicable Award Agreement. No other share-based award shall contain a purchase right or option-like exercise feature.

2. Any new, substituted or additional securities or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to the Participant's unvested shares of Common Stock by reason of any stock dividend, stock split, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration shall be issued subject to (i) the same vesting requirements applicable to the Participant's unvested shares of Common Stock and (ii) such escrow arrangements as the Plan Administrator shall deem appropriate.

3. Aside from shares of Common Stock underlying unsettled restricted stock unit awards and other share-based awards, the Participant shall have full stockholder rights with respect to any shares of Common Stock issued to the Participant under the Stock Issuance Program, whether or not the Participant's interest in those shares is vested. Accordingly, the Participant shall have the right to vote such shares and to receive any regular cash dividends paid on such shares.

4. Should the Participant cease to remain in Service while holding one or more unvested shares of Common Stock issued under the Stock Issuance Program or should the performance objectives not be attained with respect to one or more such unvested shares of Common Stock, then those shares shall be immediately surrendered to the Corporation for cancellation, and the Participant shall have no further stockholder rights with respect to those shares. To the extent the surrendered shares were previously issued to the Participant for consideration paid in cash or cash equivalent (including the Participant's purchase-money indebtedness), the Corporation shall repay to the Participant the *lower* of (i) the cash consideration paid for the surrendered shares or (ii) the Fair Market Value of those shares at the time of cancellation.

5. The Plan Administrator may in its discretion waive the surrender and cancellation of one or more unvested shares of Common Stock which would otherwise occur upon the cessation of the Participant's Service or the non-attainment of the performance objectives applicable to those shares. Such waiver shall result in the immediate vesting of the Participant's interest in the shares of Common Stock as to which the waiver applies. Such waiver may be effected at any time, whether before or after the Participant's cessation of Service or the attainment or non-attainment of the applicable performance objectives.

6. Outstanding restricted stock unit and other share-based awards under the Stock Issuance Program shall automatically terminate, and no shares of Common Stock shall actually be issued in satisfaction of those awards, if the performance goals or Service requirements established for such awards are not attained. The Plan Administrator, however, shall have the discretionary authority to issue shares of Common Stock under one or more outstanding restricted stock unit awards as to which the designated performance goals or Service requirements have not been attained.

II. SHARE ESCROW/LEGENDS

Unvested shares may, in the Plan Administrator's discretion, be held in escrow by the Corporation until the Participant's interest in such shares vests or may be issued directly to the Participant with restrictive legends on the certificates evidencing those unvested shares.

ARTICLE FOUR

CORPORATE TRANSACTIONS

I. PERMITTED ACTIONS

A. In the event of any reorganization, merger, consolidation, split-up, spin-off, combination, plan of arrangement, take-over bid or tender offer, repurchase or exchange of shares of Common Stock or other securities of the Corporation or any other similar corporate transaction or event involving the Corporation (any such action a "Corporate Transaction"), or the Corporation shall enter into a written agreement to undergo a Corporate Transaction, the Plan Administrator may, in its sole discretion, provide for any of the following to be effective upon the consummation of the event (or effective immediately prior to the consummation of the Corporate Transaction, provided that the consummation of the Corporate Transaction subsequently occurs), and no action taken under this Article Four shall be deemed to impair or otherwise adversely alter the rights of any holder of an Award or beneficiary thereof:

(i) either (A) termination of the Award, whether or not vested, in exchange for an amount of cash and/or other property, if any, equal to the amount that would have been attained upon the exercise of the Award or realization of the Participant's rights (and, for the avoidance of doubt, if, as of the date of the occurrence of the Corporate Transaction, the Plan Administrator determines in good faith that no amount would have been attained upon the exercise of the Award or realization of the Participant's rights, then the Award may be terminated by the Company without any payment) or (B) the replacement of the Award with other rights or property selected by the Plan Administrator, in its sole discretion;

(ii) that the Award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices;

(iii) that, subject to Article Four, Section I.B. below, the Award shall be exercisable or payable or fully vested with respect to all shares of Common Stock covered thereby, notwithstanding anything to the contrary in the applicable Award Agreement; or

(iv) that the Award cannot vest, be exercised or become payable after a date certain in the future, which may be the effective date of the Corporate Transaction.

B. No Award Agreement shall accelerate the exercisability of any Award or the lapse of restrictions relating to any Award in connection with a change-in-control event unless such acceleration occurs upon the consummation of (or effective immediately prior to the consummation of, provided that the consummation subsequently occurs) such Corporate Transaction.

ARTICLE FIVE

MISCELLANEOUS

I. NO FRACTIONAL SHARES

No fractional shares of Common Stock shall be issued or delivered pursuant to the Plan, and the Plan Administrator shall determine whether cash shall be paid in lieu of any fractional shares or whether such fractional shares or any rights thereto shall be canceled, terminated or otherwise eliminated.

II. TAX WITHHOLDING

A. The Corporation's obligation to deliver shares of Common Stock upon a stock issuance, or the exercise of options or stock appreciation rights or the issuance or vesting of such shares under the Plan shall be subject to the satisfaction of all applicable income and employment tax withholding requirements. The Corporation shall also make appropriate arrangements to satisfy all applicable foreign tax withholding requirements which may be imposed in connection with the grant or exercise of options or stock appreciation rights under the Plan or the issuance or vesting of shares of Common Stock under the Plan.

B. However, no such amendment or modification shall adversely affect the rights and obligations with respect to stock options, stock appreciation rights or unvested stock issuances at the time outstanding, including restricted stock unit awards or other share-based awards, under the Plan unless the Optionee or the Participant consents to such amendment or modification. Notwithstanding the foregoing, any amendment to either increase the number of shares that may be issued under the Plan or the Persons eligible to receive awards under the Plan shall require stockholder approval. In addition, certain amendments may require stockholder approval pursuant to applicable laws or regulations.

B. Options to purchase shares of Common Stock may be granted under the Discretionary Option/Stock Appreciation Right Grant Program and shares of Common Stock may be issued under the Stock Issuance Program that are in each instance in excess of the number of shares then available for issuance under the Plan, provided any excess shares actually issued under those programs shall be held in escrow until there is obtained stockholder approval of an amendment sufficiently increasing the number of shares of Common Stock available for issuance under the Plan. Reg. § 1.162-27(e)) to the extent that options or stock appreciation rights granted under the Plan may qualify as "qualified performance-based compensation" and the Plan shall be interpreted consistently with such intent. In furtherance of the foregoing, if and to the extent that the Corporation intends that an option or a stock appreciation right granted under the Plan to any covered employee shall qualify as qualified performance-based compensation, all decisions regarding the grant of such option or stock appreciation right shall be made only by members of the Committee who qualify as "outside directors" within the meaning of Treas. Reg. § 1.162-27(e)(3).

B. PERFORMANCE AWARDS.

The Plan Administrator shall also have the discretionary authority, consistent with Code Section 162(m), to structure (i) cash bonuses, (ii) stock options, (iii) stock appreciation rights and (iv) stock issuances, including restricted stock unit awards and other share-based awards, so that (x) the cash bonuses are only payable, (y) the shares of Common Stock received upon exercise of the stock option or stock appreciation right and (z) the shares of Common Stock subject to such stock issuances shall only vest or be issuable upon the achievement of certain pre-established objective corporate performance goals based on one or more of the following criteria: (1) earnings per share; (2) revenues or margins; (3) cash flow; (4) operating margin; (5) return on net assets, investment, capital, or equity; (6) direct contribution; (7) net income; pretax earnings; (8) earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; earnings after interest expense and before extraordinary or special items; operating income; income before interest income or expense, unusual items and income taxes, local, state or federal and excluding budgeted and actual bonuses which might be paid under any ongoing bonus plans of the Company; (9) working capital; (10) management of fixed costs or variable costs; (11) identification or consummation of investment opportunities or completion of specified projects in accordance with corporate business plans, including strategic mergers, acquisitions or divestitures; (12) total shareholder return; (13) debt reduction; (14) costs or expenses; (15) ratios (including one or more of price-to-earnings, debt-to-assets, debt-to-net assets and ratios regarding liquidity, solvency, fiscal capacity, productivity or risk); (16) unit volume; (17) value creation; (18) market share; (19) market capitalization; (20) employee retention; (21) production metrics; and (22) stock price. In addition, such performance goals may be based upon the attainment of specified levels of the Corporation's performance under one or more of the measures described above relative to the performance of other entities and may also be based on the performance of any of the Corporation's business units or divisions or any Parent or Subsidiary. Performance goals may include a minimum threshold level of performance below which no award will be earned, levels of performance at which specified portions of an award will be earned and a maximum level of performance at which an award will be fully earned. In furtherance of the foregoing, if and to the extent that the Corporation intends that an award granted under the Plan pursuant to this paragraph to any covered employee shall qualify as qualified performance-based compensation, all decisions regarding the grant of such award shall be made only by members of the Committee who qualify as "outside directors" within the meaning of Treas. Reg. § 1.162-27(e)(3).

IX. SECTION 409A

Notwithstanding anything in the Plan or any Award Agreement to the contrary, to the extent that any amount or benefit that constitutes "deferred compensation" to a Participant under Section 409A and applicable guidance thereunder is otherwise payable or distributable to a Participant under the Plan or any Award Agreement solely by reason of the occurrence of a change in control or due to the Participant's disability or "separation from service" (as such term is defined under Section 409A), such amount or benefit will not be payable or distributable to the Participant by reason of such circumstance unless the Committee determines in good faith that (i) the circumstances giving rise to such change in control event, disability or separation from service meet the definition of a change in control event, disability, or separation from service, as the case may be, in Section 409A(a)(2)(A) of the Code and applicable proposed or final regulations, or (ii) the payment or distribution of such amount or benefit would be exempt from the application of Section 409A by reason of the short term deferral exemption or otherwise. Any payment or distribution that otherwise would be made to a Participant who is a Specified Employee (as determined by the Committee in good faith) on account of separation from service may not be made before the date which is six months after the date of the Specified Employee's separation from service (or if earlier, upon the Specified Employee's death) unless the payment or distribution is exempt from the application of Section 409A by reason of the short term deferral exemption or otherwise.
