

## CDI Announces Creation of Mexico-based Engineering Firm

PHILADELPHIA, June 5, 2008 /PRNewswire-FirstCall via COMTEX News Network/ -- CDI Corp. (NYSE: CDI), a leading provider of engineering and IT outsourcing solutions and professional staffing, announced today that its CDI Engineering Solutions division signed an agreement with Grupo PYCOPSA (PYCOPSA), a construction and industrial maintenance company with clients in Northeast and Central Mexico, to jointly form a new company called CDI -- PYCOPSA Ingenieria y Construccion, S. de R.L. de C.V.

The new company, to be headquartered in Tampico, Mexico, will provide engineering design, project management, and construction management services primarily in the process, power, industrial, and alternative fuels industries. The company will execute projects in Mexico and throughout Latin America as well as collaborate with CDI's operations on worldwide projects. The new company will work closely with CDI Engineering Solutions' Houston-based Process & Industrial group.

"With this new company, we can achieve stronger presence in the EPC/CM market in Mexico, which is in need of companies with deep experience and advanced technology capabilities," said Mr. Alberto Garcia, CEO of PYCOPSA. "With CDI, we can offer world class engineering and design services to all our clients."

"We welcome the opportunity that this new company provides to allow CDI Engineering Solutions to extend our four-year working relationship with PYCOPSA and to better serve our U.S. clients as they expand their presence into Mexico and Latin America," said Bob Giorgio, President of CDI Engineering Solutions. "We look forward to developing new client relationships through PYCOPSA's extensive business network throughout the region. This opportunity also allows us to source additional engineering talent in Mexico to compliment our worldwide base of engineering professionals."

### Caution Concerning Forward-Looking Statements

This news release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements that address expectations or projections about the future are forward-looking statements. Some of the forward-looking statements can be identified by words like "anticipates," "believes," "expects," "may," "will," "could," "should" and similar expressions. These statements are not guarantees of future performance and involve a number of risks, uncertainties and assumptions that are difficult to predict. Because these forward-looking statements are based on estimates and assumptions that are subject to significant business, economic and competitive uncertainties, many of which are beyond our control or are subject to change, actual outcomes and results may differ materially from what is expressed or forecasted in these forward-looking statements. Important factors that could cause actual results to differ materially from the forward-looking statements include, but are not limited to: changes in general economic conditions and levels of capital spending by customers in the industries that we serve; the availability and cost of qualified labor; our level of success in attracting, training, and retaining qualified management personnel and other staff employees; changes in customers' attitudes towards outsourcing; credit risks associated with our customers; changes in tax laws and other government regulations; the possibility of incurring liability for our activities; our performance on customer contracts; and government policies or judicial decisions adverse to our businesses. More detailed information about some of these risks and uncertainties may be found in our filings with the SEC, particularly in the "Risk Factors" section of our Form 10-K's.
