

**COLFAX CORPORATION**  
**FACT SHEET**

- OVERVIEW:** Colfax Corporation is a world leader in the development, engineering, manufacturing, distribution, service and support of pumping and fluid-handling systems. Specializing in positive displacement and centrifugal technologies, our products support a wide range of industries, from Power Generation and Oil & Gas to Commercial Marine and Defense to a broad range of General Industrial applications. For over 10 years, Colfax has remained at the forefront of fluid-handling management by focusing on customer needs for precision performance around the world with a portfolio of pump products, deep expertise in critical applications, strong global resources and a company-wide commitment to excellence through processes such as the Colfax Business System. Colfax is traded on the NYSE under the ticker "CFX."
