

Celsion to Present at the 8th Annual Needham Life Sciences Conference

COLUMBIA, Md., Jun 08, 2009 (BUSINESS WIRE) -- Celsion Corporation (NASDAQ: CLSN) announced today that Michael H. Tardugno, Celsion's President and CEO, will present at the 8th Annual Needham Life Sciences Conference on Wednesday, June 10th at 2:00 P.M. ET at the New York Palace Hotel in New York City. The Needham Life Sciences Conference is a leading industry event attracting over 100 healthcare companies. The conference provides participating companies with the opportunity to present to institutional investors and industry experts.

A live audio webcast of the presentation will be available by visiting Celsion's website at www.celsion.com. To listen to the live presentation, please go to Celsion's website prior to the start of the presentation to register, download and install the necessary audio software. An archive of the presentation will be available on the Company's website for 30 days.

About Celsion

Celsion is dedicated to the development and commercialization of innovative oncology drugs including tumor-targeting treatments using focused heat energy in combination with heat-activated drug delivery systems. Celsion has licensed ThermoDox(R) to Yakult-Honsha for the Japanese market and has a partnership agreement with Phillips Medical to jointly develop its heat activated liposomal technology in combination with high intensity focused ultrasound to treat difficult cancers. Celsion has research, license, or commercialization agreements with leading institutions such as the National Institutes of Health, Duke University Medical Center, University of Hong Kong, Cleveland Clinic, and the North Shore Long Island Jewish Health System.
