

## **First-Quarter Earnings Presentation**

**June 2, 2015**

# Safe Harbor Agreement

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 that involve risks and uncertainties. Such forward-looking statements include information concerning our future financial performance, business strategy, plans, goals and objectives. Statements containing the words "anticipate," "believe," "could," "estimate," "expect," "intend," "may," "plan," "project," "should," or the negative of such terms or other similar expressions are generally forward-looking in nature and not historical facts. These statements are based on certain assumptions made by the Company based on management's experience, expectations and perception of historical trends, current conditions, anticipated future developments and other factors believed to be appropriate. Forward-looking statements are not guarantees of performance. Although the Company believes the expectations reflected in its forward-looking statements are reasonable and are based on reasonable assumptions, no assurance can be given that these assumptions are accurate or that any of these expectations will be achieved (in full or at all) or will prove to have been correct. Moreover, such statements are subject to a number of assumptions, risks and uncertainties, many of which are beyond the control of the Company, which may cause actual results to differ materially from those implied or expressed by the forward-looking statements. These risks are detailed in our SEC reports, including but not limited to, our Annual Report on Form 10-K and our Quarterly Reports on Form 10-Q. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this presentation. Except as required by law, we are not obligated to publicly release any revisions or update to these forward-looking statements to reflect events or circumstances after the date of this presentation to reflect the occurrence of unanticipated events.

# Underwriting Changes

*Goal: reduce first payment default, and thus total delinquency and charge-off*

## October/November 2013

- Raised minimum FICO required to be underwritten in certain markets
- Reduced limits for certain customer segments
- Began declining certain customer segments

## February/March 2014

- Increased down payment requirement for certain customer segments
- Raised minimum FICO required to be underwritten in additional markets
- All stores and markets, including Arizona, New Mexico and Nevada where higher yield earned, have the same rules
- Eliminated use of 3-month cash option

## August/October 2014

- Reduced limits for certain customer segments
- Eliminated use of 6-month cash option
- Eliminated use of 12-month cash option for a small segment of customers
- Began offering 18 – 24-month no-interest programs to high FICO score customers

## April 2015

- Began exiting certain higher credit risk product categories – video game products, certain tablets, and digital cameras.
