**CPI INTERNATIONAL, INC. ANNOUNCES EXPIRATION OF CONSENT SOLICITATION
AND RECEIPT OF REQUISITE CONSENTS
IN CONNECTION WITH ITS CASH TENDER OFFER AND CONSENT SOLICITATION FOR
ANY AND ALL OF ITS 8.75% SENIOR NOTES DUE 2018**

PALO ALTO, Calif. - March 16, 2017 – CPI International, Inc. (CPI) announced today that as of 5:00 p.m., New York City time, on March 15, 2017 (the Consent Payment Deadline), holders of \$156,375,000 aggregate principal amount of CPI's 8.75% senior notes due 2018 (CUSIP No. 12618MAC4) (the Notes), which represents approximately 72.73% of the \$215 million aggregate outstanding principal amount of Notes, had validly tendered and delivered (and not validly withdrawn or revoked at or prior to the Withdrawal Deadline, as defined below) such Notes and the related consents pursuant to CPI's previously announced tender offer and consent solicitation for the Notes, which commenced on March 2, 2017, and is described in the Offer to Purchase and Consent Solicitation Statement dated March 2, 2017 (the Offer to Purchase). The withdrawal deadline also expired at 5:00 p.m., New York City time, on March 15, 2017 (the Withdrawal Deadline).

The consents delivered are sufficient to approve the proposed amendments and waivers to the indenture governing the Notes, and the supplemental indenture effecting the proposed amendments and waivers has been executed. Although the supplemental indenture became effective when executed, the proposed amendments and waivers will not become operative until acceptance for purchase and payment therefor by CPI of the Notes and the related consents validly tendered and delivered at or prior to the Consent Payment Deadline (and not validly withdrawn or revoked at or prior to the Withdrawal Deadline).

The tender offer is scheduled to expire at 11:59 p.m., New York City time, on March 29, 2017, unless extended or earlier terminated by CPI (the Expiration Date). Holders who tender Notes after the Consent Payment Deadline and at or prior to the Expiration Date will be eligible to receive only the Tender Consideration of \$1,000.00 for each \$1,000 principal amount of Notes tendered plus accrued and

unpaid interest to, but not including, the applicable settlement date from February 15, 2017, the most recent interest payment date preceding the applicable settlement date. Holders may not withdraw tendered Notes or revoke the related consents after the Withdrawal Deadline except in certain limited circumstances.

CPI's obligation to accept for payment and to pay for Notes and consents in the tender offer and consent solicitation remain subject to (i) CPI having received the proceeds of CPI's proposed financing for the tender offer and consent solicitation on terms reasonably satisfactory to CPI resulting in net proceeds to CPI that are sufficient to pay the total consideration, plus accrued interest, in respect of all the outstanding Notes and the related fees and expenses for the tender offer and consent solicitation (the Financing Condition), and (ii) other customary conditions set forth in the Offer to Purchase. If any of the conditions to the tender offer and consent solicitation is not satisfied or waived by CPI, CPI is not obligated to accept for purchase or payment, purchase or pay for, and may delay the acceptance for payment of, any tendered notes or delivered consents and may terminate the tender offer and consent solicitation. CPI also reserves the right to extend the Expiration Date or to otherwise withdraw and not complete the tender offer and consent solicitation.

CPI intends to call for redemption any and all Notes not tendered in the tender offer and consent solicitation at a redemption price equal to 101% of the principal amount, plus accrued and unpaid interest to the redemption date, and, at the time CPI calls such Notes for redemption, CPI intends to effect the satisfaction and discharge of the indenture governing the Notes. This press release does not constitute a notice of redemption. Any redemption would be made solely pursuant to a notice of redemption delivered pursuant to the indenture governing the notes, and the information in this press release is qualified in its entirety by such notice.

Holders must make their own decisions as to whether to deliver consents and to tender Notes, and, if so, the principal amount of Notes to tender.

This announcement is not an offer to purchase, a solicitation of an offer to purchase or a solicitation of consents with respect to any securities. The tender offer and consent solicitation are being made solely by the Offer to Purchase. The tender offer and consent solicitation are not being made to or with respect to (nor will the surrender of notes for purchase be accepted from or on behalf of) holders of Notes in any jurisdiction in which the making or acceptance of the tender offer or the consent solicitation would not be in compliance with the laws of such jurisdiction.
