## Incheon Metropolitan City Hall Adopts Compuware APM for Website Performance Management

### **Compuware APM Manages [Website Performance](#) for Incheon Metropolitan City Hall Across More Than 70 Affiliated Organizations in South Korea**

SEOUL, South Korea, June 20, 2012 (GLOBE NEWSWIRE) -- [Compuware Corporation](#) (Nasdaq:CPWR), the technology performance company, today announced that Incheon Metropolitan City Hall has adopted the Compuware [APM](#) platform to manage website performance across more than 70 affiliated organizations in South Korea.

Incheon Metropolitan City Hall, a municipal office of Incheon Metropolitan City, spearheaded a national project to improve and proactively manage the [website performance](#) of the government agencies. Through Osang Technology, a professional service provider and Compuware's implementation partner for this project, Compuware [APM](#) is recognized as the premier solution to unify and streamline performance applications. Incheon Metropolitan City Hall expects to improve website accessibility through enhanced visibility and proactive problem resolution using Compuware APM.

"Compuware is driving technology innovation ahead of industry standards. We are constantly looking to leverage global best practices that will benefit organizations in Korea," said Jin-ho Suh, Regional Director of Compuware Korea. "I am excited to partner with Incheon Metropolitan City Hall in providing unparalleled application performance management to fulfill their promise of delivering convenience to users and improved services for citizens."

[Compuware APM](#)<sup>®</sup> is the industry's leading solution for optimizing the performance of web, non-web, mobile, streaming and cloud applications. Driven by [end-user experience](#), Compuware APM provides the market's only unified APM coverage across the entire application delivery chain—from the edge of the internet through the cloud to the datacenter. Compuware APM helps [customers](#) deliver proactive problem resolution for greater customer satisfaction, accelerate time-to-market for new application functionality and reduce application management costs through smarter analytics and advanced APM automation.

With more than 4,000 APM customers worldwide, Compuware is recognized as a leader in the ["Magic Quadrant for Application Performance Monitoring"](#) report. To read more about Compuware's leadership in the APM market, [click here](#).
